

**AUTHORIZED  
INFORMATION TECHNOLOGY SCHEDULE PRICELIST  
GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY  
EQUIPMENT, SOFTWARE AND SERVICES**

**SPECIAL ITEM NUMBER 132-51 - INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES**

FPDS Code D301	IT Facility Operation and Maintenance
FPDS Code D302	IT Systems Development Services
FPDS Code D306	IT Systems Analysis Services
FPDS Code D307	Automated Information Systems Design and Integration Services
FPDS Code D308	Programming Services
FPDS Code D310	IT Backup and Security Services
FPDS Code D311	IT Data Conversion Services
FPDS Code D313	Computer Aided Design/Computer Aided Manufacturing (CAD/CAM) Services
FPDS Code D316	IT Network Management Services
FPDS Code D317	Creation/Retrieval of IT Related Automated News Services, Data Services, or Other Information Services (All other information services belong under Schedule 76)
FPDS Code D399	Other Information Technology Services, Not Elsewhere Classified

**Note 1:** All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

**Note 2:** Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

**Note 3:** This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

**SPECIAL NOTICE TO AGENCIES: Small Business Participation**

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!<sup>TM</sup> on-line shopping service ([www.gsaadvantage.gov](http://www.gsaadvantage.gov)). The catalogs/pricelists, GSA Advantage!<sup>TM</sup> and the Federal Acquisition Service Home Page ([www.gsa.gov/fas](http://www.gsa.gov/fas)) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

**1. GEOGRAPHIC SCOPE OF CONTRACT:**

*Domestic delivery* is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

*Overseas delivery* is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- The Geographic Scope of Contract will be domestic and overseas delivery.
- The Geographic Scope of Contract will be overseas delivery only.
- The Geographic Scope of Contract will be domestic delivery only.

For Special Item Number 132-53 Wireless Services ONLY, if awarded, list the limited geographic coverage area:

N/A \_\_\_\_\_

**2. CONTRACTOR'S ORDERING ADDRESS AND PAYMENT INFORMATION:**

iLuMinA Solutions Inc.  
23330 Cottonwood Parkway, Suite 350  
California, Maryland 20619

Contractor must accept the credit card for payments equal to or less than the micro-purchase for oral or written orders under this contract. The Contractor and the ordering agency may agree to use the credit card for dollar amounts over the micro-purchase threshold (See GSAR 552.232-79 Payment by Credit Card). In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering activities to obtain technical and/or ordering assistance:

240-895-0493

**3. LIABILITY FOR INJURY OR DAMAGE**

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

**4. STATISTICAL DATA FOR GOVERNMENT ORDERING OFFICE COMPLETION OF STANDARD FORM 279:**

Block 9: G. Order/Modification Under Federal Schedule Contract  
Block 16: Data Universal Numbering System (DUNS) Number: **607598229**  
Block 30: Type of Contractor: **B. Other Small Business**  
Block 31: Woman-Owned Small Business - **Yes**  
Block 37: Contractor's Taxpayer Identification Number (TIN): **20-2616271**

4a. CAGE Code: **46EK1**

4b. Contractor has registered with the Central Contractor Registration Database.

**5. FOB DESTINATION**

**6. DELIVERY SCHEDULE**

a. TIME OF DELIVERY: The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

SPECIAL ITEM NUMBER	DELIVERY TIME (Days ARO)
<u>  ALL SINS  </u>	<u>  30  </u> Days
_____	_____ Days

**Less than 30 Days by mutual agreement between ordering activity and contractor.**

b. URGENT REQUIREMENTS: When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

**7. DISCOUNTS:** Prices shown are NET Prices; Basic Discounts have been deducted.

- a. Prompt Payment:   0  % -   0   days from receipt of invoice or date of acceptance, whichever is later.
- b. Quantity: **None**
- c. Dollar Volume: **None**
- d. Other Special Discounts (i.e. Government Education Discounts, etc.): **Government Educational**

**Institutions are offered the same discounts as all other Government customers.**

**8. TRADE AGREEMENTS ACT OF 1979, as amended:**

All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

**9. STATEMENT CONCERNING AVAILABILITY OF EXPORT PACKING:**

**10. Small Requirements:** The minimum dollar of orders to be issued is \$ NO MINIMUM.

**11. MAXIMUM ORDER (All dollar amounts are exclusive of any discount for prompt payment.)**

a. The Maximum Order for the following Special Item Numbers (SINs) is \$500,000:

Special Item Number 132-51 - Information Technology Professional Services

**12. ORDERING PROCEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS**

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.

- a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.
- b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

**13. FEDERAL INFORMATION TECHNOLOGY/TELECOMMUNICATION STANDARDS**

**REQUIREMENTS:** ordering activities acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering activities, shall be responded to promptly by the Contractor.

**13.1 FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATIONS (FIPS PUBS):** Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

**13.2 FEDERAL TELECOMMUNICATION STANDARDS (FED-STDS):** Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Acquisition Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

**14. CONTRACTOR TASKS / SPECIAL REQUIREMENTS (C-FSS-370) (NOV 2003)**

- (a) Security Clearances: The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.
- (b) Travel: The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub .L. 99-234 and FAR Part 31, and are reimbursable by the ordering

agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. Travel in performance of a task order will only be reimbursable to the extent authorized by the ordering agency. The Industrial Funding Fee does NOT apply to travel and per diem charges.

- (c) **Certifications, Licenses and Accreditations:** As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/ possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.
- (d) **Insurance:** As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.
- (e) **Personnel:** The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.
- (f) **Organizational Conflicts of Interest:** Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor's participation in such order may be restricted in accordance with FAR Part 9.5.
- (g) **Documentation/Standards:** The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency's order.
- (h) **Data/Deliverable Requirements:** Any required data/deliverables at the ordering level will be as specified or negotiated in the agency's order.
- (i) **Government-Furnished Property:** As specified by the agency's order, the Government may provide property, equipment, materials or resources as necessary.
- (j) **Availability of Funds:** Many Government agencies' operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.
- (k) **Overtime:** For professional services, the labor rates in the Schedule should not vary by virtue of the Contractor having worked overtime. For services applicable to the Service Contract Act (as identified in the Schedule), the labor rates in the Schedule will vary as governed by labor laws (usually assessed a time and a half of the labor rate).

**15. CONTRACT ADMINISTRATION FOR ORDERING ACTIVITIES:** Any ordering activity, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the ordering activity's convenience, and (m) Termination for Cause (See 52.212-4)

**16. GSA ADVANTAGE!**

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA Advantage! will allow the user to perform various searches across all contracts including, but not limited to:

- (1) Manufacturer;
- (2) Manufacturer's Part Number; and
- (3) Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is <http://www.gsaadvantage.gov>

**17. PURCHASE OF OPEN MARKET ITEMS**

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract. Ordering Activities procuring open market items must follow FAR 8.402(f).

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) -- referred to as open market items -- to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, **only if-**

- (1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
- (2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
- (3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
- (4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

**18. CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS**

a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:

- (1) Time of delivery/installation quotations for individual orders;
- (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/ service/software package submitted in response to requirements which result in orders under this schedule contract.
- (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.

- b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.
- c. The maintenance/repair service provided is the standard commercial terms and conditions for the type of products and/or services awarded.

**19. OVERSEAS ACTIVITIES**

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below:

None.

---

Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

**20. BLANKET PURCHASE AGREEMENTS (BPAs)**

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

**21. CONTRACTOR TEAM ARRANGEMENTS**

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Industrial Funding Fee and Sales Reporting, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

**22. INSTALLATION, DEINSTALLATION, REINSTALLATION**

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall received less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8 or 132-9.

**23. SECTION 508 COMPLIANCE.**

I certify that in accordance with 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794d), FAR 39.2, and the Architectural and Transportation Barriers Compliance Board Electronic and Information Technology (EIT) Accessibility Standards (36 CFR 1194) General Services Administration (GSA), that all IT hardware/software/services are 508 compliant:

**Yes**

The offeror is required to submit with its offer a designated area on its website that outlines the Voluntary Product Accessibility Template (VPAT) or equivalent qualification, which ultimately becomes the Government Product Accessibility Template (GPAT). Section 508 compliance information on the supplies and services in this contract are available at the following website address (URL): [www.iluminasolutions.net](http://www.iluminasolutions.net).

The EIT standard can be found at: [www.Section508.gov/](http://www.Section508.gov/).

**24. PRIME CONTRACTOR ORDERING FROM FEDERAL SUPPLY SCHEDULES.**

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of an ordering activity, shall follow the terms of the applicable schedule and authorization and include with each order –

- (a) A copy of the authorization from the ordering activity with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and
- (b) The following statement:

This order is placed under written authorization from \_\_\_\_\_ dated \_\_\_\_\_. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

**25. INSURANCE—WORK ON A GOVERNMENT INSTALLATION (JAN 1997)(FAR 52.228-5)**

- (a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.
- (b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective—

- (1) For such period as the laws of the State in which this contract is to be performed prescribe; or
- (2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

- (c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

**26. SOFTWARE INTEROPERABILITY.**

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at <http://www.core.gov>.

**27. ADVANCE PAYMENTS**

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324)

**TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT)  
PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 132-51)**

**\*\*\*NOTE: All non-professional labor categories must be incidental to, and used solely to support professional services, and cannot be purchased separately.**

**1. SCOPE**

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT Professional Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

**2. PERFORMANCE INCENTIVES I-FSS-60 Performance Incentives (April 2000)**

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

**3. ORDER**

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

**4. PERFORMANCE OF SERVICES**

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

**5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)**

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work

stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

- (1) Cancel the stop-work order; or
- (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
- (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

## **6. INSPECTION OF SERVICES**

In accordance with FAR 52.212-4 CONTRACT TERMS AND CONDITIONS--COMMERCIAL ITEMS (MAR 2009) (DEVIATION I - FEB 2007) for Firm-Fixed Price orders and FAR 52.212-4 CONTRACT TERMS AND CONDITIONS -COMMERCIAL ITEMS (MAR 2009) (ALTERNATE I - OCT 2008) (DEVIATION I - FEB 2007) applies to Time-and-Materials and Labor-Hour Contracts orders placed under this contract.

## **7. RESPONSIBILITIES OF THE CONTRACTOR**

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Dec 2007) Rights in Data - General, may apply.

## **8. RESPONSIBILITIES OF THE ORDERING ACTIVITY**

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Professional Services.

## **9. INDEPENDENT CONTRACTOR**

All IT Professional Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

## **10. ORGANIZATIONAL CONFLICTS OF INTEREST**

a. Definitions.

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

## **11. INVOICES**

The Contractor, upon completion of the work ordered, shall submit invoices for IT Professional services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

## **12. PAYMENTS**

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

(b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—

- (1) The offeror;
- (2) Subcontractors; and/or
- (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

## **13. RESUMES**

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

## **14. INCIDENTAL SUPPORT COSTS**

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

## **15. APPROVAL OF SUBCONTRACTS**

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

## **16. DESCRIPTION OF IT PROFESSIONAL SERVICES AND PRICING**

- a. The Contractor shall provide a description of each type of IT Service offered under Special Item Numbers 132-51 IT Professional Services should be presented in the same manner as the Contractor sells to its commercial and other ordering activity customers. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles (labor categories) for those individuals who will perform the service should be provided.
- b. Pricing for all IT Professional Services shall be in accordance with the Contractor's customary commercial practices; e.g., hourly rates, monthly rates, term rates, and/or fixed prices, minimum general experience and minimum education.

### **Job Title: Principal Program Manager (LC-1)**

**Minimum/General Experience:** Principal Program Managers possess at least twelve (12) years of experience in Information Technology (IT) systems implementations, enterprise systems design and implementations, change management efforts or business process redesign and have served extensively in a supervisory capacity.

**Functional Responsibility:** Principal Program Managers have overall accountability for business solution programs. Principal Program Managers are responsible for all aspects of IT product delivery and financial management of client engagements. A Principal Program Manager performs independent quality assurance reviews of program performance and deliverables to ensure that contractual obligations are being met. Principal Program Managers also are recognized experts in the areas of business process redesign, technical architecture, software applications, organizational change or specific industries. They provide leadership to engagement teams in developing creative solutions to client business problems.

**Minimum Education:** Master's Degree or 8 years related experience.

### **Job Title: Senior Program Manager (LC-2)**

**Minimum/General Experience:** Senior Program Manager possess at least ten (10) years of experience in information technology systems implementations, enterprise architecture and systems implementations, change management efforts or business process redesign and have served in a supervisory capacity previously.

**Functional Responsibility:** A Senior Program Manager has overall accountability for technology and business solution programs and is responsible for all aspects of software and hardware products delivery and financial management of client engagements. A Senior Program Manager performs independent quality assurance reviews of Information Technology (IT) program performance and deliverables to ensure that contractual obligations are being met. Senior Program Managers also are recognized experts in the areas of business process redesign, technical architecture, enterprise architecture and system integration, organizational change or specific industries. They provide leadership, as the Lead, to engagement teams in developing creative technical and process solutions to client business problems.

**Minimum Education:** Bachelor's Degree and minimum ten (10) years experience, Masters Degree and minimum eight (8) years experience; or PhD and minimum six (6) years experience.

### **Job Title: Senior Program Manager 1 (LC-3)**

**Minimum/General Experience:** Senior Program Manager 1 possess at least 8 years of experience in information systems implementation, change management efforts or business process redesign.

**Functional Responsibility:** Senior Program Managers have management authority for client engagements. In this capacity, they apply their extensive experience in planning and managing large scale, complex projects to control overall project scope, budgets and schedules for multi-project engagements.

**Minimum Education:** Bachelor's Degree and minimum 8 years experience, Masters Degree and minimum 6 years experience, PhD and minimum 3 years experience.

**Job Title: Senior Program Manager 2 (LC-4)**

**Minimum/General Experience:** Senior Program Manager 2 possesses at least six (6) years of experience in information technology systems implementation, enterprise architectures and systems implementations, change management efforts or business process redesign.

**Functional Responsibility:** Senior Program Manager 2 has management authority for client engagements. In this capacity, they apply their extensive experience in planning and managing large scale, complex Information Technology (IT) projects to control overall project scope, budgets and schedules for multi-project engagements. They are experts in the areas of technical architecture, enterprise system integration, organizational change or specific industries. They use their knowledge of advanced technology solutions to provide leadership to project development and implementation teams for of large IT projects.

**Minimum Education:** Bachelor's Degree and a minimum of six (6) years related experience; or Masters Degree and a minimum three (3) years experience.

**Job Title: Senior Program Manager 3 (LC-5)**

**Minimum/General Experience:** Senior Program Manager 3 possesses at least six (6) years of experience in information technology systems implementation, enterprise architectures and systems implementations, change management efforts or business process redesign and has served in a supervisory capacity previously.

**Functional Responsibility:** Senior Program Manager 3 has management authority for technology and business solution programs and is responsible for all aspects of software and hardware products delivery and financial management of client engagements. In this capacity, they apply their extensive experience in planning and managing large scale, complex Information Technology (IT) projects to control overall project scope, budgets and schedules for multi-project engagements to ensure that contractual obligations are being met. Senior Program Managers also are recognized experts in the areas of business process redesign, technical architecture, enterprise architecture and system integration, organizational change or specific industries. They provide leadership, as the Lead, to engagement teams in developing creative technical and process solutions to client business problems.

**Minimum Education:** Bachelor's Degree or 6 years related experience.

**Job Title: Program Manager 1 (LC-6)**

**Minimum/General Experience:** Program Manager 1 has at least eight (8) years of experience in information technology systems implementations, enterprise architecture design and implementations, change management efforts or business process redesign and has served as a Team Lead previously.

**Functional Responsibility:** Program Manager 1 applies their broad Information Technology (IT) management skills and specialized functional and technical subject matter expertise to lead large IT projects in delivering client solutions or to manage the operations of multiple projects. Program Manager 1 provides subject matter expertise in industry, process, or information technology areas.

**Minimum Education:** Bachelor's Degree or 6 years related experience.

**Job Title: Program Manager 2 (LC-7)**

**Minimum/General Experience:** Program Manager 2 has at least six (6) years of experience in information technology systems implementations, enterprise architecture design and implementations, change management efforts or business process redesign and has served as a Team Lead previously.

**Functional Responsibility:** Program Manager 2 applies their broad Information Technology (IT) management skills and specialized functional and technical subject matter expertise to lead large IT projects in delivering client solutions or to manage the operations of multiple projects. Program Manager 2 provides subject matter expertise in industry, process, or information technology areas.

**Minimum Education:** Bachelor's Degree or 6 years related experience.

**Job Title: Program Manager 3 (LC-8)**

**Minimum/General Experience:** Program Manager 3 has at least four (4) years of experience in information technology systems implementations, enterprise architecture design and implementations, change management efforts or business process redesign.

**Functional Responsibility:** Program Manager 3 applies their broad Information Technology (IT) management skills and specialized functional and technical subject matter expertise to lead large IT projects in delivering client solutions or to manage the operations of multiple projects. Program Manager 3 provides subject matter expertise in industry, process, or information technology areas.

**Minimum Education:** Associate's Degree, Technical Certificate, or 4 years related experience.

**Job Title: Principal Enterprise Architect (LC-9)**

**Minimum/General Experience:** Principal Enterprise Architects have at least 8 years of experience in information systems implementation, enterprise systems implementations, change management efforts or business process redesign and have served in a supervisory capacity and manage a client account previously.

**Functional Responsibility:** Principal IT Enterprise Architects apply their broad management skills and specialized functional and technical expertise to lead complex, large projects in delivering enterprise architectures. Principal Enterprise Architects provide subject matter expertise in industry, process or technology areas. They have Technical management authority for client engagements. In this capacity, they apply their extensive experience in planning and managing large scale, complex projects to control overall project scope, budgets and schedules for multi-project engagements. They are responsible for interfacing with senior program leadership in the development and subsequent management of program plans. They provide strategic vision to the client organization on how to link their business mission strategy and processes to its IT strategy.

**Minimum Education:** Bachelor's Degree and minimum 8 years experience, Masters Degree and minimum 6 years experience, PhD and minimum 4 years experience

**Job Title: Lead Enterprise Architect 3 (LC-10)**

**Minimum/General Experience:** Lead Enterprise Architect 3 has at least 10 years of experience in information technology systems implementation, enterprise architecture implementations, change management efforts or business process architecture redesign and has served in a supervisory capacity previously.

**Functional Responsibility:** A Lead Enterprise Architect 3 provides subject matter expertise in industry, process architecture or information technology applications. They are a recognized expert in business process architecture redesign or enterprise architectures integration. They apply enterprise architecture reference models to guide organizations in the development of their architectures. They apply their extensive experience in planning and managing large scale, complex architecture projects to control overall project scope, budgets and schedules for complex, multi-phase project engagements. They interface with senior program executives within the client organization providing leadership and strategic vision to ensure that business strategy and IT investments are aligned.

**Minimum Education:** Bachelor's Degree and minimum eight (10) years experience, Masters Degree and minimum six (8) years experience; or PhD and minimum six (6) years experience.

**Job Title: Senior Enterprise Architect (LC-11)**

**Minimum/General Experience:** Senior Enterprise Architects have at least 6 years of experience in information systems implementation, enterprise systems implementations, change management efforts or business process redesign and have served as a team lead with supervisory capacity previously.

**Functional Responsibility:** Senior Enterprise Architects apply their management skills and specialized functional and technical expertise to lead large projects in delivering enterprise architectures. Senior Enterprise Architects provide subject matter expertise in industry, process or technology areas. They apply their extensive experience in planning and managing large scale, complex projects to control overall project scope, budgets and schedules. They are responsible for developing and monitoring program plans, schedules, process, guidelines and controls.

**Minimum Education:** Bachelor's Degree and minimum 6 years experience, Masters Degree and minimum 4 years experience, PhD and minimum 2 years experience

**Job Title: Senior Enterprise Architect 2 (LC-12)**

**Minimum/General Experience:** Senior Enterprise Architect 2 have at least eight (8) years of experience in information technology systems implementation, enterprise architecture implementations, change management efforts or business process architecture redesign and have served in a supervisory capacity.

**Functional Responsibility:** Senior Enterprise Architect 2 applies their broad subject matter expertise in industry, process architecture or information technology applications. They are a recognized expert in business process architecture redesign or enterprise architectures integration and apply enterprise architecture reference models to guide organizations in the development of their architectures.

They are responsible for developing and monitoring program plans, guidelines and controls and for managing the overall program teams and contract execution. They provide leadership to engagement teams in developing creative solutions to client business problems.

**Minimum Education:** Bachelor's Degree or 6 years related experience.

**Job Title: Senior Enterprise Architect 3 (LC-13)**

**Minimum/General Experience:** Senior Enterprise Architect 3 have at least six (6) years of experience in information technology systems implementation, enterprise architecture implementations, change management efforts or business process architecture redesign and have served in a supervisory capacity.

**Functional Responsibility:** Senior Enterprise Architect 3 applies their broad subject matter expertise in industry, process architecture or information technology applications. They are a recognized expert in business process architecture redesign or enterprise architectures integration and apply enterprise architecture reference models to guide organizations in the development of their architectures. They are responsible for developing and monitoring program plans, guidelines and controls and for managing the overall program teams and contract execution. They provide leadership to engagement teams in developing creative solutions to client business problems.

**Minimum Education:** Bachelor's Degree or 6 years related experience.

**Job Title: Enterprise Architect 1 (LC-14)**

**Minimum/General Experience:** Enterprise Architect 1 possess at least eight (8) years of experience in Information Technology (IT) systems implementation, enterprise architecture implementations, change management efforts or business process architecture redesign and has served as Team Lead previously.

**Functional Responsibility:** Enterprise Architect 1 applies their technical skills and experience in enterprise systems architectures development and integration, detailed knowledge of enterprise business processes architectures, technical

IT background and team skills to implement business enterprise solutions. Enterprise Architects provide direction to project teams.

**Minimum Education:** Bachelor's Degree or 6 years related experience.

**Job Title: Enterprise Architect 2 (LC-15)**

**Minimum/General Experience:** Enterprise Architect 2 possess at least six (6) years of experience in Information Technology (IT) systems implementation, enterprise architecture implementations, change management efforts or business process architecture redesign and has served as Team Lead previously.

**Functional Responsibility:** Enterprise Architect 2 applies their technical skills and experience in enterprise systems architectures development and integration, detailed knowledge of enterprise business processes architectures, technical IT background and team skills to implement business enterprise solutions. Enterprise Architects provide direction to project teams.

**Minimum Education:** Bachelor's Degree or 6 years related experience.

**Job Title: Enterprise Architect 3 (LC-16)**

**Minimum/General Experience:** Enterprise Architect 3 possess at least four (4) years of experience in Information Technology (IT) systems implementation, enterprise architecture implementations, change management efforts or business process architecture redesign.

**Functional Responsibility:** Enterprise Architect 3 applies their technical skills and experience in enterprise systems architectures development and integration, detailed knowledge of enterprise business processes architectures, technical IT background and team skills to implement business enterprise solutions.

**Minimum Education:** Associate's Degree, Technical Certificate, or 4 years related experience.

**Job Title: Principal Business Integration Consultant 2 (LC-17)**

**Minimum/General Experience:** Principal Business Integration Consultant 2 possess at least seven (7) years of experience in enterprise information technology systems implementation, change management efforts, business process redesign or enterprise application integration and has served in a supervisory capacity previously.

**Functional Responsibility:** Principal Business Integration Consultant 2 applies their advanced skills and experience in systems development, detailed knowledge of business processes integration, technical background and supervisory skills to implement enterprise business applications. Principal Business Integration Consultant 2 is a recognized expert in the areas of business process redesign, technical architecture, enterprise integration, master data management, organizational change or specific industries. They provide leadership to client engagement teams in developing creative solutions to client business problems.

**Minimum Education:** Bachelor's Degree and minimum seven (7) years related experience, Masters Degree and minimum four (4) years related experience; or PhD and minimum one (1) years experience.

**Job Title: Principal Business Integration Consultant 3 (LC-18)**

**Minimum/General Experience:** Principal Business Integration Consultant 3 possess at least five (5) years of experience in enterprise information technology systems implementation, change management efforts, business process redesign or enterprise application integration and has served in a team lead capacity previously.

**Functional Responsibility:** Principal Business Integration Consultant 3 applies their advanced skills and experience in systems development, detailed knowledge of business processes integration, technical background and leadership skills to implement enterprise business applications. Principal Business Integration Consultant 3 is a recognized expert in the

areas of business process redesign, technical architecture, enterprise integration, master data management, organizational change or specific industries. They lend thorough leadership to engagement teams in developing creative solutions to client business problems.

**Minimum Education:** Bachelor's Degree and minimum five (5) years related experience; or Masters Degree and minimum two (2) years related experience.

**Job Title: Principal Technical Architect (LC-19)**

**Minimum/General Experience:** Principal Technical Architects possess at least 7 years of experience in information systems implementation, infrastructure design, or systems support and has served in a supervisory capacity and managed a client account previously.

**Functional Responsibility:** Principal Technical Architects apply their advanced skills and experience in large scale IT systems infrastructures to support systems development activities They use their experience and knowledge of networks, security an IT infrastructures to implement complex IT organization solutions. Principal Technical Architects provide direction to project teams and interact with clients at the executive level.

**Minimum Education:** Technical Certificate and minimum 10 years of experience, Bachelor's Degree and minimum 7 years experience, Master's Degree and minimum 5 years experience, PhD and minimum 3 years experience

**Job Title: Technical Architect 2 (LC-20)**

**Minimum/General Experience:** Technical Architect 2 possesses at least six (6) years of experience in IT systems infrastructures, knowledge of networks and IT security policies and protocols to support systems development activities. They use their experience and knowledge to implement IT organization solutions. Technical Architect 2 has served as a Team Lead previously.

**Functional Responsibility:** Technical Architect 2 applies their analytical and technical skills to assist in implementing IT business solutions. Technical Architects are directed to exercise core skills on projects, or they may direct small teams.

**Minimum Education:** Bachelor's Degree or 6 years related experience

**Job Title: Technical Architect 3 (LC-21)**

**Minimum/General Experience:** Technical Architects 3 possess at least four (4) years of experience in information technology systems implementation, infrastructure design, or systems network and/or security support.

**Functional Responsibility:** Technical Architects 3 apply their analytical and technical skills to assist in implementing IT business solutions. Technical Architects 3 are directed to exercise core skills on projects.

**Minimum Education:** Associate's Degree, Technical Certificate, or 4 years related experience

**Job Title: Principal Information Systems Specialist 1 (LC-22)**

**Minimum/General Experience:** Principal Information Systems Specialist 1 possesses at least eight (8) years of experience in information technology systems implementation, infrastructure design, or systems support and has served in a supervisory capacity previously.

**Functional Responsibility:** Principal Information Systems Specialist 1 applies their advanced skills and experience in information systems development, Information Technology (IT) and supervisory skills to implement information technology systems solutions. They use their experience and knowledge of networks and IT infrastructures to implement complex IT organization solutions. They work within the IT program team to perform activities such as code development, system security analysis, or IT subsystem assessments. Principal Information Systems Specialist 1 provides direction to project teams and interact with clients at the executive level.

**Minimum Education:** Bachelor's Degree and minimum eight (8) years related experience, Masters Degree and minimum six (6) years related experience; or PhD and minimum four (4) years experience.

**Job Title: Principal Information Systems Specialist 2 (LC-23)**

**Minimum/General Experience:** Principal Information Systems Specialist 2 possesses at least seven (7) years of experience in information technology systems implementation, infrastructure design, or systems support and has served in a supervisory capacity previously.

**Functional Responsibility:** Principal Information Systems Specialist 2 applies their advanced skills and experience in information systems development, Information Technology (IT) and supervisory skills to implement information technology systems solutions. They use their experience and knowledge of networks and IT infrastructures to implement complex IT organization solutions. They work within the IT program team to perform activities such as code development, system security analysis, or IT subsystem assessments. Principal Information Systems Specialist 2 provides direction to project teams and interact with clients at the executive level.

**Minimum Education:** Bachelor's Degree and minimum seven (7) years related experience, Masters Degree and minimum four (4) years related experience; or PhD and minimum one (1) year experience.

**Job Title: Principal Information Systems Specialist 3 (LC-24)**

**Minimum/General Experience:** Principal Information Systems Specialist 1 possesses at least eight (8) years of experience in Information Technology (IT) systems implementation, infrastructure design, or systems support and has served extensively in a supervisory capacity.

**Functional Responsibility:** Principal Information Systems Specialist 3 applies their advanced skills and experience in information systems development, information technologies and supervisory skills to implement information technology systems solutions. Principal Information Systems Specialist 3 provides leadership to engagement teams in developing creative solutions to client business problems and interacts with clients at the executive level.

**Minimum Education:** Master's Degree or 8 years related experience.

**Job Title: Senior Information Systems Specialist 1 (LC-25)**

**Minimum/General Experience:** Senior Information Systems Specialist 1 possesses at least ten (10) years of experience in Information Technology (IT) systems implementation, infrastructure design, or systems support and has served in a supervisory capacity previously.

**Functional Responsibility:** Senior Information Systems Specialist 1 applies their advanced skills and experience in information systems development, Information Technology (IT) and supervisory skills to implement information systems solutions. They use their knowledge and understanding of networks, IT security, data management, or IT infrastructures to implement complex IT solutions. Senior Information Systems Specialist 1 provides direction to project teams and interact with clients at the supervisory level.

**Minimum Education:** Bachelor's Degree or 6 years related experience.

**Job Title: Senior Information Systems Specialist 2 (LC-26)**

**Minimum/General Experience:** Senior Information Systems Specialist 2 possesses at least eight (8) years of experience in Information Technology (IT) systems implementation, infrastructure design, or systems support and has served in a supervisory capacity previously.

**Functional Responsibility:** Senior Information Systems Specialist 2 applies their advanced skills and experience in information systems development, information technology (IT) and supervisory skills to implement information systems solutions. They use their knowledge and understanding of networks, IT security, data management, or IT infrastructures

to implement complex IT solutions. Senior Information Systems Specialist 2 provides direction to project teams and interact with clients at the supervisory level.

**Minimum Education:** Bachelor's Degree or 6 years related experience.

**Job Title: Senior Information Systems Specialist 3 (LC-27)**

**Minimum/General Experience:** Senior Information Systems Specialist 3 possesses at least five (5) years of experience in information technology systems implementation, infrastructure design, or systems support and has served as a team lead previously.

**Functional Responsibility:** Senior Information Systems Specialist 3 applies their advanced skills and experience in information systems development, Information Technology (IT) and leadership skills to implement information systems solutions. They use their knowledge and understanding of networks, IT security, data management, or IT infrastructures to implement complex IT solutions. Senior Information Systems Specialist 3 provides direction to project teams and interact with clients at the team lead level.

**Minimum Education:** Technical Certificate and minimum five (5) years experience; or Bachelors Degree and three (3) years related experience

**Job Title: Information Systems Specialist 1 (LC-28)**

**Minimum/General Experience:** Information Systems Specialist 1 possess at least eight (8) years of experience in Information Technology (IT) systems implementation, infrastructure design, or systems support and has served as a Team Lead previously.

**Functional Responsibility:** Information Systems Specialist 1 applies their analytical and technical skills to assist in implementing IT solutions. They use their knowledge and understanding of IT infrastructure, network and security concepts to implement IT solutions. Information Systems Specialist 1 is directed to exercise core skills on projects, or they may direct small teams.

**Minimum Education:** Bachelor's Degree or 6 years related experience

**Job Title: Information Systems Specialist 2 (LC-29)**

**Minimum/General Experience:** Information Systems Specialist 2 possess at least six (6) years of experience in Information Technology (IT) systems implementation, infrastructure design, or systems support and has served as a Team Lead previously.

**Functional Responsibility:** Information Systems Specialist 2 applies their analytical and technical skills to assist in implementing IT solutions. They use their knowledge and understanding of IT infrastructure, network and security concepts to implement IT solutions. Information Systems Specialist 1 is directed to exercise core skills on projects, or they may direct small teams.

**Minimum Education:** Bachelor's Degree or 6 years related experience

**Job Title: Information Systems Specialist 3 (LC-30)**

**Minimum/General Experience:** Information Systems Specialist 3 possess at least four (4) years of experience in Information Technology (IT) systems implementation, infrastructure design, or systems support.

**Functional Responsibility:** Information Systems Specialist 3 applies their analytical and technical skills to assist in implementing IT solutions. They use their knowledge and understanding of IT infrastructure, network and security concepts to implement IT solutions. Information Systems Specialist 1 is directed to exercise core skills on projects.

**Minimum Education:** Associate's Degree, Technical Certificate, or 4 years related experience

**Job Title: Senior Systems Analyst (LC-31)**

**Minimum/General Experience:** Senior System Analyst possess at least 6 years of experience performing comprehensive analyses of systems concepts.

**Functional Responsibility:** The Senior Systems Analyst performs comprehensive analyses of systems concepts and designs. They participate in the planning and development phases of the proposed solution as well as the implementation, testing and any subsequent solution evaluations. They evaluate design concepts to determine if concepts satisfy support requirements and study the relative supportability of alternative concepts. They participate in all phases of technical studies and trade-off analysis of contractor or Government generated solutions and develop documentation and/or reports. They perform system concept formulation, system design analysis and subsystems design analysis. They are responsible for leading efforts in the development and monitoring project plans, guidelines and controls. Senior Systems Analyst may provide direction to project teams.

**Minimum Education:** Technical Certificate and minimum 6 years experience, Bachelor's Degree and minimum 4 years experience.

**Job Title: Systems Analyst 3 (LC-32)**

**Minimum/General Experience:** System Analyst 3 possess at least four (4) years of experience performing comprehensive analyses of systems concepts and designs.

**Functional Responsibility:** System Analyst 3 applies logical analyses or evaluations on program technical tasks. They perform comprehensive analyses of systems concepts, designs and test requirements. Evaluates design concepts to determine if concepts satisfy support requirements; studies the relative supportability of alternative concepts. Reviews, analyzes, integrates and conducts technical studies and trade-off and develops interim documentation and/or reports. They perform system concept formulation, system design analysis and subsystems design analysis.

**Minimum Education:** Associate's Degree, Technical Certificate, or 4 years related experience.

**Job Title: Junior Systems Analyst 1 (LC-33)**

**Minimum/General Experience:** Junior Systems Analyst 1 possess at least four (4) years of experience performing comprehensive analyses of IT systems concepts and designs.

**Functional Responsibility:** Junior Systems Analyst 1 applies logical analyses or evaluations on specific tasks. They perform analyses of IT systems concepts, designs and test requirements.

**Minimum Education:** Associate's Degree, Technical Certificate, or 4 years related experience.

**Job Title: Junior Systems Analyst 2 (LC-34)**

**Minimum/General Experience:** Junior Systems Analyst 2 possess at least two (2) years of experience performing comprehensive analyses of IT systems concepts and designs.

**Functional Responsibility:** Junior Systems Analyst 2 applies logical analyses or evaluations on specific tasks. They perform analyses of IT systems concepts, designs and test requirements.

**Minimum Education:** Associate's Degree, Technical Certificate, or 4 years related experience.

**Job Title: Senior Systems Engineer 1 (LC-35)**

**Minimum/General Experience:** Senior Systems Engineer 1 possesses at least ten (10) years of experience performing systems engineering functions and has served in a supervisory capacity previously.

**Functional Responsibility:** Senior Systems Engineer 1 applies systems engineering principles to investigate, analyze, plan, design, develop, implement, test, or evaluate systems; review and prepare system engineering and technical analyses, reports, change proposals, and other technical documentation. They apply a system engineering experience to perform functions such as Enterprise system integration, configuration management, quality assurance, testing, or acquisition and resource management. Responsible for developing and monitoring project plans, guidelines and controls and for managing integrated product teams. Senior Systems Engineer 1 provides direction to project teams and interact with clients at the supervisory level.

**Minimum Education:** Bachelor's Degree or 6 years related experience.

**Job Title: Senior Systems Engineer 2 (LC-36)**

**Minimum/General Experience:** Senior Systems Engineer 2 possesses at least eight (8) years of experience performing systems engineering functions and has served in a supervisory capacity previously.

**Functional Responsibility:** Senior Systems Engineer 2 applies systems engineering principles to investigate, analyze, plan, design, develop, implement, test, or evaluate systems; review and prepare system engineering and technical analyses, reports, change proposals, and other technical documentation. They apply a system engineering experience to perform functions such as Enterprise system integration, configuration management, quality assurance, testing, or acquisition and resource management. Responsible for developing and monitoring project plans, guidelines and controls and for managing integrated product teams. Senior Systems Engineer 2 provides direction to project teams and interact with clients at the supervisory level.

**Minimum Education:** Bachelor's Degree or 6 years related experience.

**Job Title: Systems Engineer (LC-37)**

**Minimum/General Experience:** Systems Engineer possesses at least 4 years of experience performing systems engineering functions.

**Functional Responsibility:** Systems Engineer applies systems engineering principles to investigate, analyze, plan, design, develop, implement, test, or evaluate systems. They review and prepare system engineering and technical analyses, reports, change proposals, and other technical documentation. They apply systems engineering experience to perform functions such as Enterprise system integration, configuration management, quality assurance, testing, or acquisition and resource management. Responsible for developing and monitoring project plans, guidelines and controls.

**Minimum Education:** Bachelor's Degree and minimum 4 years experience, Master's Degree.

**Job Title: Junior Systems Engineer 1 (LC-38)**

**Minimum/General Experience:** Junior Systems Engineer 1 possesses at least four (4) years of experience performing systems engineering functions.

**Functional Responsibility:** Junior Systems Engineer 1 applies systems engineering principles to investigate, analyze, plan, design, develop, implement, test, or evaluate systems; review and prepare system engineering and technical analyses, reports, change proposals, and other technical documentation. They apply system engineering experience to perform functions such as Enterprise system integration, configuration management, quality assurance, testing, or acquisition and resource management.

**Minimum Education:** Bachelor's Degree

**Job Title: Junior Systems Engineer 2 (LC-39)**

**Minimum/General Experience:** Junior Systems Engineer 2 possesses at least two (2) years of experience performing systems engineering functions.

**Functional Responsibility:** Junior Systems Engineer 2 applies systems engineering principles to investigate, analyze, plan, design, develop, implement, test, or evaluate systems; review and prepare system engineering and technical analyses, reports, change proposals, and other technical documentation. They apply system engineering experience to perform functions such as Enterprise system integration, configuration management, quality assurance, testing, or acquisition and resource management.

**Minimum Education:** Associate's Degree, Technical Certificate, or 4 years related experience.

**Job Title: Senior Financial Management Analyst 2 (LC-40)**

**Functional Responsibility:** Senior Financial Management Analyst 2 supports the administrative and financial management of client enterprise information technology programs. They are recognized experts in the areas of the Information Technology (IT) 300 exhibit, IT programs contract management, or IT system cost and benefit analysis. Senior Financial Management Analyst 2 performs costs analyses, program budget tracking and oversight, and financial status reports as required.

**General Experience:** Senior Financial Management Analyst 2 possess at least six (6) years of experience in the administrative and financial management of enterprise information technology programs of client engagements.

**Minimum Education:** Bachelor's Degree and minimum six (6) years experience; or Masters Degree and minimum four (4) years experience

**Job Title: Senior Technical Writer/Editor (LC-41)**

**Minimum/General Experience:** Senior Technical Writer /Editor possesses at least six (6) years of experience performing technical writing/editing functions. At least two years of the individual total experience must have consisted of performing technical writing/editing functions with respect to data collection, data reduction, engineering analysis, mathematics, or automated systems.

**Functional Responsibility:** Senior Technical Writer/Editor develops, drafts, revises, and edits reports, articles, manuals, specifications, presentation materials, and other technical documents, using rough outlines and materials. Interprets information obtained through research and provided by technical specialists. Applies knowledge of documentation content and format standards to prepare, edit, and publish technical materials.

**Minimum Education:** Bachelor's Degree or 6 years related experience.

**Job Title: Junior Technical Writer/Editor (LC-42)**

**Minimum/General Experience:** Junior Technical Writer /Editor possesses at least four (4) years of experience performing technical writing/editing functions. At least one year of the individual total experience must have consisted of performing technical writing/editing functions with respect to data collection, data reduction, engineering analysis, mathematics, or automated systems.

**Functional Responsibility:** Junior Technical Writer/Editor develops, drafts, revises, and edits reports, articles, manuals, specifications, presentation materials, and other technical documents, using rough outlines and materials. Interprets information obtained through research and provided by technical specialists. Applies knowledge of documentation content and format standards to prepare, edit, and publish technical materials.

**Minimum Education:** Associate's Degree, Technical Certificate, or 4 years related experience.

**USA COMMITMENT TO PROMOTE  
SMALL BUSINESS PARTICIPATION  
PROCUREMENT PROGRAMS**

**PREAMBLE**

(Name of Company) provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

**COMMITMENT**

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts. To accelerate potential opportunities please contact (**Micheline Lopez-Estrada, Chief Financial Officer, 240-895-0493, Fax:866-261-7167**).

BPA NUMBER \_\_\_\_\_

**(CUSTOMER NAME)  
BLANKET PURCHASE AGREEMENT**

Pursuant to GSA Federal Supply Schedule Contract Number(s) \_\_\_\_\_, Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (ordering activity):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

MODEL NUMBER/PART NUMBER	*SPECIAL BPA DISCOUNT/PRICE
_____	_____
_____	_____
_____	_____

(2) Delivery:

DESTINATION	DELIVERY SCHEDULES / DATES
_____	_____
_____	_____
_____	_____

(3) The ordering activity estimates, but does not guarantee, that the volume of purchases through this agreement will be \_\_\_\_\_.

(4) This BPA does not obligate any funds.

(5) This BPA expires on \_\_\_\_\_ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to place orders under this BPA:

OFFICE	POINT OF CONTACT
_____	_____
_____	_____
_____	_____

(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

(8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

- (a) Name of Contractor;
- (b) Contract Number;
- (c) BPA Number;
- (d) Model Number or National Stock Number (NSN);
- (e) Purchase Order Number;
- (f) Date of Purchase;
- (g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and

(h) Date of Shipment.

(9) The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

(10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.

**BASIC GUIDELINES FOR USING  
“CONTRACTOR TEAM ARRANGEMENTS”**

Federal Supply Schedule Contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to a ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions or the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Supply Schedule Contractors may individually meet the customers needs, or -
- Federal Supply Schedule Contractors may individually submit a Schedules “Team Solution” to meet the customer’s requirement.
- Customers make a best value selection.
