</tr>
</tbody>
</table>

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.

1c. If the Contractor is proposing hourly rates See Page 4

2. Maximum Order: $1,000,000.00

3. Minimum Order: $100.00

5. Point(s) of production (city, county, and state or foreign country): Same as company address

7. Quantity discounts: None Offered

8. Prompt payment terms: 1.0%, 10 days, Net 30 Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.

9. Foreign items (list items by country of origin): None
10a. Time of Delivery (Contractor insert number of days): Specified on the Task Order

10b. Expedited Delivery. The Contractor will insert the sentence “Items available for expedited delivery are noted in this price list.” under this heading. The Contractor may use a symbol of its choosing to highlight items in its price list that have expedited delivery: Contact Contractor

10c. Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery: Contact Contractor

10d. Urgent Requirements. The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to effect a faster delivery: Contact Contractor

11. F.O.B Points(s): Destination

12a. Ordering Address(es): Same as Contractor

12b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s), are found in Federal Acquisition Regulation (FAR) 8.405-3”.

13. Payment address(es): Same as company address

14. Warranty provision.: Contractor’s standard commercial warranty.

15. Export Packing Charges (if applicable): N/A

16. Terms and conditions of rental, maintenance, and repair (if applicable): N/A

17. Terms and conditions of installation (if applicable): N/A

18a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable): N/A

18b. Terms and conditions for any other services (if applicable): N/A

19. List of service and distribution points (if applicable): N/A

20. List of participating dealers (if applicable): N/A

21. Preventive maintenance (if applicable): N/A

22a. Environmental attributes, e.g., recycled content, energy efficiency, and/or reduced
pollutants: N/A

22b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contactor’s website or other location.) The EIT standards can be found at: NA

23. Unique Entity Identifier (UEI) number: 803391619

24. Notification regarding registration in System for Award Management (SAM) database": Registered

**Service Contract Labor Standards:** The Service Contract Labor Standards (SCLS) is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) and all services provided. While no specific labor categories have been identified as being subject to SCLS due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS eligible labor categories. If and / or when the contractor adds SCLS labor categories / employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS matrix identifying the GSA labor category titles, the occupational code, SCLS labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
LABOR CATEGORY DESCRIPTIONS

**Project Engineer**
**Minimum/General Experience** Minimum of eight years’ experience in related field.
**Functional Responsibility**
Competent in one or more technical disciplines with a broad general knowledge of many aspects of engineering for a particular market sector. Responsible for overseeing and coordinating all technical aspects of small to mid-size projects. Independently performs most assignments with instructions as to the general results expected. Receives supervisory approval on issues that affect project budget and schedules.
**Minimum Education** Bachelor’s Degree

**Project Manager**
**Minimum/General Experience** Minimum of eight years’ experience in related field, including supervisory or management experience.
**Functional Responsibility**
Plans, directs, coordinates, and controls technical and administrative activities for an entire project. Planning and directing business improvements and project management implementation. Plans and manages production sequences, develops and maintains in-process controls and schedules, conducting an evaluating risk analysis. Manages a diverse group of functional activities and subordinate groups of technical and administrative personnel. Oversees the technology development and/or application, marketing and resource allocation within assigned projects. Reviews and maintains the quality of technical work performed on the project. Makes technical judgments and provides advice on resolving problems. Ensures goals and objectives of project accomplished within contract terms and conditions. Maintains the development and execution of business opportunities based on broad, general guidance. Interfaces with client management personnel and is adept in verbal and written communications.
**Minimum Education** BS Degree

**Draftsperson**
**Minimum/General Experience** Minimum five years’ experience in related field.
**Functional Responsibility**
Performs routine as well as non-routine and complex drafting assignments requiring judgment in resolving issues or making recommendations. Decisions made with general understanding of procedures and company policies to achieve set results and deadlines. Follows specific standardized procedures to achieve set results and deadlines. Receives little instruction on daily work; general instructions on new assignments. Under very limited review, prepares non-routine and complex drawings, layouts, sketches, maps, and graphic representations of engineering designs by hand or using computer-aided design software. Incumbents at this level typically provide some design recommendations. May function as a trainer for less-experienced CADD Drafters. This level is viewed as advanced within the scope of the position.
**Minimum Education** Bachelor’s Degree

**Mechanical Engineer Designer**
**Minimum/General Experience** Minimum of three years’ experience in related field.
**Functional Responsibility**
Designs and develops 2D and solid models of mechanical systems with minimum direct supervision following engineering lead. Designs new products and makes improvements to existing products. May evaluate products, parts, or processes for cost efficiency and reliability. Works with other members of the engineering staff to ensure that production is completed in a timely manner. Capable of leading other designers and drafters. Communicates well with project team and manages designer/drafter resources, budgets, and schedules. A certain degree of creativity and latitude is required.
**Minimum Education** Bachelor’s Degree in mechanical engineering.
LABOR CATEGORY DESCRIPTIONS

**Construction Manager**
**Minimum/General Experience** Three years of relevant work experience.
**Functional Responsibility**
Reviews and maintains all construction documents, such as RFI’s, submittals, and shop drawings. Performs contractor oversight, on-site administration; reviews daily reports; develops contractor progress payments; tracks bid item quantities; performs baseline schedule reviews. Coordinates activities between various project stakeholders; monitor the contractor’s compliance with project contract and project specifications; reviews submittals, supplements, and RFI’s; maintain detailed written and photo records of the site activities; and track equipment and manpower. The Construction Manager does not perform construction work but performs oversight, documentation, and management of environmental and civil engineering related construction projects. Directs the work of construction inspectors engaged in inspection of capital improvement and engineering projects.
**Minimum Education** Minimum Education: B.S. Degree

**Field Engineer**
**Minimum/General Experience** Minimum of five years cumulative experience in engineering or physical science fields.
**Functional Responsibility**
May be required to travel to remote sites frequently or for extended periods of time. Shall be capable of performing the following: a) conducting equipment/software evaluation tests; b) preparing, reviewing, and modifying test plans and procedures; c) analyzing test results; d) developing and analyzing technical documents; e) verifying complex drawing packages; f) operating sophisticated test equipment; g) performing failure analysis on failed modules, equipment or systems; and h) providing on-the-job training.
**Minimum Education** Minimum Education: Bachelor’s Degree

**Architect**
**Minimum/General Experience** Minimum of eight years general experience
**Functional Responsibility**
Performs constructability and contract documents review, CPM scheduling and estimating during the construction phase. Assists in managing project teams to meet stringent schedule, budget, and quality requirements. Interprets plans and specifications, prepares project cost breakdowns and change orders. Responsible for construction progress monitoring and preparation of progress reports.
**Minimum Education** Bachelor’s Degree

**Design Manager**
**Minimum/General Experience** Minimum of five years general experience
**Functional Responsibility:** Supervises and manages the design team. Perform and design tasks such as design layouts and modeling. Supports investigation of customer requirements to help determine solutions. Has knowledge of commonly used concepts, practices, and procedures within a particular field. Relies on instructions and pre-established guidelines to perform the functions of the job. Works independently on projects.
**Minimum Education:** BS Degree
