27. **American Recovery and Reinvestment Act:** URS Group, Inc. has accepted the terms and conditions of mass modification (FX75) and can accept orders under the American Recovery and Reinvestment Act (Recovery Act) of 2009, from Federal, state or local ordering activities via our GSA Schedule contract.

## About URS Group, Inc.

URS is a fully integrated engineering, construction and technical services organization with the capabilities to support the full project life cycle—from inception through start-up and operation to decommissioning and closure. We offer planning, engineering and architectural design, environmental, construction, program and construction management, operations and maintenance, and management services. We also are a top-tier contractor to the U.S. federal government in the areas of systems engineering, technical assistance, operations and maintenance, and environmental management services. The company operates in 34 countries with more than 50,000 employees providing services to federal, state and local governmental agencies as well as private clients in the chemical, manufacturing, pharmaceutical, forest products, mining, oil and gas, and utilities industries.

URS operates through three divisions: the URS Division, the EG&G Division, and the Washington Division. With an established presence in major cities in the Americas, Europe, the Middle East, and Asia-Pacific, our comprehensive skills and expertise are a valued resource to clients around the world.

URS has extensive national and international engineering services experience and is fully capable of supporting US federal agencies in the full spectrum of professional engineering services. Our extensive track record working with federal agencies affords us tremendous insights into the needs and requirements of the federal government. Agencies include the Department of Defense, General Services Administration, Postal Service, Environmental Protection Agency, Federal Emergency Management Agency, Department of Commerce, Department of Energy, Department of Transportation, Federal Aviation Administration, and many other agencies.

URS' professional staff of engineers, planners, architects, and other technical specialists are known for delivering the highest quality professional services, often under critical time and budget constraints. Our innovative and cost-effective engineering systems offer both operation efficiency and flexibility to adapt to changing needs. To meet increasingly rigorous demands of project owners, special emphasis is placed on such concerns as energy conservation, financial feasibility criteria, and economic life-cycle costs. Our experience working with agencies to define requirements and identify and design the appropriate engineered solutions has enabled our clients to achieve their mission.

## Our Services Offered by SIN

URS strives to maximize the return on our client's investment by cross-feeding our extensive management, organizational and business improvement services (MOBIS) experience into our clients' respective programs. We have successfully completed a broad range of projects similar in scope to the services offered under the GSA MOBIS schedule for government agencies and private industry. URS will meet our clients' goals by providing meaningful program planning with great sensitivity to systems and program management.

***SIN 874-1 Integrated Consulting Services***

URS offers consulting services to assist clients in management, organizational and business improvement efforts. This will include studies, analyses, and reports documenting proposed developmental, consultative, or implementation efforts. Representative examples of consulting services we offer include:

- Program Audits and Evaluations including Management System Audits, Compliance Audits, and Due Diligence Audits
- Performance Measures, Benchmarking, Goal Setting, and Indicators
- Environmental Management Systems (EMS) such as ISO 14000
- Systems Alignment
- High Performance Work
- Process Productivity Improvement
- Risk Management
- Life Cycle Management
- Strategic, Business, and Action Planning
- Organizational Assessments
- Leadership Systems

***SIN 874-6 Acquisition Management Support***

We offer a complete suite of acquisition management support services and documentation to support OMB Circular A-76 or other privatization/commercial activities, projects, or efforts. Our extensive experience in property development, construction, and maintenance support operations will enable us to provide our clients with the necessary information to evaluate development, redevelopment, privatization, and acquisition options. The following summarizes the types of services we provide:

- Property Development including Planning; Permitting; Building Partnerships; Engineering and Construction Services Management, and Brownfields Development
- Strategic, Tactical, and Operational Level Planning Support
- Initial Study Planning, Statements of Work, and Cost/Price Estimates
- Assessments and/or Studies of Potential Privatization Initiatives
- Performance of Management Studies to Determine the Government's Most Efficient Organization (MEO)
- Development of Performance Work Statements (PWS)
- Maintenance Support Operations including Transportation System Privatization, Utility Privatization, and Chemical Management Privatization
- Comparison of In-house Bids to Proposed Inter-service Support Agreement (ISSA) Prices
- Public-private Partnership Support
- Development of Quality Assurance Surveillance Plans (QASP)
- Development of In-house Government Cost Estimates
- Administrative Appeal Process Support

***SIN 874-7 Integrated Business Program Support Services***

URS offers services to manage and integrate various management, business improvement programs, and construction programs for a broad range of federal clients. Our services include program management, program integration, program oversight, construction management and project management for projects internal to or between Federal agencies. The following summarize the services offered by URS under this schedule.

- Design, management, and review of project scheduling and cost accounting
- Program coordination/oversight as the owner's representative, including coordination of the customer requirements, program requirements, and the design teams
- Coordinate multiple contractors and all affected agencies for successful project completion
- Program master planning, scheduling, logistics, and cost accounting
- Construction document review that includes document quality review, peer review, and client coordination for design review meetings
- State-of-the-art program control systems to monitor and control projects, costs, schedules, and quality of work

**SCA MATRIC WITH ASSOCIATED NARRATIVE:***SCA Matrix*

<b>SCA Eligible Contract Labor Category</b>	<b>SCA Equivalent Code – Title</b>	<b>WD Number</b>
Senior Analyst/Technician	14042 Computer Operator II	2005-2521
Analyst/Technician	14041 Computer Operator I	2005-2521
Clerical/Word Processing	01613 Word Processor III	2005-2521

The Service Contract Act (SCA) is applicable to this contract and it includes SCA applicable labor categories. The prices for the indicated SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the matrix. The prices offered are based on the preponderance of where work is performed and should the contractor perform in an area with lower SCA rates, resulting in lower wages being paid, the task order prices will be discounted accordingly.

URS Group, Inc, has read and understands that SCA labor category price adjustments will be governed by only one method. This method will either be the applicable escalation clause 52.216-70 or escalation based on 52.222-43. We also agree that prices offered for the SCA labor category are based on the referenced WD number and should a preponderance of work be performed in an area with lower SCA rates, resulting in lower SCA wages being paid, the prices will be discounted accordingly.

## Contract Price List

Rates below are for firm-fixed price (FFP) or time & materials (T&M). The rates below are based on an hourly basis. Daily rates are based on an 8-hour work day using the hourly rates below.
