About CASO

CASO offers comprehensive document imaging services, document management systems and micrographic services. CASO was founded in 1994 and has offices in San Antonio, Texas and New York City to serve regional and national clients. Our Certified Document Imaging Architects help clients implement systems for the capture, storage, security, recovery and retrieval of critical documents and content. Our national imaging team converts paper, maps, drawings, microfilm and fiche into images, storing them in the electronic document system...at your location or ours.
