Note to Ordering Agencies:

ASCO saves you the worry of fueling equipment rentals before its first use...that's why ASCO provides all our equipment rentals with a "Full Tank" and is ready for use.

When returning the equipment ASCO provide two of the following options:

Money-Saver Option: The ordering agency can refill the tank to the "Full" level and no additional coverage will be assessed to the final invoice. This option saves you money!

Time-Saver Option: ASCO understands that you may have a need until the final drop of fuel is used up so if the equipment is returned to an ASCO location with less than a "Full" tank of fuel, ASCO will refuel the rental and a "Re-filling Surcharge" will be assessed on the final invoice. This option saves you time!
