## Pricing Notes for Parcel Delivery via USPS Parcel Select Mail

### THESE NOTES ARE AN INTEGRAL PART OF THE PRICING FOR "Parcel Delivery via USPS Parcel Select Mail"

1. These prices include all TMSi services described in the Technical Proposal and postage.  
Prices are based on USPS rates in effect January 26, 2014.
2. TMSi's pricing for this service is based on discounted USPS pricing for Priority Mail.
3. If USPS raises applicable rates at any time during the contract term, these prices will be increased by the exact amount of any applicable USPS postage rate increase, subject to GSA approval via a contract modification.
4. An additional \$.50 per package fee will apply to parcels that require extra processing costs (i.e. hand-keying of zip codes, weighting, or additional over-labeling).
5. DELIVERY CONFIRMATION: Confirmation of delivery to addressee by USPS is available for an additional \$0.00 per parcel on Parcel Select (1-27-2013). These costs are based on USPS Electronic Delivery Confirmation Fee and this price will be increased by the exact amount of any applicable USPS rate increase.
6. Weight may be based on Balloon Weight instead of actual weight based on USPS Balloon specifications.
7. If the parcel is oversized based on USPS specifications, the Oversize rate will be charged.
8. These rates are based on a minimum weekly order requirement of 42,000 total parcels for all service types, or agreed volume, and on any applicable USPS volume requirements for rate class. If the minimum order requirement or volume agreed to by the customer is not achieved, this service and/or the above rates may not be available.

## Pricing Notes for Parcel Delivery via USPS Priority Mail Express (formerly Express Mail)

**THESE NOTES ARE AN INTEGRAL PART OF THE PRICING FOR "Parcel Delivery via USPS Express Mail"**

1. These prices include all TMSi services described in the Technical Proposal and postage.  
Prices are based on USPS rates in effect January 26, 2014.
2. If USPS raises applicable rates at any time during the contract term, these prices will be increased by the exact amount of any applicable USPS postage rate increase, subject to GSA approval via a contract modification.
3. These Express Mail prices may not be cost effective for larger mailings consisting of parcels over 1 pound.
4. An additional \$.50 per package fee will apply to parcels that require extra processing costs (i.e. hand-keying of zip codes, weighting, or additional over-labeling).
9. These rates are based on a minimum weekly order requirement of 42,000 total parcels for all service types, or agreed volume, and on any applicable USPS volume requirements for rate class. If the minimum order requirement or volume agreed to by the customer is not achieved, this service and/or the above rates may not be available.

## Handling Fees for Alternate Parcel Delivery Method

### General:

- These fees are added only when the client requests the respective service. The request for these services can only occur if a specific "Service Code" is placed in the appropriate position in the customer's barcode on the parcel.

### Signature Confirmation:

- USPS confirmation of delivery to addressee with Signature is available for an additional \$3.10 per parcel (effective 1-26-2014). This service is only available for USPS classes of mail that permit it. This cost is based on USPS Electronic Signature Confirmation Fee and this price will be increased by the exact amount of any applicable USPS rate increase (see "General" above).
