E-mail: kleblanc@somateng.com
Contract Administration: Kim LeBlanc

CUSTOMER INFORMATION:

1a. Table of Awarded Special Item Number(s) with appropriate cross-reference to page numbers:

SIN	Recovery	SIN Description
899-1	899-1RC	Environmental Consulting Services
899-8	899-8RC	Remediation and Reclamation Services

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.

1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item.

2. **Maximum Order:** \$1,000,000.00
3. **Minimum Order:** \$100.00
4. **Geographic Coverage (delivery Area):** Domestic only
5. **Point(s) of production (city, county, and state or foreign country):** Same as company address
6. **Discount from list prices or statement of net price:** Government net prices (discounts already deducted). See Attachment.
7. **Quantity discounts:** 2% for orders over \$300,000
8. **Prompt payment terms:** 1% - 10 days; Net 30
- 9a. **Notification that Government purchase cards are accepted up to the micro-purchase threshold:** Yes
- 9b. **Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold:** will accept over \$2,500
10. **Foreign items (list items by country of origin):** None
- 11a. **Time of Delivery (Contractor insert number of days):** Specified on the Task Order
- 11b. **Expedited Delivery.** The Contractor will insert the sentence “Items available for expedited delivery are noted in this price list.” under this heading. The Contractor may use a symbol of its choosing to highlight items in its price list that have expedited delivery: Contact Contractor
- 11c. **Overnight and 2-day delivery.** The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery: Contact Contractor
- 11d. **Urgent Requirements.** The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to effect a faster delivery: Contact Contractor
12. **F.O.B Points(s):** Destination
- 13a. **Ordering Address(es):** Same as Contractor
- 13b. **Ordering procedures:** For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s), and a sample BPA can be found at the GSA/FSS Schedule homepage (fss.gsa.gov/schedules).
14. **Payment address(es):** Same as company address
15. **Warranty provision.:** Contractor’s standard commercial warranty.
16. **Export Packing Charges (if applicable):** N/A

17. **Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level):** Contact Contractor
18. **Terms and conditions of rental, maintenance, and repair (if applicable):** N/A
19. **Terms and conditions of installation (if applicable):** N/A
20. **Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable):** N/A
- 20a. **Terms and conditions for any other services (if applicable):** N/A
21. **List of service and distribution points (if applicable):** N/A
22. **List of participating dealers (if applicable):** N/A
23. **Preventive maintenance (if applicable):** N/A
- 24a. **Environmental attributes, e.g., recycled content, energy efficiency, and/or reduced pollutants:** N/A
- 24b. **If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor's website or other location.) The EIT standards can be found at: www.Section508.gov/.**
25. **Data Universal Numbering System (DUNS) number:** 151263514
26. **Notification regarding registration in Central Contractor Registration (CCR) database:** Registered
27. **Final Pricing:**

The rates shown below include the Industrial Funding Fee (IFF) of 0.75%.

SIN	Awarded Labor Category	Min Edu	Min Exp	Site	GSA Awarded Rates
899-1, 899-8	Principal Engineer	Masters	20	Both	\$176.49
899-1, 899-8	Senior Project Manager	Masters	15	Both	\$173.25
899-1, 899-8	Project Manager	Bachelors	12	Both	\$117.14
899-1, 899-8	Environmental Project Engineer	Bachelors	7	Both	\$99.52
899-1, 899-8	Environmental Staff Engineer	Bachelors	5	Both	\$85.85
899-1, 899-8	Environmental Field Engineer	Bachelors	5	Both	\$83.62

899-1, 899-8	Field Geologist	Bachelors	5	Both	\$76.31
899-1, 899-8	Laboratory Technician	Professional Certification	3	Both	\$55.64
899-1, 899-8	Clerical	High School	2	Both	\$37.89

**SIN 899 1 – Environmental Consulting Services
SIN 899 8 – Remediation and Reclamation Services**

Somat Engineering, Inc.

Labor Categories and Descriptions

LABOR CATEGORY TITLE	MINIMUM EDUCATION AND CERTIFICATIONS REQUIRED	MINIMUM YEARS OF EXPERIENCE	FUNCTIONAL RESPONSIBILITIES
Principal Engineer	MS with P.E. Certification	20 years	Responsible for directing multiple project managers in the overall execution of multiple projects and/or contracts. Establishes, promotes, and assures quality on all projects and work performed by environmental staff. Monitors project production and schedules. Performs development, planning, facilitation, and coordination of environmental projects.
Senior Project Manager	MS with P.E. Certification	15 years	Administers contracts. Leads and directs environmental projects with overall responsibility for technical accuracy and appropriateness. Advises and assists with data and information in support of multiple environmental topics. Manages/ solves technically complex problems. Uses advanced techniques, theory, precepts and practices. Plans, coordinates and directs larger and complex environmental engineering projects.
Project Manager	BS or MS with P.E. Certification	12 years	Plans, schedules, conducts, documents, and/or coordinates environmental program. Typical tasks include, but not are limited to, managing and developing environmental assessments, site investigations, site remediation, feasibility studies, compliance plans, permitting, and services, waste management services, emergency environmental tasks/services, and health and safety. Independently evaluates, selects, and applies new and unique methods as well as standard techniques, procedures, and criteria on environmental projects. Makes design recommendations, adaptations, and modifications. Prepares reports and correspondence concerning assigned projects.
Environmental Project Engineer	BS or MS with P.E. Certification OSHA HAZWOPER and/or Hazmat Certification	7 years	Responsible for coordination, development, and/or conduct of environmental assessments, engineering analyses, site investigations, feasibility studies, site remediation, human health and ecological risk assessment, compliance and contingency plans, permitting, pollution prevention surveys, environmental data collection, waste management, sampling and analyses procedures and results, environmental information system, assessment of innovative technologies/methods, and other assigned environmental project work. Ensures effective communication and coordination on assigned environmental projects between environmental managers and all other project participants.

Environmental Staff Engineer	BS or MS OSHA HAZWOPER and/or Hazmat Certification	5 years	Under regular supervision and review, assists more senior personnel by performing/preparing environmental site oversight, environmental risk analysis, hazardous material surveys, pollution prevention surveys, environmental data collection, feasibility studies, site investigations, information management, and other waste management and compliance services tasks assigned by senior personnel. Prepares draft correspondence, compliance plans, technical specifications and reports for review by more senior staff.
Environmental Field Engineer	BS or MS OSHA HAZWOPER and/or Hazmat Certification 5	5 years	Responsibilities include environmental sampling, environmental site oversight, sample preparation and handling, hazardous material surveys, environmental data collection including site reconnaissance. Responds to emergency environmental problems as guided by more senior personnel. Prepares daily field reports and adequate documentation throughout the field activities, and assists with report preparation and other office related work as necessary.
Environmental Scientist	BS or MS OSHA HAZWOPER and/or Hazmat certification	5 years	Assists more senior personnel by performing environmental project assignments. Provides support for industrial hygiene, hazardous material surveys, human health and ecological risk assessments, environmental sampling, environmental assessments, site investigations, remedial investigations, feasibility studies, preparing compliance plans, conducting pollution prevention surveys, information management, and other waste management and compliance project tasks assigned by more senior personnel. Reports information obtained and observations made to more senior personnel for interpretation. Prepares draft reports to project manager in support of environmental data collected and analyses.
Field Geologist	BS or MS OSHA HAZWOPER and/or Hazmat Certification	5 years	Performs and oversees geological and hydrogeological investigations, environmental sampling, site assessments, remedial investigations and feasibility studies, information management, and other environmental, compliance and waste management tasks assigned by more senior personnel. Regularly responsible for supervision of the field staff on a specific environmental project. Oversees and prepares written reports for review by senior staff and delivery to client.
Laboratory Technician	Associates and/or specialized relevant training certificate	3 years	Applies standard methods, techniques, procedures and criteria to perform a variety of standardized tests, analysis and procedures on material samples for environmental hazards. Works under general supervision. May seek specific contaminants, or may test multiple samples across an entire ecosystem, including air, water, wastewater, soil and sediment to look for the presence of a variety of pollutants. Prepares reports per requirements and certifies

			accuracy of data. Collects samples in coordination with field personnel. Insures sample hold times are met and chain-of-custody procedures are followed.
Clerical	High School, Associates or equivalent	2 years	Represents the company in telephone and on-premise contacts by providing administrative project support to both customer and company personnel. Performs project-specific clerical duties such preparation, review and processing of project documentation, reports and invoices.

Service Contract Act (SCA) Matrix

SCA Eligible Labor Category	SCA Equivalent Code Title	Wage Determination No
Laboratory Technician	30210 Laboratory Technician	05-2273
Clerical	01112 General Clerk II	05-2273

The Service Contract Act (SCA) is applicable to this contract and it includes SCA applicable labor categories. The prices for the cited SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCA matrix and above. The prices offered are based on the preponderance of where work is performed and should the contractor perform in an area with lower SCA rates, resulting in lower wages being paid, the task order prices will be discounted accordingly.
