GSA Contract Number: GS28F0036N
V.E.LLC dba Venture Enterprises

Contract Period: July 29, 2013 – July 28, 2018

The SIN that is awarded under this contract:

SIN 71 1 Packaged Office and Conference Room Furniture

Modification No. 8
Contract No. GS-28F-0036N
Venture Enterprises

The following discount and terms and conditions have been accepted for services being offered to the Government:

- **Installation Services:** Installation services will be charged a rate of 12% of the net price of the purchase order for all installation projects up to \$500. Installation project in excess of \$500 will be negotiated on a case-by-case basis.
- **Staging:** \$4.50 per 100 lbs in and \$4.50 out charge
- **Warehousing:** The first 15 days are free. Thereafter, \$4.75 per square foot per month will be charged with a \$200 minimum.
- **Site Preparation:** Will not exceed 14% of the total order value or \$55 per square foot.
- **Ancillary Services:** Will not exceed 15% of the total order value or \$55 per square foot.
- **Project Management Services (PM):** Will not exceed 15% of the net price of the purchase order or \$65.00 per hour for all projects requiring PM. Project in excess of \$500 will be negotiated on a case-by-case basis.

Venture Enterprises, the contract holder, will pay the IFF for all the subcontractors including as part of this package office furniture contract.

Venture Enterprises has been approved by GSA to add a Dealer to the GSA contract schedule. Venture-by-Design has been approved under the flow down requirements of the Ts&Cs of the contract holder.

Systems, LEED is a registered Trademark Of the US Green Building Council.

Designed with an Italian sensibility and American ingenuity, in collaboration with Milan-based Design Continuum Italian Made with no PVC components. Recycled content is above 45%. Strict water stewardship guidelines have been followed. Green-E certified wind renewable energy certificates offset 100% of the energy used to assemble Acuity chairs. We will take back, break down, recycle, and/or reclaim the chairs at the end of their useful life. We follow fair labor practices as well as a range of other socially responsible initiatives and benchmarks. Acuity has been awarded SCS Indoor Advantage™ Gold Certification. We take complete responsibility for what we make and how we make it. Designed and manufactured to have minimal impact on both the physical and social environment, Acuity has been Cradle to Cradle Certified CM by MBDC, the company that pioneered the concept.

#19

#19 began with you: how you sit, move, work, adjust, and recline. The chair's purpose is your purpose. It moves naturally with you, keeps you supported in every position, and makes you comfortable throughout the day.

You shaped its design.

#19 is more than ergonomic. It regulates temperature, enhances circulation, eliminates muscle tension, and distributes pressure evenly.

A synchronizing link, along with several other components, creates an instant center of motion. The perfectly balanced recline needs no tension adjustment and can support infinite tilt angles, while allowing the user to keep the same sight line.

Tria

Foam, Techno gel, and Tria compliant upholstery create a breathable seat that distributes pressure evenly and minimizes shear stress. Air is allowed to circulate which regulates temperature.

A sliding component increases Fabric tension and firmness for Lumbar support. The wide adjustment

Range accommodates multiple body Types.

The back material is a specially Designed weave that regulates Temperature. Framed by a pliable carrier

it provides contoured, ergonomic Back support.

Persona family

Meet the family. Work styles come in different varieties. That's why each member of the Persona family is good at something different. From personal towers to overhead cabinets to pedestals, they work great individually and even better as a team.

essentials

Essentials storage features convenience, capacity, and durability with features like ball-bearing drawer suspension and full-steel construction. Laterals, pedestals, personal files, bookcases, overheads, and personal towers are designed to cover the most practical storage needs. Essentials storage works with all systems or stands alone in shared storage environments.

- Telescoping ball-bearing slides allow easy drawer movement.
- Storage units can be keyed alike for convenient access.
- Interlock system prohibits more than one drawer or shelf from opening at a time.
- Three pull styles and a variety of paint finishes available.
