REUSABLE TRANSIT CASES FOR ALL TYPES OF EQUIPMENT

CUSTOMER INFORMATION

- 1a. Table of awarded Special Item Numbers (SINs):

<u>SIN #</u>	<u>SIN Title</u>
3PACK	Packaging Materials

- 1b. Identification of the lowest priced service for each special item number awarded in the contract.

See price list

- 1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided.

Not applicable

2. Maximum order for each SIN:

<u>SIN#</u>	<u>MAXIMUM ORDER*</u>
3PACK	\$250,000

*If the best value selection places your order over the Maximum Order identified in this catalog/pricelist, you have an opportunity to obtain a better schedule contract price. Before placing your order, contact the aforementioned contractor for a better price. The contractor may (1) offer a new price for this requirement (2) offer the lowest price available under this contract or (3) decline the order. A delivery order that exceeds the maximum order may be placed under the schedule contract in accordance with [FAR 8.404](#).

3. Minimum order: \$500.00
4. Geographic coverage (delivery area): **The 48 contiguous states and the District of Columbia, Alaska, Hawaii, and Puerto Rico**
5. Point(s) of production:

**1242 E. Edna Place, Unit B
Covina, CA 91724
T: 800-FLYANVIL (359-2684) , 626-968-4100**

**225 Black Rock Avenue
Bridgeport, CT 06605
T: 800-243-5152**

REUSABLE TRANSIT CASES FOR ALL TYPES OF EQUIPMENT

**1701 Kelly Blvd
Carrollton, TX 75006
T: 800-243-5152 F: 203-336-4406**

6. Discount from list prices or statement of net price: **Net prices are shown**
7. Quantity discounts: **None; call or fax for consideration**
8. Prompt payment terms: **Net 30 Days**. Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.
9. Foreign items: **None**
- 10a. Time of delivery: **30 Days ARO**
- 10b. Expedited delivery: **Items available for expedited delivery are noted in this price list**
- 10c. Overnight and 2-day delivery: **Contact Contractor**
- 10d. Urgent requirements: **Contact Contractor**
11. F.O.B. point(s): **All orders are shipped F.O.B. Origin. Freight charges are the responsibility of the Government ordering activity.**

ANVIL will prepay and add to invoice freight charges for ground shipments via ANVIL specified carrier within the 48 contiguous states or point of exit. Third party billing to a Government freight account is also available. Account Information and signed approval is required.

Air shipments: All air shipment carriers must be determined by ordering activity. ANVIL does not prepay air shipments. Third party billing is available with proper account information and approval.

- 12a. Ordering address(es): **Same as Contractor**
- 12b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPAs) are found in Federal Acquisition Regulation (FAR) 8.405-3.
13. Payment address: **Same as Contractor**
14. Warranty provision: **Customers must obtain a return authorization number. No production will be accepted without prior authorization. Defective product – Production carries limited lifetime warranty against defects in craftsmanship and materials (shipping charges apply).**

Non-Defective product – Non-returnable.

All Anvil Cases are built on a per order basis.

REUSABLE TRANSIT CASES FOR ALL TYPES OF EQUIPMENT

Return Policy: Merchandise returned to ANVIL must be clearly marked with an “Anvil” issued return authorization number. Call 1-800-359-2684 for return authorization approval. Case(s) must be wrapped to protect against damages in transit to ANVIL® Cases.

15. Export packing charges: **Not available from ANVIL. All cases are wrapped in heavy-duty corrugated material to guard against damage in transit.**
16. Terms and conditions of rental, maintenance, and repair: **Not applicable**
17. Terms and conditions of installation: **Not applicable**
- 18a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices: **Not applicable**
- 18b. Terms and conditions for any other services: **Not applicable**
19. List of service and distribution points: **Not applicable**
20. List of participating dealers: **Not applicable**
21. Preventative maintenance: **Not applicable**
- 22a. Special attributes such as environmental attributes: **Not applicable**
- 22b. Section 508 compliance: **Not applicable**
23. Data Universal Number System (DUNS) number: **099005365**
24. Notification regarding registration in the System for Award Management (SAM) database. **Registered and active in SAM**

APPLICABLE TERMS AND CONDITIONS FOR PURCHASE OF SPECIAL ITEM #3PACK

Anvil® guarantees that all product shipped is new and current model merchandise. Each Anvil® product is constructed from first-class material and workmanship.

Anvil® shall acknowledge only those orders which state “Order Acknowledgment Required”. These orders shall be acknowledged within ten (10) days after receipt. Such acknowledgments shall be sent to the activity placing the order and contain information pertinent to the order, including the anticipated shipping date.

REUSABLE TRANSIT CASES FOR ALL TYPES OF EQUIPMENT

ANVIL –THE PIONEER IN PROTECTIVE CASES

Consistent growth and industry leadership come only through hard work... and it is hard work that has earned Anvil the reputation at the manufacturer of the strongest and most durable cases in the industry. As a result, Anvil has become the largest manufacture of reusable, heavy-duty shipping cases in the business. Building quality cases since 1952!

Building quality cases and reputation does not happen overnight. It is the result of many years of experience and by being first in new markets and new products.

In the 1950's Anvil Cases introduced reusable protective transit cases for use by musicians to carry their electric instruments and sound systems. Today, Anvil Cases are used by people and organizations who require the best protection available for the transport of sophisticated equipment to broadcast and video equipment – and cases from Anvil are still the choice of musicians – from Rock 'n' Roll bands to the New York Philharmonic. Anvil Cases has earned the well-deserved reputation as the Number One manufacture of protective transit cases.

ANVIL – COMPREHENSIVE PRODUCT LINES

From heavy-duty transit to lightweight carrying cases. Anvil Cases has developed a comprehensive range of product lines to serve such diverse industries as video production, computer science, aerospace, telecommunications, micro-wave technology, test and evaluation instrumentation, military, government and commercial.

IT'S WORTH PROTECTING ANVIL CASES

Every case is made to order. Anvil does not have stock sizes requiring retrofitting equipment into existing sizes. Anvil designs each case to exact specifications for exact uncompromising fit and quality. If your equipment is worth protecting, its worth using an Anvil Case from the leading manufacturer of quality shipping cases.

“ANVIL HAS BEEN PROVIDING QUALITY CASES FOR GSA SINCE THE 1970'S”

ADDITIONAL GENERAL DESCRIPTIVE INFORMATION

ATA

Designed to meet or exceed the Air Transportation Association Specification 300, Category 1, Anvil® ATA Cases are the most durable transit cases available.

M.A.C.C. (MILITARY)

Constructed to perform in the most demanding conditions, Anvil® M.A.C.C.™ cases provide unsurpassed function as well as rugged durability. Built to military spec 810 C/D.

ANVIL IRON

Anvil Iron® is our most extreme line of defense. It utilizes an extremely tough defensive HDPE covering over the plywood that provides additional protection to cases that are constantly on the go, resulting in a case wall that is built to take abuse far exceeding traditional ABS cases.

Standard minimum for caster board is ½ inch.

ATA Cases, when designed with heavy-duty twist latches, have them attached to recessed plates in our standard arrangement.

Interior Cushioning – High Density foam designed to protect your equipment.

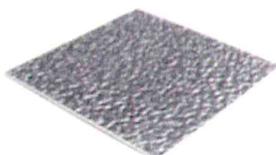

Interior compartments – When compartments are requested, they are constructed of 3/8" plywood, permanently riveted to case interior with aluminum angle.

Additional options are available (Call for Information)

Dimensions: frequent reference is made throughout this pricing catalog to case interior dimensions. In each instance, the following sequence is followed: left to right (L-R or width) given first, front to back (F-B or depth) given second, and top to bottom (T-B or height) given third.

Cases unless otherwise noted are priced without casters, (see pg.6 for prices)

Aluminum, Carpet, or Fiberglass laminates are also available for an additional charge

**NOTE: COLORS ARE APPROXIMATES AND MAY VARY DEPENDING ON YOUR MONITOR AND SETTINGS*

CUSTOM COST ESTIMATING

For the purpose of fulfilling all casing requirements ANVIL® uses a simplified formula for computing case pricing. To determine the GSA Price of an ANVIL® CASE having 1" foam lining, ¼" construction, use this formula:

- $\frac{\text{Width}^* + \text{Depth}^* + \text{Height}^* + 7^{**}}{1} = \text{ANVIL FACTOR}^{***}$
- $\text{ANVIL FACTOR} \times 4.73 = \text{ANVIL GSA PRICE}^{****}$

A Case to house a given object that measures 18" x 12" x 10" would be completed as follows:

- $\frac{18'' (\text{Width}) + 12'' (\text{Depth}) + 10'' (\text{Height}) + 7 (1'' \text{ foam lining})}{1} = 47^{***}$
- $47 (\text{ANVIL FACTOR}) \times 4.73 = 222.31 \text{ GSA Price}^{****}$

*Dimensions used in computing the ANVIL FACTOR are internal case dimensions(foam to foam)

**Add 7 for 1" foam lining, 14 for 2" foam lining, etc.

**For case requirements with an ANVIL FACTOR exceeding 110", add an oversize construction factor to the case GSA price using the following guide:

- 111" thru 130" add 15%
- 131" thru 150" add 20%
- 151" thru 175" add 25%
- 176" thru 200" add 30%
- 201" and over add 35%

****For 3/8" construction add 20%, ½" add 30%

To compute the cost of the above example outfitted with exterior options(i.e. casters, locking devices, tie downs, etc.) simply add the GSA price to those optional items (see pg. 9 & 10) to the price of the case you computed using the formula.

Note: Exterior options are added after all construction factors are computed.

For cases with partitions, trays, etc. (other than 1" or 2" lined) Please contact ANVIL® directly or your ANVIL GSA participating dealer for designs and pricing assistance.

MUSICAL INSTRUMENT CASES – BAND AND ORCHESTRA

AT Calzone / Anvil we make the cases you need for your instrument. We have thousands of plans on file, or we can custom design a case for your specific needs.

Whether you need a case for your euphonium or flute, we will create what you need.

We make the best ATA Road cases for all instruments. Whether you need a case for euphonium, flute, drums, or grand piano, we have the plans. In fact, we have on file hundreds of plans for all makes, models, and styles.

Calzone / Anvil is known as the best Musical Instrument Case Manufacture in the world.

MILITARY GRADE CASES / WORKSTATIONS

The Calzone / Anvil Case Companies offer a variety of standard as well as fully customized workstation solutions for the field. Ideal for mobile music production, on location film, event photography, military field operations, tradeshow, and several other applications.

These cases are built to protect your equipment, while at the same time, make you feel right at home anywhere in the world. With an array of optional accessories available, including table legs in the lids, sliding shelves, and our M.I.C.S. interlocking system, these cases can be anything you want them to be.

SERVING THE U.S. SINCE 1952

Calzone / Anvil Cases are the most durable reusable transit cases in the world. These cases are constructed to perform in the most demanding conditions. Exterior panels are built with strong, solid components, and interiors are custom-designed with precision-sculpted unicellular foam to provide maximum shock absorption and protection from damage due to vibration.

Our products conform to the high standards of the U.S. Military by meeting the most stringent case requirements, and by providing you with strength and reliability you can count on. All cases made in the USA to protect and serve the USA.
