Contracts Manager: Josh Long / Michael McMurtry

Business Size: Small

Online access to contract ordering information, terms and conditions, up-to-date pricing and the option to create an electronic delivery order are available through GSA Advantage!, a menu-driven database system.

The address for GSA Advantage! is: <http://www.gsaadvantage.gov>.

Customer Information

1a. Awarded SINS

SIN 871-100 Ancillary Supplies and/or Services
SIN 871-206 Building Commissioning Services
SIN 871-207 Energy Audit Services

1b. Lowest priced item:

Administration - \$75.00 per hour

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided: Provided under Labor Categories below.

2. Maximum order: There is no maximum task order size for the contract. A maximum threshold value of \$1,000,000 for each task order was established for the contract as a price point where the contractor may decline an order within five working days.

3. Minimum order: \$100.00

4. Geographic coverage (delivery area): This contract was established to be used as sources for Professional engineering services as described in the statement of work for domestic use.

5. Point(s) of production (city, county, and state or foreign country): Determined by individual task order.

6. Discount from list prices or statement of net price: Prices shown herein are net (discount deducted).

7. Quantity discounts: An additional discount of 1% (on top of the already offered 2%) on contracts in excess of \$100,000.

8. Prompt payment terms: Net 30 days.

9a. Notification that government purchase cards are accepted below the micro-purchase threshold: Government purchase cards are accepted below the micro purchase threshold (as defined by FAR 2.101).

9b. Notification that government purchase cards are accepted or not accepted above the micropurchase threshold: Accepted

10. Foreign items: N/A

11a. Time of delivery: Determined by individual task order.

11b. Expedited delivery: As negotiated and then specified in individual task orders.

11c. Overnight and 2-day delivery: As negotiated and then specified in individual task orders.

11d. Urgent requirements: On an ad hoc basis, best efforts based upon negotiations.

12. FOB point(s): Destination

13a. Ordering address:

E4E Solutions
990 Hammond Drive
Suite 1010
Atlanta, GA 30328

13b. Ordering procedures: Ordering activities shall use the ordering procedures of FAR 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all Schedules.

14. Payment address (es): E4E Solutions encourages all customers to remit funds electronically. For electronic remittances to E4E Solutions please contact our offices at 678-334-2490.

For Remittances by Check

E4E Solutions maintains a secure system for collecting all receipts from any customer made to the company by check. Please direct customer remittances by check to the address that follows:

E4E Solutions, LLC
Attn: Accounting Department
990 Hammond Drive
Suite 1010
Atlanta, GA 30328

Reference information for all payments, by either electronic funds transfer or checks, must indicate the name of the customer making the payment, the contract number and the invoice number.

15. Warranty provision: Contractor's standard commercial warranty.

16. Export packing charges, if applicable: Determined by individual task order.

17. Terms and conditions of government purchase card acceptance (any thresholds above the micro-purchase level): None

18. Terms and conditions of rental, maintenance, and repair (if applicable): Determined by individual task order.

19. Terms and conditions of installation (if applicable): Determined by individual task order.

20. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable): N/A

20a. Terms and conditions for any other services (if applicable): Determined by individual task order.

21. List of service and distribution points (if applicable): Determined by individual task order.

22. List of participating dealers (if applicable): N/A

23. Preventive maintenance (if applicable): N/A

24a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants): N/A

24b. Section 508 compliance information: N/A

25. Data Universal Number System (DUNS) number: 809133056

26. Notification regarding registration in Central Contractor Registration (CCR) database: E4E is registered in the Central Contractor Registration database.

A. Company Overview

E4E Solutions, LLC (E4E) was founded in 2007 and is an industry-leading professional services firm providing to its government and commercial customers both quality and timely services and products at an affordable price. E4E provides quality program management, business management, analysis services, scientific solutions, and professional services that integrate the technical, operational, programmatic, and policy aspects for the Federal Government and a diverse range of commercial clientele.

We are the leaders in life cycle facility management and facility modernization. We reduce costs and improve performance for our customers through technical enhancement, process improvement, quality assurance, and collaboration. E4E delivers innovative, on-target solutions that support our clients' vital missions, goals, and objectives. Among our proven capabilities are systems design, development, and integration, engineering, application support, professional services, and technical consulting.

E4E Solutions continues to expand its employee base and its capabilities to match changes in industry and in the world. The core values of hiring and building relationships with good people to do great things is the fundamental principle of E4E.

B. Contract Overview

Under the General Services Administration federal supply schedule contract for professional engineering services, E4E's diverse and in-depth engineering and technical expertise is available to all federal government and other authorized agencies using a streamlined ordering process.

The professional engineering services contract is an indefinite delivery indefinite quantity multiple award schedule contract that provides for task orders to be placed as firm fixed-price or time and material task orders using the labor categories and ceiling rates defined in the contract (see Labor Rates). Order type is at the discretion of the ordering agency. There is no dollar value ceiling for this contract. To learn more about E4E's professional engineering services contract, please visit <http://www.e4esolutions.com>

Under the federal supply schedule program, GSA enters into contracts with commercial firms to provide supplies and services at stated prices for given periods of time. Orders are placed directly with the schedule contractor, and deliveries are made directly to the customer. The federal supply schedule program provides customers with literally millions of state-of-the-art, high-quality commercial products and services at volume discount pricing on a direct delivery basis.

The federal supply schedule program also offers the benefits of shorter lead times, lower administrative costs and reduced inventories. Multiple award schedule contracts are awarded to contractors supplying comparable commercial supplies and services at government negotiated, preapproved prices. They provide federal government agencies with the variety and the flexibility necessary to select the best value professional services to meet their requirements.

Advantages of using the GSA professional engineering services schedule contract include:

Five year contract ordering period through July 15, 2018 indefinite delivery/indefinite quantity contract with no ceiling and no maximum order limitations

- Available to all federal agencies and authorized organizations
- No synopsis (FedBizOpps) is required — all competitive requirements have been met
- Direct customer and contractor relationship — no transfer of funds to GSA required
- Reduced lead times — procurement cost savings
- Labor categories and rates for fixed price and time and materials task orders
- Provides for teaming and subcontracts
- Blanket purchase agreements (BPA) may be established
- Available to State & Local entities for Disaster Recovery Purchasing

C. Contract Use

In accordance with the Federal Acquisition Streamlining Act of 1994 and the Federal Acquisition Reform Act of 1996, GSA's streamlined ordering procedures have reduced the government procurement process to a few simple steps. While the federal supply schedule program already has determined these rates to be fair and reasonable, ordering offices must determine that the total price is reasonable for the specific tasks required by the agency. Based on quotes requested from three contractors that appear to offer the best value (considering scope of services offered, hourly rates, contractor's locations and other factors, as appropriate), the ordering agency selects the one that best meets its needs.

This contract is available to all federal government agencies as a source of engineering services for domestic and overseas use. Executive agencies, other federal agencies, mixed-ownership government corporations and the District of Columbia; government contractors authorized in writing by a federal agency pursuant to 48 CFR 51.1; and other activities and organizations authorized by statute or regulation to use GSA as a source of supply may use this contract. Additionally, contractors are encouraged to accept orders received from activities within the executive branch of the federal government. GSA Order ADM 4800.2F provides a complete list of authorized schedule users.

The total price for services is established at the time the task order is placed and is based on the prices offered in the E4E Professional Engineering Services Price List. The resultant task order details the estimated number of hours, the labor categories to be provided and any related items. If the ordering

agency's contracting officer chooses to purchase services on a labor hour (time and materials) basis, the resultant task order will specify the not-to-exceed price, the labor categories proposed (with the hourly rates for each) and any applicable travel and other direct costs.

D. Engineering Services Available from E4E Solutions

E4E is listed on the **03FAC– Facilities Maintenance and Management Schedule**, as follows:

SIN 871-100 Ancillary Supplies and/or Services

SIN 871-206 Building Commissioning Services

SIN 871-207 Energy Audit Services

Under this contract, E4E provides engineering services for civil, electrical, and mechanical engineering and all related sub-disciplines under each of the contract SINs. Examples of engineering services available from E4E under this contract include, but not limited to:

Consulting:

Strategy

Preliminary Facility Assessment

Investment Grade Project Development

Project Implementation Consulting

Rebate Management

Measurement and Verification

LEED:

Certification Process Consulting

Approval Process Management

Procedure Consulting

Audits:

Energy and Water Audits

Standard Program Design Audits

Energy Star Audits

Design Engineering:

Professional Engineering

MEP Design

Construction Services:

Project Management

Turn Key Installation

E. Additional Services Available

Tasks under this schedule may require additional services to support the primary engineering requirements. Task orders issued under professional engineering services may include other services, such as: logistics, information technology (systems integration, network services, information technology hardware, software or software development, database planning, etc.), environmental,

business improvement and management, financial, and marketing and media services, provided that these services are integral and incidental to the central role of the engineering services offered.

When an agency requires additional services other than as integral or incidental to the engineering requirements, other GSA schedules awarded to E4E may be combined on a single task order or blanket purchase agreement to provide a total solution to the customer's requirements.

F. Blanket Purchase Agreements (BPAs)

Blanket Purchase Agreements (BPAs) for recurring services are permitted under this contract and provide the opportunity to secure volume discounts. When establishing BPAs, ordering offices should inform contractors in the request for quotes (based on the agency's requirement) if a single BPA or multiple BPAs will be established, and indicate the basis that will be used for selecting the contractors to be awarded the BPA(s). Please contact the E4E PES Contracting Officer at (703) 717-9598 or visit our web site at <http://www.e4esolutions.com> for assistance and additional information on establishing a BPA for engineering services.

G. Labor Rates

E4E offers services under the SINs specified earlier using the labor ceiling rates specified in the following table. Note: Discounted rates may be offered on individual task orders. All rates shown are USD per hour.

Labor Category	Hourly Rate 2013
Principal	\$ 200.00
Sr. Engineer (PE)	\$ 175.00
Engineer	\$ 150.00
Jr. Engineer / Drafter	\$ 125.00
Contract Admin	\$ 75.00

Escalation

E4E maintains commercial market pricing and economic price adjustments under this contract are tied to publically available market indicators.

H. Labor Categories

E4E offers a variety of labor categories when responding to engineering requirements and locations worldwide for engineering services under these SINs. Each labor category is provided with a set of qualifications that consider both education and years of experience. The wide range of labor categories enable E4E to assemble a team with the right expertise and experience to meet your unique task requirements.

Position Descriptions			
Title/Role (GSA)	Labor Category Definitions	Min Education	Min Experience
Principal	May be responsible for technical excellence of project deliverables, development of staff, and project delivery programs. Provides technical guidance and oversight to projects.	BS or MS Degree	Min 10 years
Sr. Engineer	Provides technical expertise related to complex or unique assignments. Is assigned as the project manager on certain projects. Independently applies advanced procedures and technique to complex assignments, Provides technical guidance. Serves as a technical mentor to lower level professionals and technical staff.	BS or MS Degree	Min 10 years
Engineer	Evaluates, selects and applies standard engineering procedures and techniques. May assist with large more complex tasks and assignments. Performs routine aspects of assignments requiring knowledge and application of basic techniques and procedures. Expert in providing or directing others to provide CAD file translation support and production for more complex projects.	BS or MS Degree	Min of 4 years.
Jr. Engineer/Drafter	Performs routine aspects of assignments requiring knowledge and application of basic techniques and procedures. Competency with basic CAD operations. Uses standard CAD drawing management and plotting software.	BS degree	0-2 years.

Contract Administration	Performs routine contracting assignments requiring knowledge and application of basic contracting techniques and procedures. Performs a variety of administrative, accounting or technical activities in support of the project.	High School	Min 0-2 years experience
-------------------------	--	-------------	--------------------------

Service Contract Act (SCA) Applicability

SCA is applicable to this contract as it applies to the entire Professional Engineering Services (PES) and all services provided. While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If and / or when the contractor adds SCA labor categories / employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.

I. 871-100 Ancillary Repairs & Alterations Pricing

The following pricing is represented as the final RFP pricing won through an RFP with AAFES. **This pricing includes all aspect of implementation, i.e. travel & expense, mobilization, demobilization; project management and project close out.**

Description	UOM	GSA Unit Price	Category 1
2X4 3 Lamp T8 Troffer Conversion Kit_x000D_ Enhanced Aluminum Reflector - Top Mount Brackets - Shunted For Instant Start, T8, Med Sockets_x000D_ No Ballast	E	\$27.05	Lighting - Retrofit Kit
2X4 2 Lamp T8 Troffer Conv Kit_x000D_ for PS, For parabolic reflector, No Lamps or Ballasts Enhanced Aluminum Reflector - Top Mount Brackets - Non-Shunted For Rapid Start, T8, Med Sockets_x000D_ No Ballast	E	\$25.88	Lighting - Retrofit Kit
2X4 3 Lamp T8 Troffer Conversion Kit_x000D_ Enhanced Aluminum Reflector - Top Mount Brackets - Non-Shunted For Rapid Start, T8, Med Sockets_x000D_ No Ballast	E	\$27.05	Lighting - Retrofit Kit
2X4, 2 Lamp T8 Troffer Conv Ki, For prismatic lens, No Lamps or Ballast_x000D_Shunted for IS Ballast	E	\$17.85	Lighting - Retrofit Kit
2X4, 2 Lamp T8 Troffer Conv Ki, For prismatic lens, No Lamps or Ballast_x000D_Non-shunted for RS Ballast	E	\$17.85	Lighting - Retrofit Kit
MOGUL TO MED SOCKET ADAPTOR	E	\$4.86	Lighting - Retrofit Kit
4' Ballast Cover Only, No Sockets, No Ballast, No Brackets, No Tek Screws, No Qtr turns	E	\$9.38	Lighting - Retrofit Kit
Single Instant Start Socket	E	\$0.47	Lighting - Retrofit Kit
Single Program Start Socket	E	\$0.47	Lighting - Retrofit Kit
2X2 2L T8 Troffer U-lamp Conv Kit, for RS - Enhanced Aluminum Reflector - Top Mount Brackets - Non- shunted for Rapid Start - No Ballast	E	\$16.67	Lighting - Retrofit Kit

Description	UOM	GSA Unit Price	Category 1
2X2 2L T8 Troffer U-lamp Conv Kit, for IS - Enhanced Aluminum Reflector - Top Mount Brackets - Shunted for Instant Start - No Ballast	E	\$16.67	Lighting - Retrofit Kit
Jack Chain, 12 Gauge, Steel - Zinc Plated, 100 Ft, Reel, Order by Number of Reels Desired	E	\$40.65	Lighting - Misc
S-Hook, Steel - Zinc Plated, 1-1/2 In, 100 per Jar, Order by Number of Jars Desired	E	\$12.74	Lighting - Misc
15' Cord, No Plug (Priced Per Cord)	E	\$14.31	Lighting - Misc
15' Cord, W/ In-Line Quick Connect (Priced Per Cord)	E	\$ 32.01	Lighting - Misc
6' Cord, No Plug (Priced Per Cord)	E	\$8.12	Lighting - Misc
Dual Tech Ceiling Sensor	E	\$153.24	Lighting - Controls
Dual Tech Ceiling Sensor Low Temp	E	\$159.38	Lighting - Controls
Power Pack	E	\$59.49	Lighting - Controls
Power Pack Low Temp	E	\$59.64	Lighting - Controls
Wall Mount Occupancy Sensor, White, Passive Dual Technology	E	\$ 84.38	Lighting - Controls
Digital TStat, 2H, 2C, 5-1-1, 5-2 Prog	E	\$180.38	HVAC Controls - Thermostat
BACnet multistage economizer programmable, 2H/2C/mixed-air thermostat with fan and system switching	E	\$891.90	Controls
BACnet heat pump thermostat, Single and Multistage, Programmable and Non-programmable, (BACnet, LON, N2)	E	\$790.00	Controls
Controls Graphics Integration	E	\$450.00	Controls
Rebate Admin	E	\$1,500.00	Fee
Programmable Thermostats Install	E	\$112.00	HVAC Controls - Installation
Wall Mount Occ Sensors Install	E	\$41.80	Lighting - Controls
Ceiling Mount Occ Sensors Install	E	\$83.61	Lighting - Controls

Description	UOM	GSA Unit Price	Category 1
Dual Tech Power Packs Install	E	\$41.80	Lighting - Controls
Cooler Aisle Occupancy Kit Install	E	\$158.57	Lighting - Controls
Photocell Install	E	\$34.20	Lighting - Controls
Tie Bathroom Exh. Fan to Occ; Install Cover Plate	E	\$41.80	Lighting - Controls
Re-lamping Labor (Lamps Only, No Ballasts)	E	\$12.54	Lighting - Installation
T8 (4 to 3/2) lamp retrofit kits Install	E	\$55.19	Lighting - Installation
Cooler LED Bar & Power Supply Install	E	\$189.10	Lighting - Installation
Jelly Jar LEDs Install	E	\$12.54	Lighting - Installation
Replacement Ballasts & Bulbs (Interior) Install	E	\$41.80	Lighting - Installation
Install Replacement Emergency Ballast	E	\$ 41.80	Lighting - Installation
Install 2x2 T8 retrofit kit	E	\$ 55.19	Lighting - Installation
LED Exit Signs Install	E	\$41.80	Lighting - Installation
2 Speed Relay Install	E	\$242.04	Motors - Installation
ECM Motor Install	E	\$201.41	Motors - Installation
Exterior Fixtures (lift)	E	\$277.23	Outdoor Lighting - Installation
Bypass Can Ballast; Install Screw-In LED	E	\$195.43	Outdoor Lighting - Installation
Replacement Ballasts & Bulbs (Exterior) Install	E	\$48.85	Outdoor Lighting - Installation
Cooler Anti-Sweat Controller Install (MT)	E	\$199.98	Refrigeration - Installation
