

**GENERAL SERVICES ADMINISTRATION
FEDERAL SUPPLY SERVICE
AUTHORIZED FEDERAL SUPPLY SCHEDULE CATALOG/PRICE LIST**

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order is available through **GSA Advantage!**, a menu-driven database system. The INTERNET address for **GSA Advantage!** is <http://www.gsaadvantage.gov>

SCHEDULE TITLE: Federal Supply Schedule 70 – General Purpose Commercial Information Technology Equipment, Software, and Services

FSC GROUP, PART AND SECTION OR STANDAR INDUSTRIAL GROUP: 132 51-Information Technology Professional Services – SUBJECT TO COOPERATIVE PURCHASING

FSC CLASS(ES)/PRODUCT CODE(S) AND /OR SERVICE CODES: (**This can also be moved to the table of content page**)

FSC/PSC Class D301 IT AND TELECOM- FACILITY OPERATION AND MAINTENANCE

- **Facility Management**

FSC/PSC Class D302 IT AND TELECOM- SYSTEMS DEVELOPMENT

- **Systems Development Services**

FSC/PSC Class D306 IT AND TELECOM- SYSTEMS ANALYSIS

- **Systems Analysis Services**

FSC/PSC Class D307 IT AND TELECOM- IT STRATEGY AND ARCHITECTURE

- **Automated Information Systems Services**

FSC/PSC Class D308 IT AND TELECOM- PROGRAMMING

- **Programming Services**

FSC/PSC Class D310 IT AND TELECOM- CYBER SECURITY AND DATA BACKUP

- **Backup and Security Services**

FSC/PSC Class D311 IT AND TELECOM- DATA CONVERSION

- **Data Conversion Services**

FSC/PSC Class D313 IT AND TELECOM- COMPUTER AIDED DESIGN/COMPUTER AIDED MANUFACTURING (CAD/CAM)

- **Computer Aided Design Services**

- **Computer Aided Manufacturing Service**

FSC/PSC Class D316 IT AND TELECOM- TELECOMMUNICATIONS NETWORK MANAGEMENT

- **IT Network Management Services**

FSC/PSC Class D317 IT AND TELECOM- WEB-BASED SUBSCRIPTION

- **Creation/Retrieval of IT Related Data Services**

- **Creation/Retrieval of Other Information Services**

- **Creation/Retrival of IT Related Automated News Services**

FSC/PSC Class D399 IT AND TELECOM- OTHER IT AND TELECOMMUNICATIONS

- **Other Information Technology Services, Not Elsewhere Classified**

CONTRACT NUMBER: GS-35F-0244R

MODIFICATION NUMBER: YKKN3RNS

CONTRACT PERIOD: Jan 05, 2015 – Jan, 04 2020

Note 1: If long distance travel is required during the performance of any services provided under this contract, Aurotech, Inc., Inc. will agree to invoice all long distance travel costs in accordance with the Federal Travel Regulations (FTR) or Joint Travel Regulations (JTR).

LABOR CATEGORY DESCRIPTIONS

1. Senior Systems Architect

- A. Minimum/General Experience: Has broad, high-level knowledge of specific solution architecture for Government applications. Possesses the capability to direct, design, or develop architecture plans, implementation or cutover plans, integration plans, or interoperability plans based on different business environments. Has the ability to use experience and technical judgment to reach conclusions in the face of limited and/or uncertain data. Supervises or manages the technical architecture planning and is considered a leading expert in the field. Capable of supervising multiple teams of specialty Engineers working on highly complex architecture projects.
- B. Functional Responsibility: Provides lead analysis for translating customer needs into the design of solution. Provides leadership or direction on innovative research associated with the development of solution architectures. Performs management responsibilities for the program and staff in the development and execution of solution architecture projects. Provides in-depth analysis on interoperability, topologies, technologies, interfaces, and protocols. May perform other duties as required.
- C. Minimum Education: A Doctorate in Computer Science, Electrical or Electronics Engineering, Information Systems, or equivalent and 8 years general work experience in telecommunications. A Master's Degree in Computer Science, Electrical or Electronics Engineering, Information Systems, or equivalent and 10 years experience or a Bachelor's Degree in Computer Science, Electrical Engineering, Information Systems, or equivalent and 12 years experience are considered equivalent to a Doctorate and 8 years experience.

2. Technical Director

- A. Minimum/General Experience: A Bachelor's degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. This position requires a minimum of seven years experience, of which at least four years must be specialized. Specialized experience includes: project development from inception to deployment, expertise in the management and control of funds and resources using complex reporting mechanisms, demonstrated capability in managing multi-task contracts and/or subcontracts of various types and complexity. General experience includes increasing responsibilities in information systems design and/or management.
- B. Functional Responsibility: Serves as the technical manager for a large, complex task order (or a group of task orders affecting the same common/standard/migration system) and shall assist the Program Manager in working with the Government Contracting Officer (CO), the contract-level Contracting Officer's Representative (COR), the task order-level COR(s), government management personnel and customer agency representatives. Under the guidance of the Program Manager, responsible for the overall management of the specific task order(s) and insuring that the technical solutions and schedules in the task order are implemented in a timely manner. Performs enterprise wide horizontal integration planning and interfaces to other functional systems.
- C. Minimum Education: With a Master's Degree (in the fields described in B above): five years of general experience of which at least three years specialized experience is required. With a Ph.D. (in the fields described in B above) five years of specialized experience is required. With eight years general experience of which at least five years specialized experience, a degree is not required.

3. Project Manager

- A. Minimum/General Experience: Ten years information technology experience, including five years of experience in a management or supervisory capacity, plus three years of experience in the functional area of the project to be managed. Demonstrates ability to manage a large-scale system design, development, testing, implementation, operations, and maintenance effort encompassing a large staff including specialty and line managers, senior technical personnel, clerical staff, and system operators. The individual assigned to this position shall possess knowledge of the use of contemporary project management tools and shall have command of the core principles of effective management, including effective delegation, ownership, responsibility development, and tracking.

Organizes, directs, and coordinates planning and execution of all program/technical support activities. Has demonstrated information technology expertise and communications skills to be able to interface with all levels of management. Simultaneously plans and manages the transition of several highly technical projects. Establishes and alters (as necessary) management structure to effectively direct program/technical support activities. Meets and confers with Government/Corporate management officials regarding the status of program/technical activities and problems, issues or conflicts regarding resolution.

- B. Functional Responsibility: Directs completion of tasks within estimated time frames and budget constraints. Schedules and assigns duties to subordinates and subcontractors and ensures assignments are completed as directed. Enforces work standards and reviews/resolves work discrepancies to ensure compliance with contract requirements. Formulates policies and goals of the organization to subordinates. Interfaces with internal and Government/Corporate management. Is responsible for overall program performance.
- C. Minimum Education: Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline.

4. Senior Applications Engineer

- A. Minimum/General Experience: A Bachelor's degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. This position requires a minimum of six (6) years experience managing or performing software engineering activities, of which at least four years must be specialized. Specialized experience includes: demonstrated experience working with Ada, SQL, and third/fourth generation languages in the design and implementation of systems and using database management systems. General experience includes increasing responsibilities in software engineering activities. Knowledgeable of applicable standards.
- B. Functional Responsibility: Analyzes and studies complex system requirements. Designs software tools and subsystems to support software reuse and domain analyses and manages their implementation. Manages software development and support using formal specifications, data flow diagrams, other accepted design techniques and Computer Aided Software Engineering (CASE) tools. Estimates software development costs and schedule. Reviews existing program and assist in making refinements, reducing operating time, and improving current techniques. Supervises software configuration management.
- C. Minimum Education: With a Master's Degree (in the fields described in B above): four years general experience of which at least three years must be specialized experience is required. With eight years of general experience of which at least six years must be specialized experience, a degree is not required.

5. Program Manager

- A. Minimum/General Experience: Minimum of twelve years experience. Each post-graduate degree equivalent to up to three years experience (post-graduate study may be substituted for experience at the rate of three credit hours of study for three months of experience, up to 36 credit hours).
- B. Functional Responsibility: Senior member of management with ability to commit the firm and with extensive experience in systems development. Responsible for highest-level client liaison. Ability to secure necessary professional resources within the firm to meet requirements of project.
- C. Minimum Education: A BA/BS degree in a related field such as Business Administration, Information Systems Management, Engineering Management, or technical degree such as Computer Science or Engineering.

6. Senior Applications Developer

- A. Minimum/General Experience: Six (6) years of technical experience in applications software development, one of which is in systems analysis. Competent to work at a high technical level for all phases of applications systems analysis and programming activities.
- B. Functional Responsibility: Works under general direction. Formulates/defines system scope and objectives. Devises or modifies procedures to solve complex problems considering computer equipment capacity and limitations. Prepares detailed specifications from which programs will be written. Designs, codes, tests, debugs,

and documents programs. May be involved in related areas such as database design/management, evaluation of commercial off-the-shelf (COTS) products, and analysis of network hardware/software issues. May provide guidance to other systems analysts and programmers.

- C. Minimum Education: Bachelor's degree in Computer Science, a related field or relevant experience.

7. Applications Developer

- A. Minimum/General Experience: Four (4) years of technical experience in applications software development, one of which is in systems analysis. Competent to work at a high technical level for all phases of applications systems analysis and programming activities.
- B. Functional Responsibility: Works under general direction of the Senior Application Developer. Formulates/defines system scope and objectives. Devises or modifies procedures to solve complex problems considering computer equipment capacity and limitations. Prepares detailed specifications from which programs will be written. Designs, codes, tests, debugs, and documents programs. May be involved in related areas such as database design/management, evaluation of commercial off-the-shelf (COTS) products, and analysis of network hardware/software issues. May provide guidance to other systems analysts and programmers.
- C. Minimum Education: Bachelor's degree in Computer Science, a related field or relevant experience.

8. Senior Functional Analyst

- A. Minimum/General Experience: Six (6) years experience, of which at least four (4) must be specialized. Specialized experience includes superior functional knowledge of task order requirements.
- B. Functional Responsibility: Analyzes user needs to determine functional and cross-functional requirements. Performs functional allocation to identify required tasks and their interrelationships. Identifies resources required for each task.
- C. Minimum Education: Bachelor's Degree in Computer Science, Information Systems, or other related discipline.

9. Systems Analyst

- A. Minimum/General Experience: A Bachelor's degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. This position requires a minimum of three (3) years experience, of which at least two years must be specialized. Specialized experience includes: analysis and design of business applications on complex systems for large-scale computers, including three years experience in data base management concepts, use of the programming languages such as Ada, COBOL, 4GL, and/or DBMS. Knowledge of current storage and retrieval methods, one year of systems analysis experience designing technical applications on computer systems and demonstrated ability to formulate specifications for computer programmers to use in coding, testing, and debugging of computer programs. General experience includes increasing responsibilities in information systems design and management. Must demonstrate the ability to work independently or under only general direction on requirements that are moderately complex to analyze, plan, program, and implement.
- B. Functional Responsibility: Analyzes and develops computer software possessing a wide range of capabilities, including numerous engineering, business, and records management functions. Develops plans for automated information systems from project inception to conclusion. Analyzes user interfaces, maintain hardware and software performance tuning, analyze workload and computer usage, maintain interfaces with outside systems, analyze downtimes, analyze proposed system modifications, upgrades and new COTS. Analyzes the problem and the information to be processed. Defines the problem, and develops system requirements and program specifications, from which programmers prepare detailed flow charts, programs, and tests. Coordinates closely with programmers to ensure proper implementation of program and system specifications. Develops, in conjunction with functional users, system alternative solutions.

- C. Minimum Education: With a Master's Degree (in the fields described in B above): two years general experience of which at least one year must be specialized experience is required. With four years of general experience of which at least two years must be specialized experience, a degree is not required.

10. Business Analyst

- A. Minimum/General Experience: A minimum of 6 years of experience in the field of Business Analysis or in a related area.
- B. Functional Responsibility: Reviews, analyses and evaluates business systems and user needs. Formulates systems to parallel overall business strategies. Writes detailed description of user needs, program functions and steps required to develop or modify computer programs. Familiar with a variety of the field's concepts, practices and procedures. Relies on extensive experience and judgment to plan and accomplish goals. Performs a variety of tasks. Leads and directs the work of others. A wide degree of creativity and latitude is expected.
- C. Minimum Education: Bachelor's degree in area of specialty and/or in a related field.

11. Help Desk Specialist

- A. Minimum/General Experience: Four (4) years experience in the analysis, specification, and integration of hardware components and software.
- B. Functional Responsibility: Integrates hardware components and software including computers, peripherals, and telecommunications devices. Interfaces and integrates hardware and software, and analyzes hardware interface/integration requirements. Performs assessments of new hardware and software, and provides recommendations. Identifies site requirements.
- C. Minimum Education: Bachelor's degree in Computer Science or a related field.

12. Graphics Specialist

- A. Minimum/General Experience: Experience in art and design is required.
- B. Functional Responsibility: Designs and copies layouts for visual presentations. Uses a variety of print, electronic and film media to meet client's needs. Use computer software to generate images. Designs promotional displays and marketing brochures for products and services, developing distinctive logos for products and businesses, and creating visual designs for annual reports and other corporate literature.

Must devise strategies for layouts and artistic concepts, and create visual images that engage, attract and sell. Should be responsive to customer needs, able to create new and original ideas, open to change and able to adjust to shifting priorities, meticulous, thorough and detailed, and able to meet deadlines and juggle multiple priorities. Versed in desktop publishing tools such as FrameMaker Acrobat Exchange, QuarkExpress, Photoshop or PageMaker.
- C. Minimum Education: Bachelor's degree or four years of general experience of which at least 1 year must be specialized experience, a degree is not required.

13. Assistant Systems Analyst

- A. Minimum/General Experience: A Bachelor's degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. This position requires a minimum of 1 year of experience, of which at least 6 months must be specialized. Specialized experience includes: analysis and design of business applications on complex systems for large-scale computers, including 1 year of experience in data base management concepts,

use of the programming languages such as Ada, COBOL, 4GL, and/or DBMS. Knowledge of current storage and retrieval methods, 6 months of systems analysis experience designing technical applications on computer systems and demonstrated ability to formulate specifications for computer programmers to use in coding, testing, and debugging of computer programs. General experience includes increasing responsibilities in information systems design and management. Works under direction of team lead on requirements that are moderately complex to analyze, plan, program, and implement.

- B. Functional Responsibility: Analyzes and develops computer software possessing a wide range of capabilities, including numerous engineering, business, and records management functions. Develops plans for automated information systems from project inception to conclusion. Analyzes user interfaces, maintain hardware and software performance tuning, analyze workload and computer usage, maintain interfaces with outside systems, analyze downtimes, analyze proposed system modifications, upgrades and new COTS. Analyzes the problem and the information to be processed. Develops, in conjunction with functional users, system alternative solutions.
- C. Minimum Education: With four years of general experience of which at least 1 year must be specialized experience, a degree is not required.

14. Junior Analyst

- A. Minimum/General Experience: Two years of technical experience in applications software development, one of which is in programming. Competent to work at a detail technical level for all phases of applications systems analysis and programming activities.
- B. Functional Responsibility: Works under general direction. Analyzes system requirements and implement solutions to solve application problems. Review detailed specifications from which computer programs or scripts will be written. Designs, codes, tests, debugs, and documents programs or data conversion maps. May be involved in related areas such as solution deployment, implementing commercial off-the-shelf (COTS) products and writing scripts for data conversion/mapping.
- C. Minimum Education: Bachelor's Degree in a related field such as Computer Science and Mathematics.

15. Data Entry

- A. Minimum/General Experience: Requires a high school diploma and one-year experience in data entry and verification. Typically required to Works under close supervision and direction.
- B. Functional Responsibility: Performs data entry via on-line data terminal, key-to-tape, key-to-disk, or similar device. Verifies data entered, where applicable.
- C. Minimum Education: An Associate of Arts (AA) degree in Computer Science or related study will be considered equivalent to one half year of general experience. Formal specialized training may be substituted on the basis of one month of training for one month of experience, not to exceed three months.

16. SVC-PS-DAILY

- A. Minimum/General Experience: Requires a bachelor's degree and twelve years of experience as a subject matter specialist in the field of requirements.
- B. Functional Responsibility: Defines the problems and analyzes and develops plans and requirements in the subject matter area for moderately complex to complex systems. Coordinates and manages the preparation of analysis, evaluations, and recommendations for proper implementation of programs and systems specifications in the following specialties: information systems architecture, networking; telecommunications, automation, communications protocols, risk management/electronic analysis, software, lifecycle management, software development methodologies, and modeling and simulation.
- C. Minimum Education: B.S. Degree or higher

2. MAXIMUM ORDER*:

\$2,000,000 per SIN and \$5,000,000 per order

NOTE TO ORDERING ACTIVITIES: *If the best value selection places your order over the Maximum Order identified in this catalog/pricelist, you have an opportunity to obtain a better schedule contract price. Before placing your order, contact the aforementioned contractor for a better price. The contractor may (1) offer a new price for this requirement (2) offer the lowest price available under this contract or (3) decline the order. A delivery order that exceeds the maximum order may be placed under the schedule contract in accordance with FAR 8.404.

3. MINIMUM ORDER: \$100

4. GEOGRAPHIC COVERAGE: Domestic, 50 states, Washington, DC, Puerto Rico, US Territories and to a CONUS port or consolidation point for orders received from overseas activities

5. POINT(S) OF PRODUCTION: USA

6. DISCOUNT FROM LIST PRICES: Prices shown are NET Prices; Basic Discounts have been deducted.

a. Prompt Payment: 1 % - 15 days from receipt of invoice or date of acceptance, whichever is later for NET30 terms

b. Quantity: None offered.

c. Dollar Volume: None offered.

d. Government Educational Institutions: Offered the same discount as all other Government Customers.

e. Discount for use of Government Commercial Credit Card: None for
Current IFF rate is 0.75%

7. QUANTITY DISCOUNT(S): None

8. PROMPT PAYMENT TERMS: Net 30

DISCOUNT FROM LIST PRICES: Prices shown are NET Prices; Basic Discounts have been deducted.

a. Prompt Payment: 1 % - 15 days from receipt of invoice or date of acceptance, whichever is later for NET30 terms

b. Quantity: None offered.

c. Dollar Volume: None offered.

d. Government Educational Institutions: Offered the same discount as all other Government Customers.

e. Discount for use of Government Commercial Credit Card: None for
Current IFF rate is 0.75%

9.a Government Purchase Cards must be accepted at or below the micro-purchase threshold.

9.b Government Purchase Cards are accepted above the micro-purchase threshold. Contact contractor for limit.

10. FOREIGN ITEMS: None

11a. TIME OF DELIVERY:

The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

SPECIAL ITEM NUMBER	DELIVERY TIME (DAYS ARO)
132-51	As negotiated between the Government and Aurotech, Inc.
132-50	30 days
132-33	As negotiated between the Government and Aurotech, Inc.

- 11b. EXPEDITED DELIVERY:** Contact Contractor's Representative
- 11c. OVERNIGHT AND 2-DAY DELIVERY:** Overnight and 2-day delivery are available. Contact the Contractor for rates.
- 11d. URGENT REQUIRMENTS:** Agencies can contact the Contractor's representative to affect a faster delivery. Customers are encouraged to contact the contractor for the purpose of requesting accelerated delivery.
- 12. FOB POINT:** Origin-Prepay and Add
- 13a. ORDERING ADDRESS:**
8701 Georgia Ave
Suite 801
Silver Spring MD 20910
- 13b. ORDERING PROCEDURES:** Ordering activities shall use the ordering procedures described in Federal Acquisition Regulation 8.405-3 when placing an order or establishing a BPA for supplies or services. The ordering procedures, information on Blanket Purchase Agreements (BPA's) and a sample BPA can be found at the GSA/FSS Schedule Homepage (fss.gsa.gov/schedules).
- 14. PAYMENT ADDRESS:** 6909 Timber Creek Ct.
Clarksville MD 21029
- 15. WARRANTY PROVISION:** Standard Commercial Warranty. Customer should contact contractor for a copy of the warranty.
- 16. EXPORT PACKING CHARGES:** Not Applicable
- 17. TERMS AND CONDITIONS OF GOVERNMENT PURCHASE CARD ACCEPTANCE:** (any thresholds above the micro purchase level may be inserted by contractor)
- 17. TERMS AND CONDITIONS OF RENTAL, MAINTENANCE, AND REPAIR (IF APPLICABLE):**
N/A
- 19. TERMS AND CONDITIONS OF INSTALLATION (IF APPLICABLE):** N/A
- 20. TERMS AND CONDITIONS OF REPAIR PARTS INDICATING DATE OF PARTS PRICE LISTS AND ANY DISCOUNTS FROM LIST PRICES (IF AVAILABLE):** N/A
- 20a. TERMS AND CONDITIONS FOR ANY OTHER SERVICES (IF APPLICABLE):** N/A
- 21. LIST OF SERVICE AND DISTRIBUTION POINTS (IF APPLICABLE):** N/A
- 22. LIST OF PARTICIPATING DEALERS (IF APPLICABLE):** N/A
- 23. PREVENTIVE MAINTENANCE (IF APPLICABLE):** N/A
- 24a. SPECIAL ATTRIBUTES SUCH AS ENVIRONMENTAL ATTRIBUTES (e.g. recycled content, energy efficiency, and/or reduced pollutants):**
- 24b. Section 508 Compliance for Electronic and Information Technology (EIT):** N/A
- 25. DUNS NUMBER:** 122987264 **CAGE CODE:** 3ESD9

**26. NOTIFICATION REGARDING REGISTRATION IN SYSTEM FOR AWARD MANAGEMENT (SAM)
DATABASE:** Registered in SAM database
