

GENERAL SERVICES ADMINISTRATION

Federal Acquisition Service *Authorized Federal Supply Schedule Price List*

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order is available through **GSA Advantage!**[™], a menu-driven database system. The INTERNET address for **GSA Advantage!**[™] is: <http://www.GSAAdvantage.gov>.

Schedule for - PSS

Federal Supply Group: 00CORP

Contract Number: GS-10F-144BA

For more information on ordering from Federal Supply Schedules
click on the FSS Schedules button at <http://www.gsa.gov/schedules-ordering>

Contract Period: - 16 Apr 2014- 15 April 2019

Contractor: Gryphon Environmental, LLC
102 S. Tejon Street Suite 1100
Colorado Springs, CO 80903 2253

Business Size: Small, Veteran Owned, Service-Disabled Business

Telephone: (719) 393-8822

Extension:

FAX Number: (719) 623-0234

Web Site: www.gryphon-env.com

E-mail: rford@gryphon-env.com

Contract Administration: Rob Ford

CUSTOMER INFORMATION:

1a. Table of Awarded Special Item Number(s) with appropriate cross-reference to page numbers:

SIN	Recovery	SIN Description
C899-1	C899-1RC	Environmental Consulting Services
C899-3	C899-3RC	Environmental Training Services
C899-5	C899-5RC	Materials and Waste Recycling and Disposal Services

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.

1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item.

2. Maximum Order: \$1,000,000.00

3. Minimum Order: \$100.00

4. Geographic Coverage (delivery Area): Domestic only

5. Point(s) of production (city, county, and state or foreign country): Same as company address

6. Discount from list prices or statement of net price: Government net prices (discounts already deducted). See Attachment.

7. Quantity discounts: None Offered

8. Prompt payment terms: 1%-10 days, Net 30 days

9a. Notification that Government purchase cards are accepted up to the micro-purchase threshold: Yes

9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold: will accept over \$2,500

10. Foreign items (list items by country of origin): None

11a. Time of Delivery (Contractor insert number of days): Specified on the Task Order

11b. Expedited Delivery. The Contractor will insert the sentence "Items available for expedited delivery are noted in this price list." under this heading. The Contractor may use a symbol of its choosing to highlight items in its price list that have expedited delivery: Contact Contractor

11c. Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery: Contact Contractor

- 11d. **Urgent Requirements.** The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to effect a faster delivery: Contact Contractor
12. **F.O. B Points(s):** Destination
- 13a. **Ordering Address(es):** Same as Contractor
- 13b. **Ordering procedures:** For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s), and a sample BPA can be found at the GSA/FSS Schedule homepage (fss.gsa.gov/schedules).
14. **Payment address(es):** Same as company address
15. **Warranty provision.:** Contractor’s standard commercial warranty.
16. **Export Packing Charges (if applicable):** N/A
17. **Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level):** Contact Contractor
18. **Terms and conditions of rental, maintenance, and repair (if applicable):** N/A
19. **Terms and conditions of installation (if applicable):** N/A
20. **Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable):** N/A
- 20a. **Terms and conditions for any other services (if applicable):** N/A
21. **List of service and distribution points (if applicable):** N/A
22. **List of participating dealers (if applicable):** N/A
23. **Preventive maintenance (if applicable):** N/A
- 24a. **Environmental attributes, e.g., recycled content, energy efficiency, and/or reduced pollutants:** N/A
- 24b. **If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contactor’s website or other location.) The EIT standards can be found at:** www.Section508.gov/.
25. **Data Universal Numbering System (DUNS) number:** 787938500
26. **Notification regarding registration in Central Contractor Registration (CCR) database:** Registered
27. **Final Pricing:**

The rates shown below include the Industrial Funding Fee (IFF) of 0.75%.

** SCA Labor Category

Position	Minimum Educational Requirements	Minimum/General Experience and Years of Experience	Functional Job Description
Project Manager	BS/BA or equivalent	7	Responsible for the management of cost, schedule, and quality of environmental task orders; serves as single point of contact for the project, and maintains close communication and coordination with CO for the duration of the project including monthly progress and detailed cost reporting. Has experience in environmental engineering field. The Project Manager can also provide oversight and management for Training related activities as they pertain to Resource Conservation and Recovery Act (RCRA), Hazardous Materials Transportation Uniform Safety Act (HMTUSA), Clean Water Act (CWA), and other environmental law, regulation and policy related training. The Project Manager is well versed in the field of Environmental Advisory Services.
Scientist / Engineer III	BS/BA or equivalent	8	Performs a variety of broad science or engineering tasks, either independently or under supervision. Plans and performs scientific or engineering research, design development and other assignments in conformance with design, engineering and customer specifications. Can be expected to manage other personnel on task orders. Can be expected to manage programs as well.

Scientist / Engineer II	BS/BA or equivalent	5	Performs a variety of broad science or engineering tasks, either independently or under supervision. Plans and performs scientific or engineering research, design development and other assignments in conformance with design, engineering and customer specifications. Can be expected to manage tasks at a project level.
Scientist / Engineer I	BS/BA or equivalent	3	Performs a variety of broad science or engineering tasks, either independently or under supervision. Plans and performs scientific or engineering research, design development and other assignments in conformance with design, engineering and customer specifications.
Engineering Technician III	BS or equivalent	5	Performs routine engineering tasks such as preparing graphical or tabular presentations of data, simple data interpretation, preparation of supporting material, etc. under the direction of a senior engineer. Engineering Technician will be able read electrical schematics and troubleshoot problems on an advanced level. Engineering Tech III can be expected to supervise or manage tasks.
Engineering Technician II	BS/BA or equivalent	3	Performs routine engineering tasks such as preparing graphical or tabular presentations of data, simple data interpretation, preparation of supporting material, etc. under the direction of a senior engineer or an Engineering Technician III. Will collaborate with environmental scientists, planners, hazardous waste technicians, engineers, and other specialists, and experts in law and business to address environmental problems.
Environmental Specialist III	BS/BA or equivalent	6	Performs a variety of broad environmental program management tasks, either independently or under supervision. Plans and performs research, develops plans and documentation, and implements plans as required. An Environmental Specialist III will be expected to manage projects and programs at the task order level. Supervises the inspection of industrial and municipal facilities and programs in order to evaluate operational effectiveness and ensure compliance with environmental regulations. Environmental Specialist IIIs are skilled at providing customer training for the following topics: Resource Conservation and Recovery Act (RCRA), Hazardous Materials Transportation Uniform Safety Act (HMTUSA), Clean Water Act (CWA), and other environmental law, regulation and policy related training. The Environmental Specialist III is capable of designing and delivering classroom training on the above-mentioned subjects using instructor led training methods or via eLearning solutions using government/ commercially off-the-shelf (GOTS/COTS).

Environmental Specialist II	BA/BS or equivalent	5	Performs a variety of broad environmental program management tasks, either independently or under supervision. Plans and performs research, develops plans and documentation, and implements plans as required. Inspects industrial and municipal facilities and programs in order to evaluate operational effectiveness and ensure compliance with environmental regulations. Environmental Specialist IIs are capable of providing customer training for the following topics: Resource Conservation and Recovery Act (RCRA), Hazardous Materials Transportation Uniform Safety Act (HMTUSA), Clean Water Act (CWA), and other environmental law, regulation and policy related training. The Environmental Specialist II is capable of designing and delivering classroom training on the above-mentioned subjects using instructor led training methods or via eLearning solutions using government/ commercially off-the-shelf (GOTS/COTS).
Environmental Specialist I	BA/BS or equivalent	3	Performs a variety of broad environmental program management tasks, either independently or under supervision. Plans and performs research, develops plans and documentation, and implements plans as required. The Environmental Specialist I is capable of providing customer training for the following topics: Resource Conservation and Recovery Act (RCRA), Hazardous Materials Transportation Uniform Safety Act (HMTUSA), Clean Water Act (CWA), and other environmental law, regulation and policy related training. The Environmental Specialist I is capable of designing and delivering classroom training on the above mentioned subjects using instructor led training methods or via eLearning solutions using government/ commercially off-the-shelf (GOTS/COTS).
RCRA Specialist II	BA/BS or equivalent	5	Performs a variety hazardous material/waste management related tasks, either independently or under supervision. Plans and performs research, develops plans and documentation, and implements plans as required. Can manage the investigation and cleanup of contamination from solid waste facilities, hazardous waste facilities, and underground storage tanks. The RCRA Specialist II is capable of designing and delivering RCRA training (focusing on Solid and Hazardous Waste Management programs), site cleanup and remediation activities that are subject to RCRA and/or CERCLA regulations.
RCRA Specialist I	BA/BS or equivalent	3	Performs a variety hazardous material/waste management related tasks, either independently or under supervision. Plans and performs research, develops plans and documentation, and implements plans as required. Assists in the investigation and cleanup of contamination from solid waste facilities,

			hazardous waste facilities, and underground storage tanks. The RCRA Specialist I is capable of delivering RCRA training (focusing on Solid and Hazardous Waste Management programs), site cleanup and remediation activities that are subject to RCRA and/or CERCLA regulations.
Biologist III	BA/BS or equivalent	6	Responsible for performing complex and non-routine environmental science/biology tasks or for supervision and oversight of a small working group on technical issues or specific elements of a project; provides environmental planning, policy, technical, regulatory, and information management support for the development, execution, and evaluation of environmental programs, projects and systems.
Environmental Technician III *	High school diploma or equivalent	3	Provides technical, managerial, and administrative support for problem definition, analysis, requirements development, and implementation for environmental issues.
Environmental Technician II*	High school diploma or equivalent	2	Provides administrative-type support to technical and management-level personnel or field or technical work under supervision related to environmental issues. This includes, but is not limited to, documentation planning and support, project administration, program management support, event planning and administration, mail services, records, data input and other office administration functions. May perform other duties as assigned.
Environmental Technician I*	High school diploma or equivalent	1	Provides administrative-type support to technical and management-level personnel or field or technical work under supervision related to environmental cleanup or remediation activities.

Service Contract Act (SCA) Matrix

SCA Eligible Labor Category	SCA Equivalent Code Title	Wage Determination No
Environmental Technician III	30090 - Environmental Technician	2005-2079
Environmental Technician II	30090 - Environmental Technician	2005-2079
Environmental Technician I	30090 - Environmental Technician	2005-2079

The Service Contract Act (SCA) is applicable to this contract and it includes SCA applicable labor categories. The prices for the cited SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCA matrix and above. The prices offered are based on the preponderance of where work is performed and should the contractor perform in an area with lower SCA rates, resulting in lower wages being paid, the task order prices will be discounted accordingly.
