

**AUTHORIZED FEDERAL ACQUISITION SERVICE
INFORMATION TECHNOLOGY SCHEDULE PRICELIST
GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY
EQUIPMENT, SOFTWARE AND SERVICES**

Consolidated Networks Corporation offers a range of IS & IT services to the government under the GSA Information Technology Schedule contract, including Requirements Analysis, System Design, System Integration, Installation and Deployments, Network Management, and O&M support.

Special Item No. 132-51 Information Technology Professional Services

SIN 132-51 - INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES

FPDS Code D307 Automated Information Systems Design and Integration Services

FPDS Code D316 IT Network Management Services

FPDS Code D399 Other Information Technology Services, Not Elsewhere Classified

Note 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

Note 2: Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

Note 3: This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

(Cooperative and Recovery Purchasing accepted for all Special Item Numbers mentioned above.)

**INFORMATION FOR ORDERING ACTIVITIES
APPLICABLE TO ALL SPECIAL ITEM NUMBERS**

SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service Schedules Program. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Acquisition Service Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service (www.fss.gsa.gov). The catalogs/pricelists, GSA Advantage!™ and the Federal Acquisition Service Home Page (www.fss.gsa.gov) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

1. GEOGRAPHIC SCOPE OF CONTRACT:

Domestic delivery is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

Overseas delivery is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- The Geographic Scope of Contract will be domestic and overseas delivery.
- The Geographic Scope of Contract will be overseas delivery only.
- The Geographic Scope of Contract will be domestic delivery only.

2. CONTRACTOR'S ORDERING ADDRESS AND PAYMENT INFORMATION:

Consolidated Networks Corporation
944 P O Box 425
Oklahoma City, OK 73123
405.879.2322
Fax: 707.422.0781
Email: gsa-pm@consolidatednetworks.com

Contractors are required to accept credit cards for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Credit cards will not be acceptable for payment above the micro-purchase threshold. In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering activities to obtain technical and/or ordering assistance:

(707) 422-0791 or (405) 879-2322

3. LIABILITY FOR INJURY OR DAMAGE

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

4. STATICAL DATA FOR GOVERNMENT ORDERING OFFICE COMPLETION OF STANDARD FORM 279:

Block 9: G. Order/Modification Under Federal Acquisition Service Schedule

Block 16: Data Universal Numbering System (DUNS) Number: 00-805-1919

Block 30: Type of Contractor - B. Other Small Business

Block 31: Woman-Owned Small Business - No

Block 36: Contractor's Taxpayer Identification Number (TIN): 73-1547102

4a. CAGE Code: 1SSY0

4b. Contractor has registered with the Central Contractor Registration Database.

5. FOB DESTINATION

6. DELIVERY SCHEDULE

a. **TIME OF DELIVERY:** The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

SPECIAL ITEM NUMBER	DELIVERY TIME (Days ARO)
132-51	To Be Determined by Contractor and Ordering Agency

b. **URGENT REQUIREMENTS:** When the Federal Acquisition Service Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

7. DISCOUNTS: Prices shown are NET Prices; Basic Discounts have been deducted.

- a. Prompt Payment: None
- b. Quantity: None
- c. Dollar Volume: None
- d. Government Educational Institutions: Government Educational Institutions are offered the same discounts as all other Government customers
- e. Other: None

8. TRADE AGREEMENTS ACT OF 1979, as amended:

All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

9. STATEMENT CONCERNING AVAILABILITY OF EXPORT PACKING: Outside the scope of this contract.

10. Small Requirements: The minimum dollar value of orders to be issued is \$100.00.

11. MAXIMUM ORDER (All dollar amounts are exclusive of any discount for prompt payment.)

a. The Maximum Order value for the following Special Item Numbers (SINs) is \$500,000:

Special Item Number 132-51 - Information Technology (IT) Professional Services

**TERMS AND CONDITIONS APPLICABLE TO INFORMATION
TECHNOLOGY (IT) PROFESSIONAL SERVICES (SPECIAL ITEM
NUMBER 132-51)**

1. SCOPE

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

2. PERFORMANCE INCENTIVES

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract in accordance with this clause.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. ORDER

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. PERFORMANCE OF SERVICES

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT/EC Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)

(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and

(2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

6. INSPECTION OF SERVICES

The Inspection of Services-Fixed Price (AUG 1996) (Deviation - May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection-Time-and-Materials and Labor-Hour (JAN 1986) (Deviation - May 2003) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

7. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Deviation - May 2003) Rights in Data - General, may apply.

8. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT/EC Services.

9. INDEPENDENT CONTRACTOR

All IT/EC Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

10. ORGANIZATIONAL CONFLICTS OF INTEREST

a. Definitions.

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. INVOICES

The Contractor, upon completion of the work ordered, shall submit invoices for IT/EC services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003) applies to labor-hour orders placed under this contract.

13. RESUMES

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. APPROVAL OF SUBCONTRACTS

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

16. DESCRIPTION OF IT/EC SERVICES AND PRICING

- a. **The services of Consolidated Networks include, but are not limited to the following:**
Special Item Number (SIN) 132-51 – Professional Information Technologies Services

Consolidated Networks Corporation offers a range of IS & IT services to the government under the GSA Information Technology Schedule contract, including the following areas under Special Item Number (SIN) 132-51 as follows:

Automated Information Systems Design and Integration Services (FPDS Code D307): Consolidated Networks Corporation provides the government a new breed of Engineer who specializes in communications convergence. CNC offers Classified Support and Engineers that design, install and maintain broadband services, IP communications, intelligent optical mesh networks, SIP-based converged communications systems, and traditional WAN/MAN architectures. Technology architectures of these types are rapidly expanding within enterprises, and are replacing architectures that relied on the single purpose (voice or data) communication model. CNC engineers create a bridge, or as our name suggests consolidates, the Voice, Video, and Data world and provides engineering services to government agencies that are looking to expand the capabilities of their current system architecture or to create the blueprint for their converged and more efficient voice/video/data network. For each project, Consolidated Networks Corporation furnishes complete documentation and deliverables in accordance with the approved methodology for users and systems personnel.

IT Network Management Services (FPDS Code D316): Consolidated Networks Corporation provides the government a new breed of engineers who specialize in communications convergence. Consolidated Networks Corporation provides a range of LAN/WAN telecommunications management services. We design, install, and manage all sizes of networks for voice, data, and secure communications. Functional needs include backbone, enterprise-wide, Internet, and videoconferencing communications. Network systems administration and monitoring are performed according to enterprise and industry standards. For each project Consolidated Networks Corporation furnishes complete documentation and deliverables in accordance with the approved task order.

Other Information Technology Services, Not Elsewhere Classified (FPDS Code D399):

Systems Installation. Consolidated Networks Corporation offers complete installation services for networks, end user computing systems, and COTS and custom software. The installation includes but is not limited to, the analysis of the system being installed; identification of all related tasks and activities; compilation of all needed materials, software, and hardware; design of a comprehensive testing and verification plan; coordination with all affected organizations; full hardware and software installation; execution of the system test plan; participation in the user acceptance test; and post-installation reviews. For each project, Consolidated Networks Corporation furnishes complete documentation and deliverables in accordance with the approved methodology for users and systems personnel.

Strategic Information Technologies Planning, Program Assessment, and Studies. Consolidated Networks Corporation offers services to support the development, analysis, and implementation of information technologies strategies and architectures. Services include program planning and assessment, risk/trade-off analyses, requirements analyses, alternatives analyses, and feasibility studies. Unique industry expertise may be provided in specialty areas.

CNC GSA Contract -- Labor Category Descriptions

<u>Job Code</u>	<u>Labor Category</u>	<u>Duties and Responsibilities</u>
Pm	Project Manager	<p>Functional Responsibility: Serves as the overall implementation manager for a contract and lead for technical projects. Authorized to coordinate activities of the project to meet deadlines and budgets and to resolve conflicting demands of users. Establishes costs and determines resource requirements. Responsible for the administrative, contractual, and financial aspects of projects. Oversees the quality assurance efforts of the contract or project.</p> <p>Education: Bachelors degree in a technical or management field</p> <p>Minimum/General Experience: 5 years experience in systems engineering or the business/ technology directly relating to the assigned business segment. 3 years of supervisory experience, in a lead or management role, with a demonstrated success in the ability to staff and lead/manage technically oriented projects and personnel. Experienced in directing large efforts as well as multiple concurrent smaller efforts. Knowledgeable of the federal contract and procurement regulations.</p> <p>Functional Responsibility: Provides administrative-type support to technical and management-level personnel. This includes, but is not limited to, documentation planning and support, project administration, general office support, executive secretarial support, human resource planning, event planning and administration, office relocation planning, etc.</p>
AA	Administrative Support	<p>Education: High School Diploma or G.E.D. or other equivalent degree program.</p> <p>Functional Responsibility: Supervises and provides technical support in evaluating and resolving network and processor problems. Designs, installs, and may maintain networks that link numerous computing platforms, operating systems, network topologies, and network protocols.</p>
NE 3	Senior Network Engineer	<p>Education: Bachelors degree in a technical field or Professional certification</p> <p>Minimum General Experience: Seven years IT experience including four years supporting network environments and one year supervising network related activities. In-depth knowledge of network management tools, techniques, and procedures. Experienced in developing monitoring, and reporting network performance metrics.</p> <p>Functional Responsibility: Provides technical support in evaluating and resolving network and processor problems. Responsible for the design, configuration, and implementation of networks.</p>
NE 2	Network Engineer 2	<p>Education: Bachelors degree in a technical field or Professional certification</p> <p>Minimum/General Experience: Five years ADP technical experience including three years supporting network environments. Knowledge of network management tools and techniques. Experienced at measuring and reporting network performance.</p> <p>Functional Responsibility: Provides technical support in evaluating and resolving network and processor problems. Responsible for the configuration and implementation of networks.</p>
NE 1	Network Engineer 1	<p>Education: Bachelors degree in a technical field or Professional certification</p> <p>Minimum/General Experience: Three years ADP technical experience including two years supporting network environments. Knowledge of network management tools and techniques. Experienced at measuring and reporting network performance.</p> <p>Functional Responsibility: Develops, writes, and edits IT documentation incorporating information from users, IT development personnel, and management personnel. Develops reports from written and electronic input media. Prepares graphic presentations of technical information for both technical and non-technical users. Assists in requirements analysis and preliminary system design activities through participation in user interviews.</p>
TW	Technical Writer	<p>Education: Bachelors degree</p> <p>Minimum/General Experience: Three years experience in the development of technical documentation using automated tools including desktop publishing. Experienced in developing ADP systems and user documentation in accordance with specified standards.</p> <p>Functional Responsibility: Expert consulting in highly specialized, leading edge information technologies and methodologies. Provides highly technical specialized guidance with regard to automated solutions to complex information processing problems. Often called upon as one of a few nationally recognized specialists with unique knowledge and skills.</p>
SME	Subject Matter Expert 1	<p>Education: Masters degree in a technical or management field related to issues to be supported.</p> <p>Minimum/General Experience: Ten years of progressively responsible experience involving information technology and related systems and often unique specialization. Recognized as an industry or specialty expert especially in the use of information processing, telecommunications, or security systems, through exposure such as publications, research, teaching, and speeches. Experience in traditional videography and videography of subject matter suitable for digitalization and broadcast over the internet.</p> <p>Functional Responsibility: Responsible for applying research, specialized technical and analytical skills and techniques in the support of implementation responsibilities related to major operations and programs of national significance. Assists in the definition of program requirements, assessment of required resources, identification of processes and procedures, addressing of outstanding issues for resolution and description of alternative approaches. Proposes and/or develops methodologies for the redaction of operation/program data into appropriate electronic/hard copy format.</p>
PA 3	Program Analyst 3	<p>Education: Bachelors degree</p> <p>Minimum/General Experience: Five years experience in technical/policy support and analysis of complex programs, tasks, processes and procedures. Experienced in program planning, training, coordination, implementation and documentation.</p>

Comm Tec IT Technician 1	<p>Functional Responsibility: Installs systems and components such as cabling, circuitry, and electronics for complete system connectivity, communication, and operation. Does cabling for voice and data transmission in accordance with EIA/TIA standards. Assists higher level technicians by performing such tasks as replacing components, wiring circuits, and taking test readings; repairing simple electronic equipment; and using tools and common test instruments (e.g. multimeters, audio signal generators, and oscilloscopes). Capable of entering basic information into computer system to initiate operations or generate reports. Receives technical guidance as required from higher level technicians or supervisors. Work is typically spot checked or reviewed in detail when new or advanced.</p> <p>Education: High School Diploma or G.E.D. or other equivalent degree program.</p> <p>Minimum/General Experience: Two years experience in the installation of automatic data processing systems. Possesses working knowledge of applicable standards and building codes.</p>
Comm Tec IT Technician 2	<p>Functional Responsibility: Installs systems and components such as cabling, circuitry, and electronics for complete system connectivity, communication, and operation. Does cabling for voice and data transmission in accordance with EIA/TIA standards. Assists higher level technicians by performing such tasks as replacing components, wiring circuits, and taking test readings; repairing simple electronic equipment; and using tools and common test instruments (e.g. multimeters, audio signal generators, and oscilloscopes). Capable of entering basic information into computer system to initiate operations or generate reports. Receives technical guidance as required from higher level technicians or supervisors. Work is typically spot checked or reviewed in detail when new or advanced.</p> <p>Education: High School Diploma or G.E.D. or other equivalent degree program.</p> <p>Minimum/General Experience: Three years experience in the installation and maintenance of automatic data processing systems. Possesses working knowledge of applicable standards and building codes. Knowledgeable of technologies such as the use and application of test equipment to determine continuity and performance measurement. Experienced with system installation technologies such as copper, fiber optic broad band cabling systems, and black box technologies.</p>
Comm Tec IT Technician 3	<p>Functional Responsibility: Installs, maintains, and repairs systems and components such as cabling, circuitry, and system electronics for complete system connectivity, communication, and operation. Does cabling for voice and data transmission in accordance with EIA/TIA standards. Applies advanced technical knowledge to solve unusually complex problems such as those solutions that cannot be readily found in technical literature. Able to identify malfunctions and accommodate engineering changes. Must have experience and knowledge in detailed interrelationships of system components, and judgment in performing such tasks as making circuit analysis, calculating wave forms, tracing relationships in signal flow, and regularly using complex test equipment. May be experienced in computer system operations or report generation. Work may be reviewed for compliance with accepted practices and work assignments. May provide technical guidance to lower level technicians.</p> <p>Education: High School Diploma or G.E.D. or other equivalent degree program.</p> <p>Minimum/General Experience: Five years experience in the installation and maintenance of automatic data processing systems. Possesses working knowledge of applicable standards and building codes. Experienced with technologies such as the use and application of test equipment to determine continuity and performance measurement. Experienced with system installation technologies such as terminating and testing copper and fiber optic broad band cabling systems and black box technologies. Able to perform component level repairs and calibration such as with copper and fiber optic broadband cable system headends, frontend processors, network management systems, and related test equipment. Able to integrate new technologies to existing system components such as voice and data systems while ensuring compatibility.</p>
ITS 1 IT Support Specialist 1	<p>Functional Responsibility: Performs variety of professional support functions using organization's office automation systems. Able to advise other staff in the use of IT systems and their function relevant to the project mission. Advises management and staff of relevant issues, policies, and procedures. Performs business and technical analyses as required. Generates reports on various technical and administrative issues.</p> <p>Education: High School Diploma or G.E.D. or other equivalent degree program, and one professional certification</p> <p>Minimum/General Experience: Two years experience in providing general information technology systems and project support. Experienced with desktop publishing and office automation systems. Knowledgeable of project operations and relationship with support functions.</p>
ITS 2 IT Support Specialist 2	<p>Functional Responsibility: Performs variety of professional support functions using organization's office automation systems. Able to advise other staff in the use of IT systems and their function relevant to the project mission. Advises management and staff of relevant issues, policies, and procedures. Performs business and technical analyses as required. Generates reports on various technical and administrative issues. May supervise other IT Support Specialists.</p> <p>Education: Associates degree and one professional certification</p> <p>Minimum/General Experience: Four years experience in providing general information technology systems and project support. Experienced with desktop publishing and office automation systems. Knowledgeable of project operations and relationship with support functions.</p>
ITS 3 IT Support Specialist 3 -- CAD Operato	<p>Functional Responsibility: Performs variety of professional support functions using organization's office automation systems. Able to advise other staff in the use of IT systems and their function relevant to the project mission. Advises management and staff of relevant issues, policies, and procedures. Performs business and technical analyses as required. Provides CAD drawings in support of network engineering design and implementation projects. Generates reports on various technical and administrative issues. May supervise other IT Support Specialists.</p> <p>Education: High School Diploma or G.E.D. or other equivalent degree program.</p> <p>Minimum/General Experience: Four years experience in providing general information technology systems and project support. Experienced with desktop publishing and office automation systems. Knowledgeable of project operations and relationship with support functions.</p>

		5+ years Oracle/People Soft Database/Systems Administration. Experience implementing systems in a large scale Oracle environment. Other experience: PeopleSoft migrations, performance monitoring, trouble shooting and problem resolution.
	Snr DB Administrator	Enhancements, upgrades and assisting with module implementations.
DBA 3		Strong Oracle People Soft HCM and ELM, candidate gateway, e-recruit, and employee self service experience. Previous PeopleSoft HRMS System exp. Excellent communications Skills
		5+ years Oracle People Soft HCM Programming.
	Snr DB Programmer	5+ years writing Code with People Soft developing tools, Unix scripts batch processing tools. Strong Oracle People Soft HCM 8.0 SP1 and ELM (ver 9.1) , candidate gateway, e-recruit, and employee self service experience. Excellent communications Skills.
DBP 3		Strong Knowledge of of Oracle DB 8i and higher, People Soft HCM 8 SP1, People Tools 8.17.13 and People tools 8.49.09. Knowledge of BlueBird 2.62

USA COMMITMENT TO PROMOTE SMALL BUSINESS PARTICIPATION PROCUREMENT PROGRAMS

PREAMBLE

(Name of Company) provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts. To accelerate potential opportunities please contact Edward J Kusbel at (405) 879- 2322 or FAX (405) 840-2605 or email ejk@consolidatednetworks.com

**BEST VALUE
BLANKET PURCHASE AGREEMENT
FEDERAL ACQUISITION SERVICE SCHEDULE**

(Insert Customer Name)

In the spirit of the Federal Acquisition Streamlining Act (ordering activity) and (Contractor) enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Acquisition Service Schedule Contract(s) _____.

Federal Acquisition Service Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Acquisition Service Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the ordering activity that works better and costs less.

(CUSTOMER NAME)
BLANKET PURCHASE AGREEMENT

Pursuant to GSA Federal Acquisition Service Schedule Contract Number(s) _____, Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (ordering activity):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

MODEL NUMBER/PART NUMBER	*SPECIAL BPA DISCOUNT/PRICE
_____	_____
_____	_____
_____	_____

(2) Delivery:

DESTINATION	DELIVERY SCHEDULES / DATES
_____	_____
_____	_____
_____	_____

(3) The ordering activity estimates, but does not guarantee, that the volume of purchases through this agreement will be _____.

(4) This BPA does not obligate any funds.

(5) This BPA expires on _____ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to place orders under this BPA:

OFFICE	POINT OF CONTACT
_____	_____
_____	_____
_____	_____

(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

(8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

- (a) Name of Contractor;
- (b) Contract Number;
- (c) BPA Number;
- (d) Model Number or National Stock Number (NSN);
- (e) Purchase Order Number;
- (f) Date of Purchase;

(g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and

(h) Date of Shipment.

(9) The requirements of a proper invoice are specified in the Federal Acquisition Service Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

(10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.

BASIC GUIDELINES FOR USING “CONTRACTOR TEAM ARRANGEMENTS”

Federal Acquisition Service Schedule Contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to a ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Acquisition Service Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions of the Federal Acquisition Service Schedule Contract.

Participation in a Team Arrangement is limited to Federal Acquisition Service Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Acquisition Service Schedule Contractors may individually meet the customer's needs, or -
- Federal Acquisition Service Schedule Contractors may individually submit a Schedules “Team Solution” to meet the customer's requirement.
- Customers make a best value selection.
