

**GENERAL SERVICES ADMINISTRATION  
FEDERAL SUPPLY SERVICE**

**AUTHORIZED MULTIPLE AWARD SCHEDULE PRICELIST**

**Contract Number: GS-35F-022BA**

**T-Rex Solutions, LLC  
7501 Greenway Center Drive, Suite 1200  
Greenbelt, MD 20770  
Phone: (703) 742-0566  
Fax: (703) 723-1230  
[www.trexsolutionsllc.com](http://www.trexsolutionsllc.com)**

**Business Size / Status: Large**

**Period Covered by Contract: October 9, 2013 – October 8, 2023**

**Pricelist current through Mod 43, dated 07/30/2020.**

Products and ordering information in this Multiple Award Schedule Pricelist are also available on the GSA Advantage! System ([www.gsaadvantage.gov](http://www.gsaadvantage.gov)).

## SPECIAL ITEM NUMBER 518210C – CLOUD AND CLOUD-RELATED IT PROFESSIONAL SERVICES

## SPECIAL ITEM NUMBER 54151S – INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES

FPDS Code D301 IT Facility Operation and Maintenance  
FPDS Code D302 IT Systems Development Services  
FPDS Code D306 IT Systems Analysis Services  
FPDS Code D307 Automated Information Systems Design and Integration Services  
FPDS Code D308 Programming Services  
FPDS Code D310 IT Backup and Security Services  
FPDS Code D311 IT Data Conversion Services  
FPDS Code D316 IT Network Management Services  
FPDS Code D399 Other Information Technology Services, Not Elsewhere Classified

**Note 1:** All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

**Note 2:** Offerors and Agencies are advised that the Multiple Award Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

**Note 3:** This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

## SPECIAL ITEM NUMBER OLM – ORDER LEVEL MATERIALS

---

**OLM/STLOC:** Section 211 of the E-Government Act of 2002 (the Act) amended the Federal Property and Administrative Services Act to allow for "Cooperative Purchasing." Cooperative Purchasing allows for the Administrator of General Services to provide states and localities access to certain items offered through the General Services Administration's (GSA's) [Federal Supply Schedule 70](#), Information Technology (IT) Schedule contract. The information technology available to state and local governments includes automated data processing equipment (including firmware), software, supplies, support equipment, and services.

## GENERAL CONTRACT INFORMATION

1a. Table of Awarded Special Item Numbers (SINs):

54151S, IT Professional Services

518210C, Cloud and Cloud-Related IT Professional Services

OLM / OLMSTLOC, Order Level Materials

Please refer to *GSA eLibrary* ([www.gsaelibrary.gsa.gov](http://www.gsaelibrary.gsa.gov)) for detailed SIN description

1b. Lowest Priced Model Number and Lowest Price: Please refer to our rates beginning on page #11

1c. Labor Category Descriptions: Please refer to page #7

2. Maximum Order: \$ 500,000.00

3. Minimum Order: \$ 100.00

4. Geographic Coverage: Worldwide

5. Point of Production: Same as company address

6. Discount from List Price: Government prices are net

7. Quantity Discounts: None

8. Prompt Payment Terms: None

9a. Government Purchase Card *is* accepted at or below the micro-purchase threshold.

9b. Government Purchase Card *is* accepted above the micro-purchase threshold.

10. Foreign Items: None

11a. Time of Delivery: As negotiated at the task order level

11b. Expedited Delivery: As negotiated at the task order level

11c. Overnight and 2-Day Delivery: As negotiated at the task order level

11d. Urgent Requirement: As negotiated at the task order level

12. F.O.B. Point: Not Applicable

13a. Ordering Address: T-Rex Solutions, LLC  
7501 Greenway Center Drive, Suite 1200  
Greenbelt, MD 20770

13b. For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPAs), are found in Federal Acquisition Regulation (FAR) 8.405-3.

14. Payment Address: T-Rex Solutions, LLC  
7501 Greenway Center Drive, Suite 1200  
Greenbelt, MD 20770

|--|---|
| 15. Warranty Provision:  | Not Applicable  |
| 16. Export Packing Charges:  | Not Applicable  |
| 17. Terms and Conditions of Government Purchase Card Acceptance (any thresholds above the micro-purchase level):   | None  |
| 18. Terms and conditions of rental, maintenance, and repair:   | Not Applicable  |
| 19. Terms and conditions of installation (if applicable):  | Not Applicable  |
| 20. Terms and conditions of repair parts indicating date of parts, price lists and any discounts from list prices:   | Not Applicable  |
| 20a. Terms and conditions for any other services (if applicable):  | Not Applicable  |
| 21. List of service and distribution points (if applicable):   | Not Applicable  |
| 22. List of participating dealers (if applicable):   | Not Applicable  |
| 23. Preventative maintenance (if applicable)   | Not Applicable  |
| 24a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants.):  | Not Applicable  |
| 24b. Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor's website or other location). The EIT standards can be found at:<br><a href="http://www.Section508.gov/">www.Section508.gov/</a> | Section 508 compliance information on the supplies and services available on this contract can be found at <a href="http://www.trexolutionsllc.com">www.trexolutionsllc.com</a> |
| 25. Data Universal Number System (DUNS) Number:  | 062808535   |
| 26. T-Rex Solutions, LLC <i>is</i> registered in the System for Award Management (SAM).  |   |

**SIN 518210C, CLOUD SERVICES LABOR CATEGORY DESCRIPTIONS**

Category Title	Description	Degree	Years Exp
Cloud Engineer I	Entry level Cloud Engineer who demonstrates limited to full use and/or application of standard principles, theories, concepts and techniques; provides solutions to a variety of problems of limited scope; has some experience in the following topics: refactoring workloads for cloud solutions, migrating legacy or other systems to cloud solutions, cloud DevOps/DevSecOps, cloud security, developing and testing cloud native applications, or other cloud-oriented activities; supervision can be close or general while following established procedures; contact is primarily intra-organizational with infrequent inter-organizational and outside customer contacts.	Bachelor's	0
Cloud Engineer II	Cloud Engineer who demonstrates knowledge in wide application of principles, theories and concepts in his/her field and provides solutions to a wide range of difficult problems with imaginative and thorough solutions; has demonstrated experience in some of the following topics: refactoring workloads for cloud solutions, migrating legacy or other systems to cloud solutions, cloud DevOps/DevSecOps, cloud security, developing and testing cloud native applications, or other cloud-oriented activities; works under very general supervision and results are reviewed upon completion for adequacy in meeting objectives; decisions achieve program schedule and cost objectives; maintains frequent internal and external customer contacts, and provides solutions to difficult technical problems related to specific projects.	Bachelor's	3
Cloud Engineer IV	Mid-level Cloud Engineer who applies extensive expertise as a generalist or specialist; has demonstrated experience in many of the following topics: refactoring workloads for cloud solutions, migrating legacy or other systems to cloud solutions, cloud DevOps/DevSecOps, cloud security, developing and testing cloud native applications, or other cloud-oriented activities; solves complex problems which require the regular use of ingenuity and creativity; performs work without appreciable direction and is reviewed for desired results from a relatively long term perspective; decisions result in an organization achieving critical organizational, cloud-related objectives; may function in project leadership roles and represents the organization as prime customer contact on significant technical matters on contracts.	Bachelor's	10
Cloud Engineer V	Senior Cloud Engineer who performs as a recognized authority in his/her field and exhibits an exceptional degree of ingenuity, creativity and resourcefulness; has demonstrated experience in many of the following topics: refactoring workloads for cloud solutions, migrating legacy or other systems to cloud solutions, cloud DevOps/DevSecOps, developing and testing cloud native applications, cloud security, or other cloud-oriented activities; applies and/or develops highly advanced cloud principles, theories and concepts in managing large scale contracts; acts independently to resolve major problems; manages, leads and advises staff members in order to meet established cloud-related objectives; responsible to accomplish long range objectives; self-supervised; decisions have a prolonged positive effect on organization's reputation and business posture; cloud consultant to senior management and prime spokesperson to customer on company capabilities and future efforts.	Master's	12

Category Title	Description	Degree	Years Exp
Cloud Enterprise Program Director SME II	Executive Cloud Program Director with explicit experience in Enterprise-level systems and programs who performs as a recognized authority in his/her field and exhibits an exceptional degree of ingenuity, creativity and resourcefulness; has demonstrated experience in providing management or governance of enterprise-level cloud solutions; applies and/or develops highly advanced principles, theories and concepts in managing large scale cloud contracts; acts independently to resolve major problems; manages, leads and advises staff members in order to meet established cloud-related objectives; responsible to accomplish long range objectives; self-supervised; decisions have a prolonged positive effect on organization's reputation and business posture; consultant to senior management and prime spokesperson to customer on company capabilities and future efforts; monitors cloud technology trends such as emerging standards for new technology opportunities.	Master's	20
Cloud Enterprise Solutions Engineer I	Entry level Cloud Engineer with specialized training in enterprise-level solutions who demonstrates limited to full use and/or application of standard principles, theories, concepts and techniques; has some experience in the following topics: cloud computing strategy including assessing cloud solutions, developing cloud adoption plans, cloud application architecture, design, development, testing and cloud management, security, and monitoring; provides solutions to a variety of problems of limited scope; supervision can be close or general while following established procedures; contact is primarily intra-organizational with infrequent inter-organizational and outside customer contacts.	Bachelor's	0
Cloud Enterprise Solutions Engineer II	Cloud Engineer with specific experience in federal or state government enterprise-level programs who demonstrates knowledge in wide application of principles, theories and concepts in his/her field and provides solutions to a wide range of difficult problems with imaginative and thorough solutions; has demonstrated experience in some of the following topics: cloud computing strategy including assessing cloud solutions, developing cloud adoption plans, cloud application architecture, design, development, testing and cloud management, security, and monitoring; works under very general supervision and results are reviewed upon completion for adequacy in meeting cloud-related objectives; decisions achieve program schedule and cost objectives; maintains frequent internal and external customer contacts, and provides solutions to difficult technical problems related to specific projects.	Bachelor's	3
Cloud Enterprise Solutions Engineer III	Cloud Engineer who applies extensive expertise as a generalist or specialist with specific experience in federal or state government enterprise-level programs; has experience developing cloud computing strategy including assessing cloud solutions, developing cloud adoption plans, cloud application architecture, design, development, testing and cloud management, security, and monitoring; solves complex problems which require the regular use of ingenuity and creativity; performs work without appreciable direction and is reviewed for desired results from a relatively long term perspective; decisions result in an organization achieving critical organizational objectives; may function in cloud project leadership roles and represents the organization as prime customer contact on significant technical matters on contracts.	Bachelor's	8

Category Title	Description	Degree	Years Exp
Cloud Enterprise Solutions Engineer IV	Mid-level Cloud Engineer who applies extensive expertise as a generalist or specialist with significant experience in federal or state government enterprise-level programs; has experience developing cloud computing strategy including assessing cloud solutions, developing cloud adoption plans, cloud application architecture, design, development, testing and cloud management, security, and monitoring; solves complex problems which require the regular use of ingenuity and creativity; performs work without appreciable direction and is reviewed for desired results from a relatively long term perspective; decisions result in an organization achieving critical organizational cloud-related objectives; may function in cloud project leadership roles and represents the organization as prime customer contact on significant technical matters on contracts.	Bachelor's	10
Cloud Enterprise Solutions Engineer V	Senior Cloud Engineer with extensive experience in federal and state government enterprise-level solutions who performs as a recognized authority in his/her field and exhibits an exceptional degree of ingenuity, creativity and resourcefulness; has experience developing cloud computing strategy including assessing cloud solutions, developing cloud adoption plans, cloud application architecture, design, development, testing and cloud management, security, and monitoring; applies and/or develops highly advanced principles, theories and concepts in managing large scale contracts; acts independently to resolve major problems; manages, leads and advises staff members in order to meet established cloud-related objectives; responsible to accomplish long range objectives; self-supervised; decisions have a prolonged positive effect on organization's reputation and business posture; cloud consultant to senior management and prime spokesperson to customer on company capabilities and future efforts.	Master's	12
Cloud Enterprise Solutions SME II	Executive Cloud Engineering Subject Matter expert with expert experience in federal and state government enterprise-level cloud programs who performs as a recognized authority in his/her field and exhibits an exceptional degree of ingenuity, creativity and resourcefulness; has experience developing cloud computing strategy including assessing cloud solutions, developing cloud adoption plans, cloud application architecture, design, development, testing and cloud management, security, and monitoring; applies and/or develops highly advanced principles, theories and concepts in managing large scale cloud contracts; acts independently to resolve major problems; manages, leads and advises staff members in order to meet established cloud objectives; responsible to accomplish long range objectives; self-supervised; decisions have a prolonged positive effect on organization's reputation and business posture; cloud consultant to senior management and spokesperson to customer on company capabilities and future efforts.	Master's	20
Cloud Program Manager I	Cloud Program Management Associate who demonstrates knowledge in wide application of principles, theories and concepts in his/her field and provides solutions to a wide range of difficult problems with imaginative and thorough solutions; has some experience in providing management or governance of cloud solutions; works under very general supervision and results are reviewed upon completion for adequacy in meeting objectives; decisions achieve program schedule and cost objectives; maintains frequent internal and external customer contacts, and provides solutions to difficult technical problems related to specific projects; monitors cloud technology trends such as emerging standards for new technology opportunities.	Bachelor's	3

Category Title	Description	Degree	Years Exp
Cloud Program Manager II	Cloud Program Manager who applies extensive expertise as a generalist or specialist; has demonstrated experience in providing management or governance of enterprise-level cloud solutions; solves complex problems which require the regular use of ingenuity and creativity; performs work without appreciable direction and is reviewed for desired results from a relatively long term perspective; decisions result in an organization achieving critical organizational objectives; may function in project leadership roles and represents the organization as prime customer contact on significant technical matters on contracts; monitors cloud technology trends such as emerging standards for new technology opportunities.	Bachelor's	7
Cloud Program Manager III	Cloud Program Manager who applies advanced concepts, theories and principles and contributes toward the development of new principles and concepts; has demonstrated experience in providing management or governance of enterprise-level cloud solutions; works unusually complex problems with consultative direction rather than formal supervision and provides technical direction to others; decisions result in an organization achieving goals critical to major organizational objectives and improving the image of the organization's technological capability; advises senior management and customers on advanced technical research studies and applications; managerial/leadership experience or necessary skills; monitors cloud technology trends such as emerging standards for new technology opportunities.	Master's	8
Cloud Program Manager V	Executive Cloud Program Manager who performs as a recognized authority in his/her field and exhibits an exceptional degree of ingenuity, creativity and resourcefulness; has demonstrated experience in providing management or governance of enterprise-level cloud solutions; applies and/or develops highly advanced principles, theories and concepts in managing large scale cloud contracts; acts independently to resolve major problems; manages, leads and advises staff members in order to meet established cloud-related objectives; responsible to accomplish long range objectives; self-supervised; decisions have a prolonged positive effect on organization's reputation and business posture; consultant to senior management and prime spokesperson to customer on company capabilities and future efforts; monitors cloud technology trends such as emerging standards for new technology opportunities.	Master's	16
Cloud Project Lead I	Entry or intermediate level Cloud Program Management Associate who demonstrates limited to full use and/or application of standard principles, theories, concepts and techniques; has some experience in providing management or governance of cloud solutions; provides solutions to a variety of problems of limited scope; supervision can be close or general while following established procedures; contact is primarily intra-organizational with infrequent inter-organizational and outside customer contacts. Typically will act as cloud team lead or small project cloud coordinator, and work with/supervise Admin roles for on project.	Bachelor's	1

Category Title	Description	Degree	Years Exp
Cloud Project Support I	Services of the Cloud Project Support I are only available through this schedule in a support role of the principal cloud positions. The Project Support I performs in the business operations functional areas as finance, contracts, subcontracts, or purchasing related to cloud solutions and products, including (but not limited to) Software as a Service, Platform as a Service, and Infrastructure as a Service. The Project Support I position uses skills to support related infrastructure activities. The Cloud Project Support I typically prepares budgets, supports project scheduling, prepares statistical reports, and procures equipment.	Bachelor's	0
Cloud Project Support II	Services of the Cloud Project Support II are only available through this schedule in a support role of the principal cloud positions . The Project Support II performs in business operations functional areas as finance, contracts, subcontracts, or purchasing related to cloud solutions and products, including (but not limited to) Software as a Service, Platform as a Service, and Infrastructure as a Service. The Cloud Project Support II position uses skills to support complex task related activities.	Bachelor's	3
Cloud Project Support III	Services of the Cloud Project Support IV are only available through this schedule in a support role of the principal cloud positions. The Project Support III performs in business operations functional areas as finance, contracts, subcontracts, or purchasing related to cloud solutions and products, including (but not limited to) Software as a Service, Platform as a Service, and Infrastructure as a Service, especially on large scale contracts. The Project Support III position uses skills to support complex cloud task related activities. E	Bachelor's	7
Cloud SME Consultant IV	Senior Cloud Subject Matter Expert Consultant who performs as a recognized authority in his/her field and exhibits an significant degree of ingenuity, creativity and resourcefulness; has demonstrated experience in many of the following topics: assessing cloud solutions, refactoring workloads for cloud solutions, migrating legacy or other systems to cloud solutions, cloud DevOps/DevSecOps, cloud security, developing and testing cloud native applications, or other cloud-oriented activities; applies and/or develops highly advanced principles, theories and concepts, providing new, specialized, or unique and significant cloud expertise necessary to the program management team. Impact to the program may have a prolonged positive effect on organization's reputation and business posture; cloud consultant to senior management and may act as a secondary spokesman to customer on program efforts.	Master's	12
Cloud Specialist II	Cloud Specialist who demonstrates understanding and applies principles, concepts and practices; has demonstrated experience in some of the following topics: cloud DevOps/DevSecOps, developing cloud native applications, or other cloud-oriented activities; develops solutions to a variety of complex problems; performs work without appreciable direction and participates in determining objectives of assignments; plans, schedules and arranges own activities with work reviewed upon completion; represents the organization/company as a prime cloud contact on contracts or projects and interacts with senior internal and external personnel.	Bachelor's	5

Category Title	Description	Degree	Years Exp
Cloud Specialist IV	Senior Cloud Specialist who acts as consultant to senior management; applies and develops advanced concepts and techniques; has demonstrated experience in some of the following topics: cloud DevOps/DevSecOps, developing cloud native applications, or other cloud-oriented activities; develops cloud solutions to complex problems requiring a high degree of ingenuity and innovation; works under consultative direction toward predetermined long range cloud-related goals; virtually self-initiated and self-managed; may function in project leadership roles and acts as a prime cloud consultant and spokesperson for the organization on highly significant matters relating to policies, programs, capabilities and long range goals and objectives. May serve as Cloud Specialist team lead and supervise Cloud Specialists and Technicians.	Bachelor's	10
