Eagle avoids the creation of waste by substituting non-hazardous material where possible into its production processes and through extensive use of recycled waste materials. Internally, Eagle has achieved operational efficiencies, improved the quality of output, reduced scrap, shortened delivery time, lowered inventories, and contained costs.
27. Data Universal Number System (DUNS) Number: 95-739-1451
28. Eagle is registered in the Central Contractor Registration (CCR) database.

EAGLE SUPPORT SERVICES CORPORATION: INTRODUCTION

Over 17 Years of Excellence

Eagle Support Services Corporation offers more than 17 years of direct business and management support to a wide range of Government departments and agencies. This service has resulted in noteworthy past performance ratings, personnel experienced in managing and improving complex programs, a reputation as an exceptional team integrator and partner, and exceptional performance results. As your best value contractor and full service partner, Eagle Support Services Corporation, hereinafter referred to as Eagle, strives to satisfy your requirements and expectations and to achieve its vision.

Eagle Support Services Corporation (Eagle) is a Service Disabled Veteran Owned Small Business (SDVOSB), concern specializing in logistics operations. Headquartered in Huntsville, Alabama, Eagle is engaged in Federal, State and DOD support operations in 37 States and 13 Countries, including all levels of staff augmentation, training, maintenance and logistics.

Eagle employees successfully support Government customers in numerous locations within the United States and at additional locations in Europe. This support includes:

- + Providing supply and value chain management services to include on-site maintenance and equipment modifications, and Operation of stockrooms and part storage facilities; Eagle support services also provides material requirements planning, packing and crating services, staging shipping and receiving, and logistics management services.
- + Providing acquisition logistics support including: material requirements identification and planning; supporting packaging, handling and storage operations; asset management support services; providing field problem analysis and corrective action studies.
- + Providing distribution and transportation logistics services to include: fleet planning operation and maintenance operations; providing carrier management and routing; and freight forwarding, consolidation and management
- + Providing deployment logistics services including contingency planning, material and property requirements planning, moving and storage planning, and forward deployable asset management.
- + Providing logistics training services to include: life cycle training curricula; conduct of perishable logistics skill analyses, and the conduct of logistics training classes both in the classroom and in the field.
- + Providing operations and maintenance logistics management and support services including: equipment asset management and maintenance, fleet management and maintenance, preventive maintenance planning, and operations management support.

Eagle current and previous customers include the General Services Administration; U.S. Army, U.S. Navy, and U.S. Air Force through a U.S. Army Tank-automotive and

Armaments Command prime contract; U.S. Army Forces Command; U.S. Army Corps of Engineers; U.S. Army Space and Missile Defense Command (through a MEVATEC, Inc. subcontract); U.S. Air Force (through a SAIC subcontract); Camber, Inc.; Premier Professional Systems, Inc, SEI, U.S. Army and National Guard Bureau, Defense Logistics Agency, The Office of the Secretary of Defense, U.S. Embassy, Austria, Department of Veterans Affairs, U.S. Border Patrol, the U.S. Military Groups in Latin America and Defense Threat Reduction Agency.

Our key features and customer benefits are shown below.

EAGLE FEATURES		CUSTOMER BENEFITS

Decentralized organization with authority at the lowest level	➔	All decision making authority resident at the GSA schedule level
Reputation as an ethical Government partner	➔	Responsible, responsive prime contractor
Active/interested corporate management	➔	Commitment, not idle promises
Dynamic team culture emphasizing customer partnering, subcontractor mentoring and community involvement	➔	A comprehensive, integrated, flexible and friendly work unit
Strong management processes based on 17 years of successful Indefinite Delivery/Indefinite Quantity (ID/IQ) experience	➔	Experienced ID/Q prime contractor that can <i>hit the ground running</i> without an expensive learning curve
Results-oriented business and management approach and processes used in Government and commercial environments	➔	Proven management and business acumen to enhance customer capabilities
Customer-focused, process-based commitment to change—creating the future by improving on the past	➔	Continuous improvement of management, business and technical processes to support 21 st century missions

PURPOSE AND OBJECTIVES:

Many Federal Government agencies require business logistics management services and related products in order to supply material and other resources to meet their

mission in a timely, efficient, and cost effective manner. Our goal is to help agencies utilize the latest concepts, methods, and technology in material, resource, distribution and supply chain operations management in order to achieve efficient supply and value chains and logistics operations while providing improved customer service.

Eagle shall provide logistics services to agencies as specified in task orders under this Federal Supply Schedule (FSS).

Eagle can provide all resources, including personnel, management, supplies, services, materials, equipment, facilities and transportation necessary to provide a wide range of services and products as specified in each task order.

WHO MAY UTILIZE THE LOGWORLD CONTRACT VEHICLE:

The organizations listed below may place orders under this contract. Questions regarding organizations authorized to use this schedule should be directed to the GSA Contracting Officer, Ms. Sandra Church, GSA Management Services Center, Auburn, WA, Phone (253) 931-7077.

Executive Agencies Other Federal Agencies Mixed-ownership Government corporations The District of Columbia Government Contractors authorized in writing by a Federal Agency pursuant to 48 CFR 51.1 Other activities and organizations authorized by statute or regulation to use GSA as a source of supply
--

SCOPE OF WORK:

The GSA is soliciting worldwide logistics services and products to enable Government agencies to meet demands for supply and value chain management, transportation and distribution, and deployment logistic services.

The following is representative, but not all-inclusive, of the types of services or products that may be ordered as specified in individual task orders.

SIN 874-501/874-501RC SUPPLY AND VALUE CHAIN MANAGEMENT SERVICES

Services include but are not limited to planning, developing, managing, operating, and maintaining logistics systems. These systems deal with acquisition support, movement and maintenance of resources (including material requirements determination and acquisition planning, storage, movement, distribution, maintenance, evacuation and disposition of material and equipment) asset or property visibility and management; and operation and maintenance of the infrastructures that support these activities. Eagle can provide assistance and guidance to help an agency assess the best combination of channels to create value for its customers. Services may include vendor-managed inventory systems; operation of private and/or Government-owned warehouses,

stockrooms, or other storage facilities; shipping and receiving; staging and storage; packing and crating (excluding household goods); and design, re-engineering, operation and maintenance of distribution and material handling equipment systems.

Task orders may include:

- System assessment and consultation
- Material requirements planning
- Inventory management and operation
- Asset or property visibility and management
- Operation of warehouses, stockrooms or storage facilities
- Fulfillment systems and operations
- Configuration management
- Platform management
- Vendor/acquisition management
- Information processing systems analysis, design, implementation
- Staging, shipping, and receiving
- Packing and crating
- Packaging, labeling, bar coding system consultation, design, implementation, operation and maintenance
- Operation and maintenance of distribution and or material handling equipment
- Design and installation of material handling systems
- System modernization consultation
- Expansion and consolidation studies
- Moving and storage (excluding household goods)
- Consultation on hazardous material storage and handling
- Warehouse and location management systems
- Recycling program management of warehousing materials
- Preservation and protection of specialized inventory or documents
- Maintenance, Repair and Overhaul (MRO) support
- Maintenance, Repair and Overhaul (MRO) process management
- Property disposal management
- Logistics Strategic Planning services
- Logistics Systems Engineering services
- Global Integrated Supply Chain Solutions – planning and implementation
- Logistics Program Management services and support
- Supply Chain Logistics services, solutions, and support
- Logistics Business Process Re-engineering
- Logistics Decision support solutions
- Logistics Performance Measures

SIN 874-503/874-503RC DISTRIBUTION AND TRANSPORTATION LOGISTICS SERVICES

Services including, but not limited to moving and storage, transportation system development and management, carrier management and routing, and freight forwarding (excluding household goods and small package services). These services may include planning and design, implementation, or operation of systems or facilities for the movement of goods, supplies, equipment or people by road, air, water, rail, or pipeline.

Task orders may include:

- Distribution system analysis, development and management
- Location modeling and distribution network analysis
- Fleet planning, operation and maintenance
- Carrier management and routing
- Freight forwarding, consolidation and management
- Tracking system analysis, design, operations and management

SIN 874-504/874-504RC DEPLOYMENT LOGISTICS SERVICES

Services including, but not limited to, contingency planning; inventory and property planning, movement, storage, and accountability; and communications and logistics systems to permit rapid deployment and management of supplies and equipment. EAGLE can provide expert advice, assistance, guidance, or operational support to identify and utilize existing regional or global resources, identifies alternative capabilities, and plan for effective integration of public and private sector support or resources.

Task orders may include:

- Contingency planning
- Material and property requirements planning, movement, storage and accountability systems
- Asset management and visibility
- Regional and global resource capability identification and integration
- Public and private sector resource management
- Communication and logistics systems design, planning, and operation
- Medical and emergency unit storage and restocking management

SIN 874-505/874-505RC LOGISTICS TRAINING SERVICES

Training in system operations, automated tools for supply and value chain management, property and inventory management, distribution and transportation management, and maintenance of equipment and facilities supporting these activities

SIN 874-507/874-507RC OPERATIONS AND MAINTENANCE LOGISTICS MANAGEMENT AND SUPPORT SERVICES

Services providing the best practices, technologies and methodologies to plan, design, manage, operate and maintain reliable and efficient systems, equipment, facilities and logistics infrastructures. Agency orders may include complete turnkey operations, maintenance and support services, or components thereof, as needed to improve equipment and logistics performance, and reduce life-cycle costs. Contractor personnel carrying out these activities, to include management and operating staffs, are not involved with or responsible for the core business of the Federal agency placing the order.

Planning, designing, managing, operating and maintaining logistics systems, equipment, facilities and logistics infrastructures, specifically including services inherent

to the performance of operations and maintenance for the support of logistics/support systems.

Task orders may include:

Logistical Support Services

Supply Services

Equipment Asset Management and Maintenance

Fleet Management and Maintenance

Preventative Maintenance Planning

Property Management and Maintenance

Strategic and Tactical Planning

Strategic Account Management

Mobile Utility Support Equipment Operation, Maintenance and Repair

Project Management, Integrated Facility Management, and Operations Management Support

The Service Contract Act (SCA) is applicable to this contract as it applies to the entire LogWorld Schedule and all services provided.

While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300) this contract still maintains the provisions and protections for SCA eligible labor categories. If and/or when the contractor adds SCA labor categories/employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and the applicable wage determination number. Failure to do so may result in cancellation of the contract.
