SIN ANCILLARY
Faith Enterprises Incorporated (FEI) was founded in 1988. FEI is an experienced electrical and general contracting service with its grass roots in Colorado Springs, Colorado. FEI was founded by James VanDeGrift, Chief Executive Officer, and Steve Trutna, President. FEI is well-equipped to handle unique and difficult projects, demanding high levels of scheduling, installation and testing expertise.

Electrical Testing and Service:

1. FEI has completed many government projects and has created a great working relationship with the Corps of Engineers and Military staff at Schriever Air Force Base, Peterson Air Force Base, Fort Carson, Buckley Air Force Base, and Warren Air Force Base.

2. FEI’s Services Division specializes in predictive proactive maintenance of your electrical distribution systems. These services focus on minimizing business interruptions, high utility cost, and potential electrical fire hazards in your facilities. Services utilize infrared thermography, ultrasonic testing and power quality analyzers to ensure the integrity of the facility’s electrical infrastructure.

3. The ability of your facility to operate safely and productively is dependent on the integrity of your electrical system and the integrity of the people performing work on that system. We guarantee that:
   - We will be open and fair in all of our dealings with you, and pledge all of our efforts to deliver what we promise, when we promised.
   - Our Representatives are salaried, trained professionals committed to a high standard of integrity. They will focus on you specific needs to build a long-term relationship with you based on mutual trust and competitive value.
   - Our Electricians/Technicians are highly trained, experienced electrical system specialists committed to assuring the integrity of your electrical system. Their professional recommendations are based on assuring productivity, facility safety and minimizing business interruptions.

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. See price list on pages 6-7

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item. See price list on page 6

*Faith Enterprises is a full-service electrical contractor who performs construction and renovation work commercially; however, due to federal regulations that prohibit the sales of construction and Architecture & Engineering services under the GSA Schedules, Faith Enterprises is not providing these services under this contract. The approved GSA hourly rates only include work related to electrical testing and repairs stemming from adverse electrical conditions discovered during testing. All projects will be quoted on a firm-fixed price basis except for emergency work, which will be performed on a time and materials basis.

General Electrical Safety and Training Seminars
