Company Overview

Project Solutions Group, Inc. (PSG) is a comprehensive Project Management Firm providing services globally to public and private sector clients. Our company offers complete life-cycle project management services and professional guidance and support. We manage projects from program development, to design and construction, through occupancy and operations.

PSG was established in 2002 and is headquartered in Chantilly, Virginia. Founder David Zorger has 38 years of experience in real estate development, general contracting, tenant representation, engineering design, and contracting. This experience provided the foundation for PSG’s evolution as a full service program management firm.

PSG’s formation was based on the aim of providing Project Management Services unique to the real estate industry. Our objective is to bridge the communications gap and provide a level of service that is client-focused and responsive to customer needs.

PSG creates personalized relationships between our clients and our staff that foster service, value, speed and creativity in the real estate and built environment. We employ forward-thinking processes to identify issues that may conflict with client goals. This enables PSG to develop solutions based on sound risk management practices.

PSG has overseen more than 5 million square feet of both new construction and interior renovation projects for various types of buildings.

We have a strong history of documented client satisfaction and project success that reflects the integrity of our organization.

PSG’s project management approach involves listening intently to our clients’ needs and responding with a distinctive value-driven strategy designed to meet their goals and objectives.

PSG’s mission is to exceed expectations, create value, and deliver world class solutions. We will foster a collaborative, learning culture to benefit our clients, co-workers, and teammates.
PSG Services

- Project & Program Management
- Design & Construction Management
- Relocation Management
- Facility Management

PSG Philosophy and Objectives

Unparalleled Service and Dedication
PSG’s staff is focused entirely on your best interests.

Personalized Services on an International Platform
PSG is committed to providing our clients with customized services regardless of their location.

The Whole is Greater Than the Sum of its Parts
PSG assembles a team of individuals specifically qualified for your project.

It’s Much More Than On Time and Within Budget
Realizing your project goals and objectives is PSG’s passion.
PSG Differentiators

PSG prides itself on the ability of our company to respond quickly and effectively in addressing our client’s changing real estate needs. Our expertise is an invaluable resource, but our emphasis on customer service is what keeps our clients coming back to PSG repeatedly.

The basis of our service delivery methodology and mentality sets PSG apart from other Project Management Firms because of our:

- **High Level of Involvement** - Our staff becomes highly involved in each project to actively prevent and resolve issues.

- **Principal Participation** - A PSG Principal is assigned to each project to support our project team, provide quality assurance and furnish technical expertise and guidance.

- **Experience** - PSG has overseen more than 20 million square feet of managed projects. We utilize this extensive experience and collective knowledge base to identify, solve and/or eliminate potential issues.

- **Concept of Team** - PSG has a team with documented strengths in Project Management, and we work in a cooperative, team oriented manner.

- **Importance of Communication** - PSG’s team makes extensive use of web-based project collaboration programs to enable all team members to work more cohesively and effectively.

- **Planning** - PSG’s emphasis on planning begins with developing, along with the client, a Goals and Objectives Document for the assignment. From there we determine the Master Project Schedule and Budget. This “road map” guides the Project Team through the execution of the assignments and the respective tasks.

- **Documentation** - PSG has developed an extensive library of over 100 standard documents and templates that thoroughly address all project requirements. We oversee and manage all project documentation so decisions, budgets, schedules, and actions are easily available and clearly understood.

- **Commitment to Excellence** - To PSG, excellence is defined by exceeding our clients’ expectations. We provide creative and cost effective strategies to challenging issues. We perform within aggressive development schedules, providing value engineering expertise and technical skills which result in cost effective, efficient, and durable solutions.
Experience and Expertise

PSG has vast experience managing a wide variety of project and construction management assignments. We approach each and every project with commitment and enthusiasm.

Our experience with Federal Agencies represents our knowledge, expertise and high caliber of work in managing Federal, Secure, Mission Critical, Portfolio (Blanket Purchase Agreements), Office Interiors and Relocation projects.
