GENERAL SERVICES ADMINISTRATION

Federal Supply Service
Authorized Federal Supply Schedule Price List

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order is available through GSA Advantage!™, a menu-driven database system. The INTERNET address for GSA Advantage!™ is: http://www.GSAAdvantage.gov.

Multiple Award Schedule

Federal Supply Group: Professional Services  Class: F999

Contract Number:  GS-10F-142BA

For more information on ordering from Federal Supply Schedules go to the GSA .gov

Contract Period: - 16 APR 2019-15 APR 2024

Price List Current as of Modification #PS-A812, effective February 10, 2020

Contractor:  Environmental Research Group, LLC
6049 Falls Rd
Baltimore, MD 21209

Business Size:  8(a,) Economically Disadvantaged, Woman-Owned (EDWO), Service-Disabled Veteran Owned (SDVO), Small Business (SB)

Telephone:  (410) 366-5170
Extension:  
FAX Number:  (410) 366-5176
Web Site:  www.envrg.com
E-mail:  gina.foringer@envrg.com
Contract Administration:  Gina Foringer

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. See Page 4

1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item. See Page 4

2. Maximum Order: $1,000,000.00

3. Minimum Order: $100.00

4. Geographic Coverage (delivery Area): Domestic and Worldwide

5. Point(s) of production (city, county, and state or foreign country): Same as company address

7. Quantity discounts: 2% for orders between $100,000 and $249,999.99, 3% for orders between $250,000 and $499,999.99, and 5% for orders over $500,000

8. Prompt payment terms: 1%-10 days; Net 30 Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions

9. Foreign items (list items by country of origin): None

10a. Time of Delivery (Contractor insert number of days): Specified on the Task Order

10b. Expedited Delivery. The Contractor will insert the sentence “Items available for expedited delivery are noted in this price list.” under this heading. The Contractor may use a symbol of its choosing to highlight items in its price list that have expedited delivery: Contact Contractor

10c. Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery: Contact Contractor
10d. Urgent Requirements. The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to affect a faster delivery: Contact Contractor

11. F.O.B Points(s): Destination

12a. Ordering Address(es): Same as Contractor

12b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s), are found in Federal Acquisition Regulation (FAR) 8.405-3.

13. Payment address(es): Same as company address

14. Warranty provision: Contractor’s standard commercial warranty.

15. Export Packing Charges (if applicable): N/A

16. Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level): Contact Contractor

17. Terms and conditions of installation (if applicable): N/A

18a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable): N/A

18b. Terms and conditions for any other services (if applicable): N/A

19. List of service and distribution points (if applicable): N/A

20. List of participating dealers (if applicable): N/A

21. Preventive maintenance (if applicable): N/A

22a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants) N/A

22b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g., contractor’s website or other location.) The EIT standards can be found at: www.Section508.gov/. N/A

23. Unique Entity Identifier (UEI) number: GB15HGP1LW68

24. Notification regarding registration in System for Award Management (SAM) database: Registered and requested information provided as applicable.

Final Pricing:
The rates shown below include the Industrial Funding Fee (IFF) of 0.75%.

</table>
LABOR CATEGORY DESCRIPTIONS:

**Program Manager** - Must possess at least a bachelor’s degree and 8 years minimum demonstrated specialized experience. Provide overall management of the contract including cost, schedule, record keeping and technical quality. Oversee environmental program areas including restoration, conservation, compliance, prevention, technology, real estate, and scientific studies. Provide leadership in program execution and development, project management, and personnel management. Coordinate resources needed to achieve program objectives and provide technical advice regarding concepts, principles, methods, or practices of program areas.

**Project Manager** - Must possess a bachelor’s degree and 5 years minimum demonstrated specialized experience. Oversee the management and execution of the task order in accordance with the approved performance work statement, approved work plans and all federal, state and local laws and regulations. Assist in the development of project plans, budget, deliverables, and completion of objectives. Provide technical advice on project goals and associated disciplines, techniques, and services.

**Engineer, Senior** - Must possess a bachelor’s degree from an accredited school in an engineering or environmentally related technical field consistent with the required duties of the position, a minimum of 5 years of directly applicable experience and/or must be a Registered Professional Engineer. Mastery of engineering concepts to provide oversight or lead staff in performing environmental investigations and performing complex environmental analysis, training and writing. Assure all civil and general engineering support goals specified in the Task Order are attained.

**Engineer** - Must possess a bachelor’s degree from an accredited school in an engineering or environmentally related technical field consistent with the required duties of the position and 3 years of directly applicable experience. Knowledge of engineering concepts to assess and review engineering aspects of environmental investigations, analysis, training and writing.

**Scientist, Senior** - Must possess a bachelor’s degree from an accredited school in an environmentally related technical field consistent with the required duties of the position and a minimum of 5 years of directly applicable experience. Assure regulatory compliance is achieved for all environmental resource related issues in a task order. Provide oversight and/or lead staff in performing environmental investigations and performing complex environmental analysis and writing. Provide technical and planning assistance in early project planning, training, studies, and environmental public meetings.

**Scientist** - Must possess a bachelor’s degree from an accredited school in an environmentally related technical field consistent with the required duties of the position and 3 years of directly applicable experience. Knowledge of environmental related legislation, policies and requirements to protect human health and the environment. Provide technical assistance contributing to environmental investigations, field surveys, training, planning efforts, and environmental analysis.

**Archaeologist, Senior** - Must possess a bachelor’s degree from an accredited school in archeology, anthropology, or a related field and 5 years of specialized experience in the management or identification of archaeological resources or closely allied field. Knowledge and experience in preparing required documentation and correspondence for compliance with Section 106 of the National Historic Preservation Act, the Archeological Resource Protection Act the Native American Graves Repatriation and Protection Act, Federal Standards for the treatment and preservation of archeological artifacts and records, 36 CFR 79, and other pertinent Federal directives. Serve as principal investigator for all archaeological work and lead staff in writing and/or interpreting archeological studies, training, surveys, investigations and plans which may include NEPA analysis and writing.

**Archaeologist** - Must possess a bachelor’s degree from an accredited school in archeology, anthropology, or a related field and 3 years of specialized experience in the management or identification of archaeological resources or closely allied field. Familiarity in in preparing required documentation and correspondence for compliance with Section 106 of the National Historic Preservation Act, the Archeological Resource Protection Act the Native American Graves Repatriation and Protection Act, Federal Standards for the treatment and preservation of archeological artifacts and records, 36 CFR 79, and other pertinent Federal directives. Assist with writing and/or interpreting archeological studies, surveys, training, investigations and plans, which may include NEPA analysis and writing.
**Specialist, Senior** - Must possess a bachelor’s degree and 5 years minimum demonstrated specialized experience in project management, planning, data collection and analysis, databases, and report preparation. May substitute experience for part of the bachelor’s degree. Specifically, 15 years of experience in his/her field may substitute for the degree. Provide leadership and oversight for developing, administering, and coordinating environmental management programs, compliance plans, audits, training, and inspections. Related technical fields include restoration, conservation, compliance, prevention, technology, hazardous waste operations, public affairs, real estate, and environmental support.

**Specialist** - Must possess a bachelor’s degree and 1 year minimum demonstrated specialized experience in data collection and analysis, databases, and report preparation. May substitute experience for part of the bachelor’s degree. Provide technical assistance to environmental management programs, training, compliance plans, audits, and inspections. Related technical fields include restoration, conservation, compliance, prevention, technology, hazardous waste operations, public affairs, real estate, and environmental support.

**GIS Specialist** - Must possess a bachelor’s degree and 1 year specialized experience working with related software programs to create and maintain data and/or maps that can be combined with geographically referenced data. Technical support may include data management, mapping, training, and analysis for resource assessments, geospatial analysis, scientific investigations, planning, or modeling.

**Technician, Senior** - Must possess an associate’s degree and 4 years specialized experience working with related software programs and/or training on data collection, archeological sites, field studies, environmental/planning studies, data entry, hazardous material and solid waste management, Hazardous Substance Management System (HSMS), information technology, damage surveys, and/or similar projects. Provide technical mastery and oversight in data management, training, mapping, and analysis for resource assessments, geospatial analysis, scientific investigations, planning, or modeling.

**Technician** - Working knowledge and training and 1 year of experience on data collection, archeological sites, field studies, environmental/planning studies, data entry, hazardous material and solid waste management, Hazardous Substance Management System (HSMS), training, information technology, damage surveys, and/or similar projects.

**SERVICE CONTRACT ACT:**

The Service Contract Labor Standards (SCLS) is applicable to this contract as it applies to the entire Multiple Award Schedule and all services provided. While no specific labor categories have been identified as being subject to SCLS due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS eligible labor categories. If and/or when the contractor adds SCLS labor categories / employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS matrix identifying the GSA labor category titles, the occupational code, SCLS labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
COMPANY INTRODUCTION
Founded in 2000, ERG provides environmental consulting services across technical areas including compliance, natural and cultural resources, NEPA, restoration planning, training, and audit support. ERG is an 8(a) certified, service-disabled veteran owned (SDVO), economically disadvantaged woman-owned (EDWO) small business (SB). ERG has served as prime contractor on approximately 20 contracts with U.S. Army Corps of Engineers Districts (USACE) nationwide, Mission Installation and Contracting Commands (MICC), as well as tasks located outside of the U.S. (OCONUS).

OUR SERVICES

Cultural Resources
- ARPA, NAGPRA, NEPA, and NHPA training
- CLG planning and zoning
- Management plans and agreement documents
- Phase I, II, and III studies
- Burial delineation, recovery, relocation, and skeletal identification
- Collections management
- HABS, HAER, HALS, and HSRs
- NRHP nominations
- Heritage interpretation
- ICRMP
- Cultural Resources Damage Assessments

Natural Resources
- Floral and faunal surveys, plans, and management
- Threatened and endangered species surveys, and consultation
- Wetland and waters delineations, plans, permits, and implementation
- Nature trail design
- Interpretive displays
- Ecological restoration
- INRMP and Biological Assessments

National Environmental Policy Act (NEPA)
- EA and EIS process, alternatives, and decisions
- Findings and Decision Documents
- Capacity Analysis Reporting (CAR)
- Public involvement and agency coordination
- NEPA training

Compliance
- Environmental compliance evaluations and audits
- EMS implementation and audits
- Oil pollution prevention (SPCC Plans and FRPs) and AST/UST compliance
- Management plans (solid waste, P2, pest management, stormwater, etc.)
- Permit compliance support
- RCRA support
- EPCRA compliance and reporting
- Training

Restoration Management
- Environmental cleanup program
- Site investigation, remedial activity review and documentation
- HQAES, CTC, and IAP annual updates
- Administrative records and DSMOA, DEPARC, and RAB
- RCRA and CERCLA support

Planning
- Pollution prevention, sustainability, and net zero
- GPS/GIS, remote sensing, and CADD
- Capacity analysis and management
- Conference planning and management
- National disaster recovery stakeholder engagement

On-Site Support
