Big Service with a Small Town Flavor!

In 1948, Alvin Berlin started The Baltimore Auto Supply Company together with his war bride and founding partner, Rose. From humble beginnings in the garage of a relative, Alvin and Rose went on to open a store front in Baltimore City's up-and-coming Ashburton district. With Alvin on the road and Rose in the office, the business grew to eventually become a well-established powerhouse in the wholesale aftermarket industry, selling a variety of hard parts, chemicals, tools, equipment and accessories.

In 1994, Baltimore Auto, now a woman-owned business, made an historic move of its headquarters to a state-of-the art warehouse and office complex at 1401 Parker Road in Baltimore County, Maryland. Now located at the crossroads of I-95 and I-695 (the Baltimore Beltway), Baltimore Auto is in close proximity to the Washington, D.C. corridor.

The Baltimore Auto Supply Company's continued growth and regional market share reflects their ever changing market. Host to over 180 distinct product lines covering the gamut of aftermarket parts needs and the emerging original equipment niche, Baltimore Auto proudly presents their contract with the General Services Administration and online ordering initiative, **www.baltauto.net**, as it takes its enterprise beyond bricks-and-mortar to the 21st Century marketplace.

We're here to help you!
