## PAGE SERVICES

PAP provides maintenance services and repairs to quality copy duplication equipment, digital copiers, and digital color devices, facsimile, scanning, plotting, and printing for all your office needs.

PAP is among today's leaders in the document handling field with over 20 years of experience and a diverse staff enable to place PAP well ahead of the competition. Our field and technical experience allows us to be effective on every project. PAP utilizes cost-effective applications on every project we are involved in. Even the most routine projects receive the utmost attention. What separates PAP from the other document management service firms is the ability to undertake complex document projects, apply innovative document management techniques and provide solutions with a service ethic that is second to none. PAP will deliver results, and with over 5,000 completed projects, PAP has proven it can produce.

PAP's client strategy is to help organizations better manage the flow of information and ideas. In general terms PAP help the customers manage the life cycle of documents through more efficient use of systems, software and solutions. PAP provide document input, out and management. Since we have a local presence we are committed to be faster, simpler and easier to do business with.
