Contract Administrator: Barbara Wycliffe
E-Mail: bwycliffe@wycliffeinc.com

Business Size: Small Business

Socioeconomic Indicators: SBA EDWOSB, WOSB, MDOT MBE, WMATA& DDOT SBE

Business DUNS Number: 166754726

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order are available through GSA Advantage!, a menu-driven database system. The Internet address for GSA Advantage! is GSAAdvantage.gov. For more information on ordering from Federal Supply Schedules click on the
1a. Authorized Special Item Numbers (SINs):

541513  **Smart Buildings Systems Integration**

Includes the comprehensive integration of building systems and technology using a non-proprietary and open architecture. Typical building systems to be integrated include: building automation, life safety, telecommunications, facilities management, security, energy and environmental control, HVAC, lighting, building envelope, access control, power management, cabling infrastructure/wireless, VOIP, video distribution, video surveillance, data network, etc. Typical integration functions include, but are not limited to: requirements analysis, strategic systems planning, system configuration, implementation alternatives, integration planning, system component acquisition, component integration, testing and analysis, interaction with Building Operations Centers, collection/manipulation of smart building component data, configuration management and control, design-guide development, operational training and support, monitoring, reporting and managing of the systems, and systems maintenance. Also includes cyber security as it relates to building control and automation systems affecting components such as fire annunciation and suppression, heating, ventilation, and air conditioning, power and lighting, elevators, and closed circuit cameras. Services may include, but are not limited to, assessing the cyber risks of a facility, making recommendations for safeguards and countermeasures, and implementing software and procedures to ensure Federal facilities are protected consistent with the Federal Information Security Management Act (FISMA) guidelines and other applicable policy.

ANCRA  **Ancillary Repair and Alterations**

Includes ancillary repair and alteration services ordered in conjunction with the delivery, or installation of products or services. These services are non-complex in nature, such as routine painting, carpeting, simple hanging of drywall, basic electrical or plumbing work, landscaping. For ordering limitations and information, refer to the Special Ordering Procedures/Ordering Guide posted on [www.gsa.gov](http://www.gsa.gov).

ANCILLARY  **Ancillary Supplies and/or Services**

Ancillary supplies and/or services are support supplies and/or services which are not within the scope of any other SIN on this schedule. These supplies and/or services
are necessary to compliment a contractor's offerings to provide a solution to a customer requirement. This SIN may be used for orders and blanket purchase agreements that involve work or a project that is solely associated with the supplies and/or services purchased under this schedule.

NOTE: When used in conjunction with a Cooperative Purchasing eligible SIN, this SIN is Cooperative Purchasing Eligible.

561210FAC  

**Complete Facilities Maintenance & Management**

This category covers services related to the complete operations, maintenance and repair of federal facilities and may include the supply or use of environmentally sustainable products such as U.S. Environmental Protection Agency-designated Comprehensive Procurement Guidelines (recycled content) products, U.S. Department of Agriculture-designated BioPreferred (biobased) products, Energy Star certified or other energy efficient products, and WaterSense or other water efficient products. The following facilities maintenance services can be ordered as stand-alone or in multiple combinations.

OLM-  

**Order Level Materials**-Supplies or Services acquired in support of task or delivery order placed against a Schedule or BPA contract.

1b. Lowest priced model number and lowest unit price for that model for each SIN awarded in the contract: *Not Applicable*

1c. Hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services: *See attached pricing.*

2. Maximum order: $1,000,000

3. Minimum order: $100

5. Points of production: *United States*

6. Discount from list prices or statement of net price: *Government net prices.*

7. Quantity discounts: *None Offered*

8. Prompt payment terms: *0%-Net 30 days*

9a. Government purchase cards are accepted below the micropurchase threshold.

9b. Government purchase cards are accepted above the micropurchase threshold.

10. Foreign items (list items by country of origin): *Not Applicable*

11a. Time of delivery: *30 Days or TBD at Task Order Level.*
11b. Items available for expedited delivery: The Contractor shall deliver or perform services in accordance with the terms negotiated with the Ordering Activity.

11c. Overnight and 2-day delivery: The Contractor shall deliver or perform services in accordance with the terms negotiated with the Ordering Activity.

11d. Urgent Requirements:

Contact Contractor: Brandon Alexander, V.P.
(O)240-629-8662, ext 229; (C) 443-277-2271; 301-8691-0009
Emergency 24 hour number
Email: balexander@wycliffeinc.com
Email: www.wycliffeinc.com

12. F.O.B. Point: N/A

13a. Ordering address:
   Wycliffe Enterprises, Inc.
   1341 Hughes Ford Road, Suite 101
   Frederick, MD 21701

13b. Ordering Procedures: For supplies and services, the ordering procedures, and information on Blanket Purchase Agreements (BPA’s) are found in Federal Acquisition Regulation (FAR) 8.405-3.

14. Payment address:
   Wycliffe Enterprises, Inc.
   1341 Hughes Ford Road, Suite 101
   Frederick, MD 21701

15. Warranty provision: 30 days on labor and parts, manufacturer’s warranty on parts is passed on to customer.

16. Export packing charges: Not Applicable

17. Terms and conditions of Government purchase card acceptance (any thresholds above the micropurchase level): Contact Contractor

18. Terms and conditions of rental, maintenance, and repair: Not Applicable

19. Terms and conditions of installation: Not Applicable

20. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices: Not Applicable

20a. Terms and conditions for any other services: Not Applicable
21. List of service and distribution points: *Not Applicable*

22. List of participating dealers: *Not Applicable*

23. Preventive maintenance: *Not Applicable*

24. Environmental attributes, e.g., recycled content, energy efficiency, and/or reduced pollutants: *Not Applicable*

25. Data Universal Number System (DUNS) number: 166754726

26. Wycliffe Enterprises, Inc. also DBA Wycliffe Technologies is registered in the System for Award Management database.

27. List of Manufacturers Represented for **Enterprise Physical Access Control Systems** (EPACS):
   - Galaxy Access Control Systems
   - Galaxy Control Systems
   - Avigilon
   - Vicon
   - Axis
   - Kantech

   - Milestone
   - Genetec
   - Avigilon
   - Hanwha
   - Axis
   - Exacq Vision
   - Vicon

29. List of **Intrusion Detection Systems** (IDS) Represented:
   - Bosch
   - Honeywell

30. List of CCTV Represented:
   - Axis
   - Hanwha
   - Avigilon
   - Vicon
   - Bosch

Arborist

**Minimum/General Experience:** At least 3 years of experience in the field as well as a Bachelor’s degree, preferably in a related field.

**Functional Responsibilities**
Provides an assessment of trees to ensure the safety, health, and preservation of trees, analyze for safety hazards, to create a comprehensive, objective viewpoint to the diagnosis, appraisal and evaluation of arboricultural issues. Cultivation, management and study of trees, shrubs, vines, and other perennial plants.

Contracts Administrator

**Minimal/General Experience:** Must have a high school diploma or GED equivalent, and at least 5 years of experience in a related field or position.

**Functional Responsibilities**
Oversee the preparation and revision of contracts that involve the purchase of sale of goods and services. Handle the acquisition, distribution, and store of equipment and supplies. Dispose of unclaimed property. Oversee proposal planning and administration of contracts. Negotiate terms and conditions. Prepare contract briefs and revisions summarizing contractual requirements and budgets. Track authorizations and correspondence. Maintain detailed and organized files. Prepare contract change notices, monitor contractor performance, including the reporting and status of contractor and owner deliverables. Maintain an audit file for each contract which will include original contract, all correspondence, Changes/deviations, amendments, clarifications, payment schedules. Prepare and disseminate information to appropriate employees regarding contract status, facilitate contractor meetings. Ensure that contractor is in compliance with legal requirements, owner specifications and government regulations. Perform closing activities as needed. Track payments and deadlines. Analyze and mitigate risk. Provide contract summaries and ensure contract execution in accordance with company policy.

Data Center Manager

**Minimal/General Experience:** Bachelor’s Degree, preferably in a related field and at least 5 years of relatable experience.

**Functional Responsibilities**
The Data Center Manager will be responsible for all aspects of the data center facility management and maintenance program, including overseeing and coordinating the day-to-day operation and maintenance of the data center facility and being the first line of client interface on issues related to data center facility management. The Data Center Manager will coordinate data center facility modifications which include, but are not limited to, installation and maintenance of facility infrastructure equipment as necessary; monitor the facility operation and make any necessary adjustments to ensure it is running efficiently and effectively;
and respond to facility emergencies. The Data Center Manager shall monitor electric consumption and the computer room environment (temperature and humidity) and make necessary adjustments.

**Electrical Apprentice**

**Minimum/General Experience:** Must have a High School Diploma or GED Equivalent and must be in a federally approved apprenticeship program.

**Functional Responsibilities**
Enrolled in a 5-year training program with standards approved in the State of Maryland, Commonwealth of Virginia, and District of Columbia. It requires that each apprentice receive a minimum 8,000 hours of on-the-job training in the electrical construction industry with the supervision of a journeyman electrician. During the course of the apprenticeship, each apprentice is transferred on a yearly basis to a new contractor. This affords the apprentice the opportunity to receive varied experiences during their apprenticeship. The Joint Apprenticeship and Training Committee make all placements with contractors. While in the Training Program apprentices are required to attend 800 hours of classroom related instruction. This instruction is setup in the following manner over the 5-year period. During the first three years of apprenticeship, an apprentice will attend school one day, every two weeks, year-round for a minimum of 23 days in a 12-month period. While attending Day School, apprentices will be taught the curriculum set in place by the National Joint Apprenticeship and Training Committee (NJATC). This Curriculum consists of the following: AC THEORY, DC THEORY, JOB SAFETY, HISTORY OF THE IBEW AND NECA, BLUEPRINT READING, CONDUIT BENDING, SOLID STATE ELECTRONICS, DIGITAL ELECTRONICS, CATEGORY 6 WIRING, MOTOR CONTROLS, OPTICAL FIBER, FIRE ALARM AND SECURITY SYSTEMS, PLCs, TRANSFORMERS, NATIONAL ELECTRICAL CODE.

**Equipment Operator**

**Minimum/General Experience:** Must have a High School Diploma or equivalent GED and at least 1 year of related experience.

**Functional Responsibilities:** The Tractor Operator drives gasoline or diesel powered tractor or Skid Steer to: move materials, draw implements, tow trailers, pull out objects embedded in ground, or pull cable of winch to raise, lower, or load heavy material or equipment. The Tractor Operator fastens attachments such as graders, plows, rollers, mowers (over 2000 lbs.), backhoes, seeders, and disc harrows to tractor, adjusts equipment for proper operation, lubricates and makes minor repairs to tractor and attachments such as tightening bolts, and replacing washers, cotter pins, and screws.
Facility Manager

**Minimum/General Requirements:** Must have a Bachelor’s Degree, preferably in a related field, as well as 5 years of relatable experience.

**Functional Responsibilities:** Provides leadership, strategic direction, and management of overall facility program and supervision of on-site facility management staff. Provide high level interface for facility program. Directs and manages internal/external communications and all functional program activities to meet cost, schedule, and performance objectives. Establishes standards and procedures for all site-based activities. Facility project planning (including scope, estimating, and budgeting), design, and management; coordinate overall facility preventative building maintenance and repair programs; work order and preventative maintenance management system oversight; and total site facility management and oversight coordination. The Facility Manager shall be responsible for quality control and overall review of the program. Ensure deliverables meet program objectives and client expectations and provide guidance and direction to on-site team.

---

HVAC Mechanic's Helper / Facilities Assistant

**Minimum/General Experience:** High School Diploma or GED Equivalent and must be in a federally approved apprenticeship program.

**Functional Responsibilities:** Performs general maintenance and repair of equipment and buildings requiring practical skill and knowledge in such trades as painting, carpentry, plumbing, masonry, and electrical work. Work involves a variety of the following duties: replacing electrical receptacles, wires, switches, fixtures, and motors; using plaster or compound to patch minor holes and cracks in walls and ceilings; repairing or replacing sinks and toilets; painting structures and equipment; repairing or replacing concrete floors, steps, and sidewalks; replacing damaged paneling and floor tiles; hanging doors and installing door locks; replacing broken window panes; and performing general maintenance on equipment and machinery. Perform operation and maintenance service work on building systems such as mechanical, electrical/electronic, hydraulics, carpentry, painting, machine servicing, etc. Perform all work in accordance with established safety procedures. Perform other duties as required. Maintain computerized maintenance management system (CMMS), including opening and closing work orders, maintaining equipment status, managing work order back log, tracking supply inventory, and notifying supervisor of issues.

---

Irrigation Laborer

**Minimum/General Experience:** Must have a High School Diploma or GED equivalent. No experience necessary, will train.

**Functional Responsibilities:** Installs irrigation piping and takes direction from Irrigation Supervisor.
Irrigation Supervisor

**Minimum/General Experience:** Must have a High School diploma or GED equivalent and a minimum of 5 years experience in a related field.

**Functional Responsibilities:** Oversees installations of irrigation systems.

Irrigation Technician

**Minimum/General Experience:** Must have a High School Diploma or GED equivalent and a minimum of 5 years in a related field.

**Functional Responsibilities:** Maintains and repairs all irrigation systems including controls.

Journeyman Electrician

**Minimum/General Experience:** Must have a High School Diploma or GED equivalent and at least 5 years of experience.

**Functional Responsibilities:** Licensed accordingly to the local authority having jurisdiction. Performs electrical work on all Power 480V three phase and lower including distribution after the utility. Work also includes network cabling, systems cabling, fire alarm systems, security systems, intrusion detection, access control, video surveillance and the installation of HVAC/temperature controls.

Journeyman Electrician Foreman with a Vehicle

**Minimum/General Experience:** Must have a High School Diploma or GED equivalent and a minimum of 5 years experience.

**Functional Responsibilities:** Completed 5 years of approved Apprenticeship time. Performs electrical work on all Power 480V three phase and lower including distribution after the Utility. Supervising up to a combination of 50 Journeyman and Apprentices. Work also includes the installation of HVAC/temperature controls and the installation of electrical conduit for electrical, telecommunications and security disciplines. Is licensed by the state in which work is performed.

Journeyman Electrician Foreman with a Service Vehicle

**Minimum/General Experience:** Must have a High School Diploma or a GED equivalent and at least 5 years of experience.

**Functional Responsibilities:** Performs electrical work on all Power 480V three phase and lower including distribution after the utility. Position supervises up to a combination of 50 Journeyman and Apprentices. Work also includes the installation of HVAC/temperature controls and the installation of electrical conduit for electrical, telecommunications and security disciplines. Is licensed by the state in which work is performed.
HVAC/temperature controls and the installation of electrical conduit for electrical, telecommunications and security disciplines. Position carries the appropriate license for the authority having jurisdiction.

**Journeyman HVAC Service Mechanic with a Truck**

*(Foreman Capabilities)*

**Minimum/General Experience:** High School Diploma or GED equivalent and a minimum of 5 years experience.

**Functional Responsibilities:** Approved by the United Association of Plumbers and Steamfitters, Welders, and HVAC Mechanics and licensed in the working jurisdiction. The HVAC Service Mechanic will have a fully stocked vehicle and the ability to work on commercial HVAC and commercial refrigeration. Should have at least 6 years of experience and 5 of those years should have been in an approved apprenticeship program through the United Association of Plumbers and Steamfitters, Welders, and HVAC Mechanics.

**Landscape Account Manager**

**Minimum/General Requirements:** Must have a High School Diploma or GED equivalent and at least 5 years of experience.

**Functional Responsibilities:** Manages multiple landscape maintenance accounts and is the first line of contact for the customer. Submits payment requisitions to clients. Plans and maintains schedules for all accounts and works directly with the Landscape Supervisor(s) to plan and execute the work.

**Landscape Supervisor**

**Minimum/General Requirements:** Must have a High School Diploma or GED equivalent and at least 3 years of relatable experience.

**Functional Responsibilities:** Supervises Crews of Landscapers, plans work for crews, manages material logistics, plans and executes safety practices. Supervises 6 - 20 Landscapers.

**Landscape Laborer**

**Minimum/General Experience:** Must have a High School Diploma or GED equivalent, no experience necessary, will train.

**Functional Responsibilities:** Maintains grounds of industrial, commercial or public property such as buildings, camp and picnic grounds, parks, playgrounds, greenhouses, and athletic fields, and repairs structures and equipment, performing one or more of the following tasks: cuts grass, using walking-type or riding mowers (less
than 2000 lbs.); trims hedges and edges around walks, flower beds, and wells, using hedge trimmers, clippers and edging tools; prunes shrubs and trees to shape and improve growth, using shears and other hand tools; sprays lawn, shrubs, and trees with fertilizer or insecticide; plants grass, flowers, trees, and shrubs; waters lawn and shrubs during dry periods, using hose or activating sprinkler system; picks up and burns or carts away leaves, paper or other litter; removes snow from walks, driveways, roads, or parking lots, using shovel and snow blower; spreads salt on walkways and other areas; repairs and paints fences, gates, benches, tables, guardrails, and outbuildings; assists in repair of roads, walks, buildings, and mechanical equipment; may clean comfort stations, office and workshop areas, and parking lots by sweeping, washing, mopping and polishing.

Maintenance Superintendent

HVAC Mechanic

Minimum/General Experience: High School Diploma or GED Equivalent (completed apprenticeship of the United Association of Plumbers, Fitters, Welders, and HVAC Technicians OR certified Journeyman holding the appropriate licenses) as well as a minimum of 6 years of experience.

Functional Responsibilities: The Maintenance Superintendent will be the first line of client interface on issues related to facility maintenance and the repair program, as well as facility project implementation. Responsible for the safe and efficient operation and maintenance of boilers, chillers, pumps, cooling towers, heat generating equipment, and building automation control systems. Investigate and resolve complex problems related to cooling, heating, and building controls. Direct work of personnel assigned. Analyze results from testing and treatment of all process water and steam for boilers, chillers, cooling towers, and other mechanical and heat generating equipment. Consult with chemical supply technicians to correct deficiencies in water treatment.

Painter

Minimum/General Experience: Must have a High School Diploma or GED equivalent and at least 2 years of experience.

Functional Responsibilities: Mix, match, and apply paint, varnish, shellac, enamel, and other finishes. Scrape, sandpaper, prime, or seal surfaces prior to painting. Clean walls to ensure proper adherence. Cover surfaces with cloth or plastic to ensure protection. Calculate amounts of required materials and estimate costs. Fill cracks, holes, and joints with caulk, putty, plaster, or other fillers, using caulking guns or putty knives. Erect scaffolding, movable and immovable staging and various rigging to gain access to difficult areas; moves furniture and equipment as necessary.
Project Executive

**Minimum/General Experience:** Must have a Bachelor’s degree, preferably in a related field and at least 5 years of experience.

**Functional Responsibilities:** Project Executive's role is to provide executive decision making and has the authority to bind the company contractually.

---

Project Manager

**Minimum/General Experience:** Must have a Bachelor’s Degree, preferably in a related field, and at least 5 years of experience.

**Functional Responsibilities:** Project Manager is responsible for Management of the project as a whole. Creates project schedules using project scheduling software, OSHA certified, plans work with subordinates. Company point of contact to the client. Define the project’s objectives, create schedules and oversee quality control throughout the entire project. Must attain resources, manage the team and sub-contractors and/or consultants. In addition, identify, assess and minimize project risks until successful project completion.

---

Security Technician

**Minimum/General Experience:** Must have a High School Diploma or GED equivalent and at least 5 years of experience.

**Functional Responsibilities:** Low Voltage Technician specializing in the cabling infrastructure for alarm systems, security, access control, and video surveillance. Position works directly under an electrical foreman. Does not perform any system programming.

---

Security Technician Foreman with a Service Vehicle

**Minimum/General Experience:** Must have a High School Diploma or GED equivalent and at least 5 years of experience.

**Functional Responsibilities:** Low Voltage Technician specializing in the cabling infrastructure for alarm systems, security, access control, and video surveillance.

---

Security Technician Level II Foreman with a Service Vehicle

**Minimum/General Experience:** Must have a High School Diploma or GED equivalent and at least 5 years of experience.

**Functional Responsibilities:** Low Voltage Technician specializing in the cabling infrastructure for alarm systems, security, access control, and video surveillance. Capable of performing system programming.
Spray Technician

**Minimum/General Experience:** Must have a High School Diploma or GED equivalent and at least 1 year of experience.

**Functional Responsibilities:** Overall responsibility for maintaining herbicide, pesticide, and fertilization management. Related duties include ensuring a safe work environment for all personnel assigned to chemical use, and strict adherence to all federal, state and local laws and regulations.

---

Telecommunications Technician
Foreman with Service Vehicle

**Minimum/General Experience:** Must have a High School Diploma or GED equivalent and at least 5 years of experience.

**Functional Responsibilities:** Work performed: Includes low voltage construction, installation, maintenance and removal of teledata facilities (voice, data and video) including outside plant, telephone and data inside wire, interconnect, terminal equipment, central offices, PABX, fiber optic cable and equipment, railroad communications, micro waves, VSAT, bypass, CATV, WAN (Wide area networks), LAN (Local area networks) and ISDN (Integrated systems digital network). Position supervises crew. WORK EXCLUDED: The installation of computer systems in industrial applications such as assembly lines, robotics and computer controller manufacturing systems. The installation of conduit and/or raceways shall be installed by Inside Wiremen. On sites where there is no Inside Wireman employed, the Teledata Technician may install raceway or conduit not greater than 10 feet. Fire alarm work is excluded on all new construction sites or wherever the fire alarm system is installed in conduit. All HVAC control work and work on voltages greater than 24 Volts AC/DC.

---

Telecommunications Technician

**Minimum/General Experience:** Must have a High School Diploma or GED equivalent and at least 3 years of experience.

**Functional Responsibilities:** Work performed: Includes low voltage construction, installation, maintenance and removal of tele data facilities (voice, data and video) including outside plant, telephone and data inside wire, interconnect, terminal equipment, central offices, PABX, fiber optic cable and equipment, railroad communications, micro waves, VSAT, bypass, CATV, WAN (Wide area networks), LAN (Local area networks) and ISDN (Integrated systems digital network). WORK EXCLUDED: The installation of computer systems in industrial applications such as assembly lines, robotics and computer controller manufacturing systems. The installation of conduit and/or raceways shall be installed by Inside Wiremen (Electricians). On sites where there is no Inside Wireman employed, the tele data technician may install raceway or conduit not greater than 10 feet. Fire alarm work is excluded on all new construction sites or wherever the fire alarm system is installed in conduit. All HVAC control work. Work on voltages greater than 24 Volts AC/DC.
Telecommunications

Technician Apprentice

Minimum/General Experience: Must have a High School Diploma or GED Equivalent (must be in a federally approved apprenticeship program), as well as a minimum of 1 year of experience.

Functional Responsibilities:
Enrolled in a 3-year training program with standards approved in the State of Maryland, Commonwealth of Virginia and the District of Columbia. The program requires that each apprentice receive 4,800 hours of on the job training with the supervision of qualified Installer/Technicians. The Washington D.C. Joint Apprenticeship and Training Committee places apprentices with contractors who are performing telecommunication work in the jurisdiction of Local 26. While in the apprenticeship program apprentices are required to attend 480 hours of classroom related instruction. During the first two years of apprenticeship, an apprentice will attend school one day, every two weeks, year round for a minimum of 23 days in a 12-month period. While attending Day School, apprentices will be taught the curriculum which is set in place by the National Joint Apprenticeship and Training Committee (NJATC).

Truck Driver

Minimum/General Requirements: Must have a High School Diploma or GED equivalent. Must have a CDL license and at least 1 year of experience.

Functional Responsibilities: The truck driver’s responsibilities involve delivery and pick-up of all landscaping materials, reporting, operations, service, safety and maintenance, and other duties as assigned by management.

SUBSTITUTIONS
Wycliffe Enterprises, Inc. reserves the right to make the following substitutions in the education and/or experience requirements of any of the service skill categories set forth herein.

- One year of experience is the equivalent of one year of education.
