IV. Summary

The pharmacies and technicians employed by ADLI Business & Professional Solutions, Inc. are highly skilled, experienced and qualified. Your project will be staffed with no less than three credentialed staff members working directly on your project with access to additional staff if necessary. We pool a broad-range of experience with specialized knowledge of the emergency prescription care services industry. With combined experience in the industry exceeding **twenty-five years**, our team is equipped to make real time decisions as they serve the needs of your beneficiaries.

ADLI Business & Professional Solutions, Inc., d/b/a Key Health Care, provides comprehensive pharmaceutical management, including cost savings information through our formulary management program which is designed to improve your outcomes, while maximizing your savings. Established in **1994**, we are the only Woman-Owned Small Business on the GSA

FABS Schedule for prescription claims processing. We offer federal agencies a nationwide network of pharmacies, significant discounts off of brand and generic drug costs and low fees.

ADLI Business & Professional Solutions, Inc. has a long history of providing emergency and first fill prescription services to the Department of Veterans Affairs. For the past fifteen years, we have served many VA Medical Centers including those located in North Carolina, Virginia, South Carolina, Arizona, North Dakota and New Hampshire to name a few. However, on December 22, 2006 then President Bush signed Public Law (PL) 109-461, the Veterans Benefits, Health Care and Information Technology Act of 2006. The signing of this Public Law ushered in legislation that authorized a unique **Veterans First** approach to VA contracting. While we applaud the efforts of our President to consider veterans first, this legislation has limited this organizations participation within the competitive bidding process; causing a significant loss in market share. Nonetheless, despite this setback, we continue to serve proudly and humbly. Our dedication has not gone unrecognized, and in 2013 we were honored to be awarded the status of an **Affordable Health Care** Certified Application Counseling Center by the CMS. We look forward to serving your healthcare needs.
