**SINS NEW AND 532420LT LEASE TO OWNERSHIP FINANCING PLAN (NOT APPLICABLE TO INTELLILINK™ SUBSCRIPTION OR POSTAGE METER RENTAL)**

**Terms and Conditions Applicable to the Lease to Ownership of Equipment.**

1. **Purpose.** The Lease to Ownership Plan ("LTOP") is available for all Pitney Bowes equipment, including equipment that is listed on the Pitney Bowes GSA Contract GS-25F-0010M (the "GSA Contract") (other than the IntelliLink™ Control Centers and Postage Meters and unless otherwise noted in the published GSA price list) and equipment that is not listed on the GSA Contract.
2. **Invoicing.** Invoices are issued monthly in arrears and the net amount is payable upon receipt.
3. **Rate.** The LTOP monthly payment shall be calculated by applying the applicable lease rate factor to the net Government price of the equipment shown in the current GSA Contract (including any applicable program allowances), or in the case of non-contracted equipment, the price based upon open market transactions. The payment factors are as follows:

<u>Term</u>	<u>Lease Rate</u>	<u>Interest Rate</u>
36	.03275	11.03%
48	.02586	11.03%
60	.02176	11.03%

4. **Maintenance.** LTOPs may include equipment and software maintenance. Such services shall be separately priced at open market prices.
5. **Duration of Rental.** The lease period shall be for a period of 36, 48 or 60 months. The Government anticipates that it will have a bona fide need for the Equipment for the entire LTOP Term and contemplates fulfilling the entire LTOP Term. Pitney Bowes has determined the applicable lease rate in reliance upon the Government's representation of its intention to fulfill the entire LTOP term.
6. **Termination/Cancellation.** The LTOP may not be terminated or cancelled except under the following conditions:
  - (1) Cancellation for Non-Appropriation (End of Fiscal Year) – The Government may cancel the LTOP at the end of the first full fiscal year of the LTOP Term or at the end of any subsequent fiscal year, if appropriated funds are not available to the ordering agency for LTOP payments due in the next fiscal year. In the event of a non-appropriation, the Contracting Officer must provide written notice to Pitney Bowes that states: "Sufficient funds have not been and will not be appropriated for the remaining payments due under the LTOP. The Government will not replace the cancelled equipment for the same organizational entity with similar equipment from Pitney Bowes or from another contractor in the succeeding fiscal year."
  - (2) Termination for Convenience – In accordance with Section 13 of the GSA's Leasing of General Purpose Commercial Products Lease-to-Ownership Plan (LTOP) Operating Lease Plan ("Schedule 36"), the Government may terminate the LTOP for convenience during a fiscal year if the Government provides written notice to Pitney Bowes, as provided in FAR 52.249 "Termination for Convenience of the Government" and pays Pitney Bowes the applicable termination charge.

Unless the termination complies with the requirements of Schedule 36 and clause above, any termination or cancellation of the LTOP (including any failure of Government to exercise an option year to extend the term of the LTOP) shall be treated for all purposes as a "termination for convenience". The termination charge due Pitney Bowes if the Government terminates the LTOP for convenience shall be equal to the net present value of the monthly payments remaining through the completion of the LTOP, discounted to present value at an interest rate equal to six percent (6%) per annum. The Equipment shall become Government property upon Pitney Bowes' receipt of the termination payment. All termination charges must be paid to Pitney Bowes at the remittance address specified in the Pitney Bowes invoice.

7. **Purchase Option.** The Government may purchase the Equipment at any time during the LTOP term by paying the remaining balance of LTOP payments.

8. **Industrial Funding Fee ("IFF").** Pitney Bowes shall pay the Industrial Funding Fee at the inception of the LTOP. The IFF shall be based upon one percent (1%) of the net price of the equipment leased, exclusive of taxes, financing charges and trade-in allowances, residual or any other concessions. Pitney Bowes shall pay the IFF on scheduled items only.

9. **Title.** Title to the Equipment and any and all replacements, substitutions and repairs thereto shall pass to the Government upon delivery however the Government and Pitney Bowes agree that title shall automatically revert to Pitney Bowes in the event of default by the Government or cancellation or termination under section 6. To secure the payment of the LTOP payments and any other obligations of the Government, the Government grants a security interest in the Equipment and all additions, attachments, accessions and substitutions thereto or therefor.

10. **Terms.** Unless otherwise specified herein, all other terms and conditions are identical to those of the contract.

**11. RESERVED.**

**12. RESERVED.**

### **13. WARRANTY AND LIMITATION OF LIABILITY**

**PBI PROVIDES YOU WITH THE LIMITED WARRANTIES IN SECTION 1. PBGFS MAKES NO WARRANTIES, EXPRESS OR IMPLIED. PBGFS ISN'T LIABLE FOR ANY LOSS, DAMAGE (INCLUDING INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES) OR EXPENSE CAUSED DIRECTLY OR INDIRECTLY BY THE EQUIPMENT.**

**14. RESERVED.**

**15. Risk of Loss** You bear the entire risk of loss, theft, damage or destruction to the Equipment from the date of delivery until the Equipment is returned to, and received by, us, regardless of cause, ordinary wear and tear excepted ("**Loss**"). No Loss will relieve you of any of your obligations under this Agreement. You must immediately notify us in writing of any Loss. You must keep the Equipment insured against Loss for its full replacement value.

### **SERVICE LEVEL AGREEMENT**

#### **17. Applicability of SLA**

This SLA section applies to you if we have entered into an agreement to provide service for any Equipment we lease, rent or sell on the Order (the covered equipment is called "**Covered Equipment**").

## 18. Service Level Options

(i) If you sign up for **Standard SLA** on the Order, PBI will provide at its option either repair or replacement services for the Covered Equipment during the Initial Service Term or any Renewal Service Term (each term as defined in Section 19) (the “**Service Term**”). You are also entitled to: (x) replacement printheads for Covered Equipment without additional charge, except for printheads which need to be replaced as a result of any Excluded Circumstance, and except for integrated printhead/ink cartridges; and (y) two preventative maintenance service calls per calendar year. PBI will notify you when preventative maintenance is due or you can request preventative maintenance service. If your Covered Equipment needs repair, PBI may provide repair by remote access, diagnostics and service and/or by on-site repair service. Repair service is provided only for damage resulting from normal wear and tear. Repair service may include the use of new, reconditioned, or remanufactured parts and assemblies. PBI will provide parts or assemblies for discontinued equipment (or equipment not marketed as new) only if available. If PBI deems it necessary, PBI will dispatch a service technician to arrive at your location for on-site service. You won't incur hourly charges unless service is performed outside Normal Working Hours, which will be done only with your consent. “**Normal Working Hours**” means 8 a.m. – 5 p.m., Monday – Friday, excluding PBI- observed U.S. holidays, in the time zone where the Equipment or other items are located.

(ii) If PBI determines that replacement of Covered Equipment is necessary, PBI will, at no additional cost to you, promptly ship new, reconditioned, or remanufactured equipment of the same or a functionally equivalent model to replace the affected Covered Equipment. Unless PBI instructs you otherwise, within five days of receiving the replacement equipment, you must pack the Covered Equipment to be replaced in the shipping carton that contained the replacement equipment, place the pre-paid return address label on the carton, and return it to PBI. You are responsible for the Covered Equipment until PBI receives it.

## 19. Service Term

PBI will provide you with Service for twelve months if you don't have a Lease, or for the Lease Term, if you are leasing Equipment (the “**Initial Service Term**”). Service may be renewed upon mutual agreement.

## 20. SLA Fees

You will pay the SLA fees set forth in PBI's pricebook found on GSA Advantage. If you receive service for repairs caused by any Excluded Circumstance, PBI will charge you for the service at PBI's current hourly rates and for any required parts. If you exceed the cycle volume of your Equipment specified on the Order, PBI may bill you for the additional cycles over the specified cycle volume (the additional cycles are called the “**Overage**”). The charge will be determined by reference to the rate in effect at the time that we determine that an Overage exists.

## 21. RESERVED

## 22. Additional Service Terms

You can't elect to have Service apply to some but not all of the items of Equipment. Service doesn't include services and repairs that are made necessary due to any Excluded Circumstance. Service excludes the supply of postal and carrier rate changes and Consumable Supplies. If you replace any of your Covered Equipment during the Service Term, and the replacement Equipment qualifies for Services, PBI will automatically enroll you for maintenance coverage on the new Equipment at PBI's then current annual rates. If you acquire an attachment, or add a unit, to your Covered Equipment, PBI will provide coverage for each attachment or unit which we determine qualifies for coverage under the SLA and adjust your rate accordingly. If you choose not to continue coverage on the replacement Equipment, attachment

or unit, you may cancel Service for the item within thirty days of the date of your initial invoice for the item from PBI. If you cancel, any further maintenance or repair services on the Equipment, attachment or unit will be subject to PBI's current rates. Standard SLA will apply to rented Equipment at no additional charge.

## **EQUIPMENT RENTAL AND METER SERVICES TERMS**

### **23. Equipment Rental and Meter Services**

If you aren't leasing the Equipment and paying for it in your lease payment to PBGFS, we will invoice you the Equipment rental ("rental") and Meter Services fees listed on the Order. After the period listed on the Order (the "**Initial Term**"), we may increase the rental and/or Meter Services fees.

### **24. Postage**

To obtain postage for your Meter, you must contact our Postage By Phone data center. You may transfer funds to The Pitney Bowes Bank, Inc. (the "**Bank**") for deposit into your Postage By Phone® Reserve Account that you maintain with the Bank (your "**Reserve Account**") or you may transfer funds to the United States Postal Service (the "**USPS**") through a lockbox bank (a "**Lockbox Bank**"). See the "USPS Acknowledgment of Deposit" below for more information. After the Initial Term, we may increase postage refill fees.

### **25. Meter Repair or Replacement; Meter Care and Risk of Loss**

If the Meter malfunctions or fails due to reasons other than an Excluded Circumstance, we will repair or replace the Meter. You agree to take proper care of the Meter(s), as stated in this Agreement and any user documentation. You assume all risk of loss or damage to the Meter(s) while you have possession. If the Meter malfunctions or fails due to reasons other than your negligence or accident, usage which exceeds our recommendations, damage in transit, virus contamination or loss of data, misuse, external forces, loss or fluctuation of power, fire, flood, or other natural causes, service by anyone other than us, or the use of third party supplies (such as third party ink) resulting in damage to the Meter, we will repair or replace the Meter.

### **26. Terms of Use of Meter; Federal Regulations**

You may use the Meter solely for the purpose of processing your mail, provided that you are authorized by the USPS to use the Meter, and that you comply with (i) this Agreement, (ii) any operator guide (user documentation) and (iii) all USPS regulations. You agree to use the Equipment and Meter only for business or commercial purposes, and not for personal, family, or household purposes. You agree to use only attachments or printing devices authorized by us. You must receive our written consent before moving the Equipment or Meter to a different location. Federal regulations require that we own the Meter. Tampering with or misusing the Meter is a violation of federal law. Activities of the USPS, including the payment of refunds for postage by the USPS to clients, will be made in accordance with the current Domestic Mail Manual. If the Meter is used in any unlawful scheme, or isn't used for any consecutive 12 month period, or if you take the Meter or allow the Meter to be taken outside the United States without proper written permission of USPS Headquarters, or if you otherwise fail to abide by the postal regulations and this Agreement regarding care and use of the Meter, then this Agreement and any related Meter Services agreement may be revoked. You acknowledge that any use of a Meter that fraudulently deprives the USPS of revenue can cause you to be subject to civil and criminal penalties applicable to fraud and/or false claims against the United States. The submission of a false or fraudulent statement can result in imprisonment of up to 5 years and fines of up to \$10,000 (18 U.S.C. 1001) and a civil penalty of up to \$5,000 plus an assessment of twice the amount falsely claimed (3 U.S.C. 3802). The mailing of matter bearing a fraudulent postage meter imprint is an example of a violation of these statutes. You are responsible for immediately reporting (within 72 hours or less) the theft or loss of the Meter to us. Failure to comply with this notification provision in a timely manner may result in the denial of refund of any funds remaining on the Meter at the time of loss or theft. You understand that the rules and regulations regarding the use of this Meter as documented in the Domestic Mail Manual may be updated from time to time by the USPS and it is your obligation to comply with any rules and regulations regarding its use.

## **27. Rate Updates and Soft-Guard® Program**

Your Meter or Equipment may require periodic rate updates that you will obtain under our Soft-Guard program. We will provide rate updates only if required due to a postal or carrier change in rate, service, ZIP Code™ or zone change. The Soft-Guard program doesn't cover any change in rates due to custom rate changes, new classes of carrier service, or a change in ZIP Code or zone due to equipment relocation. We won't be responsible for any losses arising out of or resulting from the failure of rating or software downloads to conform to published rates.

## **28. Collection of Information**

You authorize us to access and download information from your Meter or from your PC Postage account. We may disclose this information to the USPS or other authorized governmental entity. We won't share with any third parties (except the USPS or other governmental entity) individually identifiable information that we obtain about you in this manner unless required to by law or court order. We may elect to share aggregate data about our clients' postage usage with third parties.

## **29. Value Based Services**

Value based services are services the USPS provides, including e-Return Receipt and USPS Confirmation Services. Any fees the USPS charges for these services are your responsibility to pay for and are payable the same way that you pay for postage. The USPS is solely responsible for its services. We are not responsible for any malfunctions of any part of the communication link connecting the Meter with the USPS data system. We have the right to terminate the value-based services if the USPS discontinues offering the service or you breach your obligations under this Agreement and fail to cure the breach within thirty days after you have been notified in writing.

## **USPS ACKNOWLEDGEMENT OF DEPOSIT**

### **30. Acknowledgement of Deposit**

- (a) In connection with your use of a Postage Evidencing System as defined in the Code of Federal Regulations (CFR), you may transfer funds to the USPS through a Lockbox Bank for the purpose of prepayment of postage on Postage Evidencing Systems, generating evidence of postage both PC Postage and meters (a "**Deposit**"), or you may transfer funds to the Bank for deposit into your Reserve Account.
- (b) To the extent you deposit funds in advance of the use of any evidence of postage, you may, from time to time, make Deposits in the Lockbox Bank account identified as "United States Postal Service CMRS-PB" or make deposits in your Reserve Account, in either case through electronic means, including Automated Clearinghouse Transfers. The USPS may, at its discretion, designate itself or a successor as recipient of Deposits made by you to the Lockbox Bank account described above.
- (c) Any deposit made by you in your Reserve Account is subject to the Postage By Phone® Reserve Account – Agreement and Disclosure Statement governing your Reserve Account.
- (d) Any Deposit made by you in the Lockbox Bank account shall be credited by the USPS only for the payment of evidence of postage. Such Deposits may be commingled with Deposits of other clients. You shall not receive or be entitled to any interest or other income earned on such Deposits.

- (e) The USPS will provide a refund to you for the remaining account balances of Deposits held by the USPS. These refunds are provided in accordance with the rules and regulations governing deposit of funds for evidence of postage, published in the CFR.
- (f) The Lockbox Bank, which shall collect funds on behalf of the USPS, shall provide PBI, on each business day, information as to the amount of each Deposit made to the USPS by you, so that PBI can update its records.
- (g) PBI may deposit funds on your behalf. The USPS will make no advances of funds to you. Any relationship concerning advances of funds is between you and PBI, PBGFS and/or the Bank.
- (h) You acknowledge that the terms of this Acknowledgement may be changed, modified, or revoked by the USPS, with appropriate notice.
- (i) Postal Regulations governing the deposit of funds are published in the CFR or its successor. You acknowledge that you shall be subject to all applicable rules, regulations, and orders of the USPS, including future changes to such rules, regulations, and orders, and such additional terms and conditions as may be determined in accordance with applicable law. The USPS rules, regulations, and orders shall prevail in the event of any conflict with any other terms and conditions applicable to any Deposit.

## **PRODUCT SPECIFIC TERMS**

### **32. Software**

If you are acquiring an on-premise software license or on-demand subscription services, additional terms apply which are available by viewing the PBI on-demand or on-premise terms found on GSA Advantage. Those additional terms are incorporated by reference.

NOTE: In accordance with Clause 552.212-4(s), the Unenforceable Clauses provision of 552.212-4(w) takes precedence over any Commercial Supplier Agreement (CSA) incorporated into contract GS-25F-0010M. The language of Clause 552.212-4(w) Commercial Supplier Agreements – Unenforceable Clauses shall be deemed incorporated into all commercial supplier agreements associated with Contract GS-25F-0010M.

## **ON-PREMISE SOFTWARE LICENSE AGREEMENT FOR GSA**

Thank you for choosing our on-premise software product(s) (the “Licensed Products”) listed in your task/order form (“Order”). These terms apply when an instance of our software either is (i) installed within your information technology infrastructure and executed (or used) by you; or (ii) hosted by Pitney Bowes or a third party but executed (or used) solely by you.

We’ll start with the basics, including a few definitions that should help you understand this agreement. This is an agreement between the entity identified on the Order (“you” or “your”) and Pitney Bowes Inc. (“we”, “us” or “our”). During the Term (defined in Section 1(a)), we will provide the Licensed Products listed in the Order, and which may be further defined in a Statement of Work referencing these terms (“SOW”). The Order, these terms and the SOW(s) are referred to collectively as this “Agreement”. In the event of a conflict between the Order, these terms and the SOW(s), these terms will control, followed by the Order then the SOW. This Agreement affects your rights and contains warranty disclaimer and binding arbitration provisions.

### **1. License**

a) The Licensed Products and all related materials are proprietary to us and our licensors and suppliers. As long as you comply with the terms of this Agreement, we will grant a limited, non-exclusive, non-transferable, license to access and use the Licensed Products during the Term. The “Term” is: (i) perpetual in the case of a Purchase Agreement Order; or (ii) the term of the lease subject to a Lease Agreement Order. We are not selling the Licensed Products to you and, other than the license we are granting, we reserve all rights to the Licensed Products not expressly granted in this Agreement.

b) You are authorized to install and use the Licensed Products on a Computer, or hardware provided by us, in each case with User access as defined in the Documentation (defined in Section 2(d)) or applicable SOW. “Computer” means the server or server configuration or load balanced application servers, terminal or computer identified in an Order or SOW on which the Licensed Products are authorized to be installed and used. “User” means an individual authorized by you to use the Licensed Products under an Order or SOW regardless of whether the individual is actively using the Licensed Products at any given time.

### **2. Use of Licensed Products**

a) You agree that you will use the Licensed Products and any data generated from the Licensed Products only for business purposes and not for personal, family or household purposes. The Licensed Products include any enhancements, updates, upgrades, modifications, new releases and corrective programming to the Licensed Products or Documentation that are provided as part of software

maintenance ("Enhancements"). The Licensed Products will be installed and used only at the location described in an Order or any other location as to which we have consented to the transfer of the Licensed Products in accordance with Section 2(c) ("Installation Site") and only on the hardware provided by us or the Computer described in an Order or SOW. Remote access to the Licensed Products directly or indirectly through a server, the Internet, independent software application or otherwise to your computer from locations other than your Installation Site, and use of the Licensed Products to perform services for any third parties, including your affiliates, are prohibited. Additional terms of authorized use will be described in your Order or SOW and may include, among other things, limitations on: (i) the number of Users; and (ii) the number of transactions processed or individual data records accessed using the Licensed Products. Licensed Products licensed for desktop use by a specific number of Users may be installed on the number of devices equal to the number of licenses purchased, or may be installed on multiple devices so long as the number of Users do not exceed the number of User licenses purchased.

b) Additional product-specific license terms applicable to certain of the Licensed Products ("Product Terms") can be found in Exhibit A and are incorporated into this Agreement. If there is a conflict between the Product Terms and any other provision of this Agreement, the Product Terms will control.

c) If the Licensed Product is for a designated Computer, you do not need our consent to transfer the Licensed Product from one computer system to another at the Installation Site. However, you need our consent if you wish to transfer the Licensed Product to another location. After obtaining our consent to a transfer to another location, you will certify to us in writing that all copies of the Licensed Product at the prior location were either transferred to the new location or destroyed.

d) You may make a reasonable number of copies of the Licensed Products and Documentation solely for back-up or disaster recovery purposes. "Documentation" means the current technical and user documentation for the Licensed Products. The Documentation may be modified from time-to-time to incorporate Enhancements. You must reproduce all copyright, trademark, trade secret and other proprietary notices in your copies. The back-up or disaster recovery copies can only be used to perform disaster recovery testing or if the Computer where the Licensed Products are installed becomes inoperative, those copies cannot be used for recovery production or testing concurrently with the production or testing copies of the Licensed Products. If the Computer becomes inoperative, the Licensed Products can only be used on a back-up computer utilizing the same operating system.

e) Upon prior written notice to us, you may permit a third party contractor to access and use the Licensed Products solely for your benefit, so long as: (i) the contractor agrees to comply fully with all terms and conditions of this Agreement; (ii) you remain responsible for the contractor's compliance with this Agreement and any breach; (iii) any User limitation includes User licenses allocated to contractors; and (iv) the contractor is not a competitor of ours. All rights granted to any contractor under this Agreement terminate immediately upon termination or expiry of this Agreement. Upon termination of such rights, the contractor must immediately cease all use, un-install and destroy all copies of the Licensed Products and Documentation, and must certify in writing its compliance with this Section upon our request.

### **3. General Use Restrictions**

a) For the Licensed Products, you will not: (i) make derivative works; (ii) sublicense, sell, rent, lease, lend, time-share, disclose, transfer or host the Licensed Products, Documentation or confidential or proprietary information to or for any other parties; (iii) use the Licensed Products to modify or reproduce third party material unless you have the legal right to do so; (iv) attempt to unlock or bypass any initialization system, encryption methods or copy protection device in the Licensed Products; (v) alter, remove or obscure any patent, copyright or trademark notice in the Licensed Products or Documentation; (vi) reverse engineer, decompile or disassemble or remove functions of the Licensed Products or any portion of them; (vii) make copies of the Licensed Products or Documentation, except as authorized in Section 2(d); (viii) modify, alter or change the Licensed Products; (ix) use components of a Licensed Product independent of the Licensed Products they comprise; or (x) extract any data from the Licensed Product and use such data for any purpose other than for your use of the Licensed Product.

b) You will not use the Licensed Products in the operation of a time-sharing or service bureau arrangement or as an application service provider. You will not allow access to the Licensed Products through any other means than those indicated in the Order or in any SOW.

#### **4. Fees; Payment Terms**

a) You will pay the fees for the Licensed Products, maintenance, training and any other fees described in an Order (which may include financing provisions). All fees and any applicable taxes are due and payable within 30 days from the date of our invoice. You will pay a late charge of 1.5% per month or the highest amount permitted by law, whichever is less, on any fees not paid by the due date. Unless otherwise identified in an Order, all fees are stated in and will be paid in United States currency.

b) The fees do not include any amount for taxes. You will pay all sales, use, property, excise and other taxes imposed with respect to the products and/or services. If any sales, use, excise or other taxes (except for taxes based on our net income) are required to be collected, we will itemize them on invoices issued in connection with an Order. This section shall not apply if your agency is tax exempt.

c) If the number of locations or the number of Users or Computer systems exceeds what is permitted by and/or paid for under an Order, we may charge you for the appropriate license and software maintenance fees based on the excess and at the applicable rates then in effect.

#### **5. Indemnity and Procedures**

a) Subject to Section 5(c), we will indemnify and hold you harmless from all losses, damages, and reasonable costs and expenses arising out of a claim by a third party that the Licensed Products infringe or misappropriate any copyright, trade secret, trademark or patent. We will have no obligation to indemnify, defend and hold you harmless for any claim or suit that is based on Third Party Content (defined in Section 10) except to the extent that our licensor's or suppliers of such Third Party Content have indemnified us.

b) If the Licensed Products are subject to a claim of infringement or misappropriation, or if we reasonably believe that the Licensed Products may be subject to a claim, we will at our option either: (i) replace the Licensed Products with functionally equivalent software; (ii) modify the Licensed Products while retaining substantively equivalent functionality; (iii) procure at no cost to you the right to continue to use the Licensed Products; or (iv) if (i), (ii) or (iii) are not commercially reasonable, we will

notify you to terminate use of the Licensed Products. If we direct you to terminate use (or a permanent injunction is issued against such use), you will immediately do so and your remedies, in addition to this indemnity, will be limited to a pro rata refund of the current maintenance fees unused at the time of termination plus license fees previously paid for the Licensed Products that are subject to the infringement or misappropriation claim based on: (1) a term of 60 months following execution of the applicable Order for a perpetual license; or (2) any pre-paid but unused fees for the balance of a term license. If your Order is a lease and we direct you to terminate use of the Licensed Products, after the effective date of termination we will release you from your payment obligations with respect to the license and software maintenance fees for the Licensed Products included in your payments under the lease due after the effective date of termination.

c) We will have no obligation to indemnify you if the infringement or misappropriation results from your: (i) modification of the Licensed Products; (ii) combination, operation or use of the Licensed Products with software products which are not ours; (iii) use of the Licensed Products in breach of this Agreement; or (iv) use of other than the most current release of the Licensed Products if a claim of infringement or misappropriation could have been avoided by your use of the current release of the Licensed Products, provided we delivered the superseding version to you and notified you of the need to use it. We shall not be responsible for, and shall not indemnify, defend or hold you harmless from any claims or suits (including reasonable attorneys' fees) against you by a third party based on the breach of this Agreement by you or any user authorized by you. This section 12 will survive any termination of this Agreement or an Order indefinitely.

d) You or we (the "Indemnified Party") will give the other (the "Indemnifying Party") prompt written notice of any matter with respect to which the Indemnified Party intends to seek indemnification under this Agreement (a "Claim"), provided, that the failure or delay in providing notice will not relieve the Indemnifying Party from any obligation to indemnify the Indemnified Party except to the extent that the failure or delay prejudices the defense of any Claim. The Indemnifying Party may, at its election, conduct and control the defense of the Claim with counsel selected by it, subject to the Indemnified Party's consent, not to be unreasonably withheld or delayed. The Indemnified Party agrees to cooperate with the Indemnifying Party and its counsel in investigating and/or contesting any Claim. No compromise or settlement of the Claim may be effected by the Indemnifying Party without the Indemnified Party's prior written consent, which will not be unreasonably withheld or delayed.

Two (2) levels of Software Maintenance Services ("SMA" or "Maintenance Services") are available to clients, based on the client's needs and elected at time of purchase. All Maintenance Services are provided in accordance with the license agreement and applicable ordering document (the "Order") between you and PB related to the applicable Product. Maintenance Services do not include professional services, custom development, new feature additions, hardware support, hardware parts or consumable supplies, equipment support, system back-ups, training or other services, which, if purchased by you, will be set forth elsewhere in your license agreement or in a separate agreement with PB.

**SMA TIER 1 (STANDARD) MAINTENANCE SERVICES.**

As part of SMA Tier 1 Maintenance Services, PB will provide you with the following:

1. SELF HELP. 24/7 access to web self-help and user and product support articles.
2. TECHNICAL SUPPORT. PB provides all technical support over the phone and via the Internet ("Remote Support") unless otherwise specified. To receive Remote Support you will be requested to provide access to your system or computer, and it is within your discretion to determine the level of access granted to PB to receive Remote Support, which you grant at your own risk. When logging an issue it is required that you provide information in sufficient detail for PB to reproduce the problem. PB can also assist you in the diagnosis of your IT environmental or infrastructure issues for an additional fee.
  - a. Telephone Support. PB Product Support is available from 7 am to 7 pm Central Time, Monday through Friday, excluding PB observed US holidays ("Normal Operating Hours"). You may contact PB Product Support toll-free by phone during Normal Operating Hours.

3. FIXES. Corrections or changes to the Product to correct errors or otherwise make the Product materially conform to the applicable Product documentation (commonly referred to as "fixes" or "patches").

4. PRODUCT UPDATES. PB will provide you with customer-installable updates, some that may be required to support industry compliance or continued use of the Products, as they become commercially available ("Updates"). Updates may include fixes or minor changes to the Product or additional carrier functionality or routine revisions to comply with carrier requirements. Updates may include changes to the Product documentation to reflect changes included in the applicable Update. You must be fully current with the installation of all Updates to be eligible to receive Maintenance Services. New features or functionality for the Product and non-routine or non-generally applicable revisions ("Upgrades") may become available from time to time, for an additional fee. PB reserves the right not to add functionality or carrier services, even though they may be available from the carrier.

5. DATA UPDATES. If your Product includes data that is licensed separately as a subscription ("Data"), PB will distribute to you each Update to the Data as they are made available to PB by its third party vendors, or with the frequency set forth in your license agreement or Order. If you require additional distribution of the Data or a Data Update, an additional service charge may apply.

6. RATE CHANGES. If your Product requires carrier rate information supplied by PB, client-installable rate change replacements will be provided to you based on the carrier coverage selected in the Order. Rate change replacements include postal or carrier rate increases and decreases, zip code or zone changes and changes in service provided by carriers (e.g. required new report formats or geographical expansions) and, if elected on the Order, a single UPS custom rate change per calendar year. Rate changes do not include other custom rate changes, new classes of services offered by carriers, and new rates needed to establish a new home zip code because of a change in location.

7. DELIVERY; IMPLEMENTATION. All Updates, Upgrades, fixes, Data Updates and rate changes will be delivered electronically unless physical media options are provided at PB's discretion. All Updates, etc. are your responsibility to install and implement unless otherwise agreed to in writing by PB, which will incur fees at PB's then current rates.

8. ON-SITE SUPPORT. On-site support is not offered under SMA TIER 1 maintenance service. If you request on-site support, you will incur fees at PB's then-current rates at the time of the request.

#### SMA TIER 2 MAINTENANCE SERVICES.

If PB determines that support must be provided on-site, such support will be provided Monday through Friday, from 8 am to 5pm in your local time zone, excluding PB observed holidays. Average response time is within one (1) business day of PB determining that on-site support is required. Request for on-site support outside of these hours or without providing PB with access and opportunity to solve issues remotely may result in additional fees.

#### STANDBY SUPPLEMENT OPTION (Available in US Only).

Under your SMA Tier 1 and SMA Tier 2 options, you may elect to purchase supplemental Standby Support. This option will make emergency Remote Support, (and not general user queries) available to you outside of Normal Operating Hours. You access this support by contacting the PB Product Support toll free number. This Standby option is charged at an annual or monthly rate as set forth in your Order, with additional usage fees associated with each incident of Standby Support accessed at then-current rates.

#### PREMIER SUPPORT ADD-ON SUPPLEMENT OPTION.

Under your SMA Tier 1 and SMA Tier 2 options, you may elect to purchase supplemental PREMIER SUPPORT. This option is charged at an annual or monthly rate as set forth in your Order and will make the following Premier Support service benefits available to you:

- Upon initial sign up for Premier Support, your assigned Account Manager will contact you at the phone number you provide with your Order, confirm future preferred method of contact, and discuss the following benefits.
- You will be given a premier 4-digit PIN number to access the team of Premier Support Agents and Case Managers. This gives you direct access to Level 2 Support Desk Agents and Case Managers for product support issues.
- When you use the premier PIN code, your call will be queued in front of all non-Premier calls and routed to the Level 2 Support Desk Agents. As a result your call will be answered ahead of any other non-Premier callers.

- Your product support case will be managed by a single point of contact all the way through the resolution of your case. If Pitney Bowes determines a dispatch of a technician to your site must be created, your assigned Case Manager will coordinate the field technician visit with our dispatch center so that it is handled in an expedited manner and follow up to ensure successful resolution.
- You are able to request alternate forms of remote access sessions for product support initiated by you. Upon your request, we will make reasonable attempt to employ the remote access technology that you choose for product support.
- Should any parts be required, we will make reasonable attempt to expedite the part(s) to your location for next day installation and repair.
- Your assigned Account Manager will conduct a support assessment two (2) times per calendar year which would include consultative analysis to ensure you are optimizing the value of this level of support.

## SERVICE LEVELS.

PB will use commercially reasonable efforts to respond to issues you report. Initial determination and classification of reported issues will be made by PB, who will evaluate the reported issue and assign it an appropriate severity level.

SEVERITY LEVEL	DESCRIPTION OF ISSUE	STATUS UPDATES	PB ACTION
<b>Critical</b>	Mission-critical emergency: organization is directly impacted; and  Primary functionality of the Product is lost; and  No Temporary Workaround available at time of the call.	No less frequently than daily at end of day	Critical issues are worked on continuously during Normal Operating Hours until the Critical issue is resolved or a Temporary Workaround is found.  A plan will be developed to resolve the issue with the primary functionality of the Product and appropriate resources will be identified to implement the plan.  When Temporary Workaround is identified and implemented, the severity level is downgraded.
<b>High</b>	Severe loss or reduction of service; and  An important function is experiencing a reproducible problem causing serious inconvenience; and  primary functionality of Product is reduced; but  A Temporary Workaround is available.	No less frequently than daily at end of day	High severity issues are worked on during Normal Operating Hours until the issue is resolved or a Workaround is identified.  A plan will be developed to resolve the primary product functionality of the Product and appropriate resources will be identified to implement the plan.
<b>Medium</b>	Minor loss or reduction of service.  Secondary function is impaired or experiencing an intermittent problem: a <u>less</u> common operation fails frequently but with some inconvenience.  Medium effort Workaround is available.	Weekly or upon request	PB will use commercially reasonable efforts to provide an acceptable Workaround and incorporate a solution to the problem in the earliest possible scheduled maintenance or product release. PB Product Support may be contacted for status monitoring of any error.
<b>Low</b>	Minor inconvenience of service.  A less common operation fails occasionally causing low level inconvenience.  Low effort Workaround is available.	Upon Request; or mutually agreeable time schedule	PB will use commercially reasonable efforts to provide a Workaround. As appropriate the issue will be logged as an error or request and a tracking number provided; every effort will then be made to incorporate a solution in a future product release. PB Product Support may be contacted for status monitoring of any error.

A “Temporary Workaround” is a Workaround that provides a temporary solution to the reported issue, but is not suitable for permanent use.

A “Workaround” is any solution to a reported issue that does not involve changing the source code of the Product, including using alternate process/approach/method to successfully accomplish the task while by-passing the problem, or installation changes

including upgrading to a newer version of the Product incorporating a fix or upgrading the operating system, version, or service pack.

ELIGIBILITY. You are entitled to receive Maintenance Services for your Product under the following conditions:

1. Your license agreement and maintenance term are both paid up and current;
2. You have identified to PB appropriate technical support contacts within your organization (if your organization has 50 or more users, please see Multiple User Policy, below);
3. You have implemented the most current update or patch available for your Product;
4. You have performed routine and preventative maintenance on your systems, including disaster recovery backups, operating system updates, implementing anti-virus protection, and SQL patches and updates;
5. Your Product has not been modified (if such modification was performed by PB at your request, additional fees may apply for Maintenance Services on modified Product); and
6. Your use of the Product is in accordance with your license agreement and the documentation and in the manner reasonably intended by the Product. Maintenance Services will not be provided to installations of the Product in unsupported environments.

TERM; TERMINATION. Maintenance Services are billed in arrears, as stated on your Order. Maintenance Services begin on the effective date of your license agreement, and, unless terminated pursuant to the terms below, will continue for 12 months for Maintenance Services obtained under a purchase order, or for the Lease Term for Maintenance Services obtained under a Lease. Any term may be renewed by mutual agreement of the parties and upon issuance of an Order by you. Other than (a) termination for non-appropriation, (b) default by PB, or (c) termination within 30 days of your receiving notice from PB of a material change in Maintenance Services, Maintenance Services are non-terminable by you during the term. If during the term, PB discontinues Maintenance Services, or materially changes Maintenance Services and you elect to terminate, your sole remedy will be a pro-rata refund of any pre-paid but unused Maintenance Service fees, or a reduction of Lease payments in the amount allocated to such Maintenance Services for the balance of the Lease Term. In the event of termination for any reason, you remain responsible for the payment of services rendered by PB through the effective date of termination.

MULTIPLE USER INSTALLATIONS (For 50+ users at any individual location).

If your Product has 50 or more users at any location within your organization, Maintenance Services are provided under the following policy:

1. You must identify a limited number of your staff to become trained by PB on the Product you license in order for such staff to be able to provide limited technical support to other users within your organization ("Authorized Personnel").
2. After staff training is complete, all users within your organization should log all initial requests for technical support with the Authorized Personnel in a manner to be determined and established by you. Authorized Personnel will be responsible for responding to all internal requests for technical support, resolving all "how to" and other questions or problems, and escalating internally within your organization for further support and determination of the nature of the problem, and ensuring that the problem is with the Product, and is not able to be addressed internally within your organization. For such problems that are unable to be addressed without PB assistance, a limited number of Authorized Personnel will be mutually agreed to as responsible for escalating requests for assistance to PB, who will then provide technical support assistance to the Authorized Personnel for issue resolution with the Product. Any issue escalated to PB for technical support must be related to the Product (and not to the organization's operating environment or other hardware or software) and must be documented in sufficient detail in order to reproduce the problem.
3. If your organization does not have Authorized Personnel available, PB may be able to provide additional technical support assistance for an additional fee (please consult your account representative for more information).

This Addendum is between Pitney Bowes Inc., a Delaware corporation, with offices at 3001 Summer Street, Stamford, CT 06926 ("**Pitney Bowes**") and the customer ("**Licensee**") named in a Sales/Lease Agreement with Pitney Bowes or one of its affiliates pursuant to which Licensee has agreed to pay a hosting fee for Pitney Bowes to host certain Pitney Bowes Software licensed by Pitney Bowes to Licensee under a Software License and Maintenance Agreement (the "**License Agreement**"). This Addendum sets forth the terms pursuant to which Pitney Bowes will host for Licensee such Pitney Bowes Software. Capitalized terms used herein and not otherwise defined shall have the meanings set forth in the License Agreement. LICENSEE'S SIGNATURE BELOW, OR USE OF THE PITNEY BOWES SOFTWARE, CONSTITUTES LICENSEE'S AGREEMENT TO THIS ADDENDUM.

#### **1. Definitions**

- (a) "**Host Environment**" means all software, middleware and hardware necessary to host the Pitney Bowes Software, including, without limitation, host servers; server, telecommunications and security software; database software; operating systems; client access hardware; back-up systems; network routing; system monitoring; and Internet access.
- (b) "**Pitney Bowes Hosting Period**" means the period during which Pitney Bowes has agreed to host the Pitney Bowes Software and Licensee has paid for such hosting.
- (c) "**Licensee Hosting Period**" means all times other than the Pitney Bowes Hosting Period.

#### **2. Pitney Bowes Hosting Period**

The following terms apply during the Pitney Bowes Hosting Period:

- (a) Pitney Bowes shall: (i) host the Pitney Bowes Software for Licensee on server(s) at a Pitney Bowes or third-party facility ("**Host Servers**"); and (b) provide all appropriate and necessary application support, Software Maintenance, network security within the host firewall and load balancing for the Pitney Bowes Software for Licensee's use. As part of the foregoing, database transactions will be captured on a continuous basis, replicated to a backup system during Hosting Measurement Hours (as defined in Section 3 of this Addendum) and copied daily to a tape that is sent to a secure off-site storage facility.
- (b) The Pitney Bowes Hosting Period for Pitney Bowes Software that is financed under a Lease Agreement shall be the term of the Lease Agreement. The Pitney Bowes Hosting Period for Pitney Bowes Software subject to a Sales Agreement shall be for the term indicated in the Sales Agreement.
- (c) Pitney Bowes shall use commercially reasonable efforts to minimize downtime of the Host Servers for maintenance, updates and revisions to the Pitney Bowes Software and other software, hardware and equipment associated therewith. Except as expressly set forth in this Addendum, Pitney Bowes makes no representation, warranty, guaranty or other assurances regarding up-time of the Host Servers or the availability or accessibility of the Pitney Bowes Software.
- (d) Licensee shall provide Pitney Bowes, in writing, with the name, email address and telephone number of a Licensee representative whom Pitney Bowes may contact in the event of any Downtime (as defined in Section 3 of this Addendum). Pitney Bowes shall notify such representative by email when Downtime has exceeded fifteen (15) minutes. If an acknowledgement or notification of receipt of such notice is not received within thirty (30) minutes, up to two (2) attempts will be made by Pitney Bowes to reach such representative by telephone, leaving a message if possible. The same procedure will be followed when the Downtime has ended.
- (e) Licensee shall be solely responsible for: (i) its access to the Pitney Bowes Software through a Licensee WAN and to the Internet; (ii) providing, operating and maintaining all software (other than the Pitney Bowes Software to the extent Pitney Bowes is responsible therefor under this Addendum) and hardware in its locations or which may otherwise be required in connection with the Pitney Bowes Software and the use thereof; and (iii) without limiting the foregoing, configuration of the Pitney Bowes Software for each location, including, without limitation, user ID's, security levels and carrier accounts. Any changes by Licensee to the operating environment of its computer systems which require a revision of the Pitney Bowes Software or additional work by Pitney Bowes are subject to Pitney Bowes's prior written consent and an additional charge by Pitney Bowes.

- (f) Licensee shall provide Pitney Bowes with such cooperation as Pitney Bowes shall reasonably request with respect to Pitney Bowes's obligations under this Addendum, including, without limitation, by providing access through Licensee's firewall to the Pitney Bowes hosted network.
- (g) Pitney Bowes may provide links to external sites that cause Licensee to leave the site at which the Pitney Bowes Software is available. Any such link is provided for the use and convenience of Licensee. The appearance of a link does not constitute an endorsement, recommendation or certification by Pitney Bowes of the external link; and should not be construed as a suggestion that the external link has any relationship with Pitney Bowes except as expressly provided in the Pitney Bowes Software or the User Manual.
- (h) Pitney Bowes automatically collects and/or tracks: (i) the home server domain names, e-mail addresses, type of client computer, and type of web browser of users to the web site at which the Pitney Bowes Software is available, (ii) the e-mail addresses of users that communicate with Pitney Bowes; (iii) other information knowingly provided by the user; and (iv) aggregate or specific information on what pages users access. Pitney Bowes may use a technology called "cookies". These cookies may be used to obtain data such as the user's name, user-name and pages viewed.
- (i) The volume of transactions is expected to be reasonably evenly distributed throughout the year. Licensee acknowledges that peaks of volume may adversely affect hosting performance and that Pitney Bowes reserves the right to modify the hosting fee as a result of repeated peaks.

### 3. Downtime during Pitney Bowes Hosting Period

- (a) For purposes of this Addendum, the following terms have the meaning set forth next to them:
  - (i) **"Hosting Measurement Hours"** means, during the Pitney Bowes Hosting Period, 6 a.m. to 9 p.m., Central Time, Monday through Friday, excluding national holidays.
  - (ii) **"Measurement Period"** means, during the Pitney Bowes Hosting Period: (A) the first full twelve-month calendar period beginning after the later of: (1) the date on which Licensee has paid all amounts due to Pitney Bowes under the Sales Agreement or payments have begun under the Lease Agreement; or (2) Licensee's acceptance of the Pitney Bowes Software on a Delivery and Acceptance Form or other form provided by Pitney Bowes; (B) each successive full twelve-month calendar period thereafter during the Pitney Bowes Hosting Period; and (C) the final period at the end of the Pitney Bowes Hosting Period following the periods referred to in (A) or (B), provided that such final period shall be at least three (3) full calendar months.
  - (iii) **"Downtime"** means the time during Hosting Measurement Hours when the shipping functionality of the Pitney Bowes Software is not available for use by Licensee as a result of unscheduled downtime of the Pitney Bowes Software caused by: (A) Pitney Bowes personnel; or (B) Pitney Bowes equipment and related software that are within Pitney Bowes's firewall and are used for operation of the Pitney Bowes Software.  
  
 "Downtime" does not include, without limitation, downtime or unavailability of the Pitney Bowes Software: (1) caused by Licensee personnel, representatives or agents or by Licensee or third-party equipment or software; (2) caused by usage of the Pitney Bowes Software in excess of the expected or permitted usage, with such usage spread reasonably evenly throughout the Measurement Period; (3) related to content or applications associated with the Pitney Bowes Software but not within Pitney Bowes's commercially reasonable control; (4) related to Internet or telecommunication performance; (5) resulting from unscheduled maintenance to resolve or avoid a problem where such resolution requires less than fifteen (15) minutes; (6) caused by matters within the scope of Section 8 (Force Majeure) of the License Agreement; or (7) outside of Hosting Measurement Hours. In addition, "Downtime" does not include downtime or unavailability of the reporting or administrative functions of the Pitney Bowes Software.
  - (iv) **"Allowable Downtime"** means one percent (1%) of the Hosting Measurement Hours in a particular Measurement Period.
  - (v) **"Unit of Downtime"** means six (6) hours of Downtime.
- (b) Licensee shall give Pitney Bowes's technical support staff prompt notice of Downtime. Notice shall be given by telephone (with a voicemail message left if a technical support staff member is not contacted in person) and by email to an address provided by Pitney Bowes for such purpose.
- (c) For each Unit of Downtime in excess of Allowable Downtime during a Measurement Period, Pitney Bowes will provide Licensee with a credit in an amount equal to one-tenth of one percent (0.1%) of the hosting fee paid by

Licensee with respect to such Measurement Period; provided, however, that in no event shall the aggregate credit with respect to any Measurement Period exceed the hosting fee paid by Licensee with respect to such Measurement Period. Agreed-upon credits may be applied toward future amounts due to Pitney Bowes for hosting or Software Maintenance. If no such amounts are expected to be due, upon Licensee's request, Pitney Bowes shall pay Licensee an amount equal to such credits.

- (d) Each party shall supply the other with the basis of its calculation of Downtime and shall, in good faith, consider the other's information and try to mutually agree on actual Downtime, if any, for purposes of this Addendum.
- (e) Payment of the amount set forth in Section 3 of this Addendum is Licensee's sole right and remedy with respect to Downtime or performance of the Pitney Bowes Software or Pitney Bowes's hosting of the Pitney Bowes Software during the Pitney Bowes Hosting Period.

**4. Licensee Hosting Period.** At all times other than during the Pitney Bowes Hosting Period: (a) Licensee shall be solely responsible for: (i) hosting the Pitney Bowes Software for its use; and (ii) acquiring, installing, operating and maintaining the Host Environment; and (b) Pitney Bowes has no responsibility or liability for, and makes no representation or warranty, with respect to, the Host Environment; any recommendations made with respect to the Host Environment; or any websites accessed through the Pitney Bowes Software.

**5. Licensee Hosting Period and Pitney Bowes Hosting Period.** During both the Licensee Hosting Period and the Pitney Bowes Hosting Period, Licensee: (a) is solely responsible for its use of any websites accessed through the Pitney Bowes Software, whether such access is provided for Pitney Bowes Software functionality, as a matter of convenience or otherwise; and (b) uses such websites entirely at its own risk.

**6. Termination.** This Addendum shall terminate upon termination of the License Agreement.

**7. Entire Agreement.** This Addendum, together with the License Agreement and the other agreements referred to therein, contains the entire understanding of the parties with respect to the matters herein and therein. The License Agreement and this Addendum together constitute the "Agreement" as such term is used in the License Agreement. To the extent that any terms and conditions of the License Agreement conflict with the provisions of this Addendum, the provisions of this Addendum shall govern. Except as specifically provided herein, all terms and conditions of the License Agreement shall remain in full force and effect.

NOTE: In accordance with Clause 552.212-4(s), the Unenforceable Clauses provision of 552.212-4(w) takes precedence over any Commercial Supplier Agreement (CSA) incorporated into contract GS-25F-0010M. ## **ON-DEMAND SUBSCRIPTION SERVICES AGREEMENT FOR GSA**

Thanks for using our on-demand subscription services. These terms define the terms and conditions under which you're allowed to use the on-demand subscription services and how we'll treat your account while you're utilizing the on-demand subscription services. If you have any questions about our terms, feel free to [contact us](#). These terms and conditions apply when we provide on-demand services (sometimes referred to as cloud computing services or software as a service) to you. These on-demand services use software that runs within a cloud-based server that is administered by Pitney Bowes or a third party. A software "app" or software client, which is installed within your information technology infrastructure, may be required to interface with the cloud-based server. Such "app" or software client is also covered by these terms.

We'll start with the basics, including a few definitions that should help you understand this agreement. This On-Demand Subscription Services Agreement (this "Agreement") is between you and Pitney Bowes Inc. ("we", "us", and "our"). This Agreement will only apply if the on-demand subscription services identified in your order form (the "Order") are not covered by one or more separate On-Demand Subscription Services Agreements. Your on-demand subscription services may also require one or more Statements of Work (each a "SOW").

The web sites through which you access the on-demand subscription services (each a "Site"; the on-demand subscription services and the Sites are collectively called the "Services") are owned and operated by us or our vendors. Additional product-specific terms applicable to certain of the Services ("Product Terms") are attached as Exhibit A and are incorporated into this Agreement.

### **1. Eligibility**

In order to use the Services, you must provide true, complete and up to date contact information for so long as you access the Services. You won't use the Services in a way that violates any laws or regulations, including any relating to data protection and privacy. We may refuse service or close your account if you fail to comply with this Agreement.

### **2. Use of the Service**

a) As long as you continue to comply with the terms of this Agreement, we grant you a non-exclusive, non-transferable license to access and use the Services for the number of months, and for up to the number of users, transactions, or other volume metrics specified in the Order. If applicable, you may upgrade your plan for additional fees. We are providing the Services to you, and we reserve all rights to the Services not expressly granted to you in this Agreement.

b) You agree that you will use the Services only for business or commercial purposes and not for personal, family or household purposes.

c) You won't use the Services for or make the Services available to any third party. In addition, you agree not to use the Services to send infringing, obscene, threatening or unlawful or tortious material or disrupt other users of the Services. Disruptions include but are not limited to denial of service attempts,

distribution of advertising or chain letters, propagation of computer worms and viruses, or use of the Services to make unauthorized entry to any other device accessible via the Services. For the Services and related software, you will not (i) make derivative works; (ii) sublicense, sell, rent, lease, lend, time-share, disclose, transfer or host the Services, documentation or any other confidential or proprietary information to or for any other parties; (iii) use the Services to modify or reproduce a third party's materials unless you have the legal right to do so; (iv) distribute any part of the Services over any network, including a local area network; or (v) extract any data from the Services and use such data for any purpose other than for your use of the Services.

d) If you are delivered software for on premise installation as part of the Service ("Software") the following additional terms apply: You won't (i) reverse engineer, decompile or disassemble the Software; (ii) make copies of the Software, other than a reasonable number of copies for use for disaster recovery purposes; and (iii) separate the components of the Software, or install and use such components separately and independently of the Software they comprise.

e) If you do not comply with this Section 2, you will be in material breach of this Agreement, and we will have the right to immediately terminate your use of the Services.

### **3. Term and Termination; Suspension**

a) The term of this Agreement begins on the effective date of the Order and will remain in effect for each Service for the duration of the Order or SOW applicable to such Service. Each Order or SOW will be effective as of the date in such Order or SOW and will remain in effect until its expiration or until your account is closed. If this Agreement is terminated, any Order entered into beforehand will, unless terminated under another provision of this Agreement, remain in effect for its entire term and this Agreement will remain in effect for the Order until its termination.

b) Unless the Product Terms state otherwise, you may terminate your account at any time and for any reason by giving thirty days' notice to us.

c) We may at any time without notice: i) refuse to accept or fulfill your Orders or any part of any Orders for the Sites and/or Services; or ii) move, suspend or terminate all or any part of the Sites and/or Services or terminate your account.

d) Once your use of a Service is terminated, (i) we may permanently delete your account and all the data associated with it, in accordance with our records management policies and as permitted by applicable law, (ii) you must immediately stop using the Service and Software, and remove any Software from the computers on which it was installed, (iii) each party will promptly return or destroy all confidential information of the other party; and (iv) your access to the Service will continue through the current billing period for access to the Service (the "Billing Period") for which you have paid in advance, unless you have failed to comply with this Agreement, in which case your access will be immediately revoked. You won't be entitled to a refund from us under any circumstances.

e) Termination of this Agreement will be in addition to and not in lieu of any other legal or equitable remedies available to us.

f) Continued performance. We shall not unilaterally revoke, terminate or suspend any rights granted to you except as allowed by this contract. If we believe that you are to be in breach of this Agreement, we shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while continuing performance as set forth in subparagraph (d) (Disputes).

### **4. Changes**

We may change the Services and any features from time to time, and if such changes are material, we will notify you by sending an email to the last email address you gave to us. If you do not wish to continue using the modified Services, you may terminate your use of the Service, effective the last day of the current Billing Period for which you have paid in advance. We may change any terms of this Agreement by posting revised terms by sending an email to the last email address you gave to us. The new terms will be effective upon execution of an amendment by the Parties and will apply thereafter. If you do not wish to agree to the new terms you must stop using that portion of the Services affected immediately.

## **5. Account and Password**

By registering for the Services, you will be prompted to establish certain passwords and provide other access information to enable you to use the Services. You represent that you have all necessary authority to establish an account with us on behalf of the business. The account name, password and access information is confidential information and should be used solely by you to access your account and use the Services. You are responsible for keeping your account name, password and access information confidential. You will take all reasonable steps to prevent unauthorized access to your account and you will immediately notify us of any unauthorized use of your accounts or any other breach of security. We aren't responsible for any losses due to stolen or hacked passwords.

## **6. Account Disputes**

We don't arbitrate disputes over who owns an account. You won't request access to or information about an account that's not yours. We decide who owns an account based on the information that has been provided to us with respect to the account, and if multiple people or entities are identified, then we will rely on the contact information listed for that account.

## **7. Fees; Payment Terms**

a) You will pay the fees for the use of the Services which are posted on the Sites or described in an Order or SOW, and may be changed from time to time, unless specified as conditions of a subscription type. These fees do not include: (i) any applicable sales, use or other taxes, which will be separately identified on your invoice; (ii) usage-based fees for the Services, which will be separately identified on your invoice, and (iii) charges for any services not contemplated by this Agreement, such as special programming, which may be available upon request and are subject to our then-current rates. Except as provided in an Order or SOW, your subscription for the use of the Services will be billed in advance with the first payment due at the time of registration and with each subsequent payment due on the due date specified in the invoice for the payment. Section 7(a)(i) shall not apply if your agency is tax exempt.

b) We will automatically charge your payment source the cost of your subscription at the beginning of each Billing Period. Please note that we may receive updated billing information regarding your credit card account or other payment source and you consent to us receiving such updates.

## **8. Personal Information**

If any of the Services collects or stores individually identifiable personal information, then we will comply with FAR 52.224-1, 52.224-2 and 52.239-1 (the "Privacy Requirements").

## **9. Trademarks**

**b) WE WON'T BE LIABLE FOR ANY INDIRECT, PUNITIVE, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF PROFIT OR REVENUE, LOST POSTAGE, LOST BUSINESS OPPORTUNITIES, BUSINESS INTERRUPTION OR LOST DATA YOU MAY SUFFER UNDER ANY CIRCUMSTANCES, EVEN IF WE HAVE BEEN ADVISED OF THE POSSIBILITY OF THOSE DAMAGES, OR FOR ANY CLAIM BY ANY OTHER PARTY.**

#### **13. INDEMNITY**

**We shall not be responsible for, and shall not indemnify, defend or hold you harmless from any claims or suits (including reasonable attorneys' fees) against you by a third party based on the breach of this Agreement by you or any user authorized by you. This section 13 will survive any termination of this Agreement or an Order indefinitely.**

#### **14. SERVICE AVAILABILITY; DISCLAIMERS**

a) YOUR ACCESS TO AND USE OF THE SERVICES MAY BE INTERRUPTED FROM TIME TO TIME FOR VARIOUS REASONS, INCLUDING MALFUNCTION OF EQUIPMENT, PERIODIC UPDATING, MAINTENANCE OR REPAIR OF THE SITES, OR OTHER ACTIONS THAT WE MAY ELECT TO TAKE.

b) EXCEPT AS EXPRESSLY STATED IN ANY PRODUCT SPECIFIC TERMS, TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE SERVICES AND THE CONTENT ON THE SITES, INCLUDING ANY THIRD PARTY SERVICE OR DATA, ARE PROVIDED BY US “AS IS” WITHOUT WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ACCURACY, RELIABILITY AND NON-INFRINGEMENT. WE DON’T GUARANTEE THAT THE SERVICES WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT WE WILL CORRECT ALL ERRORS.

#### **15. Third Party Sites and Data**

The Sites and this Agreement may contain links to third party websites, including links to the websites of carriers (“Linked Sites”). The Linked Sites are not under our control and we are not responsible for the contents of any Linked Site, including any link contained in a Linked Site, or any changes or updates to a Linked Site. You should contact the site administrator or webmaster for those Linked Sites if you have any concerns regarding such links or the content located there. If the Services perform an address validation function, license terms applicable to use of the USPS data related to such function are found in Exhibit C and are incorporated in this Agreement by reference.

#### **16. Compliance with Laws**

Each party will comply with all applicable federal, state and local laws, rules and regulations, including export regulations and privacy laws. You will be solely responsible for the content of all data submitted to us in connection with our provision of the Services and will comply with all laws, rules and regulations relating to the use, disclosure and transmission of such data.

#### **17. Assignments**

You may not assign any of your rights under this Agreement to anyone else. We may assign or subcontract our rights to any other individual or entity with your prior approval.

#### **18. U.S. Government Restricted Rights**

If you are an agency of the United States Government, use of the Services by the Government constitutes acknowledgment of our proprietary rights in software contained in the Services, and such software will be: (i) deemed “commercial computer software” or “commercial computer software documentation” and the Government’s rights with respect to such software and documentation are limited by this Agreement, pursuant to FAR § 12.212(a) and/or DFARS § 227.7202-1(a), as applicable, or their successors; and (ii) subject to “RESTRICTED RIGHTS,” as described in FAR52.227-14 and/or DFAR252.227-7013 et seq., as applicable. All charges by any other carrier other than the USPS for the sending of parcels through the Service will be billed directly by the carrier.

### **USPS Regulations**

If you use the Service to print postage or send parcels with the USPS, you must comply with all USPS regulations applicable to the use of the Service. If you: (a) use your account in a fraudulent or unlawful manner; (b) do not use your account during a consecutive twelve month period; (c) fail to exercise sufficient control over your account to prevent fraudulent or unlawful use; (d) cause or allow the account to be utilized outside the United States without the prior written authorization of the Manager of Retail Systems and Equipment, U.S. Postal Service, Washington

DC 20260; or (e) otherwise fail to abide by the provisions of postal regulations and these terms regarding care and use of your account, then your account may be cancelled. You acknowledge and agree that your account will be closed and your ability to use the Service terminated by us for any of the reasons described above or upon demand by the USPS. You agree that any use of the Service to fraudulently deprive the USPS of revenue can cause you to be subject to civil and criminal penalties applicable to fraud and/or false claims against the United States. The submission of a false, fictitious, or fraudulent statement can result in imprisonment for up to five (5) years and a fine of up to \$10,000 (18 U.S.C. 1001). In addition, a civil penalty of up to \$5,000 and an additional assessment of twice the amount falsely claimed may be imposed (31 U.S.C. 3802). The mailing of matter bearing a fraudulent imprint is an example of a violation of these statutes. The USPS has granted us the license as a PC postage vendor to create a shared postage evidencing system that users will use to dispense postage. As a user of the Service, you must understand and acknowledge that authorization to use the Service is granted by the USPS. You accept responsibility for control and use of the Service and agree to abide by all rules and regulations governing its use. The USPS may deny use of or revoke authorization to use a postage evidencing system in the event of (i) failure to comply with rules and regulations; (ii) submission of false or fictitious information; (iii) entering of a series of unpaid or short-paid mail pieces and/or packages in the mail stream; (iv) use of the system for any illegal scheme or enterprise; (v) use of the system outside the customs territory of the United States; or (vi) possession of a decertified system. You must make the postage evidencing system and transaction records available and surrender the system to us, the USPS, or its agent when notified to do so.

### **Carrier Requirements**

If you use the Service to send parcels with a carrier other than the USPS, you must comply with the requirements of that carrier. The terms governing the use of FedEx to send parcels are located at <https://www.fedex.com/> and the terms governing the use of United Parcel Service are located at <https://www.ups.com/>.

## Use of the Service

In order to use the Service, you must complete the registration process. You may use the Service on behalf of third parties. You may permit your third party contractors to access the Service solely on your behalf and for your benefit so long as the contractor agrees to fully comply with all terms and conditions applicable to the Service. We are not responsible for your contractor's compliance with these terms and conditions or any breach of these terms by your contractors. All rights granted to any contractor under these terms terminate immediately upon (i) conclusion of the services provided by the contractor to you that gives rise to such right or (ii) termination of your account or your use of the Services.

## Hardware

As part of your subscription, we'll lease to you equipment consisting of a scale and a label printer (the "Equipment"). **THE EQUIPMENT IS PROVIDED "AS IS" WITHOUT WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR FREEDOM FROM INTERFERENCE OR INFRINGEMENT. YOU BEAR THE ENTIRE RISK OF LOSS TO THE EQUIPMENT FROM THE DATE OF SHIPMENT BY US TO YOU. WE ARE NOT LIABLE FOR ANY LOSS, DAMAGE (INCLUDING INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES) OR EXPENSE CAUSED DIRECTLY OR INDIRECTLY BY THE EQUIPMENT. ALL WARRANTIES, IF ANY, WITH RESPECT TO THE EQUIPMENT ARE MADE BY THE MANUFACTURER OF THE EQUIPMENT.**

## Term and Termination

You are leasing the Equipment for the following term (the "Lease Term"): (i) two years if you're only leasing the Equipment; and (ii) the number of months stated on your Order if you're leasing equipment in addition to the Equipment. Except for any termination by you under this section or under Section 4 (Changes) of the Agreement: (i) you may not cancel the lease for any reason; and (ii) all payment obligations under these terms and the Agreement are unconditional. At the end of the Lease Term, your use of the Service will convert to a month to month service. If we make changes to the Agreement that are materially adverse to you, you may terminate your account and the lease of the Equipment by giving notice to us of your election to terminate within thirty days after we gave you notice of any material changes.

## Servicing of Hardware

If the Equipment ceases to function properly during the Lease Term, we'll replace the Equipment by promptly shipping to you, at no additional cost, new, reconditioned or remanufactured equipment of the same or a functionally equivalent model; however, we won't replace the Equipment if we determine that the failure of the Equipment resulted from your negligence or misuse of the Equipment or from an accident.

## Fees

The fees for the use of the Service will be as agreed to at the time you register for the Service

and will remain in effect during the Term. These fees do not include: (i) any applicable sales, use or other taxes, which will be invoiced separately by us; and (ii) the postage, shipping or other charges imposed by the carrier for printing postage or labels and sending letters or parcels through the United States Postal Service ("USPS") or another carrier. Your subscription for the use of the Service together with the payments for the lease of the Equipment will be billed quarterly in advance with the first payment due at the time of registration and with each subsequent payment due on the due date specified in the invoice for the payment. Subsection (i) of this Fees section shall not apply if your agency is tax exempt.

### **Default and Remedies**

In the event you fail to comply with the Agreement or these terms and such failure continues for 30 days after we give you notice of such failure, we may: (i) terminate the Agreement, the lease of the Equipment and your account; (ii) require immediate payment of all amounts payable under the Agreement and these terms during the term of your use of the Services, including the fees provided for in the Fees section above and all amounts payable for the lease of the Equipment during the Lease Term; (iii) assess a late charge for each month that your payment is late; and (iv) exercise any rights and pursue any remedies provided by law.

### **Credit Cards – Accounts with The Pitney Bowes Bank, Inc.**

Unless (i) you have established and maintain a Reserve Account with The Pitney Bowes Bank, Inc. (the "Bank") and (ii) you have available funds in a Reserve Account, then as long as you're utilizing the Service or have an outstanding balance with us, you'll provide us with valid credit card information. You'll replace the information for any credit card that expires with information for a different valid credit card. All charges by the USPS for postage or for the sending of parcels through the Service, including, without limitation, any charges imposed by the USPS for parcels for which the charges paid by you were insufficient (all such charges are called "Shipping Charges") and all fees for the use of the Service will be charged to your Reserve Account, if any. In the event that (i) you do not maintain a Reserve Account with the Bank or (ii) you do not have available funds in a Reserve Account, all such fees and charges will be charged to your credit card together with a convenience fee of 3 ½% of the amount of all Shipping Charges and you authorize us to do so. All charges by any other carrier other than the USPS for the sending of parcels through the Service will be billed directly by the carrier.

### **License Terms for use of the USPS Data**

The following terms apply solely to your use of the United States Postal Service (“USPS”) data that is provided under license from Pitney Bowes Inc. (“PBI”) and its licensors. These additional terms amend the Agreement between PBI and you. Absent a signed Agreement, your use of the USPS Data constitutes acceptance of the terms set forth herein. Capitalized terms used herein and not otherwise defined have the meaning assigned to them in the Agreement. The terms and conditions set forth below supersede any conflicting terms and conditions in the Agreement.

a) The delivery point validation (the “DPV® Product”), LACSLink® and SuiteLink® and any updates, materials, know-how, computer code, and technical information (hereinafter collectively, the “USPS Data”) are confidential and proprietary to the USPS and shall remain the property of USPS. You shall maintain the USPS Data in strict confidence in accordance with the terms of the Agreement.

b) You are prohibited from: (i) modifying, improving, correcting, or enhancing the USPS Data in any way; (ii) combining the USPS Data, or any portion thereof, with other information, data, software or the like to create any derivative product of the USPS Data; or (iii) make or reduce to practice any invention, idea or concept, whether patentable or not, on or relating to the USPS Data or any portion thereof without the prior written approval of USPS.

c) You shall not: (i) use the USPS Data or any of its technology to compile a list of delivery points not already in your possession or to otherwise create a mailing list or portion thereof; (ii) rent, sell, distribute or otherwise provide any of your proprietary address lists, service products, or other system of records that contain address attributes derived or updated through the use of the USPS Data; or (iii) in addition to the foregoing, use SuiteLink for any purposes other than for improving business delivery addresses in multi-occupation buildings for use on letters, flats, postcards, packages, leaflets, magazines, advertisements, books and other printed material, and any other item that will be delivered by USPS.

d) You are not permitted to export the USPS Data outside the United States or its territories.

e) You agree and acknowledge that USPS retains all right, title and interest in the USPS Data, and all trademarks, trade dress, service marks, trade secrets, copyrights, patents and other intellectual property rights related thereto.

f) The USPS shall be a third party beneficiary with respect to the license to the USPS Data granted hereunder and thereby shall have the right to directly enforce against you the restrictions with respect to the USPS Data set out herein.

g) NEITHER PBI AND ITS LICENSORS NOR THE USPS SHALL BE LIABLE FOR ANY DESIGN, PERFORMANCE OR OTHER FAULT OR INADEQUACY OF THE USPS DATA. This disclaimer is in addition to any other disclaimers of warranties set out in the Agreement.

h) To satisfy USPS requirements THE DPV PRODUCT SHALL CONTAIN DISABLING DEVICE(S) DESIGNED TO PREVENT USE NOT PERMITTED BY THIS LICENSE. PBI shall document all disabling devices to you. In the event you encounter the “Stop DPV Processing” function, you shall contact PBI in order to restore DPV

processing capability. PBI or its licensor shall immediately notify USPS of your name and address. At the sole discretion of the USPS, PBI may not have the right to restore your DPV processing capability.

i) Notwithstanding any provision set out in the Agreement regarding any limitation of liability, you shall promptly reimburse PBI to the full amount of any damages or other claims that PBI is required to pay, and shall otherwise hold PBI harmless from demands, costs and damages paid to third parties, which are a result of your failure to comply with any of the obligations set out in these provisions.

j) Notwithstanding anything to the contrary elsewhere in the Agreement or any applicable order, the USPS Data is not licensed on a perpetual basis, and may only be licensed for the limited term set out in the applicable order. You may elect to renew your term license to the USPS Data to the extent PBI continues to offer a license to the USPS Data, for an additional term upon payment of the applicable renewal fees. PBI shall have the right to terminate your license to the USPS Data if (i) the USPS cancels PBI's or its licensors' right to distribute the USPS Data, (ii) you are in breach of any of the foregoing provisions; or (iii) the Agreement or Order is terminated.
