CONTRACTOR INFORMATION

CACI-IQM's mission is to promote the effective use of systematic approaches to strategic planning and management within commercial and government organizations. CACI-IQM's intent is to aid clients in achieving the knowledge, experience, and expertise needed to improve quality, productivity, and customer service by tailoring proven approaches to planning, training, performance measurement, process and quality improvement, management analysis, and systems engineering. CACI-IQM's clients include both commercial organizations and government agencies.

CACI-IQM's core competency areas include:

- **Organizational Development:** strategic planning and deployment, change management, organizational assessments, program management, workforce and customer surveys, customer relationship management, contracting and acquisition, and award application development,
- **Training:** specialized and customized training curriculum development and delivery, multi-faceted approaches to workforce development and strategic alignment, six sigma including basic skills and black belt preparation, performance measurement, team work, diversity, problem solving workshops including executive level off-sites, and statistical methods
- **Process Improvement and Reengineering:** six sigma, statistical process control, BPR, process modeling, team facilitation, cost benefit/value analysis, statistical analysis of process performance, benchmarking and best practices, and
- **ISO Certification and Compliance:** process documentation, performance validation, process audits, certification preparation, internal auditor certification, and preparation for external certification.

Our formula for success rests on a solid basis of:

- Highly professional, motivated, experienced, certified, and trained associates with world class experience and capabilities,
- Customer relationships that focus on the delivery of value as measured from the customer's perspective in every project we perform,
- Business relationships that are easy to initiate and maintain, clear, responsive, timely, confidential, cost competitive, and honest, and
- A focus on our core competencies – CACI-IQM will not commit to any project that we are not capable of performing in a manner that exceeds our customers' expectations. We will maintain our team of professionals exhibiting world-class expertise in our core competencies.

CACI-IQM Associates represent diverse educational and professional backgrounds. Typical CACI-IQM associates have an average of over 25 years of experience in the military, government, or commercial marketplace, and maintain government security clearances. They are degreed and certified in the variety of disciplines necessary to ensure the widest array of business process consulting successes. The associates are recognized as experts in Government/Industry in areas such as: Metrics, Strategic Planning, BPR, Training, Facilitation, Cost Benefit Analysis, Process Improvement, Surveys, Statistical Analysis, Job Task Analysis, Working Capital Fund, and Organization Development. Each associate maintains strong skills in Information Technology, Statistical Analysis, Systems Engineering & Integration, Intelligence Production Processes, Team Building, and Organizational Leadership. We focus on strategies for success utilizing the best available tools leading to the highest level of business improvement, learning, cooperation, customer/stakeholder satisfaction, and measurable tangible results. In addition, the typical CACI-IQM associate maintains an active "Top Secret" level clearance.
