Labor Categories	Minimum Education	Minimum Experience	Awarded GSA Price
Senior Supportability and Sustainment Consultant (On Site)	Bachelors	30	\$ 267.63
Senior Supportability and Sustainment Consultant (Off Site)	Bachelors	30	\$ 188.41

Job Title: Senior Supportability and Sustainment Consultant (On Site and Off Site)

Job Duties Description:

Provide life cycle systems engineering and integration (SE&I) expertise including supportability engineering, integrated logistics support (ILS), reliability, availability and maintainability (RAM) and sustaining engineering. Provide the support described above to the appropriate engineering efforts. Review and assess program and management documentation, and assist in developing documentation for Life Cycle Sustainment (LCSP), Product Support Analysis (PSA) and Logistics Product Data (LPD) (formerly LSA and LSAR), and performance based logistics (PBL). Perform trade studies, operational availability, product support analysis, life cycle cost analysis, LORA, MTA, provisioning and spares analysis, and risk analyses. Provide PSA/ILS/RAM technical training for logisticians, engineering and management. Participate in milestone reviews and provide assessments and recommendations with supporting documentation.

(CUSTOMER INFORMATION: Continued)

Education Level Required:

Position requires a recognized subject matter expert with a BS degree in Aerospace Engineering or related field. Advanced degree is preferred. Minimum (30) thirty years experience required in the disciplines of Systems Engineering and ILS with specific experience in life cycle planning and support analyses for complex systems. Excellent written and verbal communication skills are required. Proficiency with Microsoft Office software applications is required. Position requires knowledge of applicable systems and vehicles, in-service operations, and flow processes desired.

Certification Requirements:

The person fulfilling the duties of this position should have credentials recognized by organizations such as the Council of Logistics Engineering Professionals (CLEP) and the International Society of Logistics (SOLE).

Service Contract Act: The Service Contract Act (SCA) is applicable to this contract as it applies to the entire Professional Services Schedule and all services provided. While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If and / or when the contractor adds SCA labor categories / employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
