***Faith Enterprises
Incorporated
Background:***

***Electrical Testing
and Service:***

Faith Enterprises Incorporated (FEI) was founded in 1988. FEI is an experienced electrical and general contracting service with its grass roots in Colorado Springs, Colorado. FEI was founded by James VanDeGrift, Chief Executive Officer, and Steve Trutna, President. FEI is well-equipped to handle unique and difficult projects, demanding high levels of scheduling, installation and testing expertise.

1. FEI has completed many government projects and has created a great working relationship with the Corps of Engineers and Military staff at Schriever Air Force Base, Peterson Air Force Base, Fort Carson, Buckley Air Force Base, and Warren Air Force Base.
2. FEI's Services Division specializes in predictive proactive maintenance of your electrical distribution systems. These services focus on minimizing business interruptions, high utility cost, and potential electrical fire hazards in your facilities. Services utilize infrared thermography, ultrasonic testing and power quality analyzers to ensure the integrity of the facility's electrical infrastructure.
3. The ability of your facility to operate safely and productively is dependent on the integrity of your electrical system and the integrity of the people performing work on that system. **We guarantee that:**
 - We will be open and fair in all of our dealings with you, and pledge all of our efforts to deliver what we promise, when we promised.
 - Our Representatives are salaried, trained professionals committed to a high standard of integrity. They will focus on your specific needs to build a long-term relationship with you based on mutual trust and competitive value.
 - Our Electricians/Technicians are highly trained, experienced electrical system specialists committed to assuring the integrity of your electrical system. Their professional recommendations are based on assuring productivity, facility safety and minimizing business interruptions.
