Subscription License and Services Agreement for SIN 518210C

SUBSCRIPTION LICENSE AND SERVICES AGREEMENT

AGREEMENT NUMBER: _____

THIS SUBSCRIPTION LICENSE AND SERVICES AGREEMENT (the "Agreement") is between _____ ("Vendor") and _____ ("Government Agency") ("Licensee") as of the Effective Date. The parties agree as follows:

1. Definitions.

(a) "**Affiliate**" means any entity, directly or indirectly, controlling, controlled by, or under common control with, Vendor.

(b) "**Authorized Users**" means: (i) Licensee's employees; and (ii) contractors authorized by Licensee to access the Subscription Software who, prior to obtaining access to the Subscription Software, have executed a non-disclosure agreement that protects Vendor's Confidential Information to the same extent as this Agreement, in each case registered in the database with a unique UserID and a unique password.

(c) "**Confidential Information**" means non-public information that is identified as or would be reasonably understood to be confidential and/or proprietary. Confidential Information of Vendor includes, without limitation, the Documentation and the Subscription Software, including any software code and all algorithms, methods, techniques, and processes revealed or utilized therein. Confidential Information of Licensee includes Licensee Data. Confidential Information does not include information that: (i) is or becomes known to the public without fault or breach of the Recipient; (ii) the Discloser regularly discloses to third parties without restriction on disclosure; (iii) the Recipient obtains from a third party without restriction on disclosure and without breach of a non-disclosure obligation known to Recipient; or (iv) is independently developed by the Recipient without use of Confidential Information.

(d) "**Discloser**" means the party providing Confidential Information to the Recipient.

(e) "**Documentation**" means the then-current Vendor-provided documentation relating to the features, functions, and use of the Subscription Software.

(f) "**Documented Defect**" means a material deviation between the then-current, general release version of the Subscription Software and its Documentation.

(g) "**Effective Date**" means the date identified on the signature page of this Agreement as the Effective Date.

(h) "**Initial Subscription Term**" means the initial subscription period set forth on the applicable GSA Task Order.

(i) "**Intellectual Property Rights**" means any and all rights in patents, copyrights, trademarks and service marks.

(j) "**Licensee Data**" means information provided, entered or uploaded for use by or with the Subscription Software by the Licensee or its Authorized Users.

(k) "**License Restriction**" means any limitation on the use of the Subscription Software identified in an GSA Task Order (e.g., number of Authorized Users, locations, connections).

(l) "**GSA Task Order**" means each Task Order between the parties incorporating the terms of this Agreement which shall contain, without limitation, a list of the Subscription Software and associated quantity and License Restriction, a description of the Subscription Services, Subscription Fees, and payment terms.

(m) "**Personal Information**" means information provided to Vendor by or at the direction of Licensee, or to which access was provided to Vendor in the course of Vendor's performance under this Agreement that: (i) identifies or can be used to identify an individual (including, without limitation, names, signatures, addresses, telephone numbers, e-mail addresses and other unique identifiers); or (ii) can be used to authenticate an individual (including, without limitation, employee identification numbers, government-issued identification numbers, passwords or PINs, financial account numbers, credit report information, biometric or health data, answers to security questions and other personal identifiers). Personal Information shall include any non-public personal information regarding any individual that is subject to applicable national, state, regional, and/or local laws and regulations governing the privacy, security, confidentiality and protection of non-public personal information.

(n) "**Recipient**" means the party receiving Confidential Information of the Discloser.

(o) "**Renewal Term**" means any renewal or extension of Licensee's license to use the Subscription Software following the expiration of the Initial Subscription Term.

(p) "**Residual Knowledge**" shall mean ideas, concepts, know-how or techniques related to the Discloser's technology and Confidential Information that are retained in the unaided memories of the Recipient who had rightful access to Confidential Information.

(q) “**Service Level Description**” means the Service Level Description document applicable to the Subscription Services and attached as an exhibit to an GSA Task Order

(r) “**Subscription Fees**” means the fees for the Subscription Services set forth on the applicable GSA Task Order.

(s) “**Subscription Services**” means the Subscription Software-related application hosting services and Support (as defined in Section 3(b)) that Vendor provides Licensee under this Agreement. At its sole discretion, Vendor may subcontract to a Third Party to provide the Subscription Services to Licensee; provided however, that Vendor will remain fully responsible for the provision of such Subscription Services in accordance with this Agreement

(t) “**Subscription Software**” means collectively or individually the computer software programs identified in the applicable GSA Task Order for which Vendor is providing the Subscription Services.

(u) “**Subscription Term**” means the Initial Subscription Term or any Renewal Term, as applicable.

(v) “**Third Party Licensor**” means a third party whose software products (“**Third Party Products**”) have been made available to Vendor for distribution and licensing under the terms of its agreement with such Third Party Licensor (a “**Third Party Agreement**”). .

(w) “**Updates**” means generally available updates, enhancements or modifications to the then-current, general release version of the Subscription Software that are not separately priced or licensed as new products.

(x) “**UserID**” means a unique user identification credential used in combination with a unique password to access the Subscription Services.

2. License. Subject to the terms and conditions of this Agreement and the applicable GSA Task Order, Vendor hereby grants to Licensee a non-exclusive, non-transferable, limited license (without the right to sublease or sublicense) to access and use the Subscription Software and the Subscription Services, during the Subscription Term, in an operating environment hosted by Vendor, for Licensee’s own internal use. Any rights not expressly granted in this Agreement are expressly reserved.

(a) Documentation. Licensee may make a reasonable number of copies of the Documentation for the Subscription Software for its internal use in accordance with the terms of this Agreement.

(b) License Restriction. Licensee’s use of the Subscription Software and Subscription Services is subject to any License Restriction specified in the applicable GSA Task Order.

(c) Additional Restrictions on Use of the Subscription Software and Subscription Services. In no event shall Licensee

access the Subscription Software on any environment outside the hosted environment selected by Vendor as part of the Subscription Services. In no event shall Licensee or its Authorized Users possess or control the Subscription Software or any related software code. Licensee is prohibited from causing or permitting the reverse engineering, disassembly or de-compilation of the Subscription Software. Except as expressly provided by this Agreement, Licensee is prohibited from using the Subscription Software to provide service bureau services to third parties. Licensee will not allow the Subscription Software to be used by, or disclose all or any part of the Subscription Software to, any person except Authorized Users. Licensee acknowledges and agrees that U.S. export control laws and other applicable export and import laws govern its use of the Subscription Software and Licensee will neither export or re-export, directly or indirectly, the Subscription Software, nor any direct product thereof in violation of such laws, or use the Subscription Software for any purpose prohibited by such laws.

(d) Intellectual Property Rights Notices. Licensee is prohibited from removing or altering any of the Intellectual Property Rights notice(s) embedded in the Subscription Software or that Vendor otherwise provides with the Subscription Services. Licensee must reproduce the unaltered Intellectual Property Rights notice(s) in any full or partial copies that Licensee makes of the Documentation.

(e) Ownership. Use of the Subscription Software and Subscription Services does not grant any ownership rights in or to the Subscription Software, the Subscription Services, or the Documentation. Licensee Data shall be the sole property of Licensee; however, Infor may aggregate anonymous statistical data regarding use and functioning of its system by its various licensees, and all such data (none of which shall be considered Licensee Data), will be the sole property of Infor.

3. Subscription Services.

(a) Hosted Environment. Vendor will provide the application hosting environment, including the hardware, equipment, and systems software configuration on which Vendor supports use of the Subscription Software and Subscription Services, on servers located at a facility selected by Vendor.

(b) Support. Vendor shall (a) provide Licensee with access (via the internet, telephone or other means established by Vendor) to Vendor’s support helpline, (b) install, when and if generally available, Updates; and (c) use reasonable efforts to correct or circumvent any material deviation between the then-current, general release version of the Subscription Software and its Documentation (the foregoing referred to collectively as “Support”). Support is included in the Subscription Fee.

(c) User Accounts. Licensee is responsible for maintaining its own Authorized User UserIDs and passwords which can be managed through the Subscription Software interface. Licensee is responsible for maintaining the confidentiality of Licensee’s UserIDs and passwords and shall cause its Authorized Users to maintain the confidentiality of their UserIDs and Passwords. Licensee is responsible for all uses of and activities undertaken with UserIDs registered on Licensee’s account. Licensee agrees to immediately notify Vendor of any unauthorized use of Licensee’s UserIDs of which Licensee becomes aware.

(d) Connectivity. Vendor will be responsible for maintaining connectivity from its network to the Internet which is capable of servicing the relevant Internet traffic to and from the hosted environment. Licensee is responsible for providing connectivity to the Internet for itself and its Authorized Users. Licensee shall also be responsible for ensuring that latency and available bandwidth from the user's desktop to Vendor's hosted routers is adequate to meet Licensee's desired level of performance. If Licensee requires a VPN or private network connection to the Subscription Services, Licensee is responsible for all costs associated with any specialized network connectivity required by Licensee.

(e) Restrictions. Vendor shall have no obligation to correct a problem caused by Licensee's negligence, Licensee's equipment malfunction or other causes beyond the control of Vendor.

4. Payment and Taxes.

(a) Payment. Licensee shall pay Vendor the Subscription Fees set forth on the GSA Task Order. Vendor will invoice Licensee for Subscription Fees prior to the commencement of the portion of the Subscription Term to which such fees apply. After the Initial Subscription Term, the Subscription Fees shall be subject to annual adjustment. Licensee will pay each Vendor invoice in accordance with the payment terms set forth on the GSA Task Order.

(b) [reserved]

5. Limited Warranties, Disclaimer of Warranties, and Remedies.

(a) Right to Grant License. Vendor warrants that it has obtained rights in the Subscription Software sufficient to grant the licenses granted to Licensee under this Agreement. Licensee's exclusive remedy, and Vendor's exclusive obligation, for a breach of this warranty is set forth in Section 7 (Indemnity).

(b) Limited Subscription Software Warranty by Vendor and Remedy For Breach. Vendor warrants that the Subscription Software licensed to Licensee will operate without a Documented Defect for a period of ninety (90) days from the applicable Subscription Service Ready Date defined in the applicable GSA Task Order. Vendor's sole obligation with respect to a breach of the foregoing warranty shall be to repair or replace the Subscription Software giving rise to the breach of warranty. If Vendor is unable to repair or replace such Subscription Software within a reasonable period of time, then, subject to the limitations set forth in Section 14 of this Agreement, Licensee may pursue its remedies at law to recover direct damages resulting from the breach of this warranty. The remedies in this Section 5(b) are exclusive and in lieu of all other remedies, and represent Vendor's sole obligations, for a breach of the foregoing warranty. Licensee must provide notice to Vendor of any warranty claim within the warranty period. For clarity, Licensee's entitlement to Support (as defined in Section 3(b)) in connection with any Documented Defect shall continue throughout the Subscription Term.

(c) Malicious Code. Vendor represents that it has used commercially reasonable best efforts utilizing generally accepted industry tools and practices to provide Subscription

Software that does not contain any "time bombs," "worms," "viruses," "Trojan horses," "protect codes," "data destruct keys," or other programming devices that are intended to access, modify, delete, damage, deactivate or disable the Subscription Services ("Malicious Code"). As Licensee's sole remedy for breach of this representation, Vendor shall take action immediately to investigate, identify and remove such Malicious Code from the Subscription Software.

(d) Limited Services Warranty and Remedy For Breach. Vendor warrants to Licensee that, Vendor will render the Subscription Services with commercially reasonable care and skill. Vendor further warrants that the hosted environment will be available at all times throughout the Subscription Term, subject to the exceptions and allowances described in the Availability section of the applicable Service Level Description. The level of unavailability shall not exceed one half of one percent (0.5%) per month, excluding Scheduled Maintenance as described in the applicable Service Level Description (the "Down Time Warranty"). In the event of a breach of the foregoing warranty Vendor shall apply service level credits based on the actual availability measure for the applicable period as follows:

<u>Availability</u>	<u>Service Level Credit</u>
99.500% or greater	No Service Level Credit
99.499% - 99.000%	5% of the monthly prorated subscription fee
98.999% - 98.500%	15% of the monthly prorated subscription fee
98.499% - 95.000%	25% of the monthly prorated subscription fee
Below 95.000%	35% of the monthly prorated subscription fee

Service level credits for Subscription Fees paid on an annual or quarterly basis shall be based on a monthly equivalent fee. For example, a 5% service level credit on an annual subscription fee shall be 5% of 1/12 of the annual fee. Service level credits shall be applied to Licensee's next invoice or, if Licensee has paid the final invoice under this Agreement, service level credits shall

be paid to Licensee within thirty (30) calendar days following the determination that the credit is due.

(e) Disclaimer of Warranties. Except as set forth in FAR 52.212-4(o), the limited warranties in this Section 5 are made to Licensee exclusively and are in lieu of all other warranties. **EXCEPT AS SET FORTH IN FAR 52.212-4(o), VENDOR AND ITS THIRD PARTY LICENSORS MAKE NO OTHER WARRANTIES WHATSOEVER, EXPRESS OR IMPLIED, WITH REGARD TO THE SUBSCRIPTION SOFTWARE AND SUBSCRIPTION SERVICES PROVIDED UNDER THIS AGREEMENT AND/OR ANY GSA Task Order, IN WHOLE OR IN PART. VENDOR EXPLICITLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY AND OF FITNESS FOR A PARTICULAR PURPOSE. VENDOR EXPRESSLY DO NOT WARRANT THAT THE SUBSCRIPTION SOFTWARE OR SUBSCRIPTION SERVICES, IN WHOLE OR IN PART, WILL BE ERROR FREE, OPERATE WITHOUT INTERRUPTION OR MEET LICENSEE'S REQUIREMENTS.**

(f) Abrogation of Limited Warranty. Vendor will have no obligation under this Section 5 to the extent that any alleged breach of warranty is caused by any modification of the Subscription Software not performed by or on behalf of Vendor. To the extent that an alleged breach of warranty concerns a Third Party Product that is subject to a more limited warranty under a Third Party Agreement than specified in Section 5 above, Vendor's obligations hereunder will be further limited accordingly.

(g) FAILURE OF ESSENTIAL PURPOSE. **THE PARTIES HAVE AGREED THAT THE LIMITATIONS SPECIFIED IN SECTIONS 5 AND 14 WILL SURVIVE AND APPLY EVEN IF ANY REMEDY SPECIFIED IN THIS AGREEMENT IS FOUND TO HAVE FAILED OF ITS ESSENTIAL PURPOSE, AND REGARDLESS OF WHETHER LICENSEE HAS ACCEPTED ANY SUBSCRIPTION SOFTWARE OR SUBSCRIPTION SERVICE UNDER THIS AGREEMENT.**

(h) HIGH RISK ACTIVITIES. **THE SUBSCRIPTION SOFTWARE IS NOT FAULT-TOLERANT AND IS NOT DESIGNED, MANUFACTURED OR INTENDED FOR USE AS ON-LINE CONTROL EQUIPMENT IN HAZARDOUS ENVIRONMENTS REQUIRING FAIL-SAFE PERFORMANCE, SUCH AS IN THE OPERATION OF NUCLEAR FACILITIES, AIRCRAFT NAVIGATION OR AIRCRAFT COMMUNICATION SYSTEMS, MASS TRANSIT, AIR TRAFFIC CONTROL, DIRECT LIFE SUPPORT MACHINES, OR WEAPONS SYSTEMS, IN WHICH THE FAILURE OF THE SUBSCRIPTION SOFTWARE COULD LEAD DIRECTLY TO DEATH, PERSONAL INJURY, OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE ("HIGH RISK ACTIVITIES"). ACCORDINGLY, VENDOR DISCLAIM ANY EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR HIGH RISK ACTIVITIES. LICENSEE AGREES THAT VENDOR SHALL NOT BE LIABLE FOR ANY CLAIMS OR DAMAGES ARISING FROM OR RELATED TO THE USE OF THE SUBSCRIPTION SOFTWARE IN SUCH APPLICATIONS.**

6. Confidential Information.

(a) Confidentiality. The Confidential Information disclosed under this Agreement may be used, disclosed or reproduced only to the extent necessary to further and fulfill the purposes of this Agreement. Except as otherwise permitted under this Agreement, the Recipient will not knowingly disclose to any third party, or make any use of the Discloser's Confidential Information. The Recipient will use at least the same standard of care to maintain the confidentiality of the Discloser's Confidential Information that it uses to maintain the confidentiality of its own Confidential Information, but in no event less than reasonable care. The non-disclosure and non-use obligations of this Agreement will remain in full force with respect to each item of Confidential Information for a period of ten (10) years after Recipient's receipt of that item; provided, however, that Licensee's obligations to maintain the Subscription Software and Documentation as confidential will survive in perpetuity. Each of Licensee and Vendor shall be responsible for the breach of the confidentiality terms contained in this Section 6 by any of its directors, officers, employees, Authorized Users, agents, accountants and advisors. Notwithstanding the foregoing, this Section is not intended to prevent (a) a Recipient from using Residual Knowledge, subject to any Intellectual Property Rights of the Discloser, or (b) Vendor from using aggregated data regarding the use of the Subscription Services to provide reports or analytics to Licensee or to improve the performance of Vendor's products, provided such data does not contain any Personal Information regarding Licensee, its employees, customers or Authorized Users. If the Recipient should receive any legal request or process in any form seeking disclosure of Discloser's Confidential Information, or if the Recipient should be advised by counsel of any obligation to disclose such Confidential Information, the Recipient shall (if allowed by law) provide the Discloser with prompt notice of such request or advice so that the Discloser may seek a protective order or pursue other appropriate assurance of the confidential treatment of the Confidential Information. Regardless of whether or not a protective order or other assurance is obtained, the Recipient shall furnish only that portion of the Discloser's Confidential Information which is legally required to be furnished and to use reasonable efforts to assure that the information is maintained in confidence by the party to whom it is furnished.

(b) Security Policies and Safeguards. Vendor shall establish and maintain administrative, technical, and physical safeguards designed to protect against the destruction, loss, unauthorized access or alteration of Licensee Data and Personal Information in the possession or under the control of Vendor or to which Vendor has access, which are: (i) no less rigorous than those maintained by Vendor for its own information of a similar nature; (ii) no less rigorous than generally accepted industry standards; and (iii) required by applicable laws. The security procedures and safeguards implemented and maintained by Vendor pursuant to this Section 6(b) shall include, without limitation:

- (i) User identification and access controls designed to limit access to Licensee's Data to authorized users;
- (ii) the use of appropriate procedures and technical controls regulating data entering Vendor's network from any external source;

- (iii) the use of encryption techniques when Licensee's Data is transmitted or transferred into or out of the hosted environment;
- (iv) physical security measures, including without limitation securing Licensee's Data within a secure facility where only authorized personnel and agents will have physical access to Licensee Data;
- (v) operational measures, including without limitation IT Service Management (ITSM) processes designed to ensure the correct and secure operations of information processing activities;
- (v) periodic employee training regarding the security programs referenced in this Section; and
- (vi) periodic testing of the systems and procedures outlined in this Section.

(c) **Review of Controls.** Once in each 12 month period during the Subscription Term, Vendor shall, at its cost and expense, engage a duly qualified independent auditor to conduct a review of the design and operating effectiveness of Vendor's defined control objectives and control activities in connection with the Subscription Services. Vendor shall cause such auditor to prepare a report in accordance with the American Institute of Certified Public Accountants Statement on Standards for Attestation Engagements No. 16 (SSAE 16) or an equivalent standard, which may include ISAE 3402 (the "Audit Report"). Licensee shall have the right to request and receive a copy of the Audit Report and Licensee may share a copy of such Audit Report with its auditors and regulators, provided that, such Audit Report shall be Vendor's Confidential Information (as defined in this Agreement).

(d) **Security Incident Response.** In the event that Vendor becomes aware that the security of any Licensee Data or Personal Information has been compromised, or that such Licensee Data or Personal Information has been or is reasonably expected to be subject to a use or disclosure not authorized by this Agreement (an "Information Security Incident"), Vendor shall: (i) promptly (and make reasonable attempts to notify of any event within 24 hours of becoming aware of such Information Security Incident), notify Licensee, in writing (including electronic communications), of the occurrence of such Information Security Incident; (ii) investigate such Information Security Incident and conduct a reasonable analysis of the cause(s) of such Information Security Incident; (iii) provide periodic updates of any ongoing investigation to Licensee; (iv) develop and implement an appropriate plan to remediate the cause of such Information Security Incident to the extent such cause is within Vendor's control; and (v) cooperate with Licensee's reasonable investigation or Licensee's efforts to comply with any notification or other regulatory requirements applicable to such Information Security Incident.

7. Indemnity by Vendor. Vendor will defend, indemnify and hold Licensee harmless from and against any loss, cost and expense to the extent arising from a third party claim against Licensee that the Subscription Software infringes any Intellectual Property Rights of others. Vendor's obligations under this indemnification are expressly conditioned on the following: (i) Licensee must promptly notify Vendor of any such claim. Vendor will not have any liability hereunder to the extent the claim arises from (a) any modification of the Subscription

Software by, on behalf of, or at the request of Licensee; or (b) the use or combination of the Subscription Software with any computer, computer platform, operating system and/or data base management system other than provided by Vendor. If any Subscription Software is, or in Vendor's opinion is likely to become, the subject of an Intellectual Property Rights infringement claim, then Vendor, at its sole option and expense, will either: (A) obtain for Licensee the right to continue using the Subscription Software under the terms of this Agreement; (B) replace the Subscription Software with products that are substantially equivalent in function, or modify the Subscription Software so that it becomes non-infringing and substantially equivalent in function; or (C) refund to Licensee the un-used portion of the Subscription Services fee, if any, paid to Vendor for the Subscription Software giving rise to the infringement claim, and discontinue Licensee's use of such Subscription Software. **THE FOREGOING SETS FORTH VENDOR'S EXCLUSIVE OBLIGATION AND LIABILITY WITH RESPECT TO INFRINGEMENT OF INTELLECTUAL PROPERTY Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. § 516.**

8. Term and Termination.

(a) **Term.** With respect to the Subscription Software, the Initial Subscription Term shall be as set forth on the applicable GSA Task Order. After the Initial Subscription Term, the Subscription Term may be renewed for successive one-year Renewal Terms, by Licensee providing written notice of renewal to Infor (email will suffice) to the addresses set forth on the Renewal Term invoice. Notice of renewal must be received by Infor no later than ninety (90) days prior to the end of any Subscription Term. If notice of renewal is not provided in accordance with this section, then Licensee's license to use the Subscription Software and Subscription Services will terminate on the last date for which Licensee has paid the applicable Subscription Fees and Infor will have no further obligation to provide any Subscription Software or Subscription Services to Licensee. Except as set forth in Section 8(b), the Subscription Term cannot be terminated prior to its expiration date.

(b) **Right of Termination.** Termination is governed by the schedule contract, specifically 552.212-4(w)(1)(C)(iv,) and the Contract Disputes Act, 41 U.S.C. §§ 7101-7109.

(c) **Effect of Termination.** Upon termination of this Agreement, Licensee's license to access and use the Subscription Software and Subscription Services shall immediately terminate as of the effective date of such termination. Termination of this Agreement will not release either party from making payments which may be owing to the other party under the terms of this Agreement through the effective date of such termination. Termination of this Agreement will be without prejudice to the terminating party's other rights and remedies pursuant to this Agreement, unless otherwise expressly stated herein.

(d) **Return of Licensee Data.** Upon termination or expiration of this Agreement, Vendor shall promptly make all Licensee

Data available to Licensee as a native database export provided through Vendor's FTP server. In the event that Licensee requires the return of Licensee Data in an alternate format or requires any other termination assistance services, Vendor and Licensee shall mutually agree upon the scope of such termination assistance services and the fees and expenses payable for such termination assistance services.

(e) Survival of Obligations. All obligations relating to non-use and non-disclosure of Confidential Information, limitation of liability, and such other terms which by their nature survive termination, will survive termination or expiration of this Agreement.

9. Notices. All notices and other communications required or permitted under this Agreement must be in writing and will be deemed given when: delivered personally; sent by registered or certified mail, return receipt requested; transmitted by facsimile confirmed by first class mail; or sent by overnight courier. Notices must be sent to a party at its address shown on the signature page of this Agreement, or to such other place as the party may subsequently designate for its receipt of notices in accordance with this Section. Licensee must promptly send copies of any notice of material breach and/or termination of the Agreement to Vendor, Attention: _____, or to such other place as Vendor may subsequently designate for its receipt of notices.

10. Reserved

11. Assignment. Licensee may not assign or transfer any of its rights or obligations under this Agreement without the prior written consent of Vendor, whether by operation of law or otherwise, including in connection with a change in control, merger, acquisition, consolidation, asset sale or other reorganization, and any attempt at such assignment or transfer will be void.

12. No Waiver. A party's failure to enforce its rights with respect to any single or continuing breach of this Agreement will not act as a waiver of the right of that party to later enforce any such rights or to enforce any other or any subsequent breach.

13. Choice of Law; Severability. This Agreement shall be governed by and interpreted in accordance with Federal laws. If any provision of this Agreement is illegal or unenforceable, it will be deemed stricken from the Agreement and the remaining provisions of the Agreement will remain in full force and effect. The United Nations Convention on the International Sale of Goods (CISG) shall not apply to the interpretation or enforcement of this Agreement.

14. LIMITATIONS OF LIABILITY.

(a) LIMITED LIABILITY OF VENDOR. EXCEPT WITH RESPECT TO INTELLECTUAL PROPERTY INDEMNIFICATION OBLIGATIONS UNDER SECTION 7, THE TOTAL LIABILITY OF VENDOR, IN CONNECTION WITH OR RELATED TO THE SUBSCRIPTION SOFTWARE, THE SUBSCRIPTION SERVICES, OR ANY OTHER MATTER RELATING TO THIS AGREEMENT (WHATEVER THE BASIS FOR THE CAUSE OF ACTION) WILL NOT EXCEED THE SUBSCRIPTION FEES PAID OR PAYABLE

TO VENDOR HEREUNDER FOR THE TWELVE-MONTH PERIOD IN WHICH SUCH LIABILITY FIRST AROSE.

(b) EXCLUSION OF DAMAGES. IN NO EVENT WILL VENDOR, ITS AFFILIATES OR THIRD PARTY LICENSORS BE LIABLE FOR ANY SPECIAL, PUNITIVE, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES OR DAMAGES FOR LOST PROFITS, WHETHER BASED ON BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), PRODUCT LIABILITY, OR OTHERWISE, AND REGARDLESS OF WHETHER VENDOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE.

15. Audit Rights. Vendor (including any third party auditor retained by Vendor) may audit the records and systems of Licensee to ensure compliance with the terms of this Agreement and each applicable GSA Task Order. Vendor will notify Licensee in writing at least ten (10) business days prior to any such audit. Any such audit will be conducted during regular business hours and will not interfere unreasonably with Licensee's business activities. Vendor may audit Licensee no more than once in any twelve (12) month period. If an audit reveals that Licensee is using the Subscription Software or Subscription Services beyond the scope of the license granted herein (for example, in excess of the License Restriction), then, in addition to any other remedies available to Vendor, Licensee will promptly pay Vendor the underpaid Subscription Fees associated therewith based on Vendor's then-current list rates in accordance with the terms of the contract.

16. Compliance with Laws. Licensee will comply with all Federal laws, rules and regulations applicable to the use of the Subscription Software and the Subscription Services including, without limitation, by not submitting any Licensee Data that is illegal, defamatory, or that infringes any third party proprietary rights.

17. Entire Agreement. This Agreement contains the entire understanding of the parties with respect to its subject matter, and supersedes and extinguishes all prior oral and written communications between the parties about its subject matter. Any purchase order or similar document, which may be issued by Licensee in connection with this Agreement, does not modify, supplement or add terms to this Agreement. No modification of this Agreement will be effective unless it is in writing, is signed by each party, and expressly provides that it amends this Agreement. This Agreement and any signed agreement or instrument entered into in connection herewith or contemplated hereby, and any amendments hereto or thereto, to the extent signed and delivered by means of digital imaging, electronic mail or a facsimile machine, shall be treated in all manner and respects as an original agreement or instrument and shall be considered to have the same binding legal effect as if it were the original signed version thereof delivered in person. This Agreement and all GSA Task Order(s) may be signed in counterparts.

Exhibit 1 to Subscription License and Services Agreement

Service Level Description

Infrastructure - The services are supported by commercially reasonable redundant infrastructure including

- Power infrastructure that includes redundant sources (multiple power feeds, generators, battery backups), multiple power distribution systems, and redundant power supplies;
- Environmental controls that include highly available precision HVAC systems, humidity controls, and water detection systems;
- Network infrastructure that includes multiple Internet Service Providers, redundant edge routers, firewalls, and switches;
- Hardware and software redundancy in support of virtualized and physical servers; and
- Storage solutions that provide redundant back end data storage.

Infor maintains a disaster recovery site where Licensee's data is replicated on a regular basis.

Technical Change Management – Infor maintains change management system to ensure review and controlled implementation of changes that Infor may make from time to time in the support of the services. Changes require both a risk analysis and a peer review before being implemented in Infor's infrastructure.

Cloud Storage - Infor Subscription Software solutions include two (2) terabytes of storage at no additional charge. This storage limitation is for the Licensee's production environment only and applies to each Infor CloudSuite or Subscription Software product line, regardless of whether they are subscribed for on a single Order Form or across multiple Order Forms.

Security & Privacy – Infor takes great care to protect non-public information provided to us by our customers. Infor may have access to non-public information from multiple sources that include:

- Directly from use of one of Infor's hosted applications.
- Directly from a customer's designated service representative or indirectly via batch data transfers.
- In the course of transactional activities as information is updated or processed by an Infor hosted application, or through data maintenance activities.
- Other sources as defined by one of our solutions.

Infor has implemented a defense-in-depth strategy to protect non-public information. This strategy is based upon best-practices designed to comply with applicable laws and regulations and is based upon widely accepted industry standards. Our security management system is based on the following:

- **Security Policies:** We require that all employees be responsible for the security of non-public information and follow the practices defined within the Information Security Management System.
- **Information Security Organization:** Infor's management is committed to security and has established an organization responsible for the security of non-public information.
- **Asset Management:** All assets are strictly controlled and all information is classified in order to determine the appropriate controls required for access and handling.
- **Human Resources Security Practices:** In the US, Infor conducts a comprehensive background check and screening at the time each employee is hired and requires that employees maintain familiarity and compliance with security responsibilities. When employees leave Infor, a formal process is established to remove their physical and virtual access

to the Infor infrastructure.

- **Physical and Environmental Security:** Infor places critical components in physically controlled spaces with best-practices in place to secure infrastructure. Physical and environmental security measures include card and/or biometric access controls, and limited access to secure locations based on job function.
- **Communication and Operations Management:** Infor has implemented strong operational procedures to protect information. Our controls surrounding system planning, protection from malicious code, backup processes, network security, media handling and exchange of information are constantly being analyzed and monitored to insure they provide reasonable protection for your data. Third party service providers with access to confidential information are required to adhere to security and privacy requirements that are consistent with and at least as restrictive as Infor's own policies and procedures regarding the protection of confidential information.
- **Access Control:** All access to systems, networks, and applications is controlled down to the user and resource level with role-based privilege techniques. This access is reviewed on a periodic basis to ensure that a change of personnel or a change of role has not modified the access needs of the individual.
- **System Development:** Security requirements of all applications that handle confidential information are defined early in the development stage. Appropriate data protection techniques are designed into the application while changes to developed software must go through a mature change management process.
- **Incident Management:** In the unlikely event of an actual or reasonably suspected security incident, our teams immediately begin work to identify the scope of impact, mitigate any exposure, determine the root cause of the incident and take appropriate corrective action.
- **Compliance:** We are constantly analyzing the requirements of legal, regulatory, and contractual obligations to ensure we are abiding by the requirements that apply to the handling of your data.

Scheduled Maintenance – The services shall be subject to a regularly scheduled weekly maintenance window. Infor makes commercially reasonable efforts to establish maintenance windows during times that minimize impact to Licensee's users. While most of Infor's maintenance can be completed during regularly scheduled maintenance windows, from time to time maintenance must be performed outside of the scheduled maintenance windows to maintain the integrity and security of the services. In such cases, Infor will provide Licensee's primary point of contact as much advance notice of the planned maintenance as is technically feasible. The regularly scheduled weekly maintenance windows and any period of unavailability due to maintenance for which Licensee is given at least 24 hours advance notice is considered "Scheduled Maintenance".

Availability – Infor's goal is to provide access to the services at Infor's Internet gateway(s) twenty-four hours per day, seven days a week, except during Scheduled Maintenance. Infor's service level objective is 99.5% Availability measured on a monthly basis.

Availability for the Subscription Services is measured monthly as a percentage of Scheduled Available Minutes.

- "Scheduled Available Minutes" are the total minutes in a month less the number of Scheduled Maintenance minutes in the applicable month.
- "Available Minutes" is the number of Scheduled Available Minutes in a month less the aggregate number of minutes the Subscription Services were unavailable outside of Scheduled Maintenance.
- "Availability" is a percentage calculated as the Available Minutes in a month divided by the Scheduled Available Minutes in the month.

For example, in a 30 day month with 4 weekly Scheduled Maintenance windows of 8 hours, there are 41,280 Scheduled Available Minutes ((60 min. x 24 hrs. x 30 days)-(60 min. x 8 hrs. x 4 weeks) = 41,280). If the Subscription Services experienced an outage of two hours outside of Schedule Maintenance, there were 41,160 Available Minutes in the month (41,280 Scheduled Available Minutes – 120 minutes of unavailability). The resulting Availability percentage is 41,160 / 41,280 = 99.7%.

The following shall not be considered periods of unavailability for purposes of the Availability calculation:

- Outages due to factors outside of Infor's reasonable control (for example, a network or device failure at Licensee's site or between Licensee and Infor's data centers);
- Delays in email or webmail transmission to or from the hosted application;
- Connectivity issues outside of Infor's direct control (e.g. DNS issues);
- Force Majeure events;
- Outages attributable to the acts or omissions of Licensee or Licensee's employees, agents, contractors, or vendors, or anyone gaining access to the services means of UserIDs or equipment controlled by Licensee;
- Periods of Down Time at Licensee's request;
- Outages that result from Licensee's equipment, software, or other technology and/or third party equipment, software or other technology (other than those which are under Infor's direct control); and
- Performance degradation due to Licensee's use of the services in excess of the scope of Licensee's license, usage restrictions, or product limitations outlined in the applicable Agreement.

MOBILE APPLICATION SUPPLEMENT

In connection with Licensee's license to the Mobile Application Subscription Software (the "Mobile Application") as specified in the Government Task Order to which this Mobile Application Supplement ("Supplement") is attached, INFOR will provide Licensee with an environment to enable use of certain Infor-licensed Software (the "Software") on the Mobile Application through certain Apple or Android devices. The Mobile Application may be used on either an Apple device or an Android device, as specified by Apple or Google. If Licensee elects to use the Mobile Application on an Apple device, the Mobile Application is separately distributed exclusively by Apple through the App Store pursuant to the Apple Terms of Use. If Licensee elects to use the Mobile Application on an Android device, the Mobile Application is separately distributed exclusively by Google through Google Play pursuant to the Google Terms of Service. In order to use the Mobile Application on an Apple device, Licensee Users must separately agree to the Apple Terms of Use prior to downloading the Mobile Application, and in order to use the Mobile Application on an Android device, Licensee users must separately agree to the Google Terms of Service. If Licensee Users do not agree to these separate terms, then use of the Mobile Application will not be permitted on the respective Apple-supported or Google-supported device. At the time of download of the Mobile Application from the App Store or Google Play, as applicable, either Licensee Users will be prompted to agree to the Apple Terms of Use or the Google Terms of Service by checking a box displayed at the end of these terms or by clicking an "Agree" or similar button where this option is provided, or Licensee Users will be deemed to have accepted such terms by using the Mobile Application. Notwithstanding the foregoing, the Agreement to which this Supplement is attached is deemed amended by this Supplement with respect to the Mobile Application, as provided for below.. Any conflict between the terms of the Agreement and the terms of this Supplement will be resolved in favor of this Supplement.

1. Additional Definitions.

"Apple" refers to Apple, Inc. and its majority-owned affiliates.

"Apple Terms of Use" refers to the then-current additional terms and conditions of Apple (including the App Store Terms of Service and Apple Usage Rules set forth in the Apple App Store) and the EULA that Licensee Users must accept and agree to prior to using the Mobile Application on an Apple device.

"App Store" means the electronic store branded, owned and/or controlled by Apple.

"INFOR" refers to the INFOR contracting entity set forth in the Agreement, for and on behalf of itself and its subsidiaries and affiliates, including Infor (US), Inc.

“EULA” means additional terms of use of INFOR applicable to the Mobile Application that Licensee Users must accept and agree to prior to use of the Mobile Application. Neither Apple nor Google is a party to the EULA.

“Google” refers to Google Inc.

“Google Play” means the electronic store branded, owned and/or controlled by Google.

“Google Terms of Service” refers to the then-current additional terms and conditions of Google (including the Google Play Terms of Service) and the EULA that Licensee Users must accept and agree to prior to using the Mobile Application on an Android device.

“Licensee Users” refers to the individuals affiliated with and authorized by Licensee to use the Mobile Application in connection with the Software, subject to the Agreement, including the applicable User Restrictions set forth in the Government Task Order.

2. Supported Devices. The Mobile Application supports certain Apple and Android mobile devices, and data networks such as 3G, EDGE and WiFi, and enables Licensee Users to access the Software through such Apple and Android mobile devices. Notwithstanding the foregoing, INFOR shall have no obligation to offer technical support (including without limitation any wireless network connectivity support) in connection with any Apple or Android mobile device and shall have no liability with respect to the compatibility or performance of any Apple or Android mobile device in connection with the Mobile Application or the Software.

3. License. Subject to the terms and conditions of the Agreement (including any applicable User Restrictions set forth in the Government Task Order), INFOR grants Licensee a non-exclusive, non-transferable, non-sublicensable, revocable license to run the Mobile Application on designated Apple or Android mobile devices owned or controlled by Licensee, solely for Licensee Users to access the Software for Licensee’s own internal computing operations. Each Licensee User may use the Mobile Application only on a Licensee-owned and controlled Apple or Android mobile device that Licensee assigns to the specified Licensee User. Licensee and Licensee Users are not permitted to use the Mobile Application for any purpose except in connection with Licensee’s separate license to the Software, consistent with the INFOR-provided applicable documentation .. If any Licensee User ceases to be affiliated with and otherwise authorized by Licensee to use the Mobile Application or Software for any reason, Licensee will immediately terminate all access by such Licensee User to the Mobile Application and the Software. INFOR may audit Licensee’s use of the Software and the Mobile Application.. Any rights not expressly granted in this Supplement are expressly reserved.

4. Intellectual Property. INFOR retains all ownership and intellectual property rights in the Mobile Application. Licensee and Licensee Users may not: (a) modify the Mobile Application; (b) provide or make the Mobile Application available to any third party; (c) use the Mobile Application to provide third party training for INFOR products; (d) assign the Agreement or the EULA or transfer the Mobile Application or any interest thereto to any other individual or entity; (d) decompile, disassemble or reverse engineer (except to the extent permitted by applicable law) the Mobile Application; (f) create derivative works based on the Mobile Application; or (g) use any INFOR name, trademark or logo.

5. Warranty. EXCEPT AS SET FORTH IN FAR 52.212-4(o), THE MOBILE APPLICATION IS LICENSED “AS IS,” WITHOUT ANY WARRANTY WHATSOEVER. EXCEPT AS SET FORTH IN FAR 52.212-4(o), INFOR MAKES NO WARRANTIES, EXPRESS OR IMPLIED, WITH REGARD TO THE MOBILE APPLICATION, IN WHOLE OR IN PART, OR ANY OTHER

MATTER RELATING TO THIS AGREEMENT. INFOR EXPLICITLY DISCLAIMS ALL WARRANTIES OF NON-INFRINGEMENT, MERCHANTABILITY AND OF FITNESS FOR A PARTICULAR PURPOSE. INFOR EXPRESSLY DOES NOT WARRANT THAT THE MOBILE APPLICATION, IN WHOLE OR IN PART, WILL BE ERROR FREE, WILL OPERATE WITHOUT INTERRUPTION, WILL BE COMPATIBLE WITH ANY HARDWARE OR SYSTEMS SOFTWARE CONFIGURATION, OR WILL MEET LICENSEE'S OR LICENSEE USERS' REQUIREMENTS. LICENSEE AND LICENSEE USERS ASSUME ALL RISKS ASSOCIATED WITH THE USE OF THE MOBILE APPLICATION, INCLUDING WITHOUT LIMITATION RISKS RELATING TO QUALITY, AVAILABILITY, PERFORMANCE, DATA LOSS, SECURITY AND USE IN A PRODUCTION ENVIRONMENT. A LICENSEE AND LICENSEE USERS EXPRESSLY ACKNOWLEDGE AND UNDERSTAND THAT AVAILABILITY OF THE MOBILE APPLICATION THROUGH THE APPLE APP STORE IS SUBJECT TO APPLE'S SOLE DISCRETION AS THE OPERATOR OF THE APPLE APP STORE, AND THAT AVAILABILITY OF THE MOBILE APPLICATION THORUGH THE GOOGLE PLAY STORE IS SUBJECT TO GOOGLE'S SOLE DISCRETION AS THE OPERATOR OF THE GOOGLE PLAY STORE (AS APPLICABLE).

6. Liability. TO THE EXTENT PERMITTED BY APPLICABLE FEDERAL LAW, IN NO EVENT WILL INFOR BE LIABLE TO LICENSEE, LICENSEE USERS OR TO ANY THIRD PARTY FOR ANY DAMAGES ARISING IN CONNECTION WITH USE OR INABILITY TO USE THE MOBILE APPLICATION OR IN CONNECTION WITH INFOR'S PROVISION OF OR FAILURE TO PROVIDE SERVICES PERTAINING TO THE MOBILE APPLICATION, OR AS A RESULT OF ANY DEFECT IN THE MOBILE APPLICATION, OR AS A RESULT OF ANY CHANGE, SUSPENSION, REMOVAL OR DISABLING OF ACCESS TO THE MOBILE APPLICATION. THIS DISCLAIMER OF LIABILITY SHALL APPLY REGARDLESS OF THE FORM OF ACTION THAT MAY BE BROUGHT AGAINST INFOR, WHETHER IN CONTRACT OR TORT, INCLUDING WITHOUT LIMITATION ANY ACTION FOR NEGLIGENCE, PRODUCT LIABILITY, FAILURE OF THE MOBILE APPLICATION TO CONFORM TO ANY LEGAL OR REGULATORY REQUIREMENT OR CLAIMS ARISING UNDER CONSUMER PROTECTION OR SIMILAR LEGISLATION. NOTWITHSTANDING ANYTHING TO THE CONTRARY HEREIN, UNDER NO CIRCUMSTANCES SHALL INFOR AND ITS LICENSORS BE LIABLE TO LICENSEE, LICENSEE USERS OR ANY OTHER PERSON OR ENTITY FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL OR INDIRECT DAMAGES, LOSS OF GOOD WILL OR BUSINESS PROFITS, WORK STOPPAGE, DATA LOSS, COMPUTER FAILURE OR MALFUNCTION, ANY AND ALL OTHER COMMERCIAL DAMAGES OR LOSS, OR EXEMPLARY OR PUNITIVE DAMAGES.

7. Indemnification. INFOR will indemnify and hold Licensee harmless from and against any loss, cost and expense that Licensee incur because of a third party claim that use of the Mobile Application as permitted under this Agreement and the Apple Terms of Use and the Google Terms of Service (as applicable) infringes any copyright of others. INFOR's obligations under this indemnification are expressly conditioned on the Licensee promptly notifying INFOR of any such claim INFOR will not have any liability hereunder to the extent the claim arises from (a) any modification of the Mobile Application or the Software; (b) the use or combination of the Mobile Application or Software with any computer, computer platform, operating system and/or data base management system not provided or approved in writing by INFOR; (c) if the claim would have been avoided by Licensee's use of the most recent version of the Mobile Application or Software; or (d) any improper use of the Software or Mobile Application. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. § 516.

8. Export. U.S. export control laws and other applicable export and import laws govern use of the Mobile Application. Licensee and each Licensee User each represents and warrants that: (i) it is not a citizen, national or resident of, and is not located in nor under the control of, any government or country to which the U.S. government has prohibited export, that is subject to a U.S. government embargo, or that has been designated by the U.S. government as a terrorist- supporting country; (ii) it is not listed on any U.S. government list of prohibited or restricted parties; and (iii) it will neither export or re-export, directly or indirectly, the Mobile Application in violation of such laws, or use the Mobile Application for any purpose prohibited by such laws.

9. Support. INFOR does not offer support for the Mobile Application other than provision of updates, patches, bug fixes and new versions of the Mobile Application via the Apple App Store or Google Play, to be determined in INFOR's sole discretion. .

10. Term and Termination. Termination is governed by 552.212-4 and the Contract Disputes Act, 41 U.S.C. §§ 7101-7109. Upon termination of the Agreement or the Apple Terms of Use or the Google Terms of Service (as applicable), in whole or in part, Licensee and each Licensee User will discontinue further use of the Mobile Application and delete all copies of the Mobile Application on the applicable Apple or Android mobile devices.

11. Third Party Product License Terms. Licensee and Licensee Users will comply with applicable third party terms of any third party agreement when using the Mobile Application.

12. Miscellaneous. Licensee acknowledges and agrees that this Supplement, as subject to the Agreement, is between INFOR and Licensee, for itself and on behalf of Licensee Users, and that neither Apple nor Google is a party to the Agreement or the EULA; (b) INFOR is solely responsible for the Software, Mobile Application and the INFOR-provided content thereof; (c) . INFOR's failure to enforce its rights with respect to any breach of this Supplement or the EULA will not act as a waiver of the right of INFOR to later enforce any such rights or to enforce any other breach. Licensee will ensure compliance by Licensee Users .

13. Changes. Apple may at any time modify the Apple Terms of Use and Google may at any time modify the Google Terms of Service, and Apple and Google may each impose new or additional terms and conditions on INFOR, Licensee and/or Licensee Users, which may impact the availability of the Mobile Application.

INFOR is a trademark of Infor (US), Inc. or its affiliates, registered in the U.S. and other countries. All rights reserved. Apple and App Store are trademarks of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc. Any other trademarks identified herein are the property of their respective owners.

SIN 518210C - DESCRIPTION OF IT PROFESSIONAL SERVICES AND PRICING

Position Title: **IT Project Manager**

Minimum/General Experience: 8 Years

Functional Responsibilities: The IT Project Manager is responsible for management of project support operations. Organizes, directs, and coordinates planning and execution of all technical support activities. Assigns duties and reviews work of subordinates. Meets and confers with customer management officials regarding the status of Contractor project activities and progress. Resolves problems, issues or conflicts as required. Ensures that project schedule, performance, and deliverables are met. Must have prior experience with management of IT implementation projects.

Minimum Education: Master's Degree in a related field OR Bachelor's Degree in a related field and PMP certification.

Position Title: **Application/Infrastructure Architect**

Minimum/General Experience: Minimum 7 years of experience in design and implementation of enterprise infrastructure or enterprise application architecture

Functional Responsibilities: Analyzes and studies application or infrastructure needs specific to the customer's implementation of their particular applications. Identifies potential areas of improvement in the current infrastructure or application architecture that would eliminate specific issues or would be beneficial to the overall performance of the system. Collaborates with customer management and IT staff to ensure compatibility and cohesion with existing systems and infrastructure. Advises customer management and IT staff on architectural best practices for application or infrastructure. Requires knowledge of FedRAMP regulations and control requirements. Also requires technical knowledge and experience with the applications being implemented. Must have broad knowledge of web-based or cloud-based enterprise application architecture.

Minimum Education: Bachelor's Degree in a related field

Position Title: **Application Consultant**

Minimum/General Experience: 10 years technical experience in enterprise application design and implementation. Minimum 5 years of experience in a design/configuration role with the implemented application

Functional Responsibilities: Consults with customer management and end-users to identify necessary business processes and generate detailed requirements for application functionality. Advises customer on best practices for the specific application(s) being implemented. Determines application customizations, modifications, and screen designs that are necessary to support the customer's specific needs and suggests potential application-based solutions to identified business needs. Requires in-depth functional knowledge and experience with specific applications being implemented.

Minimum Education: Master's Degree in a related field

Position Title: **Subject Matter Expert**

Minimum/General Experience: 10 years technical experience in a majority of the functions below

Functional Responsibilities: Provides high-level subject matter expertise for work described in the program/task. Provides advanced technical knowledge and analysis of high specialized applications and operational environment, high-level functional systems analysis, design, integration, documentation, training, and/or implementation advice on complex problems which require a high level knowledge of the subject matter for effective implementation. From computer systems standpoint, participates as needed in all phases of software and hardware development with emphasis on the planning, analysis, testing, integration, documentation, training, and presentation phases. From a business process standpoint, provides technical advice, guidance and direction for the improvement, modification, and re-engineering of business processes, policies and procedures for any functional area under consideration or review. Applies principles, methods, and knowledge of specific functional areas of expertise to specific task order/programs. Is able to work independently at the highest level. Directs the composition or composes and finalizes documentation.

Minimum Education: Master's Degree in a related field.

Position Title: **Senior Systems Analyst**

Minimum/General Experience: 7 years technical experience in a majority of the functions below

Functional Responsibilities: Oversees plans for automated data processing systems from project inception to conclusion. Analyzes user needs to determine requirements and conducts feasibility studies. Identifies resources required for each task. May supervise a large support staff and/or serve as liaison to client staff. Provides strategic guidance to other technical staff in areas such as specifications, architectures, and information system design. Researches developments in field of expertise and applies them to the client environment including emerging technologies, lessons learned, best practices, and assessment methodologies. Interfaces with client personnel at all organizational levels. Develops white papers and system documentation. Converts functional specifications to technical specifications. Works independently without direct supervision.

Minimum Education: Bachelor's Degree in a related field. Master's Degree preferred.

Position Title: **Senior Programmer / Analyst**

Minimum/General Experience: 7 years technical experience in a majority of the functions below

Functional Responsibilities: Performs advanced specialized systems programming duties including design, specifications development, and computerized information systems implementation to include web-based applications. Supervises programmers and other technical staff on complex projects. Consults with user management and technical staff to clarify client needs, problems, and strategy. Assigns, coordinates, and reviews work developers. May train lower-level staff. Works independently without direct supervision.

Minimum Education: Bachelor's Degree in a related field. Master's Degree preferred.

Position Title: **Analyst**

Minimum/General Experience: 5 years technical experience in a majority of the functions below

Functional Responsibilities: Under general supervision, performs systems analysis of computer and communications/network systems. Performs systems installation of computer operating systems, network, and applications software, and computer/network hardware. Troubleshoots computer systems and networks to assist Senior Systems Analysts. Performs systems analysis of computer and networking systems. Provides overall integration of all systems peripherals so that they operate correctly within a predefined environment. Develops technical documentation detailing the installation procedures.

Minimum Education: Bachelor's Degree in a related field.

Position Title: **Senior Software Engineer**

Minimum/General Experience: 7 years technical experience in a majority of the functions below

Functional Responsibilities: Analyzes and studies complex system requirements. Designs software tools and subsystems to support software reuse and domain analyses and manages their implementation. Manages software development and support using formal specifications, data flow diagrams, and other accepted design techniques. Interprets software requirements and design specifications to code, and integrates and tests software components. Estimates software development costs and schedule. May supervise a staff of programmers and/or other engineers. Works independently without direct supervision.

Minimum Education: Bachelor's Degree in a related field.

Position Title: **Quality Assurance Testing Lead**

Minimum/General Experience: 7 years technical experience in a majority of the functions below

Functional Responsibilities: Develops, publishes, and implements test plans. Writes and maintains test automation. Develops quality assurance standards. Defines and tracks quality assurance metrics. Employs knowledge of quality assurance methodologies. Relies on experience and judgment to plan and accomplish goals. Performs a variety of tasks. Works under general supervision.

Minimum Education: Bachelor's Degree in a related field.

Position Title: **Junior Analyst**

Minimum/General Experience: 3 years technical experience in a majority of the functions below

Functional Responsibilities: Under analyst supervision, performs basic systems analysis of computer and communications/network systems. Performs systems installation support of computer operating systems, network, and applications software, and computer/network hardware. Troubleshoots computer systems and networks to assist Systems Analysts. Performs systems analysis of computer and networking systems.

Minimum Education: Associate's Degree in a related field. Bachelor's Degree preferred.

Position Title: Quality Assurance Tester

Minimum/General Experience: 3 years technical experience in a majority of the functions below

Functional Responsibilities: Implements defined test plans. Maintains test automation. Defines and tracks quality assurance metrics such as defect densities and open defect counts. Employs knowledge of quality assurance methodologies. Relies on experience and judgment to plan and accomplish goals. Performs a variety of tasks. Works under Quality Assurance Testing Lead supervision.

Minimum Education: Associate's Degree in a related field. Bachelor's Degree preferred.

Education Substitution Methodology:

Degree	Experience Equivalence
Bachelor's	Associate degree + two years relevant experience, or Four years relevant experience
Master's	Bachelors + two years relevant experience, or Associate degree + four years relevant experience, or six years relevant experience

Successful completion of higher education which has not yet resulted in a degree may be counted as one year of experience for each year of college completed
