AUTHORIZED FEDERAL SUPPLY SERVICE
INFORMATION TECHNOLOGY SCHEDULE PRICELIST
GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT, SOFTWARE AND SERVICES

SPECIAL ITEM NUMBER 54151S - INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES

NOTE 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

NOTE 2: Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

NOTE 3: This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

Talisen Technologies, Inc.
12655 Olive Blvd., Ste. 500,
St. Louis, MO 63141
Voice; 314-317-7700

INFORMATION FOR ORDERING ACTIVITIES
APPLICABLE TO ALL SPECIAL ITEM NUMBERS

SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation, SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service (www.gsaadvantage.gov). The catalogs/pricelists, GSA Advantage!™ and the Federal Acquisition Service Home Page (www.gsa.gov/fas) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

1. GEOGRAPHIC SCOPE OF CONTRACT:

*Domestic delivery* is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities. *Overseas delivery* is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- [ ] The Geographic Scope of Contract will be domestic and overseas delivery.
- [ ] The Geographic Scope of Contract will be overseas delivery only.
- [X] The Geographic Scope of Contract will be domestic delivery only.

2. CONTRACTOR'S ORDERING ADDRESS AND PAYMENT INFORMATION:

Talisen Technologies, Inc.
12655 Olive Blvd., Ste. 500
St. Louis, MO 63141
Voice: 314-317-7700
Postal Address: 314-317-7701

Contractor must accept the credit card for payments equal to or less than the micro-purchase for
oral or written orders under this contract. The Contractor and the ordering agency may agree to
use the credit card for dollar amounts over the micro-purchase threshold (See GSAR 552.232-79
Payment by Credit Card). In addition, bank account information for wire transfer payments will
be shown on the invoice.

The following telephone number(s) can be used by ordering activities to obtain technical and/or
ordering assistance: 866-317-7774

3. **LIABILITY FOR INJURY OR DAMAGE:**

The Contractor shall not be liable for any injury to ordering activity personnel or damage to
ordering activity property arising from the use of equipment maintained by the Contractor, unless
such injury or damage is due to the fault or negligence of the Contractor.

4. **STATISTICAL DATA FOR GOVERNMENT ORDERING OFFICE
COMPLETION OF STANDARD FORM 279:**

Block 9: G. Order/Modification Under Federal Schedule
Block 16: Data Universal Numbering System (DUNS) Number: 789618022
**Block 30: Type of Contractor - A. Small Disadvantaged Business, 8A, MBE**
Block 31: Woman-Owned Small Business - No
Block 36: Contractor's Taxpayer Identification Number (TIN): 43-1568523
Block 40: Veteran Owned Small Business (VOSB): No

4a. **CAGE Code:** 0V8D8
4b. **CENTRAL CONTRACTOR REGISTRATION:** Contractor has registered with the Central
Contractor Registration Database.

5. **FOB DESTINATION**

6. **DELIVERY SCHEDULE:**

a. **TIME OF DELIVERY:** The Contractor shall deliver to destination within the number of
calendar days after receipt of order (ARO), as set forth below:

<table>
<thead>
<tr>
<th>SPECIAL ITEM NUMBER</th>
<th>DELIVERY TIME (Days ARO)</th>
</tr>
</thead>
</table>

b. **URGENT REQUIREMENTS:** When the Federal Supply Schedule contract delivery
period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering
activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining
accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

7. **DISCOUNTS:** Prices shown are NET Prices; Basic Discounts have been deducted.
   
a. Prompt Payment: 0% - 30 days from receipt of invoice or date of acceptance, whichever is later.
   
b. Quantity – None
   
c. Dollar Volume – None
   
d. Government Educational Institutions - Government Educational Institutions are offered the same discounts as all other Government customers.
   
e. Other - None

8. **TRADE AGREEMENTS ACT OF 1979, as amended:**

All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

9. **STATEMENT CONCERNING AVAILABILITY OF EXPORT PACKING:**

Available outside the scope of the contract.

10. **SMALL REQUIREMENTS:**

The minimum dollar value of orders to be issued is $100.

11. **MAXIMUM ORDER (All dollar amounts are exclusive of any discount for prompt payment):**

   The Maximum Order value for the following Special Item Numbers (SINs) is $500,000:

   Special Item Number 54151S - Information Technology Professional Services

12. **ORDERING PROCEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS:**

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.
a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.

b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

13. FEDERAL INFORMATION TECHNOLOGY/TELECOMMUNICATION STANDARDS REQUIREMENTS:

Ordering activities acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STD), which are cited by ordering activities, shall be responded to promptly by the Contractor.

13.1 FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATIONS (FIPS PUBS):

Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

13.2 FEDERAL TELECOMMUNICATION STANDARDS (FED-STD):

Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STD) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STD should be obtained from the GSA, Federal Acquisition Service, Specification Section, 470 East L’Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

14. CONTRACTOR TASKS / SPECIAL REQUIREMENTS (C-FSS-370) (NOV 2003):
a. Security Clearances: The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.

b. Travel: The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub. L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. Travel in performance of a task order will only be reimbursable to the extent authorized by the ordering agency. The Industrial Funding Fee does NOT apply to travel and per diem charges.

c. Certifications, Licenses and Accreditations: As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.

d. Insurance: As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.

e. Personnel: The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.

f. Organizational Conflicts of Interest: Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor’s participation in such order may be restricted in accordance with FAR Part 9.5.

g. Documentation/Standards: The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency’s order.

h. Data/Deliverable Requirements: Any required data/deliverables at the ordering level will be as specified or negotiated in the agency’s order.

i. Government-Furnished Property: As specified by the agency’s order, the Government may provide property, equipment, materials or resources as necessary.

j. Availability of Funds: Many Government agencies’ operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government’s obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.
k. Overtime: For professional services, the labor rates in the Schedule should not vary by virtue of the Contractor having worked overtime. For services applicable to the Service Contract Act (as identified in the Schedule), the labor rates in the Schedule will vary as governed by labor laws (usually assessed a time and a half of the labor rate).

15. CONTRACT ADMINISTRATION FOR ORDERING ACTIVITIES:

Any ordering activity, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the ordering activity’s convenience, and (m) Termination for Cause (See 52.212-4)

16. GSA ADVANTAGE!

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors’ schedule prices with ordering information. GSA Advantage! will allow the user to perform various searches across all contracts including, but not limited to:

1. Manufacturer;
2. Manufacturer’s Part Number; and
3. Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is http://www.gsaadvantage.gov

17. PURCHASE OF OPEN MARKET ITEMS:

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract. ODCs (Other Direct Costs) are not part of this contract and should be treated as open market purchases. Ordering Activities procuring open market items must follow FAR 8.402(f).

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) -- referred to as open market items -- to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, only if-

1. All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
2. The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
3. The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
(4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

18. CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS:

a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:
   (1) Time of delivery/installation quotations for individual orders;
   (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/service/software package submitted in response to requirements which result in orders under this schedule contract.
   (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.

b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.
19. **OVERSEAS ACTIVITIES:**

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below: NONE.

Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

20. **BLANKET PURCHASE AGREEMENTS (BPAs):**

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

21. **CONTRACTOR TEAM ARRANGEMENTS:**

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Industrial Funding Fee and Sales Reporting, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

22. **INSTALLATION, DEINSTALLATION, REINSTALLATION:**

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of $2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall received less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is separable and exceeds $2,000, then the requirements of the Davis-Bacon Act applies. The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8 or 132-9.
23. SECTION 508 COMPLIANCE:

If applicable, Section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT) at the following: www.talisentech.com. The EIT standard can be found at: www.Section508.gov.

24. PRIME CONTRACTOR ORDERING FROM FEDERAL SUPPLY SCHEDULES:

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of an ordering activity, shall follow the terms of the applicable schedule and authorization and include with each order –

(a) A copy of the authorization from the ordering activity with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and

(b) The following statement:

This order is placed under written authorization from ______ dated ______. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

25. INSURANCE—WORK ON A GOVERNMENT INSTALLATION (JAN 1997)(FAR 52.228-5):

(a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective—

(1) For such period as the laws of the State in which this contract is to be performed prescribe; or
(2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.
26. SOFTWARE INTEROPERABILITY:

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item’s interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at http://www.core.gov.

27. ADVANCE PAYMENTS:

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324).
1. **SCOPE:**

a. The prices, terms and conditions stated under Special Item Number 54151S Information Technology Professional Services apply exclusively to IT Professional Services within the scope of this Information Technology Schedule.

b. The Contractor shall provide services at the Contractor’s facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

2. **PERFORMANCE INCENTIVES 1-FSS-60 Performance Incentives (April 2000):**

a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract.

b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.

c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity’s mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. **ORDER:**

a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.

b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. **PERFORMANCE OF SERVICES:**

a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.

c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.

d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)

(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

(1) Cancel the stop-work order; or
(2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
(2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement. (d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer
shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

6. **INSPECTION OF SERVICES**

7. **RESPONSIBILITIES OF THE CONTRACTOR**

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Dec 2007) Rights in Data – General, may apply.

8. **RESPONSIBILITIES OF THE ORDERING ACTIVITY**

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Professional Services.

9. **INDEPENDENT CONTRACTOR**

All IT Professional Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

10. **ORGANIZATIONAL CONFLICTS OF INTEREST**

   a. Definitions.

   “Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.
   “Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.
   An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

   b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors,
its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. INVOICES

The Contractor, upon completion of the work ordered, shall submit invoices for IT/IAM Professional services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

(b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—

(1) The offeror;
(2) Subcontractors; and/or
(3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

13. RESUMES

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.
14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. APPROVAL OF SUBCONTRACTS

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

16. DESCRIPTION OF IT PROFESSIONAL SERVICES AND PRICING

Project Manager

POSITION SUMMARY:

The Project Manager is responsible for directing and assisting in the overall planning, direction and coordination of a project. The Project Manager will be the main point of contact between Talisen and our client(s). Primary responsibilities include schedule and financial management.

ESSENTIAL RESPONSIBILITIES:

- Manage all aspects of assigned projects following initial sales activity.
- Duties to include planning and scheduling of all phases of assigned projects, serve as primary customer contact and liaison, financial and budgetary responsibility, ensure level of technical quality is achieved and maintained and coordinate resource allocation.
- Accountable for continual tracking and analysis of project performance against project plan to ensure project success.
- Define system specifications in cooperation with customer, working within the boundaries of system capabilities and functionalities.
- Demonstrates leadership by facilitating requirements gathering sessions, writing well-defined statements of work and specification documents, and driving projects to successful deployment by leveraging internal resources.
- Manage, control and report all project costs and activities.
- Provide regular and appropriate status to senior management and customer regarding project updates, problems, schedule changes, etc. Prepare and coordinate action plans to address specific business issues/problems.
- Ensures proper reporting procedures are followed internally and to customer requirements.

EDUCATION, EXPERIENCE, SKILLS REQUIRED:

- Four year degree or equivalent in Computer Science, Computer Engineering (or related technical field or four years experience in delivering technology projects).
• 5-7 years experience in technical project management, implementing mid-size project implementations, to include specifications, implementation, reporting, cost and schedule management.
• Capability to comprehend and effectively translate customer's requirements into functional technical specifications.
• Must be confident and at ease dealing with a variety of personalities, both internally and externally.
• Must possess excellent analytical skills allowing for thorough consideration of all aspects associated with project implementation(s).
• Must have the resiliency to work extended hours, when required, specifically for proposal responses with specific time deadlines.
• Solid knowledge of project management principles, practices, techniques, and tools.
• Proven project management experience with excellent communication skills and ability to manage multiple, and sometimes conflicting, priorities.
• Ability to manage multiple tasks/project simultaneously while meeting company's commitments including project deadlines, quality, budget, and customer expectations.
• Demonstrated problem solving skills and persistence, and ability to exercise multiple initiatives in a dynamic and fast-paced environment.
• Ability to develop strong business relationships with individuals serving as part of the project team, internal and external resources, and customers.
• PC skills (MS Office Suite, Project, etc.), especially with MS Project or similar tool, managing complex projects.
• High level interpersonal, communication (both verbal and written), negotiation and conflict management skills; able to work with a variety of people.
• Ability to travel as required.
• PMP, Six Sigma, ITIL or other training/experience a plus

Data Analyst I

POSITION SUMMARY:

The Data Analyst I provides services related to the implementation, maintenance and upkeep of facilities management data in Computer Aided Facilities Management applications. Data conversions, transfers and scrubbing are a primary function of this position.

ESSENTIAL RESPONSIBILITIES:

• Receive data in Microsoft Excel, Delimited Text, or XML formats.
• Scrub the data to allow it to be easily imported into the destination database.
• Transfer the above listed data into a Microsoft SQL Server or Oracle database.
• Test all data to verify the accuracy and validity of the data transferred.
• Configure user access to the Computer Aided Facilities Management application.
• Maintain constant contact with Talisen Technologies Project Manager to take direction, provide guidance or support regarding the Computer Aided Facilities Management system.
REQUIRED EXPERIENCE & SKILLS:

- Bachelors Degree in Computer Science or Information Systems
- 1-3 years experience with database usage, design and administration (Microsoft SQL Server, Microsoft Access, FileMaker Pro)
- Experience in Microsoft Word and Microsoft Excel.
- Exposure to Computer Aided Facilities Management software (ARCHIBUS, Tririga, FM Systems, eCenterOne, FAMIS/FIS, FM Desktop, etc.).
- High attention to detail.
- Effective oral and written communications skills. Understands the importance of formal written communication.
- Ability to communicate in a professional manner with client and executive management.
- Ability to work on multiple projects and tasks simultaneously.

Data Analyst II

POSITION SUMMARY:

The Data Analyst II provides services related to the implementation, maintenance and upkeep of facilities management data in Computer Aided Facilities Management applications. Data conversions, transfers and scrubbing are a primary function of this position.

ESSENTIAL RESPONSIBILITIES:

- Receive data in Microsoft Excel, Delimited Text, or XML formats.
- Scrub the data to allow it to be easily imported into the destination database.
- Transfer the above listed data into a Microsoft SQL Server or Oracle database.
- Test all data to verify the accuracy and validity of the data transferred.
- Configure user access to the Computer Aided Facilities Management application.
- Maintain constant contact with Talisen Technologies Project Manager to take direction, provide guidance or support regarding the Computer Aided Facilities Management system.

REQUIRED EXPERIENCE & SKILLS:

- Bachelors Degree in Computer Science or Information Systems
- 3 - 5 years experience with database usage, design and administration (Microsoft SQL Server, Microsoft Access, FileMaker Pro)
- Experience in Microsoft Word and Microsoft Excel.
- Exposure to Computer Aided Facilities Management software (ARCHIBUS, Tririga, FM Systems, eCenterOne, FAMIS/FIS, FM Desktop, etc.).
- High attention to detail.
- Effective oral and written communications skills. Understands the importance of formal written communication.
- Ability to communicate in a professional manner with client and executive management.
• Ability to work on multiple projects and tasks simultaneously.

**Data Analyst III**

**POSITION SUMMARY:**
The Data Analyst III provides services related to the implementation, maintenance and upkeep of facilities management data in Computer Aided Facilities Management applications. Data conversions, transfers and scrubbing are a primary function of this position.

**ESSENTIAL RESPONSIBILITIES:**
• Receive data in Microsoft Excel, Delimited Text, or XML formats.
• Scrub the data to allow it to be easily imported into the destination database.
• Transfer the above listed data into a Microsoft SQL Server or Oracle database.
• Test all data to verify the accuracy and validity of the data transferred.
• Configure user access to the Computer Aided Facilities Management application.
• Maintain constant contact with Talisen Technologies Project Manager to take direction, provide guidance or support regarding the Computer Aided Facilities Management system.
• Supervise and oversee work of other data analysts

**REQUIRED EXPERIENCE & SKILLS:**
• Bachelors Degree in Computer Science or Information Systems
• 5+ years experience with database usage, design and administration (Microsoft SQL Server, Microsoft Access, FileMaker Pro)
• Experience in Microsoft Word and Microsoft Excel.
• Exposure to Computer Aided Facilities Management software (ARCHIBUS, Tririga, FM Systems, eCenterOne, FAMIS/FIS, FM Desktop, etc.).
• High attention to detail.
• Ability to work on multiple projects and tasks simultaneously.
• Effective oral and written communications skills. Understands the importance of formal written communication.
• Ability to communicate in a professional manner with client and executive management.

**Database Administrator I**

**POSITION SUMMARY:**
The Database Administrator I will be assist in the planning, maintenance and development of a database. This person will ensure that data remains consistent across the database, is clearly defined, ensure that users access data concurrently in a form that suits their needs, and there is provision for data security and recovery control. The Database Administrator is responsible for
the environmental aspects of a database which includes recoverability, integrity, security, availability, performance and development, and testing support.

**ESSENTIAL RESPONSIBILITIES:**

- Plan data flows for a new or revised database
- Map out the conceptual design for a planned database in outline
- Consider both back-end organization of data and front-end accessibility for end-users
- Test new systems
- Maintain data standards
- Control access permissions and privileges
- Ensure that storage, archiving, backup and recovery procedures are functioning correctly
- Communicate regularly with technical, applications, and operational staff to ensure database integrity and security

**REQUIRED EXPERIENCE & SKILLS:**

- Bachelor’s Degree in Computer Science preferred or equivalent combination of education and experience
- Minimum 1 - 3 years relative experience
- Experience with managing multiple MS SQL 2000 & 2005 RDBMS on large systems
- Experience with monitoring and tuning a database to provide a high availability service.
- Practical experience of managing the MySQL database a plus
- Proven hands on experience is required
- Must be willing to work additional hours as necessary

**Database Administrator II**

**POSITION SUMMARY:**

The Database Administrator II will be responsible for the planning, maintenance and development of a database. This person will ensure that data remains consistent across the database, is clearly defined, ensure that users access data concurrently in a form that suits their needs, and there is provision for data security and recovery control. • Must be willing to work additional hours as necessary

**Technical Support II**

**POSITION SUMMARY:**

The Technical Support II will be responsible for ensuring the proper monitoring, reporting, escalation, and resolution of problems identified by various diagnostic systems. This includes the interpretation of alarms on all network management systems, ensuring that proactive measures are taken to ensure network integrity. He/she monitors, tests, and analyzes network connectivity to ensure prompt, efficient, and complete diagnostic and corrective actions in support of the services being provided.

**ESSENTIAL RESPONSIBILITIES:**

• Proactively monitors network systems and facilities to detect service degradation and/or failures in power, communications equipment, software, or circuits.
• Proactively monitors transport services such as Private Line, Frame Relay, ATM, Internet Access Services, Voice Services, etc. for availability, performance, degradations and/or failures.
• Responds to trouble calls in a timely and professional manner.
• Escalates network problems to appropriate vendors and/or internal personnel in accordance with department standards.
• Tests, analyzes, performs corrective actions and restores network equipment and services in a timely and accurate manner.
• Develops and improves documentation to enhance and support problems analysis and resolution.
• Performs trend analysis of systems and event logs to ensure optimal performance.
• Accurately reports and processes network problem information in the problem tracking system in accordance with department standards.
• Performs preventative maintenance tasks.
• Generates network performance reports as prescribed

**EDUCATION, EXPERIENCE, SKILLS REQUIRED:**

• BS in Computer Science, Engineering, Mathematics or related professional experience
• Minimum 2 years experience
• Knowledge of data communications, networking, telecommunications, fiber optic transmission, Internet and related industries
• Working knowledge of hardware/software used to identify, isolate, and capture the cause of service impacting problems
• Flexibility to work diverse schedules
• Ability to work effectively in mission-critical environment
• Good oral and written communication skills
• Ability to work closely with others/teamwork
• Ability to react quickly in crisis situation
• Skills that would be a plus include:
  • Knowledgeable and capable of supporting and troubleshooting Carrier Transport Offerings
    i. Private Line (56Kb through DS3)
    ii. Frame Relay
    iii. MPLA
  • Cisco Technology
    i. Routers (72xx, 36XX, 28XX Series Routers)
    ii. Switches (35XX, 29XX, 6509)
  • Knowledge of Firewalls and Security (plus)
    i. Cisco PIX, Checkpoint Firewalls
    ii. Intrusion Detection
  • Good understanding and working knowledge of IP address schemes
    i. Understand NATs, Access Lists
    ii. Subnetting and address schemes
  • Good understanding and working knowledge of routing protocols
    i. BGP, EIGRP
  • Well versed in Network Management Applications
    i. HP Open View NNM
    ii. Concord Live Health and eHealth
    iii. Cisco Works
• Experience with protocol analyzers (Observer, Sniffer, Net Scout) Basic Understanding of UNIX Commands is a plus

**Integration Engineer II**

**POSITION SUMMARY:**

The Integration Engineer II is a member of the systems integration team. This role has responsibility for the design of IT infrastructure, systems and integration mechanisms for legacy systems and applications, and new integrated system solutions and architecture components.

**ESSENTIAL RESPONSIBILITIES:**

• Architect, develop and implement systems consisting of multiple technologies and computing platforms to deliver secure network, collaboration or remote access solutions.
• Integrate software applications to deliver synergy from the software components, single sign-on, identity management and system security.
• Design and implement development of own secure gateway software product.
• Support technologies including various software applications, web servers, LDAP, Databases, networks, etc.
• Research and evaluate and recommend technical solutions including open source and commercial-off-the-shelf (COTS) products.

REQUIRED EXPERIENCE & SKILLS:

• Bachelor's degree in Computer Science, Management Information Systems, or related field or a minimum of 5 years relevant experience.
• Proven experience of engineering and integration of complex systems which bring multiple technologies and computing platforms together is essential.
• Good understanding of infrastructure components including UNIX servers, windows servers, firewalls, routers, VPN appliances, backup devices etc.
• Must have excellent analytical skills, have the ability to multitask and have solid project management skills.
• Experience with Java, Perl, xml and Solaris. Experience with web servers such as apache, IIS, Sun iPlanet / Netscape is desirable.
• Strong communication and presentation skills along with excellent technical skills.
Systems Administrator II

POSITION SUMMARY:

The Systems Administrator II will assist in deploying and be responsible for managing internal systems.

ESSENTIAL RESPONSIBILITIES:

- Troubleshooting and correcting problems across multiple systems
- Rely on his/her ability with systems, network devices (routers, switches, load balancers, etc.), and application flow to narrowly identify and resolve configurations issues or bugs
- Managing IT system infrastructure and any processes related to these systems.
- Provide second level problem identification, diagnosis and resolution of problems.
- Provide support for the dispatch system and hardware problems and remain involved in the resolution process.

REQUIRED EXPERIENCE & SKILLS:

- BS in Computer Science or Engineering, or related technical discipline or comparable experience
- 3+ years of experience
- Outstanding oral and written communication and interpersonal skills are required
- Must be a self-starter who takes initiative; but also works well in a team environment
- Ability to meet deadlines and work independently (essential skills)
- Familiarity with Java application servers/LDAP/DNS/Mail/RPM (desired)
- Knowledge of multiple operating systems is required (Solaris, Linux, and NT/2000)
- Understanding of how various Network Applications (Web Servers, databases, and application servers) work together for an overall systems solution
USA COMMITMENT TO PROMOTE SMALL BUSINESS PARTICIPATION PROCUREMENT PROGRAMS

PREAMBLE
Talisen Technologies, Inc. provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts.

To accelerate potential opportunities please contact George A. Brill, CEO, Ph:(314) 317-7713, Ph:(314) 323-3323, Email:gbrill@talisentech.com, Fax:(314) 317-7701
(Insert Customer Name)

In the spirit of the Federal Acquisition Streamlining Act (ordering activity) and (Contractor) enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s) ________________.

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the ordering activity that works better and costs less.

BPA NUMBER_____________

(CUSTOMER NAME)

BLANKET PURCHASE AGREEMENT

Pursuant to GSA Federal Supply Schedule Contract Number(s)____________, Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (ordering activity):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

<table>
<thead>
<tr>
<th>MODEL NUMBER/PART NUMBER</th>
<th>*SPECIAL BPA DISCOUNT/PRICE</th>
</tr>
</thead>
<tbody>
<tr>
<td>________________________</td>
<td>__________________________</td>
</tr>
<tr>
<td>________________________</td>
<td>__________________________</td>
</tr>
<tr>
<td>________________________</td>
<td>__________________________</td>
</tr>
</tbody>
</table>

(2) Delivery:

<table>
<thead>
<tr>
<th>DESTINATION</th>
<th>DELIVERY SCHEDULES / DATES</th>
</tr>
</thead>
<tbody>
<tr>
<td>______________</td>
<td>__________________________</td>
</tr>
<tr>
<td>______________</td>
<td>__________________________</td>
</tr>
<tr>
<td>______________</td>
<td>__________________________</td>
</tr>
</tbody>
</table>

(3) The ordering activity estimates, but does not guarantee, that the volume of purchases through this agreement will be _________________.

(4) This BPA does not obligate any funds.

(5) This BPA expires on ________________ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to place orders under this BPA:

<table>
<thead>
<tr>
<th>OFFICE</th>
<th>POINT OF CONTACT</th>
</tr>
</thead>
<tbody>
<tr>
<td>______________</td>
<td>__________________</td>
</tr>
<tr>
<td>______________</td>
<td>__________________</td>
</tr>
<tr>
<td>______________</td>
<td>__________________</td>
</tr>
</tbody>
</table>

(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.
Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

(a) Name of Contractor;
(b) Contract Number;
(c) BPA Number;
(d) Model Number or National Stock Number (NSN);
(e) Purchase Order Number;
(f) Date of Purchase;
(g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and
(h) Date of Shipment.

The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor’s invoice, the provisions of this BPA will take precedence.
BASIC GUIDELINES FOR USING
“CONTRACTOR TEAM ARRANGEMENTS”

Federal Supply Schedule Contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to an ordering activity requirement.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions of the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Supply Schedule Contractors may individually meet the customer’s needs, or -
  - Federal Supply Schedule Contractors may individually submit a Schedules “Team Solution” to meet the customer’s requirement.
- Customers make a best value selection.

Talisen Technologies, Inc. provides a myriad of professional services to meet specific customer needs using our GSA hourly rates offering. These services include, but are not limited to:

- Product Installation and Integration: EPIC

  Product Installation and Integration includes installation of the EPIC software on customer provided hardware within their data center or as a hosted as service as a service. It also includes branding of the application based on customer requirements, user setup and publishing the application through the portal (if it is a hosted application).

- Product Installation and Integration: CSDT

  Product Installation and Integration includes installation of the CSDT software on customer provided hardware within their data center or as a hosted as service as a service. It also
includes branding of the application based on customer requirements, user setup and publishing the application through the portal (if it is a hosted application).

□ Product Installation and Integration: Gateway 6

Product Installation and Integration includes installation of the Gateway software on customer provided hardware within their data center. It also includes branding of the portal based on customer requirements, creating the navigation look-and-feel on the portal and publishing the customer's applications through the portal.

□ Hosting Set-Up (Labor Only): EPIC

Hosting Set-Up (Labor Only) includes installation of EPIC application within Talisen's shared hosting environment. It also includes branding of the application based on customer requirements, user setup and publishing the application through the portal.

□ Hosting Set-Up (Labor Only): CSDT

Hosting Set-Up (Labor Only) includes installation of CSDT application within Talisen's shared hosting environment. It also includes branding of the application based on customer requirements, user setup and publishing the application through the portal.

□ Hosting Set-Up (Labor Only): Gateway 6

Hosting Set-Up (Labor Only) includes installation of new Gateway instance within Talisen's shared hosting environment. It also includes branding of the portal based on customer requirements, creating the navigation look-and-feel on the portal and publishing the customer's applications through the portal, including the establishment of a site-to-site VPN where necessary to meet security requirements.

□ Hosting Set-Up (Labor Only): ARCHIBUS Enterprise Edition

Hosting Set-Up (Labor Only): includes installation of ARCHIBUS Enterprise Edition instance, the number one solution for real estate, infrastructure, and facilities management in the world, within Talisen's shared hosting environment.

NOTE: Talisen Technologies, Inc. is not an Authorized Reseller for ARCHIBUS, INC. or any of its products and therefore any ARCHIBUS product must be procured independently of Talisen Technologies, Inc.

□ Hosting Set-Up (Labor Only): ARCHIBUS Web Central Edition

Hosting Set-Up (Labor Only): includes installation of ARCHIBUS Web Central Edition instance, the number one solution for real estate, infrastructure, and facilities management in the world, within Talisen's shared hosting environment.
NOTE: Talisen Technologies, Inc. is not an Authorized Reseller for ARCHIBUS, INC. or any of its products and therefore any ARCHIBUS product must be procured independently of Talisen Technologies, Inc.

☐ Help Desk Support:

(All tiered levels of Help Desk Support are professional services that include Compliance Automation Integration Support)

• Tier 1 - support includes 5 days/week 12 hrs/day call center support, basic knowledge troubleshooting, account maintenance and management of trouble tickets.

• Tier 2 – support includes diagnosing application access problems, diagnosing network problems and working with third party vendors and service providers.

• Tier 3 – support includes advanced troubleshooting and diagnostics, identifying and addressing latent defects and working with third party vendors and service providers.

☐ Product Orientation: EPIC

Product orientation literature for EPIC is provided via MySupplierNet, a central secure site created and hosted by Talisen. On-line product navigation features are also provided within the EPIC application.

☐ Product Orientation: CSDT

Product orientation literature for CSDT is provided via MySupplierNet, a central secure site created and hosted by Talisen. On-line product navigation features are also provided within the CSDT application.

☐ Product Orientation: Gateway 6

Product orientation literature and on-line product navigation features are provided for the Gateway 6 application.

For a more detailed description of our labor hourly rates and categories, products and professional services offerings, please reference our descriptive products and services literature which are available upon request.
