GS10F0390R SCLS Matrix

The Service Contract Labor Standards (SCLS) are applicable to this contract. In accordance with FAR Part 22, service contracts over $2,500 shall contain mandatory provisions regarding minimum wages and fringe benefits, safe and sanitary working conditions, notification to employees of the minimum allowable compensation, and equivalent Federal employee classifications and wage rates. The SCLS is applicable to the labor categories below awarded under the contract and following Wage Determination number was reviewed. Agralytica, Inc certifies the GSA awarded rate meets or exceeds the minimum wage rate as identified in Wage Determination 2015-4281, Revision 18, dated 04/07/2021, currently incorporated into the Solicitation 47QSMD20R0001 for the SCLS non-exempt labor categories identified in the matrix below.

<table>
<thead>

</tbody>
</table>

Should the Contractor propose in an area with higher SCLS rates or is subject to a Collective Bargaining Agreement (CBA) in accordance with FAR 22.1008-2, resulting in higher wages being required that exceeds their approved GSA rate, the Contractor will notify their Procurement Contracting Officer (PCO) and submit a modification to their contract via the e-Mod system accordingly.
Labor Category Definitions and Requirements

President

The president has overall responsibility for management of the firm, including personnel management, financial management, and strategic planning. The president also represents the firm in meetings with clients and prospective clients. In this capacity, the president makes frequent presentations. This requires a broad knowledge of the food and agriculture sector, its institutions, and the principal economic issues confronting it. A minimum education of a master’s degree in business or economics and at least 20 years of experience in the field are required.

Vice President I

The vice president is responsible for the day-to-day management of staff, including supervision of individual research projects. Vice presidents must have detailed knowledge of the subject matter of the projects they supervise and of research methodology, including techniques of survey research. Vice presidents are also responsible for the preparation of reports describing research findings and for ongoing communication with clients. A minimum education of a master’s degree in business or economics and at least 20 years of experience in economic analysis are required.

Vice President II

The vice president is responsible for the day-to-day management of staff, including supervision of individual research projects. Vice presidents must have detailed knowledge of the subject matter of the projects they supervise and of research methodology, including techniques of survey research. Vice presidents are also responsible for the preparation of reports describing research findings and for ongoing communication with clients. A minimum education of a master’s degree in business or economics and at least 10 years of experience in economic analysis are required.

Senior Analyst/Senior Consultant

The senior analyst/senior consultant is responsible for assisting in the planning and execution of individual research projects. This includes development of research plans,
survey design, information collection, data manipulation and analysis, and report preparation. The senior analyst/senior consultant is also responsible for supervising more junior staff. A minimum education of a bachelor’s degree in business or economics and at least five years of experience in conducting economic analysis are required.

**Analyst/Consultant**

The analyst/consultant provides support in all phases of economic research. This includes information collection and tabulation, analysis, and report preparation. A minimum education of a bachelor’s degree in economics or business is required. Individuals filling this position can be recent college graduates though some experience is useful.

**Research Assistant**

The research assistant performs a range of activities including scheduling, process control and report production. A minimum education of high school supplemented by college studies is required.

**Substitution of Experience for a Degree**

For all the above labor categories, one year of relevant experience will be considered equivalent to one year of education, i.e., four years of relevant experience will meet the bachelor’s degree requirement, and six years will meet the master’s degree requirement.
