**SCA APPLICABILITY STATEMENT**

The Service Contract Act (SCA) is applicable to this contract as it applies to the entire Schedule and all services provided. While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If and/or when the contractor adds SCA labor categories/employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and the applicable wage determination number. Failure to do so may result in cancellation of the contract."

2. Maximum order. **$1,000,000.00**

3. Minimum order. **$100.00**

Experience for Education Substitution Policy
Censeo Consulting Group recognizes that there are exceptional contractors who may add value to its mission and the service of its Customers, but do not meet the education or relevant experience requirements associated with our Labor Category descriptions. Censeo may substitute one (1) year of relevant work experience for one (1) year of required education, or vice versa. Generally, a Bachelor’s Degree is equivalent to four (4) years of relevant work experience. A Master’s Degree is equivalent to six (6) years of relevant work experience. Doctoral or other Terminal Degrees are equivalent to eight (8) years of relevant work experience. Other exceptions to this policy may be made with Customer approval.
