Brief Company History

SCA originated in January of 2004 as a Service Disabled Veteran Owned Small Disadvantaged Business growing size and industry stature with each project engaged; capitalizing on vesting in Veteran's capabilities and expertise. SCA aligned its services with the federal government demand related to NAIC code 561210, Facility Support Services. Our focus has been and remains managing and or supporting federal facilities.

SCA has been successfully providing Building Commissioning/Retro-Commissioning, and Engineering Support services guiding its clients to better operate their facilities and more efficiently manage their buildings. SCA has a strong reputation for completing its contract work on or ahead of schedule and on being responsive to all of its client needs. SCA has been consistently recognized by its clients and the industry for the high quality of performance and level of expertise and professionalism that we bring to every one of our projects.

Annual Economic Price Adjustment escalation will be based on the Commercial Market Prices. Future price adjustments will be subject to clause I-FSS-969; Economic Price Adjustment - FSS Multiple Award Schedule. SCA will utilize the annual Bureau of Labor Statistics Employment Cost Index as its cost escalation method on an annual basis while under this contract.
1.a. Special Item Numbers (SINs)

SCA’s Federal Supply Schedule covers the following SINs:

- SIN 541690 Integrated Logistics Services
- SIN 541690E Energy Consulting Services
- OLM Order-Level Materials

1.b. Category Description

541690 Integrated Logistics Support Services include providing advice and assistance to businesses and other organizations on scientific and technical issues (except environmental).

Typical associated tasks include, but are not limited to ergonomic/human performance analysis, feasibility analysis, logistics planning, requirements determination, policy standards/procedures development, conducting research studies, long-term reliability and maintainability, training, consulting, conduct acceptance, functional and post acceptance testing, testing, integration of the payload for flight Customer Agency, support provided during launch, orbital maneuvering and satellite separation from the spacecraft.

NOTE: Services under this NAICS cannot include architect-engineer services as defined in the Brooks Act and FAR Part 2 or construction services as defined in the Federal Acquisition Regulation Part 36 and Part 2.

541690E Energy Consulting Services Contractors shall provide expert advice, assistance, guidance or counseling on energy related projects or initiatives to assist agencies in adhering to energy legislation and policy such as EPACT 2005, Executive Orders 13423 and 13514.

OLM Order-Level Materials (OLM) OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. Since OLMs are identified and

Strategic Consulting Alliances, LLC

Service Disabled Veteran Owned Small Disadvantaged Business, SBA 8(a), VOSB, DOT DBE & DVA/CVE

419 West Main Street, Crisfield, MD 21817-1341
james@sca-sdvob.com / www.scafacilities.com
(703) 989-7658 / (703) 738-7683 efax
acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination for all OLMs.

OLMs are procured under a special ordering procedure that simplifies the process for acquiring supplies and services necessary to support individual task or delivery orders placed against a Schedule contract or BPA. Using this new procedure, ancillary supplies and services not known at the time of the Schedule award may be included and priced at the order level.
