LABOR CATEGORY DESCRIPTIONS

1. **Sr. Program Manager (Level 3)** – The Sr. Program Manager III is the contractor’s manager for the Contract or Task Order and serves as the single point of contact with the customer regarding the contract performance, overall management for support operations, organizes, directs, and coordinates the planning and production of all contract activities, projects and support activities including those of subcontractors. Oversees the development of or develops work breakdown structures, charts, tables, graphs, major milestone calendars and diagrams to assist in analyzing problems and making recommendations. Is responsible for all contract reporting requirements. Demonstrates excellent written and verbal communications skills. Establishes and alters corporate management structure to direct effective and efficient contract support activities.

Bachelor’s Degree from an accredited college or university in Business or related discipline, or other related discipline and 8 years of related experience.

2. **Jr. Program Manager (Level 1)** – The Jr. Program Manager I is responsible for performance of the assigned program and serves as the single point of contact with the customer regarding the performance, overall management for support operations, organizes, directs, and coordinates the planning and production of all program activities, projects and support activities. Oversees the development of or develops work breakdown structures, charts, tables, graphs, major milestone calendars and diagrams to assist in analyzing problems and making recommendations. Demonstrates excellent written and verbal communications skills.

Bachelor’s Degree from an accredited college or university in Business, or other related discipline and 4 years of related experience.

3. **Senior Project Manager** - The Senior Project Manager is assigned the management of a specific project and the work performed under assigned Task Orders. Performs day-to-day management of the project, identifies issues and risks and recommends possible issue and risk mitigation strategies associated with the project. Is responsible for ensuring that work performed under TOs is within scope, consistent with requirements, and delivered on time and on budget. Identifies critical paths, tasks, dates, testing, and acceptance criteria. Provides solutions to improve efficiency (e.g. reduce costs while maintaining or improving performance levels). Monitors issues and provides resolutions for up-to-date status reports. Demonstrates excellent writing and oral communications skills.

Bachelor’s Degree from an accredited college or university in Business or related discipline and 8 years of related experience.

4. **Business Analyst** - The Business Analyst provides the implementation of a business analysis and requirements management support. Conducts investment analyses, provides expertise and support in conducting a full range of requirements analyses activities.
including market surveys, cost analyses, benefits analyses, risk analyses, economic analyses, requirements definitions, schedule development, and tradeoff studies.

Bachelor’s Degree from an accredited college or university in Business or other related technical discipline and at least four (4) years progressive experience in analyst type functions in a business related subject area.

5. **Administration Support II**: The Administration Support II will perform a wide range of support functions including acting as primary point of contact for internal and external correspondence; assist with writing and formatting of project documents, technical papers and correspondence; coordinates project documentation from multiple sources; scheduling meetings and conference calls, and distributing correspondence; coordinating schedules for project lead and team members; monitoring status of deliverables, data processing and reporting schedules.

High School Diploma or GED and at least ten (10) years progressive experience in support type functions. Must be proficient with Microsoft suite of products, and possess ability to effectively communicate orally/in writing with senior stakeholders.

**Service Contract Labor Standards (SCLS)**

The Service Contract Labor Standards (SCLS) is applicable to this contract as it applies to the entire Multiple Award Schedule and all services provided. While no specific labor categories/services have been identified as being subject to SCLS due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCLS eligible labor categories. If and / or when the contractor adds SLCS labor categories / employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SLCS matrix identifying the GSA labor category titles, the occupational code, SLCS labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
