Labor Categories, Duties & Responsibilities, and Education Levels

Each position description is only meant to be a representative summary of the major responsibilities and accountability performed by the incumbent of each position. The incumbent may be requested to perform position-related tasks other than those stated in each description.

Senior Project Manager

1. Accountable for operational, strategic and transactional interface with Government customer.
2. Serves as primary contact, communicates and partners with customer on all issues related to contract, operations and services. Demonstrated ability to maintain a high level of customer confidence and satisfaction.
3. Demonstrates the ability to effectively work in a dynamic quick changing environment where personal flexibility and change management skills are crucial.
4. Develops, implements and monitors Office relocation best practices.
5. Develops proposals, including work plans, schedules, resources, and costs.
6. Accountable for delivering services safely, on time, and at or below customer's approved cost.
7. Participates, schedules and facilitates move/project meetings with customer and other service providers.
8. Ensures resources (human, equipment, and materials) are optimized to meet customer's requirements.
9. Synchronizes schedules and coordinates with other service providers to effectively maintain service timeline.
10. Must be continually available via mobile communication device.
11. Participates in large move/project quality control surveys and other quality control surveys as requested by customer. Accountable for completion of all post move deliverables.
12. Participates in large move/project close out meetings as requested.

Supervisor (21030 Material Coordinator)

1. Occupies the role between the Project Manager or Client's representative and our operational employees.
2. Responsible for supervision of the move crew at the origin or destination location of the move.
3. Oversees his subordinates to ensure production goals are achieved on time within acceptable levels of quality, costs and safety.
4. Fry-Wagner's Supervisor's focus is on orchestrating and controlling work rather than directly performing the work.

Driver (31364 Tractor Trailer Driver)

1. Is qualified in accordance with Federal Motor Carrier Safety Regulations (FMCSR) to operate assigned vehicles in local, intrastate and interstate moves.
2. Oversees the vehicle loading process and builds a load using own good judgment in order to safely transport shipment and avoid injuries and accidents.
3. Completes accurate documentation.
4. Completes and passes all Federal Motor Carrier Safety Regulations requirements for qualification to operate assigned vehicle.
5. Maintains clean driving record and operates legally at all times with the knowledge that citations (professionally or off duty) affect qualification status and may impair the ability to work.

6. Performs safety inspections as required by Federal Motor Carrier Safety Regulations and reports defects in prescribed manner.
7. Where applicable maintains Driver's Daily Log in accordance with Federal Motor Carrier Safety Regulations.
8. Inspects truck and keeps it in a safe and operable condition.
9. Possesses ability to interact effectively with the public/customers and maintain a positive can-do, service oriented attitude.
10. Flexible to changing routines in order to accomplish the common goals of the organization.
11. Possesses knowledge of packing and loading techniques.
12. Possesses valid operator's license and is subject to pre-employment and random drug and alcohol testing.

Mover/Shipping Packer (21110)

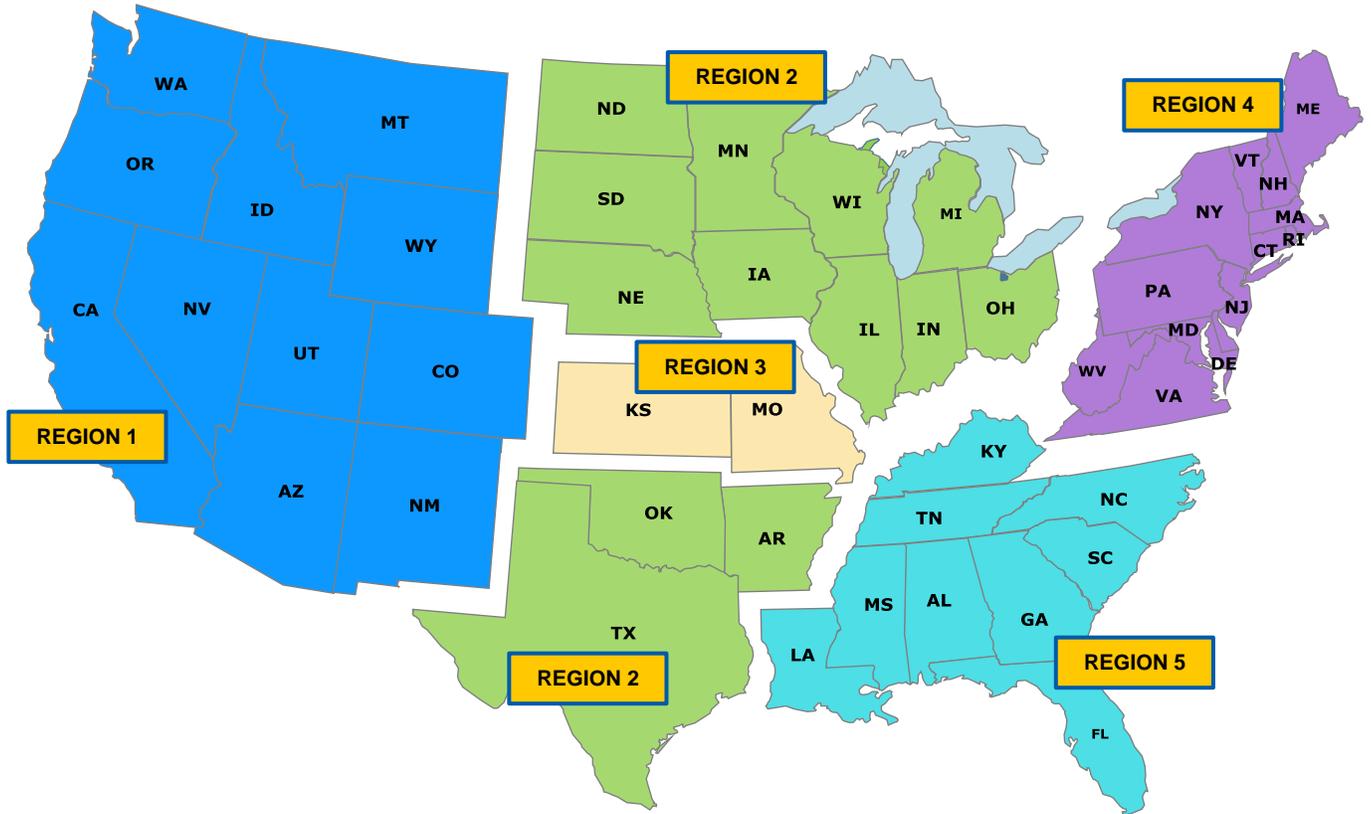

1. Prepares finished products for shipment or storage by placing them in shipping containers. The specific operations performed being dependent upon the type, size, and number of units to be packed, the type of container employed, and method of shipment.
2. Work requires the placing of items in shipping containers.
3. Knowledge of various items of stock in order to verify content.
4. Selection of appropriate type and size of container.
5. Inserting enclosures in container.
6. Using excelsior or other material to prevent breakage or damage.
7. Closing and sealing container and applying labels or entering identifying data on container.
8. Capacity to uphold the proper quality packaging requirements in a safe and organized manner.
9. Ensure quality checks of product before being packaged.
10. Proper packaging of all products according to specification sheet and/or quality docket.
11. Housekeeping of packing station and line area.
12. Maintain all safety policies and guide lines.
13. Assist operator whenever needed in start up or shut down of the line.
14. Competence in use of printer equipment for labeling.
15. Possess ability to keep up with machine output production.
16. Must communicate with operators and leaders.

Installer (21050)

1. Assists the Project Manager.
2. Semi-skilled laborer that uncrates, assembles, installs, disassembles reconfigures and inventories all types of commercial furniture.
3. Ensures furniture and office components are assembled within an adequate time frame and are within acceptable levels of quality.
4. Visually inspects materials and merchandise and facilitate all needed documentation.
