GENERAL SERVICES ADMINISTRATION

Federal Supply Service
Authorized Federal Supply Schedule Price List

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order is available through GSA Advantage!™, a menu-driven database system. The INTERNET address for GSA Advantage!™ is: GSAAdvantage.gov.

Multiple Award Schedule (MAS)
Federal Supply Group: Professional Services
Contract Number: GS-10F-109CA
For more information on ordering from Federal Supply Schedules go to the GSA Schedules page at GSA.gov.
Contract Period: 7/15/2015-7/1/2025
Price-list current as of Modification #PA-0026 effective February 25, 2022

Contractor: TriVector Services, Inc.
215 Wynn Drive NW, Suite 101
Huntsville, AL 35805-1926

Business Size: Small Business, Veteran-Owned Small Business (VOSB), Service-Disabled Veteran-Owned (SDVOSB)

Telephone: (256) 429-2171
FAX Number: (256) 898-3428
Web Site: www.trivector.us
E-mail: c.alex.garner@trivector.us
Contract Administration: Charles A. Garner

CUSTOMER INFORMATION:

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. See Below

1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item. See Below

2. Maximum Order: $1,000,000.00

3. Minimum Order: $100.00

4. Geographic Coverage (delivery Area): Domestic

5. Point(s) of production (city, county, and state or foreign country): Same as company address

6. Discount from list prices or statement of net price: Government net prices (discounts already deducted).

7. Quantity discounts: 2.0% off task orders exceeding $150K and 3.0% off task orders exceeding $1M

8. Prompt payment terms: Net 30 days.

   Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.

9. Foreign items (list items by country of origin): None

10a. Time of Delivery (Contractor insert number of days): Specified on the Task Order

10b. Expedited Delivery. The Contractor will insert the sentence “Items available for expedited delivery are noted in this price list.” under this heading. The Contractor may use a symbol of its choosing to highlight items in its price list that have expedited delivery: Contact Contractor

10c. Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery: Contact Contractor

10d. Urgent Requirements. The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to effect a faster delivery: Contact Contractor

11. F.O.B Points(s): Destination
12a. Ordering Address(es): Same as Contractor

12b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s) are found in Federal Acquisition Regulation (FAR) 8.405-3.

13. Payment address(es): Same as company address

14. Warranty provision.: Contractor’s standard commercial warranty.

15. Export Packing Charges (if applicable): N/A

16. Terms and conditions of rental, maintenance, and repair (if applicable): N/A

17. Terms and conditions of installation (if applicable): N/A

18a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable): N/A

18b. Terms and conditions for any other services (if applicable): N/A

19. List of service and distribution points (if applicable): N/A

20. List of participating dealers (if applicable): N/A

21. Preventive maintenance (if applicable): N/A

22a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants).

22b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor’s website or other location.) The EIT standards can be found at: www.Section508.gov/. N/A

23. Unique Entity Identifier (UEI) number: 827758801

24. Notification regarding registration in System for Award Management (SAM) database: Registered

**Final Pricing**

The rates shown below include the Industrial Funding Fee (IFF) of 0.75%.

### Subject Matter Expert III (SME III)

**Relevant SINs:** 541330ENG, 541715, 541420, 541380, 541611, 611430, 611512

**Description:** The SME-III classification refers to an individual who leads and provides technical direction on discipline-related projects, provides guidance and direction for accomplishment of multiple, complex and interrelated projects, designs and implements programs, projects or tasks, leads/manages multi-task projects of high complexity while providing primary interface with client management personnel regarding strategic issues, ensures completion of programs, projects or tasks within estimated time frames and budget constraints, coordinates with all parties to tasks, reviews work products for completeness, and adherence to customer requirements, and briefs and leads strategic level client meetings. The SME-II is recognized as an authority in the field or discipline.

Minimum Education: BS (Bachelor of Science)

Minimum Experience: 35 years

*NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.*

### Subject Matter Expert II (SME II)

**Relevant SINs:** 541330ENG, 541715, 541420, 541380, 541611, 611430, 611512

**Description:** The SME-II classification refers to an individual who leads and provides technical direction on discipline-related projects, provides guidance and direction for accomplishment of multiple, complex and interrelated projects, designs and implements programs, projects or tasks, leads/manages multi-task...
projects of high complexity while providing primary interface with client management personnel regarding strategic issues, ensures completion of programs, projects or tasks within estimated time frames and budget constraints, coordinates with all parties to tasks, reviews work products for completeness, and adherence to customer requirements, and briefs and leads strategic level client meetings. The SME-II is recognized as an authority in the field or discipline.

Minimum Education: BS (Bachelor of Science)
Minimum Experience: 30 years

NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

Subject Matter Expert I (SME I)

Relevant SINs: 541330ENG, 541715, 541420, 541380, 541611, 611430, 611512

Description: The SME-I classification refers to an individual who leads and provides technical direction on discipline-related projects, provides guidance and direction for accomplishment of multiple, complex and interrelated projects, designs and implements programs, projects or tasks, leads/manages multi-task projects of high complexity while providing primary interface with client management personnel regarding strategic issues, ensures completion of programs, projects or tasks within estimated time frames and budget constraints, coordinates with all parties to tasks, reviews work products for completeness, and adherence to customer requirements, and briefs and leads strategic level client meetings. The SME-I is recognized as an authority in the field or discipline.

Minimum Education: BS (Bachelor of Science)
Minimum Experience: 25 years

NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

Program Management Specialist IV (PM-IV)

Relevant SINs: 541330ENG, 541715, 541420, 541380, 541611, 611430, 611512

Description: The PM-IV classification refers to an individual who oversees administrative and technical leadership in the completion of multiple projects that include: responsibility for cost, schedule and overall performance; plans and procures necessary staff to achieve work completion milestones and deliverables; directs the investigation and resolution of operational problems in conjunction with other engineering and technical personnel; and develops detailed staffing requirements, assignments and plans to meet customer needs.

Minimum Education: BS (Bachelor of Science)
Minimum Experience: 16 years

NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

Program Management Specialist III (PM-III)

Relevant SINs: 541330ENG, 541715, 541420, 541380, 541611, 611430, 611512
**Description:** The PM-III classification refers to an individual who provides administrative and technical leadership in the completion of multiple projects that include: responsibility for cost, schedule and overall performance; plans and procures necessary staff to achieve work completion milestones and deliverables; directs the investigation and resolution of operational problems in conjunction with other engineering and technical personnel; and develops detailed staffing requirements, assignments and plans to meet customer needs.

Minimum Education: BS

Minimum Experience: 14 years

*NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.*

**Program Management Specialist II (PM-II)**

**Relevant SINs:** 541330ENG, 541715, 541420, 541380, 541611, 611430, 611512

**Description:** The PM-II classification refers to an individual, who manages expenditures of material, travel and labor hours for a project, performs manpower planning and staffing for assigned group and support division manpower planning, presents project reviews for upper management, and interacts with customers to obtain new business and monitor current contract work.

Minimum Education: BS

Minimum Experience: 8 years

*NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.*

**Program Management Specialist I (PM-I)**

**Relevant SINs:** 541330ENG, 541715, 541420, 541380, 541611, 611430, 611512

**Description:** The PM-I classification refers to an individual who provides administrative and technical leadership in the completion of contracts, including responsibility for cost, schedule and overall performance, monitors fulfillment of contract requirements to ensure quality and timeliness of services/deliverables to various customers, conducts the investigation and resolution of operational problems in conjunction with other engineering and technical personnel, conducts employee performance evaluations.

Minimum Education: BS

Minimum Experience: 6 years

*NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.*

**Advanced Software/Systems Engineer (AS/SE)**

**Relevant SINs:** 541330ENG, 541380, 541420, 541715

**Description:** The AS/SE classification refers to an individual who manages products and services for large and complex projects with multiple engineering disciplines that require staff and resources of sizable magnitude. This individual serves as communication or focal point for the multiple projects being integrated. This individual is responsible for the overall performance of multiple-program integration efforts to include cost, schedule, and technical performance. This individual shall provide professional, consultation, technical and engineering skill services as needed to oversee the resolution of
unprecedented/complex problems pertaining to design, development, analysis, integration, evaluation, testing, and verification of programs and systems.

Minimum Education: BS
Minimum Experience: 15 years

*NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.*

**Intermediate Software/Systems Engineer (AS/SE)**

**Relevant SINs:** 541330ENG, 541380, 541420, 541715

**Description:** The IS/SE classification refers to an individual who works under the guidance of a senior engineer as appropriate and develops work assignments, schedules, and responsibilities of subordinates and provides limited mentoring in that role. This individual initiates and maintains extensive contacts with key engineers on the team and is developing skills in persuasion and negotiation of important issues. This individual is knowledgeable in the subject matter of the functional area of the assignments and plans and conducts work requiring interpretation of standard instructions, techniques, and procedures.

Minimum Education: BS
Minimum Experience: 8 years

*NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.*

**Junior Software/Systems Engineer (AS/SE)**

**Relevant SINs:** 541330ENG, 541380, 541420, 541715

**Description:** The JS/SE classification refers to an individual who evaluates, selects, and applies standard engineering techniques, procedures, and criteria under the supervision of a senior engineer. Assignments have clear and specified objectives and require the investigation of a limited number of variables. The individual may be assisted by technicians, and others who assist in specific assignments.

Minimum Education: BS
Minimum Experience: 0 years

*NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.*

**Engineering Specialist X (ES-X)**

**Relevant SINs:** 541330ENG, 541380, 541420, 541715

**Description:** The ES-X classification refers to an individual who is considered a specialist in an engineering field. An ES-X manages products and services for large and complex programs with multiple engineering disciplines that require staff and resources of sizable magnitude. This individual serves as communication or focal point for the multiple programs being integrated. This individual designs, develops, and modifies devices and systems. This individual evaluates and documents performance of program managers assigned to the program. This individual is responsible for the overall performance of multiple-program integration efforts to include planning, cost, schedule, technical performance and subcontractor’s performance. ES-VIII shall provide professional, consultation, technical and engineering
skill services as needed to oversee the resolution of unprecedented/complex problems pertaining to design, development, analysis, integration, evaluation, testing, and verification of programs and systems.

Minimum Education: BS
Minimum Experience: 30 years

NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

Engineering Specialist IX (ES-IX)

Relevant SINs: 541330ENG, 541380, 541420, 541715

Description: The ES-IX classification refers to an individual who is considered a specialist in an engineering field. An ES-IX manages products and services for large and complex programs with multiple engineering disciplines that require staff and resources of sizable magnitude. This individual serves as communication or focal point for the multiple programs being integrated. This individual designs, develops, and modifies devices and systems. This individual evaluates and documents performance of program managers assigned to the program. This individual is responsible for the overall performance of multiple-program integration efforts to include planning, cost, schedule, technical performance and subcontractor’s performance. ES-VIII shall provide professional, consultation, technical and engineering skill services as needed to oversee the resolution of unprecedented/complex problems pertaining to design, development, analysis, integration, evaluation, testing, and verification of programs and systems.

Minimum Education: BS
Minimum Experience: 28 years

NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

Engineering Specialist VIII (ES-VIII)

Relevant SINs: 541330ENG, 541380, 541420, 541715

Description: The ES-VIII classification refers to an individual who is considered a specialist in an engineering field. An ES-VIII manages products and services for large and complex programs with multiple engineering disciplines that require staff and resources of sizable magnitude. This individual serves as communication or focal point for the multiple programs being integrated. This individual designs, develops, and modifies devices and systems. This individual evaluates and documents performance of program managers assigned to the program. This individual is responsible for the overall performance of multiple-program integration efforts to include planning, cost, schedule, technical performance and subcontractor’s performance. ES-VIII shall provide professional, consultation, technical and engineering skill services as needed to oversee the resolution of unprecedented/complex problems pertaining to design, development, analysis, integration, evaluation, testing, and verification of programs and systems.

Minimum Education: BS
Minimum Experience: 26 years

NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

Engineering Specialist VII (ES-VII)
**Relevant SINs:** 541330ENG, 541715, 541420, 541380

**Description:** The ES-VII classification refers to an individual who is considered a specialist in an engineering field. An ES-VII manages products and services for large and complex programs with multiple engineering disciplines that require staff and resources of sizable magnitude. This individual serves as communication or focal point for the multiple programs being integrated. This individual evaluates performance of program managers assigned to the program. This individual is responsible for the overall performance of multiple-program integration efforts to include cost, schedule, technical performance and subcontractor’s performance. ES-VII shall provide professional, consultation, technical and engineering skill services as needed to oversee the resolution of unprecedented/complex problems pertaining to design, development, analysis, integration, evaluation, testing, and verification of programs and systems.

Minimum Education: BS

Minimum Experience: 24 years

*NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.*

**Engineering Specialist VI (ES-VI)**

**Relevant SINs:** 541330ENG, 541715, 541420, 541380

**Description:** The ES-VI classification refers to an individual who is considered a specialist in an engineering field. An ES-VI integrates multiple products developed for a large and complex program, coordinating with multiple engineering disciplines. This individual serves as communication or focal point of the products being integrated into the program. This individual evaluates performance of project engineers assigned to the program. This individual is responsible for the overall performance of a program products being integrated, including cost, schedule, technical content as well as subcontractor’s performance. ES-VI provides professional, consultation, technical and engineering skill services as needed to resolve unprecedented/complex problems pertaining to design, development, analysis, integration, evaluation, testing, and verification projects, systems, and subsystems.

Minimum Education: BS

Minimum Experience: 22 years

*NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.*

**Engineering Specialist V (ES-V)**

**Relevant SINs:** 541330ENG, 541715, 541420, 541380

**Description:** The ES-V classification refers to an individual who is considered a specialist in an engineering field. An ES-V helps integrate multiple products developed for a large and complex program, coordinating with multiple engineering disciplines. This individual assists in communication of the products being integrated into the program. This individual helps monitor performance of project engineers assigned to the program. This individual is integral for the overall performance of a program products being integrated, including cost, schedule, and technical content. The ES-V provides professional, consultation, technical and engineering skill services as needed to resolve unprecedented/complex problems pertaining to design, development, analysis, integration, evaluation, testing, and verification projects, systems, and subsystems.

Minimum Education: BS
Minimum Experience: 18 years

NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

Engineering Specialist IV (ES-IV)

Relevant SINs: 541330ENG, 541715, 541420, 541380

Description: The ES-IV classification refers to an individual who is considered a specialist in an engineering field. An ES-IV develops work assignments, schedules, and responsibilities of subordinates. This individual assists in problem resolution and task completion through direction, mentoring and guidance. Distributes and balances team workload. Monitors work performed, ensuring work meets requirements and deadlines. Individual will have the ability to solve problems, determine project objectives and requirements, organize projects, and develop standards and guides for diverse activities. ES-IV initiates and maintains extensive contacts with key engineers/scientists and officials of other organizations and companies, requiring skill in persuasion and negotiation of critical issues.

Minimum Education: BS
Minimum Experience: 14 years

NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

Engineering Specialist III.B (ES-III.B)

Relevant SINs: 541330ENG, 541715, 541420, 541380

Description: The ES-III.B classification refers to an individual who is considered a specialist in an engineering field. An ES-III.B works under the guidance of a senior engineer/scientist as appropriate and develops work assignments, schedules, and responsibilities of subordinates and provides limited mentoring in that role. ES-III.B initiates and maintains extensive contacts with key engineers/scientists on the team, and is developing skills in persuasion and negotiation of important issues. This individual is knowledgeable in the subject matter of the functional area of the assignments, and plans and conducts work requiring interpretation of standard instructions, techniques, and procedures.

Minimum Education: BS
Minimum Experience: 11 years

NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

Engineering Specialist III.A (ES-III.A)

Relevant SINs: 541330ENG, 541715, 541420, 541380

Description: The ES-III.A classification refers to an individual who is considered a specialist in an engineering field. An ES-III.A works under the guidance of a senior engineer/scientist as appropriate. This individual assists in developing work assignments, schedules, and responsibilities of subordinates. The ES-III.A initiates and maintains contact with key engineers/scientists on the team and is developing skills in interpretation of important issues. This individual is knowledgeable in the subject matter of the functional area of the assignments and plans and conducts work requiring interpretation of standard instructions, techniques, and procedures.

Minimum Education: BS
Minimum Experience: 7 years

NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

**Engineering Specialist II (ES-II)**

**Relevant SINs:** 541330ENG, 541715, 541420, 541380

**Description:** The ES-II classification refers to an individual who is considered a specialist in an engineering field. An ES-II works under the guidance of a senior engineer/scientist as appropriate. This individual is knowledgeable in the subject matter of the functional area of the assignments, and plans and conducts work requiring interpretation of standard instructions, techniques, and procedures.

Minimum Education: BS

Minimum Experience: 4 years

NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

**Engineering Specialist I (ES-I)**

**Relevant SINs:** 541330ENG, 541715, 541420, 541380

**Description:** The ES-I classification refers to an individual who is considered a specialist in an engineering field. An ES-I evaluates, selects, and applies standard engineering/scientific techniques, procedures, and criteria under the supervision of a senior engineer/scientist. Assignments have clear and specified objectives and require the investigation of a limited number of variables. The individual may be assisted by technicians, and others who assist in specific assignments.

Minimum Education: BS

Minimum Experience: 0 years

NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

**Engineering Technician IV (ET-IV)**

**Relevant SINs:** 541330ENG, 541715, 541420, 541380

**Description:** The ET-IV classification refer to an individual who performs assignments that are non-routine and complex assignments involving responsibility for planning and conducting a complete project of relatively limited scope or a portion of a larger and more diverse project, selects and adapts plans, techniques, designs, or layouts, contacts personnel in related activities to resolve problems and coordinate the work, reviews, analyzes, and integrates the technical work of others. Supervisor or professional engineer outlines objectives, requirements, and design approaches. Completed work is reviewed for technical adequacy and satisfaction of requirements. The ET-IV designs, develops, and constructs major units, devices, or equipment; conducts tests or experiments; analyzes results and redesigns or modifies equipment to improve performance; and reports results.

Minimum Education: HS

Minimum Experience: 10 years
NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

**Engineering Technician III (ET-III)**

**Relevant SINs:** 541330ENG, 541715, 541420, 541380

**Description:** The ET-III classification refers to an individual who performs assignments that are not completely standardized or prescribed, selects or adapts standard procedures or equipment, using fully applicable precedents, receives initial instructions, equipment requirements, and advice from supervisor or engineer as needed, performs recurring work independently. Work is reviewed for technical adequacy or conformity with instructions. The ET-III constructs components, subunits, or simple models, troubleshoots and corrects malfunctions, conducts various tests or experiments which may require minor modifications, and extracts and compiles a variety of engineering data from field notes, manuals, lab reports, etc.

Minimum Education: High School

Minimum Experience: 8 years

NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

**Engineering Technician II (ET-II)**

**Relevant SINs:** 541330ENG, 541715, 541420, 541380

**Description:** The T-II classification refers to an individual, who performs standardized or prescribed assignments involving a sequence of related operations, follows standard work methods on recurring assignments but receives explicit instructions on unfamiliar assignments. Technical adequacy of routine work is reviewed on completion; non-routine work may be reviewed in progress. The T-II assembles or constructs simple or standard equipment or parts, servicing or repairing simple instruments or equipment; conducts a variety of tests using established methods, preparing test specimens, adjusting and operating equipment, recording test data, and pointing out deviations resulting from equipment malfunction or observational errors.

Minimum Education: High School

Minimum Experience: 5 years

NOTE: Education and Experience Substitutions are offered. Please refer to the Education/Experience Substitution Chart below.

</table>

The Service Contract Labor Standards, formerly the Service Contract Act (SCA), apply to this contract and it includes SCLS applicable labor categories. Labor categories and fixed price services marked with a (**) in this pricelist are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCLS/SCA matrix. The prices awarded are in line with the geographic scope of the contract (i.e., nationwide).
