Federal Supply Service

Authorized Federal Supply Schedule Price List

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order are available through GSA *Advantage!*TM, a menu-driven database system. The INTERNET address for *GSAAdvantage!*TM is: <http://www.gsaadvantage.gov/>.

WORLDWIDE FEDERAL SUPPLY SCHEDULE PRICELIST

FOR

PROFESSIONAL ENGINEERING SERVICES

Federal Supply Class Schedule: **871**

Contract Number: **GS-23F-0207S**

For more information on ordering from Federal Supply Schedules click on the FSS Schedules button at <http://www.fss.gsa.gov>.

Period Covered by Contract: **June 23, 2006 – December 31, 2011**

Contractor Name: **ACME Worldwide Enterprises, Inc.
1710 Randolph Court SE
Albuquerque, NM 87106
Contact: Mr. Chris Gordon
Phone: (505) 243-0400
Fax: (505) 243-0500
www.acme-worldwide.com**

Business Size: **NAICS: 541330/ SIC 8711: Small Business**

Price List current through Modification FX06, effective June 30, 2006. Listed pricing includes the new .75% Industrial Funding Fee.

**CUSTOMER INFORMATION FOR ORDERING OFFICES
APPLICABLE TO ALL SPECIAL ITEM NUMBERS**

1a. Awarded Special Item Numbers

SIN & SIN TITLE

SIN 871-3 SYSTEM DESIGN, ENGINEERING AND INTEGRATION

Professional Engineering: Disciplines (PEDs): Electrical Engineering, Mechanical Engineering

SIN 871-5 INTEGRATED LOGISTICS SUPPORT

Professional Engineering: Disciplines (PEDs): Electrical Engineering, Mechanical Engineering

Item Descriptions:

871-3 SYSTEM DESIGN, ENGINEERING AND INTEGRATION Services required under this SIN involve the translation of a system (or subsystem, program, project, activity) concept into a preliminary and detailed design (engineering plans and specifications), performing risk identification/analysis/mitigation, traceability, and then integrating the various components to produce a working prototype or model of the system. Typical associated tasks include, but are not limited to computer-aided design, design studies and analysis, high level detailed specification preparation, configuration management and document control, fabrication, assembly and simulation, modeling, training, privatization and outsourcing. Example: The navigation satellite concept produced in the preceding stage will be converted to a detailed engineering design package, performance will be computer simulated and a working model will be built for testing and design verification. Inappropriate use of this SIN is providing professional engineering services not specifically related to concept development and requirements analysis and its associated disciplines.

871-5 INTEGRATED LOGISTICS SUPPORT Services required under this SIN involves the analysis, planning and detailed design of all engineering specific logistics support including material goods, personnel, and operational maintenance and repair of systems throughout their life cycles. Associated tasks include, but are not limited to ergonomic/human performance analysis, feasibility analysis, logistics planning, requirements determination, policy standards/procedures development, long-term reliability and maintainability, training, privatization and outsourcing. Example: The full range of life cycle logistics support for the navigation satellite will be identified and designed in this stage including training, operation and maintenance requirements, and replacement procedures. Inappropriate use of this SIN is providing professional engineering services not specifically related to integrated logistics support and its associated disciplines.

Travel

All travel incurred by ACME in the performance of Task Orders under this Schedule will be handled in accordance with Federal Travel Regulations. Travel Expenses shall be billed at actual cost plus a 17% fee for administration and handling.

Other Services and Supplies

ACME did not propose any Other Direct Costs or Incidental Items to GSA under this Schedule. Therefore, any Other Direct Costs and/or Incidental Items that are to be made a *material* part of any Task Orders must be added and approved through the GSA Schedule Contract modification process.

1b. Lowest Unit Prices and Geographic Pricing: See 1 c. for hourly rates. There are no geographic price differences or domestic or overseas delivery. All prices reflect work accomplished either at the ACME facility (in-house) or at another location (out-of house). No geographic or other discounts are offered for work accomplished off-site.

1c. Labor Category Titles and Hourly rates for all SINs

**GSA Rates
(Effective 6-30-06 Through 6-30-07)**

Professional Labor Category	At ACME Facility Hourly Rates	Off Site Hourly Rates
Project Manager	\$114.01	\$109.82
Project Engineer	\$94.62	\$91.14
Senior Mechanical Engineer	\$102.52	\$98.75
Junior Mechanical Engineer	\$63.27	\$60.94
Senior Electrical Engineer	\$92.37	\$88.98
Junior Electrical Engineer	\$63.27	\$60.94
Senior Technical Writer	\$84.36	\$81.26
Junior Technical Writer	\$68.25	\$65.74
Senior Engineering Technician	\$72.71	\$70.04
Junior Engineering Technician	\$49.21	\$47.40
Electrical Engineering Drafter	\$52.89	\$50.94
Mechanical Engineering Drafter	\$63.27	\$60.94

Mechanical Engineering -- Planning, development, evaluation and control of systems and components involving the production and transfer of energy and with the conversion of one form of energy to another. It includes, but is not limited to, planning and evaluation of power plants, analysis of the economical combustion of fuels, conversion of heat energy into mechanical energy, use of mechanical energy to perform useful work, analysis of structures and motion in mechanical systems, and conversion of raw materials into a final product, etc. (e.g., thermodynamics, mechanics, fluid mechanics, jets, rocket engines, internal combustion engines, steam and gas turbines, continuum mechanics, dynamic systems, dynamics fluid mechanics, heat transfer, manufacturing, materials, solid mechanics, reactors, etc.).

ASME Heat Transfer/K16	Advanced Energy Systems
Aerospace Engineering	Applied Mechanics
Bioengineering	Design Engineering
Dynamic Systems and Control	Electrical and Electronic Packaging
Fluids Engineering	Fluids Power Systems and Technology Systems
Information Storage and Processing Systems	Fuels and Combustion Technologies
Internal Combustion Engine	Heat Transfer
International Gas Turbine	Materials
Manufacturing Engineering	Microchannel flow and heat transfer
Management	Materials Handling Engineering
Noise Control and Acoustics	Nuclear Engineering
Offshore Mechanics and Arctic Engineering	Power
Rail Transportation	Technology and Society
Petroleum	Pressure Vessels and Piping
Safety Engineering and Risk Analysis	Textile Engineering
Plant Engineering and Maintenance	Process Industries
Solar Energy	Tribology
Other Mechanical Engineering Specialties not listed in the "Services not Included" paragraph.	

Electrical Engineering -- Planning, design, development, evaluation and operation of electrical principles, models and processes. It includes, but is not limited to, the design, fabrication, measurement and operation of electrical devices, equipment and systems (e.g., signal processing; telecommunication; sensors, microwave, and image processing; micro-fabrication; energy systems and control; micro- and nano-electronics; plasma processing; laser and photonics; satellites, missiles and guidance systems, space vehicles, fiber optics, robotics, etc.). Within the electrical engineering discipline, there are several specialties within the scope of this work; a partial listing follows:

Aerospace and Electronic Systems	Antennas and Propagation
Broadcast Technology	Circuits and Systems
Computer	Communications
Consumer Electronics	Components Packaging, and Manufacturing Technology
Dielectrics and Electrical Insulation	Education
Control Systems	Geoscience & Remote Sensing
Engineering Management	Electromagnetic Compatibility
Information Theory	Lasers & Electro-Optics Intelligent Transportation Systems Industry Applications
Industrial Electronics	Neural Networks Council
Magnetics	Reliability
Power Electronics	Microwave Theory and Techniques
Instrumentation and Measurement	Robotics & Automation
Power Engineering	Vehicular Technology
Solid-State Circuits	Professional Communication
Oceanic Engineering	Ultrasonics, Ferroelectrics, and Frequency Control
Systems, Man, and Cybernetics	
Signal Processing on Social Implications of Technology	

Other Electrical Engineering Specialties not listed in the "Services Not Included" paragraph:

2. Maximum Order: \$750,000.00. However, requirements exceeding the Maximum Order will be processed in accordance with clause I-FSS-125.
3. Minimum Order: \$100.00.
4. Geographic Coverage: Domestic and international delivery can be provided. Domestic is defined as within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, and Washington, DC.
5. Points of Production: N/A
6. Discount from List Prices: All prices are net.
7. Quantity Discounts: .5% (one half of one percent) on labor dollars that exceed \$750,000 per contract
8. Prompt Payment Terms: Net 30 days.
- 9a. ACME will accept Government purchase cards up to the micro-purchase threshold.
- 9b. ACME will accept Government purchase cards above the micro-purchase threshold.
10. Foreign Items: None.
- 11a. Time of Delivery: All services noted in this price list shall be delivered as negotiated in individual orders.
- 11b. Expedited Delivery - All services noted in this price list are available for expedited delivery when requested and negotiated in individual orders.
- 11c. Overnight and 2-Day Delivery - All services noted in this price list are available for overnight and 2-day delivery when requested and negotiated in individual orders.
- 11d. Urgent Requirements - All services noted in this price list are available to meet Urgent Requirements when requested and negotiated in individual orders. When the Federal Supply Schedule contract delivery period does not meet the bona fide Urgent delivery Requirements of an ordering agency, agencies are encouraged, if time permits, to contact ACME for the purpose of obtaining accelerated delivery. ACME shall reply to the inquiry within three (3) business days after receipt. (Telephonic replies shall be confirmed by ACME in writing.) If ACME offers an accelerated delivery time acceptable to the ordering agency, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.
12. F.O.B. Point(s): Destination.
- 13a. Ordering Address: ACME Worldwide Enterprises, Inc.
1710 Randolph Court SE
Albuquerque, NM 87106
Contact: Mr Chris Gordon
E-Mail: cgordon@acme-worldwide.com
Phone: (505) 243-0400
Fax: (505) 243-0500

13b. Ordering Procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPAs), and a sample BPA can be found at the GSA/FSS Schedule homepage (<http://www.fss.gsa.gov/schedules>).

14. Payment Address: ACME Worldwide Enterprises, Inc.
1710 Randolph Court SE
Albuquerque, NM 87106
Contact: Ms. Geri Gurule
E-Mail: geri@acme-worldwide.com
Phone: (505) 243-0400
Fax: (505) 243-0500

15. Warranty provision: ACME warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract. Except as otherwise provided by an express or implied warranty, ACME will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

As used in this clause, "Year 2000 compliant" means, with respect to information technology, that the information technology accurately processes date/time data (including, but not limited to, calculating, comparing and sequencing) from, into, and between the twentieth and twenty-first centuries, and the years 1999 and 2000, and leap year calculations, to the extent that other information technology used in combination with the information technology being acquired, properly exchanges date/time data with it. ACME warrants that each hardware, software, and firmware product delivered under this contract shall be able to accurately process date time data (including, but not limited to, calculating, comparing, and sequencing) from, into, and between the twentieth and twenty-first centuries, including leap year calculations, when used in accordance with the product documentation provided by ACME, provided that all products (e.g., hardware, software, firmware) used in combination with products properly exchange date time data with it. If the contract requires that specific listed products must perform as a system in accordance with the foregoing warranty, then that warranty shall apply to those products as a system. The duration of this warranty and the remedies available under this warranty shall include repair or replacement of any product whose non-compliance is discovered and made known to ACME in writing within ninety (90) days after acceptance (installation is considered acceptance). ACME may offer an extended warranty to the Government to include repair or replacement of any product whose non-compliance is discovered and made known ACME in writing at any time prior to June 1, 2000, or for a period of 6 months following acceptance (installation is considered acceptance), whichever is later. Nothing in this warranty shall be construed to limit any rights or remedies the Government may otherwise have under this contract with respect to defects other than Year 2000 performance.

16. Export Packing Charges: When requested and negotiated in individual orders.

17. Terms and Conditions of Government Purchase Card Acceptance (any Thresholds above the Micro-Purchase Level): As determined in individual orders. ACME will accept Government Commercial Credit Cards for purchases greater than \$2,500.00 or over the micro-purchase threshold currently in effect from Executive agencies; other Federal agencies, mixed-ownership Government corporations, and the District of Columbia; Government contractors authorized in writing by a Federal agency pursuant to 48 CFR 51.1; and other activities and organizations authorized by statute or regulation to use GSA as a source of supply. U.S. territories are domestic delivery points for purposes of this contract. (Questions regarding activities authorized to use this schedule should be directed to GSA.) If ACME will not accept payment by the purchase card for an order exceeding the micro-purchase threshold, ACME must advise the ordering agency within 24 hours of receipt of the order.
18. Terms and Conditions of Rental, Maintenance, and Repair: When requested and negotiated in individual orders.
19. Terms and Conditions of Installation: As negotiated in individual orders.
20. Terms and Conditions of Repair Parts indicating Date of Parts Price Lists and any Discounts from List Prices: As negotiated in individual orders.
- 20a. Terms and Conditions for any Other Services: ACME personnel are reimbursed for personal automobile use for authorized project travel. Highway tolls and parking expense are reimbursed at actual cost. All travel expenses shall be billed at actual cost plus a fee for administration and handling.

ACME has an extended workweek compensation policy and procedure to address situations where employees exempt from the overtime provisions of the Fair Labor Standards Act and the Service Contracts Act are required to work significant amounts of overtime, either by client direction or demands of meeting critical deadlines. Contact ACME for details of the policy.

The rates and prices quoted herein are exclusive of any sales, use, or gross receipts taxes. Should any such taxes be applicable, they will be included on the invoices at the appropriate tax rate.

Compensation due ACME shall be billed at monthly intervals and shall be due and payable upon receipt. Invoices shall be prepared in such form and supported by such documents as Client may reasonably require. Special reporting and documentation requirements of Client must be identified and agreed to prior to commencement of work. Outstanding invoices shall accrue interest at a rate of one percent (1 %) per month beginning thirty (30) days after Client's receipt of invoice. Any additional costs incurred by ACME in collecting overdue accounts and/or for audits of charges requested by Client shall be paid by Client.

21. List of Service and Distribution Points: The ACME facilities listed below are service and distribution points:

ACME Worldwide Enterprises, Inc.
1710 Randolph Court SE
Albuquerque, NM 87106
Contact: Mr. Chris Gordon
E-mail: cgordon@acme-worldwide.com
Phone: (505) 243-0400
Fax: (505) 243-0500
22. List of Participating Dealers: None.
23. Preventive Maintenance: As negotiated in individual orders.
- 24a. Special Attributes, such as Environmental Attributes: None.
- 24b. Section 508 Compliance Information: N/A
25. Data Universal Number System (DUNS) number: 87-800-9299
26. Notification Regarding Registration in Central Contractor Registration (CCR) Database: ACME is registered in the CCR database.
