SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!TM on-line shopping service (www.gsaadvantage.gov). The catalogs/pricelists, GSA Advantage!TM and the Federal Acquisition Service Home Page (www.gsa.gov/fas) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

Further, the software may be used on a sharing basis where multiple agencies have joint projects that can be satisfied by the use of the software placed at one ordering activity's site. This would allow other agencies access to one ordering activity's database. For ordering activity public domain databases, user agencies and third parties may use the computer program to enter, retrieve, analyze and present data. The user ordering activity will take appropriate action by instruction, agreement, or otherwise, to protect the Contractor's proprietary property with any third parties that are permitted access to the computer programs and documentation in connection with the user ordering activity's permitted use of the computer programs and documentation. (4) The ordering activity shall have the right to use the computer software and documentation with the computer for which it is acquired at any other facility to which that computer may be transferred, or in cases of Disaster Recovery, the ordering activity has the right to transfer the software to another site if the ordering activity site for which it is acquired is deemed to be unsafe for ordering activity personnel; to use the computer software and documentation with a backup computer when the primary computer is inoperative; to copy computer programs for safekeeping (archives) or backup purposes; to transfer a copy of the software to another site for purposes of benchmarking new hardware and/or software; and to modify the software and documentation or combine it with other software, provided that the unmodified portions shall remain subject to these restrictions.

(5) "Commercial Computer Software" may be marked with the Contractor's standard commercial restricted rights legend, but the schedule contract and schedule pricelist, including this clause, "Utilization Limitations" are the only governing terms and conditions, and shall take precedence and supersede any different or additional terms and conditions included in the standard commercial legend.

Full monetary credit will be allowed to the ordering activity when conversion from one version of the software to another is made as the result of a change in operating system, or from one computer system to another. Under a perpetual license (511210), the purchase price of the new software shall be reduced by the amount that was paid to purchase the earlier version. Under a term license (511210), conversion credits which accrued while the earlier version was under a term license shall carry forward and remain available as conversion credits which may be applied towards the perpetual license price of the new version.

The Software is "in use" on a computer when it is loaded into the temporary memory (i.e., RAM) or installed into the permanent memory (e.g., hard disk, CD-ROM or other storage device) of that computer, except that a copy stored on a network server for the sole purpose of distribution to other computers is not "in use." For users of select Microsoft® WINDOWS software (such as Windows 7) that specifically includes an additional license of Windows XP for use in XP Mode, one additional license of the above named ConduSiv Technologies software product that is designed to support Windows XP is granted exclusively for use in that Windows XP Mode.

(When installed as Trialware – This Trialware Software License Agreement permits you to install one copy of ConduSiv Technologies' DISKEEPER for WINDOWS and/or ConduSiv Technologies' HYPERFAST software and ConduSiv Technologies' associated user documentation [collectively the "Software"] on one server, workstation or personal computer running any supported version of WINDOWS.)

HOME Edition. For software marked "Home" edition (not applicable to HomeServer edition), you may install one copy of the software on up to three licensed devices in your household for use by people for whom that is their primary residence. The software may not be used for commercial, non-profit, or revenue-generating activities.

2. COPYRIGHT-The Software is owned by Conduvis Technologies or its suppliers and is protected by United States copyright laws and international treaty provisions. Therefore, you must treat the Software like any other copyrighted material (e.g., a book or musical recording) except that you may either (a) make one copy of the Software solely for back up or archival purposes, or (b) transfer the Software to a single hard disk provided you keep the original solely for back up or archival purposes. You may not copy the user documentation provided with the Software, except for your own authorized use.

3. OTHER RESTRICTIONS-This License is your proof of license to exercise the rights granted herein and must be retained by you. You may not rent or lease the Software, but you may transfer the Software and user documentation on a permanent basis provided you retain no copies and the recipient agrees to the terms of this Agreement. You may not reverse engineer, decompile, or disassemble the Software, except to the extent that the foregoing restriction is expressly prohibited by applicable law. If the Software is an update or has been updated, any transfer must include the most recent update and all prior versions.

4. NOT FOR RESALE SOFTWARE. If the software is labeled "Not For Resale" or "NFR," then, notwithstanding other sections of this license, your use of the software is limited to use for demonstration, test, or evaluation purposes and you may not resell, or otherwise transfer for value, the Software.

5. ANTI-PIRACY and ANTI-COUNTERFEITING ASSISTANCE: You agree to take reasonable steps to prevent the creation of illegal, counterfeit or pirated copies of this Software License and to immediately notify and reasonably assist Conduvis Technologies in handling where it may be found that illegal copies of the licensed software have been made.

6. LIMITED WARRANTY- Conduvis Technologies warrants that (a) the Software will perform substantially in accordance with the user documentation for a period of ninety (90) days from the date of receipt. Any implied warranties on the Software are limited to ninety (90) days. Some states/jurisdictions do not allow limitations on duration on an implied warranty, so the above limitation may not apply to you. This limited warranty is void if failure of the Software has resulted from accident, abuse or misapplication.

7. CUSTOMER REMEDIES-Conduvis Technologies and its suppliers' entire liability and your exclusive remedy shall be, at Conduvis Technologies' option, either (a) return of the price paid, or (b) replacement of the Software that does not meet Conduvis Technologies' limited warranty and which is returned to Conduvis Technologies with a copy of your receipt. This limited warranty is void if failure of the Software has resulted from accident, abuse, or misapplication. Any replacement Software will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer. Outside the United States, neither these remedies nor any product support services offered by Conduvis Technologies are available without proof of purchase from an authorized non-U.S. source.

8. NO OTHER WARRANTIES-CONDUSIV TECHNOLOGIES DOES NOT WARRANT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET YOUR REQUIREMENTS OR THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR FREE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE SOFTWARE IS WITH YOU. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, CONDUSIV TECHNOLOGIES AND ITS SUPPLIERS DISCLAIM ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WITH REGARD TO THE SOFTWARE AND THE ACCOMPANYING WRITTEN MATERIALS. THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY HAVE OTHERS WHICH VARY FROM STATE/JURISDICTION TO STATE/JURISDICTION.

The following License Agreement (*or, as applicable, this Trialware License*) for one licensed copy applies to you. By opening the sealed packet(s) containing the software, you indicate your acceptance of the following Software License Agreement.

This is a legal agreement ("Agreement") between you (either an individual or an entity), or; as applicable, you (an ordering activity authorized to place orders under GSA Schedule 70 contracts as defined in GSA Order ADM 4800.2G as may be amended from time to time) and ConduSiv Technologies Corporation, a California corporation. Additionally, there are Undelete Desktop Client Application Licenses available with Undelete Server. Each Server is licensed for 10 Desktop Client Application Licenses. Additional Undelete Desktop Client Application Licenses are available. 4. NOT FOR RESALE SOFTWARE - If the software is labeled "Not For Resale" or "NFR," then, notwithstanding other sections of this license, your use of the software is limited to use for demonstration, test, or evaluation purposes and you may not resell, or otherwise transfer for value, the Software.

NOTE: The hardcopy Software License Agreement supersedes all installation text files.

WARNING: READ CAREFULLY BEFORE ATTEMPTING TO USE A COPY OF THE SOFTWARE. This license is a legal agreement between you (a single entity) and Open Text Corporation (“OPEN TEXT”) for this proprietary software that includes computer software and associated printed materials, if any, and may include on-line or electronic documentation. **This agreement is a contract with the US Government and becomes effective when signed by the contractor and the GSA Contracting Officer as an addenda to the Contract. Ordering activities placing orders against the ID/IQ contract are subject to this agreement as a term of the ID/IQ contract. This EULA (or TOS) shall bind the government, subject to federal law. This agreement shall not operate to bind a government employee or person acting on behalf of the government in his or her personal capacity.**

Any pre-printed terms or conditions on the front or back of purchase orders in conflict with this Agreement are hereby automatically rejected.

DEFINITIONS:

SOFTWARE. Enclosed OPEN TEXT software product(s) and its manuals and documentation. The SOFTWARE also includes any updates and maintenance releases provided to you by OPEN TEXT.

COMPUTER. A single computer device, regardless of platform or operating environment, on which you will install and/or use the SOFTWARE.

CITRIX/TSE ENVIRONMENT. A single COMPUTER or a single cluster of COMPUTERS on which Citrix Metaframe for Windows, Citrix Presentation Server for Windows, Citrix XenApp, Microsoft Terminal Services, or Microsoft Remote Desktop Services is installed.

PART 1: LICENSING PROVISIONS:

1. GRANT OF LICENSE.

A. Standard License. Subject to the terms of this agreement, OPEN TEXT grants you this non-exclusive license to install and use the SOFTWARE. The SOFTWARE is licensed to a single user on a single COMPUTER. You may use the SOFTWARE on a CITRIX/TSE ENVIRONMENT provided that you have a licensed copy of SOFTWARE for each user and each COMPUTER that can access that SOFTWARE through the CITRIX/TSE ENVIRONMENT. You may use the SOFTWARE on a network provided that you have a licensed copy of SOFTWARE for each user and each COMPUTER that can access that SOFTWARE over the network. You may use the SOFTWARE and any related updates on the COMPUTER or the COMPUTER that is connected to the CITRIX/TSE ENVIRONMENT while you possess and operate the COMPUTER only. A separate license agreement and fee are required for additional COMPUTERS on which the SOFTWARE is installed, used or for additional users who can otherwise access the SOFTWARE. You may

physically transfer the SOFTWARE from one COMPUTER to another provided that you remove any copy(ies) of the SOFTWARE from the COMPUTER from which the SOFTWARE is being transferred. If the enclosed SOFTWARE is permanently installed on a single COMPUTER and one person uses that COMPUTER more than 80% of the time it is in use, then that person may also install the SOFTWARE on a portable or home COMPUTER.

If this SOFTWARE is OPEN TEXT evaluation SOFTWARE, then you are limited by the terms of this license and the expiration date of the SOFTWARE.

B. Open Text Exceed onDemand Named License. Subject to the terms of this agreement, OPEN TEXT grants you this non-exclusive license to install and use the SOFTWARE. Except as otherwise provided herein, the server component of the SOFTWARE and **Open Text** Secure Shell (collectively the “ECS”) is licensed to a single COMPUTER (“Server”) or a single Exceed Connection Server Cluster (“Cluster”). You may use the ECS and any related updates on the Server or Cluster while you possess and operate the Server or Cluster only. You may physically transfer the ECS from one Server or Cluster to another provided that you remove any copy(ies) of the ECS from the Server or Cluster from which the ECS is being transferred. Upon purchase of the SOFTWARE, OPEN TEXT shall issue a sequence of alphanumeric characters which represents the number of **Open Text** Exceed onDemand named licenses that you have purchased (“Activation Key”). Each Activation Key may only be installed on one Server or Cluster. Except as otherwise provided herein the client component of the SOFTWARE (“Exceed onDemand Client”) is licensed to a single named user. The access from the Exceed onDemand Client to the ECS is enforced through a list of named user identities maintained on the ECS. When a user establishes a first connection from the Exceed onDemand Client to the ECS, the ECS will permanently grant an **Open Text** Exceed onDemand Named License to this user. The ECS will stop granting **Open Text** Exceed onDemand Named Licenses to additional users when the number of **Open Text** Exceed onDemand Named Licenses that have already been granted reaches the maximum number of **Open Text** Exceed onDemand Named Licenses based on your initial license purchase of the SOFTWARE and any additional license purchase of the SOFTWARE. Subsequent connections from the Exceed onDemand Client to the ECS by the same named user and initiated from the same COMPUTER will not require an additional **Open Text** Exceed onDemand Named License provided that the identity of this named user remains the same between the first connection and the subsequent connections. You may use the Exceed onDemand Client and any related updates on the COMPUTER while you possess and operate the COMPUTER only. A separate license agreement and fee are required for additional named users who wish to access the Server or Cluster.

If this SOFTWARE is OPEN TEXT evaluation SOFTWARE, then you are limited by the terms of this license and the expiration date of the SOFTWARE.

C. Open Text Exceed onDemand Server-Based License. Subject to the terms of this agreement, OPEN TEXT grants you this non-exclusive license to install and use the SOFTWARE. Except as otherwise provided herein, the server component of the SOFTWARE and **Open Text** Secure Shell (collectively the “ECS”) is licensed to a single COMPUTER (“Server”) or a single Exceed Connection Server Cluster (“Cluster”). You may use the ECS and any related updates on the Server or Cluster while you possess and operate the Server or Cluster only. You may physically transfer the ECS from one Server or Cluster

to another provided that you remove any copy(ies) of the ECS from the Server or Cluster from which the ECS is being transferred. Upon purchase of the SOFTWARE, OPEN TEXT shall issue a sequence of alphanumeric characters which represents the number of **Open Text Exceed onDemand Server-Based licenses** that you have purchased (“Activation Key”). Each Activation Key may only be installed on one Server, Cluster or Exceed License Server. Except as otherwise provided herein the client component of the SOFTWARE (“Exceed onDemand Client”) is licensed to be installed on as many COMPUTER as needed and to be used by as many users as needed. You may use Exceed onDemand Client only to access ECS up to the allowable number of connections based on your initial license purchase of the SOFTWARE. A separate license agreement and fee are required for additional **Open Text Exceed onDemand Server-Based Licenses**.

If this SOFTWARE is OPEN TEXT evaluation SOFTWARE, then you are limited by the terms of this license and the expiration date of the SOFTWARE.

D. Open Text NFS Gateway License. Subject to the terms of this agreement, OPEN TEXT grants you this non-exclusive license to install and use the SOFTWARE. Except as otherwise provided herein, the SOFTWARE is licensed to a single COMPUTER (“Server”). You may use the SOFTWARE and any related updates on the Server. When you license the SOFTWARE, OPEN TEXT shall issue a sequence of alphanumeric characters (“Activation Key”) which represents the maximum number of computer connections (“Client Connections”) that are permitted to simultaneously access each resource on the Network File System network shared by the SOFTWARE. Each Activation Key may only be installed on one Server or Node. The number of Client Connections you are entitled to within each Server or Node is based on your initial license purchase of the SOFTWARE and any additional license purchases of the SOFTWARE. A separate license agreement and fee are required for additional Client Connections, or additional COMPUTERS on which the SOFTWARE is installed and/or used.
