(811-004) Electrician

Performs a variety of electrical trade functions such as the installation, maintenance, or repair of equipment for the generation, distribution, or utilization of electric energy.

Minimum Experience / Education / Degree / Training Or

Certification: Requires 3 year of experience or as required per task order. Possesses a high school diploma or Equivalent Technical Certification or as required per task order. Work involves installing or repairing a variety of electrical equipment.

(811-005) HVAC Tech

Responsible for retrofit and repair of environmental-comfort systems, utilizing knowledge of air conditioning theory, pipe fitting, and mechanical layouts.

Minimum Experience / Education / Degree / Training Or

Certification: Requires 3 years of related experience or as required per task order. Associate's degree or equivalent from a Technical Trade School with a certificate in Heating, Ventilation, and Air Conditioning and three (3) years related experience; or 7 years of related experience, or equivalent combination of education and experience.

(811-005) Sheetmetal Tech

Fabricates, installs and maintains in good repair the sheet-metal equipment and fixtures (such as machine guards, grease pans, shelves, lockers, tanks, ventilators, chutes, ducts, metal roofing) of an establishment. Work involves most of the following: Planning and laying out all types of sheet-metal maintenance work from blueprints, models, or other specifications; setting up and operating all available types of sheet-metal working machines; using a variety of hand tools in cutting, bending, forming, shaping, fitting and assembling; and installing sheet-metal articles as required. In general, the work of the maintenance sheet-metal worker requires rounded training and experience usually acquired through a formal apprenticeship or equivalent training and experience.

Minimum Education / Degree / Training Or Certification: Requires one year of experience or as required per task order. Possesses a high school diploma or Equivalent Technical Certification or as required per task order.

(811-005) Plumber / Pipefitter

Assembles, installs and repairs pipes, fittings and fixtures of heating, water, and drainage systems, according to specifications and plumbing codes. Studies building plans and working drawings to determine work aids required and sequence of installations.

Minimum Experience / Education/Certification/Experience:

Licensed Master Plumber by U.S. state or territory or equivalent qualifications. Certifications for states that do not issue licenses and 5 years of related experience.

(003-97) Carpenter

Performs the carpentry duties necessary to maintain in good repair building woodwork and equipmentsuch as bins, cribs, counters, benches, partitions, doors, floors, stairs, casings, and trim made of wood. Work involves most of the following: Planning and laying out of work from blueprints, drawings, models, or verbal instructions, using a variety of carpenter's hand tools, portable power tools and standard measuring instruments; making standard shop computations relating to dimensions of work; and selecting materials necessary for the work. In general, the work of the maintenance carpenter requires rounded training and experience usually acquired through a formal apprenticeship or equivalent training and experience.

Minimum Experience / Education / Degree / Training Or

Certification: Requires one year of experience or as required per task order. Possesses a high school diploma or as required per task order.

(003-97) Painter

Paints and redecorates walls, woodwork and fixtures. Work involves the following: Knowledge of surface peculiarities and types of paint required for different applications; preparing surface for painting by removing old finish or by placing putty or filler in nail holes and interstices; and applying paint with spray gun or brush. May mix colors, oils, white lead and other paint ingredients to obtain proper color or consistency. In general, the work of the maintenance painter requires rounded training and experience usually acquired through a formal apprenticeship or equivalent training and experience.

Minimum Experience / Education / Degree / Training Or

Certification: Must have at least two years experience preparing, painting and redecorating building and structural surfaces. Demonstrate proficiency in the use of paints, oils, finishes, putty / fillers and hand tools common to the trade.

(003-97) Drywall Hanger

Measures and marks cutting lines on framing, drywall, and trim, using tape measure, straightedge or square, and marking devices. Trims rough edges from wallboard to maintain even joints, using knife. Fits and fastens wallboard or sheetrock into specified position, using hand tools, portable power tools, or adhesive.

Minimum Experience / Education / Degree / Training Or

Certification: Requires one year of experience or as required per task order. Possesses a high school diploma or as required per task order.
