## **CONTRACT OVERVIEW**

GSA awarded IQ Solutions a GSA Federal Supply Schedule contract for Advertising & Integrated Marketing Solutions (AIMS), Contract No. GS-23F-0180S. The current contract period is 05/11/2006 – 05/10/2011. GSA may exercise a total of up to three additional 5 year option periods. The contract allows for the placement of Firm Fixed Price or Time and Materials task orders using the labor categories and ceiling rates defined in the contract.

## **CONTRACT USE**

This contract is available for use by all federal government agencies, as a source for Advertising & Integrated Marketing Solutions, for worldwide use. Executive agencies, other Federal agencies, mixed –ownership Government corporations, and the District of Columbia; government contractors authorized in writing by a Federal agency pursuant to 48 CFR 51.1; and other activities and organizations authorized by statute or regulation to use GSA as a source of supply may use this contract. Additionally, contractors are encouraged to accept orders received from activities within the Executive Branch of the Federal Government.

A full description of each SIN definition and examples of the types of work covered by the SIN are provided below.

## **SPECIAL ITEM NUMBER (SIN) DESCRIPTIONS**

### **541-1 / 541-1RC: Advertising Services**

Services provided under this SIN will promote public awareness of an agency's mission and initiatives and dissemination of information to consumer and advocacy groups. Advertising Media such as: Direct Mail, Media Planning/Placement, Public Education, Outdoor Marketing and Media, Broadcast Media to include TV and Radio and Public Service Announcements may be used in providing services relating to this SIN.

### **541-2 / 541-2RC: Public Relations Services**

Services include providing customized media and public relations services, preparation of media materials, including background materials, press releases, speeches and presentations, and press kits; and executing media programs such as press conferences, distribution of press materials, and scheduling broadcast and print interviews.

### **541-4A / 541-4ARC: Market Research and Analysis**

Services include the development of customized strategic marketing plans, developing branding initiatives, target market identification, and conducting focus groups.

### **541-4B / 541-4BRC: Video/Film Production**

These services will inform the public and Government agencies about the latest products, services, and/or issues. Filming in studios on locations, live shows, as well as writing, directing, editing, and shooting.

### **541-4C / 541-4CRC: Exhibit Design and Implementation Services**

These services include arrangements for exhibits in various venues, and conceptualizing, designing, and producing exhibits and their accompanying materials.

### **541-5 / 541-5RC: Integrated Marketing Services**

Services under this SIN provide comprehensive solutions using strategically targeted marketing tactics that include full service execution of media planning and creative multimedia campaigns. These comprehensive solutions encompass services within: 541-1 Advertising, 541-2 Public Relations, 541-3 Web Based Marketing, and 541-4 Specialized Marketing. SIN 541-5 may not be used to fulfill individual requirements that are covered separately by other SINs in this Schedule. SIN 541-5 may only be used to fulfill comprehensive agency requirements that span multiple service offerings from the Schedule.

### **541-1000 / 541-1000RC: Other Direct Costs**

Expenses other than labor hours that are necessary to complete a project.

## **INSTRUCTIONS FOR PLACING ORDERS FOR SERVICES BASED ON GSA SCHEDULE HOURLY RATES**

GSA provides a streamlined, efficient process for ordering the services you need. GSA has already determined that IQ Solutions meets the technical requirements and that our prices offered are fair and reasonable. Agencies may use written orders; facsimile orders, credit card orders, blanket purchase agreement orders or individual purchase orders under this contract.

If it is determined that your agency needs an outside source to provide AIMS services, follow these simple steps:

### **Step 1. Develop a Statement of Work (SOW)**

In the SOW, include the following information:

- Work to be performed,
- Location of work,
- Period of performance;
- Deliverable schedule, and
- Special standards and any special requirements, where applicable.

### **Step 2. Select Contractor and Place Order**

- If the order is at or below the micro-purchase threshold, select the contractor best suited for your needs and place the order.
- If the order is exceeding but less than the maximum order threshold (MOT), prepare an RFQ;
- If the order is in excess of the MOT, prepare an RFQ. Consider expansion of competition and seek price reductions.

### **Step 3. Prepare a Request for Quote (RFQ)**

- Include the SOW and evaluation criteria;
- Request fixed price, ceiling price, or, if not possible, labor hour or time and materials order;
- If preferred, request a performance plan from contractors and information on past experience; and include information on the basis for selection.
- May be posted on GSA's electronic RFQ system, e-Buy

### **Step 4. Provide RFQ to at least Three Firms**

### **Step 5. Evaluate Offers, Select Best Value Firm, and Place Order**

## REQUIREMENTS EXCEEDING THE MAXIMUM ORDER

In accordance with FAR 8.404, before placing an order that exceeds the maximum order threshold, ordering offices shall:

- Review additional schedule contractors' catalogs/price lists or use the "GSA Advantage!" on-line shopping service;
- Based upon the initial evaluation, generally seek price reductions from the schedule contractor(s) appearing to provide the best value (considering price and other factors); and
- After price reductions have been sought, place the order with the schedule contractor that provides the best value and results in the lowest overall cost alternative (see FAR 8.404(a)). If further price reductions are not offered, an order may still be placed, if the ordering office determines that it is appropriate.

Vendors may:

Offer a new lower price for this requirement (the Price Reduction clause is not applicable to orders placed over the maximum order in FAR 52.216-19 Order Limitations.)

- Offer the lowest price available under the contract; or
- Decline the order (orders must be returned in accordance with FAR 52.216-19).

A task order that exceeds the maximum order may be placed with the Contractor selected in accordance with FAR 8.404. The order will be placed under the contract.

Sales for orders that exceed the Maximum Order shall be reported in accordance with GSAR 552.238-74.

## BLANKET PURCHASE AGREEMENT

Ordering activities may establish BPAs under any schedule contract to fill repetitive needs for supplies or services. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPAs and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). In determining how many BPAs to establish, consider:

- The scope and complexity of the requirement(s);
- The need to periodically compare multiple technical approaches or prices;
- The administrative costs of BPAs; and
- The technical qualifications of the schedule contractor(s).

Establishment of a single BPA, or multiple BPAs, shall be made using the same procedures outlined in 8.405-1 or 8.405-2. BPAs shall address the frequency of ordering, invoicing, discounts, requirements (*e.g.* estimated quantities, work to be performed), delivery locations, and time.

When establishing multiple BPAs, the ordering activity shall specify the procedures for placing orders under the BPAs.

Establishment of a multi-agency BPA against a Federal Supply Schedule contract is permitted if the multi-agency BPA identifies the participating agencies and their estimated requirements at the time the BPA is established.

Ordering from BPAs:

Single BPA. If the ordering activity establishes one BPA, authorized users may place the order directly under the established BPA when the need for the supply or service arises.

Multiple BPAs. If the ordering activity establishes multiple BPAs, before placing an order exceeding the micro-purchase threshold, the ordering activity shall:

- Forward the requirement, or statement of work and the evaluation criteria, to an appropriate number of BPA holders, as established in the BPA ordering procedures; and
- Evaluate the responses received, make a best value determination (see 8.404(d)), and place the order with the BPA holder that represents the best value.

BPAs for hourly rate services. If the BPA is for hourly rate services, the ordering activity shall develop a statement of work for requirements covered by the BPA. All orders under the BPA shall specify a price for the performance of the tasks identified in the statement of work.

Duration of BPAs. BPAs generally should not exceed five years in length, but may do so to meet program requirements. Contractors may be awarded BPAs that extend beyond the current term of their GSA Schedule contract, so long as there are option periods in their GSA Schedule contract that, if exercised, will cover the BPA's period of performance.

Review of BPAs:

The ordering activity that established the BPA shall review it at least once a year to determine whether:

- The schedule contract, upon which the BPA was established, is still in effect;
- The BPA still represents the best value (see 8.404(d)); and
- Estimated quantities/amounts have been exceeded and additional price reductions can be obtained.

The ordering activity shall document the results of its review.

## LABOR CATEGORY DESCRIPTIONS

### Experience Substitutions:

H.S. Diploma + 4 years additional experience	Equals	Bachelors Degrees
Bachelors Degree + 2 years additional experience	Equals	Masters Degree
Masters Degree + 3 years additional experience	Equals	Ph.D.
