Since 1977 The Refinishing Touch has become a world leader in providing on-site environmentally safe, furniture re-finishing and re-upholstery to private and public organizations including; government, hospitality and academia. The Refinishing Touch end-to-end service includes custom design, and finishing of outdated furniture and fittings. Through its Touch Textiles division, it provides eco-friendly indoor and outdoor fabrics that complement its portfolio of materials, such as granite and quartz, as well as a range of furniture hardware fixtures in a range of finishes to offer a one-stop service to its clients.

The Refinishing Touch has successfully recycled over 1.5 million rooms of furniture worldwide, saving approximately 2 million trees worth of hardwood being lost into landfills. The Refinishing Touch is the most cost effective and environmentally sustainable way to renew businesses existing assets at savings of up to 80% versus buying new furniture.
