SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Supply Schedules Program. To enhance Small Business Participation, SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micro-purchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three GSA schedule contractors or consider reasonably available information by using the GSA Advantage! online shopping service (www.fss.gsa.gov). The catalogs/pricelists, GSA Advantage! and the Federal Supply Service Home Page (www.fss.gsa.gov) contains information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, women-owned small, veteran-owned small, and service-disabled veteran-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micro-purchase threshold, customers are to give preference to small business concerns when two or more items of the same delivered price will satisfy the requirement(s).

CUSTOMER INFORMATION

1. BSE Logistics is a Small Disadvantaged Business / Minority Owned Business.
   1a. The SIN awarded under this GSA contract number is SIN 853-8 Office Relocation.

BSE Logistics Corporate Review

Background/Capabilities

Founded in 1997 as Best Shipping Ever Inc., we have been doing business as BSE Logistics for 20 years at our headquarters in New Jersey. We have been a dedicated leader in commercial moving of household goods and office relocations for our domestic and international customers. Dedication to our customer’s needs and satisfaction has earned us a great rapport with our clients. BSE Logistics integrates an array of project managers, drivers, movers, and warehouse personnel into a team of service experts that meets our customer’s specific requirements. **Our goal is to eliminate your operational downtime, minimize disruption, and reduce overall relocation costs.**

BSE Logistics employs twelve employees who have a combined experience of over 100 years in logistics, office relocation, and storage. We have learned over the years that teamwork and communications are our most important tools to ensure that we maintain our high level of customer satisfaction. As a result, we also have and maintained our good working relationships with multiple partners throughout the United States that help us achieve our goals of providing a proven and customized solution for our clients. We are capable of providing all resources including planning and managing your move, furniture and related services, artwork, high density filing, storage, and third party logistics (3PL) support to meet your specific needs.
BSE Logistics employees, the soul of the company, are a team of dedicated professionals of diverse backgrounds that share a passion to have a positive and immediate impact on our client’s efficiency and productivity. We instill in our employees the value of accomplishing objectives, achieving last results, and developing new capabilities that help them meet and exceed their missions and goals. Our success is largely based on our corporate culture of personal responsibility and accountability. Each individual work hard every day to deliver unparalleled services and operate as extension of our client’s enterprises.

It is our passion to make sure every move, no matter how big or small, is completed to our client’s expectations. We treat every client like family because we know how important is when dealing with something as important as office furniture and documents. We have directed complex projects involving one floor, one building, or a company/agency from point A to point B. We plan every detail ahead of so there are no surprises with relocation and can quickly respond to any event disruptions. We focus on safety, protection, and on-time delivery. The items you see before its delivery is what you’ll see on delivery day.

During our years of service, we have accumulated resources to help perform the services we provide. We have three warehouses to provide storage: one 80,000 square feet in New Jersey and two 60,000 square feet in California. We also have two straight trucks and one pack van for moving household goods and a quality team of qualified moving professionals for office relocation. We have a monitoring program to ensure that any equipment taken to a job site is in excellent working conditions. However, if something does break, we carry repair parts with us on our trucks. Our trucks are also under a maintenance program to ensure that they are in compliance with federal and state regulations. For additional resources, we have maintained good business relationships with other domestic and international partners that can provide transportation depending on the size of the project.

Choosing BSE Logistics as your contractor will provide the GSA with a willing and able partner to provide quality service to the various federal agencies in the United States. Being in this industry for 20 years, BSE Logistics has developed responsive and efficient techniques to make any move smooth, easy, and comfortable for our customers.

LABOR CATEGORY DESCRIPTIONS

SIN 653-8 Office Relocation

DEFINITIONS OF LABOR CATEGORIES

Senior Project Manager
General Experience: The senior project manager must have at least 20 years of experience, of which 10 must be specialized as a subject matter expert in the related field.
Functional Responsibility: The senior project manager will be responsible for task orders issued against the contract in oversight capacity. He or she is responsible for all transportation and logistics management functions. The senior project manager will define project scope and provide input on cost estimates to support move management and office relocation services.

Education: BS/BA or MS/MA

**Project Manager**

**General Experience:** The project manager must have at least 8 years of experience, of which 4 must be specialized in transportation, logistics, project management, and relocation/installation management. He or she must be experienced in complete project development from inception to deployment. He or she must have demonstrated ability to provide guidance and direction in the tasks provided in the statement of work, proven expertise in the management and control of funds and resources, and demonstrated capability in managing multi-task contracts.

Functional Responsibility: The project manager will serve as the contractor’s contract manager and shall be the authorized liaison with the customer. He or she is responsible for establishing labor, equipment, and material requirements, assigning schedules and deadlines, reviewing work discrepancies, supervising contractor personnel, and communicating policies, purposes, and goals of organization to subordinates. He or she holds the primary responsibility for the overall contract performance.

Education: BS/BA

**Supervisor**

**General Experience:** The supervisor must have at least 6 years of experience in related trade or experience related to logistics, transportation, move management, and facilities supervision related to office relocation and building management services.

Functional Responsibility: The supervisor will provide and supervise the team in the performance of a variety of duties in transportation, logistics, facility site preparation, building functional operations, and inventory. He or she will train and supervise the labor required to disassemble and reassemble furniture and computer systems, pack and unpack office furniture and items, and install computer systems. He or she will assist in planning and organizing office relocation and will inspect items for damage during relocation. He or she will report/record any discrepancies and will initiate the proper action.

Education: BA/Associate Degree with supervisory training

**Driver**

**General Experience:** The driver must have at least 2 years of certified driving experience and is required to have and maintain their CDL Class A Certified license.
Functional Responsibility: A CDL Class A/B driver is responsible for safely operating a truck or tractor/trailer in transporting office goods such as furniture and equipment from one location to another in supporting all office relocations. He or she is responsible for the operation, maintenance, and cleanliness of his or her assigned vehicles.

Education: Associate Degree or High School Diploma with a CDL Class A/B Certification

Installer
General Experience: An installer must have at least 3 years of experience in the fields of equipment and materials handling systems, its reconfiguration, and facilities and office relocation services.

Functional Responsibility: The installer will provide equipment, facility and office installation, relocation, assembly and disassembly services to support a variety of distribution systems, modular furniture, high density shelving and storage, laboratory equipment and computer components and systems according to the designs and plans.

Education: Associate Degree and/or Appropriate Certifications

Mover
General Experience: The mover must have at least 3 years of experience in the related field for the moving and office relocation industry.

Functional Responsibility: Movers are responsible for following the directions of supervisors for packing and moving all office furniture, files, records, books, computer systems, and other office equipment using moving equipment such as dollies, commercial bins, and D containers. The movers will be proficient in utilizing a variety of specialized moving supplies such as keyboard bags, bubble wrap, shrink wrap, and containers.

Education: High School Diploma and/or Appropriate Certifications

Packer
General Experience: The packer must have at least 2 years of experience in related field or trade.

Functional Responsibility: An office packer is responsible for preparing all of the material and systems for handling and relocation. He or she will pack, wrap, and protect furniture and other office items using the appropriate packing methods and materials. He or she will be required to assist in loading and unloading of the material from trucks and loading platforms. He or she will place the contents and packed materials to designated locations per customer’s request.

Education: High School Diploma and relation training
Warehouseman

General Experience: The warehouseman must have at least 3 years of experience in the field of warehouse operations.

Functional Responsibility: The warehouseman performs a variety of warehouse duties. It involves receiving materials into the warehouse, inspecting for general conditions, and recording condition on shipping/receiving documents. He or she is responsible for moving materials to prescribed storage locations and storing, stacking, or palletizing material in accordance with storage methods. He or she is responsible for operating hand or power truck in performing warehousing duties.

Education: Associate Degree or High School Diploma with experience and training

Computer Technician

General Experience: The computer technician must have at least 2 years of experience in the related field.

Functional Responsibility: The computer technician is responsible for disconnecting and reconnecting desktop computers, monitors, keyboards, and other basic IT equipment. He or she will handle reboot of equipment and communicates any issues to the supervisor.

Education: High School Diploma and/or Appropriate Certifications

Experience for Education Substitution

1. Four years of experience (in addition to minimum experience requirements) may be substituted for a Bachelor’s degree.
2. Two years of experience (in addition to minimum experience requirements) may be substituted for a Master’s degree.
3. One year of experience may be substituted for a certification and unique experience in specialized technologies.

Note:

IF THE COST OF FUEL EXCEEDS THE FIGURES IN THE TABLE, THEN FOR EVERY FIVE (5) CENTS PER GALLON INCREASE IN FUEL COST, AN ADDITIONAL ONE (1) CENT PER MILE WILL BE ASSESSED.

* THE FUEL PRICE INDEX SHALL BE THE NATIONAL AVERAGE DIESEL PRICE AS DETERMINED BY THE ENERGY INFORMATION ADMINISTRATION OF DEPARTMENT OF ENERGY EACH MONDAY (OR TUESDAY IF A HOLIDAY FALLS ON MONDAY), WHICH IS AVAILABLE BY VISITING http://www.eia.gov/petroleum/gasdiesel/. THE AVERAGE DIESEL PRICE SHALL THEN BE COMPARED TO THE TABLE ABOVE TO DETERMINE THE SURCHARGE AMOUNT.

THE FUEL SURCHARGE FOR EACH WEEK SHALL BE BASED ON THE MONDAY'S FUEL PRICE INDEX AS REPORTED BY THE ENERGY INFORMATION ADMINISTRATION. THE FUEL SURCHARGE WILL BE EFFECTIVE TUESDAY THROUGH MONDAY OF THE NEXT WEEK.

THE APPLICABLE FUEL SURCHARGE SHALL BE SHOWN AS A SEPARATE ENTRY (NOT PART OF THE RATE) ON THE FREIGHT BILL.
