CUSTOMER INFORMATION

AERO EH&S, Inc. (AERO) is pleased to offer the services of a professional staff with extensive work experience in the areas of industrial hygiene; environmental health and safety; asbestos and lead-based paint inspection and management services; indoor air quality testing, including mold assessments and remediation design; hazardous materials surveys, including PCBs, mercury, and heavy metals; environmental assessments; safety training and program development; and remedial design and implementation. Since 1998, the core of AERO’s business has been provision of services covering all aspects of hazardous materials management and environmental health & safety support.

Senior members of our staff, on average, have more than 20 years of applicable experience, including experience acquired at national consulting firms. Both individually and collectively firm-wide, AERO’s staff has completed thousands of environmental and health and safety consulting projects for private and government clients.

AERO’s staff possesses undergraduate and graduate degrees and has completed graduate courses in the following disciplines: Chemistry, Biology, Environmental Biology, Ecology, Environmental Science, Industrial Technology, Marine Science and Oceanography.

AERO’s staff possesses a number of professional registrations and certifications, including but not limited to the following: Certified Industrial Hygienist; Certified Safety Professional; AHERA Inspector/Management Planner, Project Designer, and Supervisor; OSHA Hazardous Waste Operations; Lead Inspector/Risk Assessor; DC Mold Inspector/Assessor; Confined Space Entry; and NIOSH 582. In addition, certain staff members have acquired specialty training from the McCrone Research Institute.

Most of our employees hold current security clearances allowing non-escorted access on our government client facilities.
