Section 1. Comprehensive Furniture Management Services Offered

ISI Professional Services (ISI) offers a full range of comprehensive furniture management and project planning services. ISI provides technical resources to implement projects and tasks relating to infrastructure design and reconfiguration.

ISI's turnkey solutions satisfy specific task requirements for each deliverable through a Customer Agencies' Statement of Work (SOW), and ensure that all products are delivered to the job site in an acceptable and a fully operational condition within the timeframes specified. The deliveries and installations will be coordinated and prioritized with all required parties, and ISI will prepare and maintain all records and documentation appropriate for contract administration and assist in contract dispute/resolution issues.

These services provided under this contract are:

- **Project Management**
- **Reconfiguration/Relocation Management**
- **Furniture Design/Layout**

1.1. Project Management (Furniture and Furnishings-Related)

Project Management services will provide a Customer Agency with comprehensive support for the design, reconfiguration, relocation, increasing, or downsizing of office spaces and similar facilities. Feasibility shall be determined by space forecasting and building analyses.

- Develop project management plan and implementation strategies, which identify all significant issues related to the project.
- Partner with Customer Agency and manage interior design process to ensure it meets their requirements.
- Develop and manage the phasing of the reconfiguration project.
- Assist in preparing the budget requirements for the furnishing and equipment acquisition, delivery, and installation.
- Manage logistics of interior renovations and furniture installation.
- Oversee all deliveries and installations to ensure adherence to scope of work, installation standards and accurate placement of furniture according to plan.

1.2. Reconfiguration/Relocation Management (Furniture and Furnishings -Related)

Reconfiguration and Relocation services will provide all the services required for the reorganization and consolidation of existing facilities, and/or opening new facilities. The services may include, but are not limited to:

- Develop work and relocation plans and schedules.
- Coordinate relocation plans and schedules with other crafts and trades persons. These services will be provided and completed with maximum cost efficiency and minimum

business disruption.

- Provide temporary and long-term furnishings warehousing, and ensure proper accountability of items in storage.

1.3. Furniture Design/Layout

Furniture Design/Layout services will provide Customer Agencies with complete interior design, furniture consultation, and/or product specifications. The services may include, but are not limited to:

- Evaluate the Customer Agency's overall office space and furniture requirements, existing inventory, space standards, functional office environment, workflow, and special space or electrical/data requirements.
- Formulate design solutions.
- Develop detailed plan in an electronic format (i.e., AutoCAD, Microsoft Access, etc.) based on the service provider's evaluation, proposed design solutions, and the Customer Agency's requirements. The schematic space plan shall be produced in sufficient detail to be reviewed for approval by the Customer Agency and its sub-components. ISI will produce drawings and other documentation of the approved plan containing sufficient detail of design intent for use by all other parties, such as electricians, furniture installers, etc.

Section 2. ISI Labor Categories and Descriptions

2.1. Project Manager/Team Leader

Minimum/General Experience:

- Minimum of four (4) years experience in related field
- Must have the ability to lead a project or subproject team to ensure successful implementation of the project

Functional Responsibility:

- Acts as the principal employee (in charge of individual task orders) responsible to the Principal for the successful completion of all work required by task orders
- Can be responsible for more than one task order at any given time

Minimum Education:

BA/BS degree in related field, specialized training or equivalent work experience

2.2. Project Engineer

Minimum/General Experience:

- Five (5) years experience as an engineer
- Proficiency in DesignCAD and AutoCAD 13 or 14
- Experience in the development of commercial/retail projects

Functional Responsibility:

- Acts as the professional advisory person assigned to task orders with the responsibility of design

review

- Is the direct advisor on the technical management of the task assignments
- Reviews each deliverable dealing with the telecommunication, electrical design and technical requirement
- Responsible for the engineering design, supervising the project in plan review, space analysis and all capital improvements

Minimum Education:

- BA in Architecture/Engineering

2.3. Contract Specialist/Team Leader

Minimum/General Experience:

- Minimum of five (5) years of documented experience in contract administration
- Experience in managing large/complex solicitations and contracts, including proposing and negotiating change orders
- Experience in dispute resolution and claims prosecution
- Knowledge of Government procurement procedures

Section 4. Information For Ordering Offices

4.1. How to Order Services

ISI recognizes the need to make this schedule as easy to use as possible in order for Government managers to benefit from the services offered. In that regard, ISI recommends that the Government user clearly specify the work to be done or present a clear statement of the requirements. Both the work requirement and your intentions to satisfy the requirement using this services schedule should be reviewed with your contracting organization.

4.1.1. Ordering Mechanisms

Agencies may use written orders, EDI orders, credit card orders, blanket purchase orders, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Orders shall not extend beyond the end of the contract period.

4.1.2. Initiating and Finalizing Orders

With the authorization of your contracting organization, a statement of work should be faxed to ISI at the fax number shown on the cover. Upon receipt of the requirement, an initial consultation meeting will be scheduled to ensure that ISI understands the requirement and that it can be satisfied under the schedule.

ISI will provide the government with a technical proposal, work plan, and price proposal to satisfy the requirement. Project management plans shall be reviewed by the COTR, who has the right to approve or disapprove them. ISI must satisfy the requirements of the Government for approval.

If agreement is reached in a timely manner on services to be performed, a finalized task order may be executed. The firm fixed price for task orders shall be based on fixed hourly rates, the negotiated level of effort for each discipline, deliverables, and all other terms agreed upon.

Task orders are finalized when signed by the COR and the ISI. ISI will sign before the COR, so that the task order is ready for execution upon presentation to the COR. No work shall be performed on an individual task order until it is signed by both ISI and the COR.

Upon review and approval of ISI's proposal, the Government will issue, via the appropriate contracting office, a task order and Notice to Proceed.

4.1.3. Invoices and Payment

Invoices for services shall be submitted by the contractor as soon as possible after completion of the work. Payment under blanket purchase orders will be made quarterly or monthly, except where cash payment procedures are used. Invoices shall be submitted separately to each Government office ordering services under the contract. PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE

4.1.4. Travel and Lodging

The hourly labor rates for services do not include the cost of travel and lodging for personnel. These costs will be billed at government per diem rates.

4.2. Customer Information

Table of SINS: 712-1/Project Management (Furniture/Furnishings-Related) (see page 1)
712-3/Reconfiguration/Relocation Management (Furniture/Furnishings-Related) (see page 1)
