On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order are available through GSA Advantage!, a menu-driven database system. The INTERNET address for GSA Advantage! is: GSAAdvantage.gov.

GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT, SOFTWARE AND SERVICES

Fiber Optic Cable; Optical Connectivity Components; Fusion Splicers & Accessories; Fiber Testing Equipment; Fiber Connector Polishing Equipment

ETA Certified Fiber Optic Installer & Technician Training Courses

SPECIAL ITEM NUMBER 611420 — TRAINING COURSES FOR INFORMATION TECHNOLOGY EQUIPMENT AND SOFTWARE (FPDS Code U012)

JM Fiber Optics, Inc
13941 Ramona Avenue, Suite A
Chino CA 91710-9065
Phone: 909-628-3445    Fax: 909-628-1990

Email: info@jmfiberoptics.com
Internet: www.jmfiberoptics.com

Contract Number: GS-35F-0328S
Schedule: MAS
Solicitation: 47QSMD20R0001
Period Covered by Contract: March 31, 2021 through March 30, 2026
Pricelist current through Modification #Q1YKET9B
General Services Administration
Federal Supply Service

Products and ordering information in this Authorized FSS Information Technology Schedule Pricelist are also available on the GSA Advantage! System. Agencies can browse GSA Advantage! by accessing the Federal Supply Service’s Home Page via the Internet at http://www.fss.gsa.gov/

1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s).

SPECIAL ITEM NUMBER 611420 –TRAINING COURSES FOR INFORMATION TECHNOLOGY EQUIPMENT AND SOFTWARE (FPDS Code U012)

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one at the vendor location. Exclusive of any quantity dollar volume, travel and per diem expenses to a customer location, prompt payment or any other concession affecting the price.

See GSA pricing on page __7_________

1c. If the contractor is proposing hourly rates. A description of all corresponding job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item.

Not Applicable

2. Maximum order.

Special Item No. 611420 — Training Courses $250,000.00

3. Minimum order:

Special Item No. 611420 Training Courses $100.00

4. Geographic coverage (delivery area)

Domestic delivery only

5. Point(s) of production (city, county, and State or foreign country)
6. **Discount from list prices or statement of net price.**

See GSA awarded pricing. All prices are NET. Basic discounts have been deducted.

7. **Quantity discounts**

None

8. **Prompt payment Terms**

Net 30 days

9a. **Notification that Government purchase cards are accepted at, or below the micro-purchase threshold.**

Government purchase card is accepted at, or below the micro-purchase threshold.

9b. **Notification that Government purchase cards are accepted or are not accepted above the micro-purchase threshold.**

Government purchase card is accepted above the micro-purchase threshold.

10. **Foreign items (list items by country of origin)**

None

11a. **Time of delivery (30 days or less depending on manufacturer stock)**

As negotiated between the Ordering Activity and the Contractor.

11b. **Expedited delivery.**

The Contractor will insert the sentence “Items available for expedited delivery are noted in this price list,” under this heading The Contractor may use a symbol of its’ choosing to highlight items in its price lists that have expedited delivery.
As negotiated between the Ordering Activity and the Contractor.

11c. **Urgent requirement.**
The Contractor will note in its price list under the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to affect a faster delivery.

As negotiated between the Ordering Activity and the Contractor.

12. F.O.B. point(s)

FOB Destination

13a. Ordering address(es)

JM Fiber Optics, Inc.
13941 Ramona Ave., Ste A
Chino, CA 91710-8412
909-628-3445

13b. Ordering procedures:

For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s) are found in Federal Acquisition regulation (FAR) 8.405-3.

14. Payment address(es)

JM Fiber Optics, Inc.
13941 Ramona Ave., Ste A
Chino, CA 91710-8412
909-628-3445
mrivera@jmfiberoptics.com

15. Warranty provision.

Not applicable

16. Export packing charges, if applicable

Not applicable

17. Terms and conditions of Government purchase acceptance (any thresholds above the micro-purchase level)

Purchase at, or below the micro purchase threshold

18. Terms and conditions of rental, maintenance, and repair (if applicable)
19. Terms and conditions of installation (if applicable)

Not applicable

20. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list price (if applicable)

Not applicable

20a. Terms and conditions for any other services (if applicable)

Not applicable

21. List of service distributions points (if applicable)

Not applicable

22. List of participating dealers (if applicable)

Not applicable

23. Preventative maintenance (if applicable)

Not applicable

24a. Special attributes such as environmental attributes (e.g. recycled content, energy efficiency, and/or reduced pollutants)

Not applicable

24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor’s website or other location.) The EIT standards can be found at: www.Section508.gov

25. Data Universal Numbering Systems (DUNS) number

796530186

Course Description:

This course # GSA-TRNFOI is designed for individuals with no / limited experience working with communication fiber optics. Upon completion, students will obtain the basic level knowledge and practical skills for installing, splicing, testing, troubleshooting and maintaining basic fiber optic systems. The hands-on portion of training incorporates fiber cable preparation, termination, splicing, OTDR, optical loss testing and other installer skills. This course includes hands-on portion of ETA® certification exam. This course does not include written ETA® certification exam.

Student will become a Certified ETA® FOI upon successful completion of the course, and hands-on & written ETA® certification exam. For a complete description, visit: http://www.jmfiberoptics.com/Training/ETA/FOI/

NOTE: Price is for the course and materials only. It does not include written ETA® Certification test, travel and per diem expenses to a customer’s location.

Course Description:

This advanced skills course #GSA-TRNFOT is designed for individuals who are already at the level of a fiber optic installer or have 3 years equivalent experience work with fiber optics. Fiber Optic Technicians are expected to obtain advanced knowledge of fiber optic concepts that will allow them to be involved with designing, configuring, installing, and maintaining fiber optic systems. Technicians will be able to test and troubleshoot a Local Area Network (LAN) system with various faults. This course includes
hands-on portion of ETA® certification exam. This course does not include written ETA® certification exam.
Student will become a Certified ETA® FOT upon successful completion of the course, and hands-on & written ETA® certification exam.

For a complete description, visit: http://www.jmfiberoptics.com/Training/ETA/FOT/

NOTE: Price is for the course and materials only. It does not include written ETA® Certification test, travel and per diem expenses to a customer’s location.

Course Description:

This advanced skills course # GSA-TRNSPLC is a 3-day Hands-On course provides Advanced fiber optic mechanical and fusion splicing applications and prepares each student to understand premise (ISP) and outside plant (OSP) splicing as well as maintenance skills used for fiber optic cabling. Our Advanced fiber optic splicing course is designed to get students up to speed quickly on industry standards, splicing equipment, fiber cable preparation for splicing and various splicing techniques. We cover both ribbon fiber splicing, single strand fiber splicing and ribbonizing single strand fiber splicing. Students will splice using OSP closures, splice cartridges and splice trays.

NOTE: Price is for the course, materials and JM Fiber Optic certification of completion only. It does not include travel and per diem expenses to a customer’s location.

Course Description:

This advanced skills course # GSA-TRNTEST is a 3-day Hands-On course provides Advanced fiber optic cable testing techniques used for fiber characterization. The majority of this 3-day course will cover a
range of testing requirements set forth by ANSI/TIA standards and prepares each student to understand premise (ISP) and outside plant (OSP) fiber optic cable testing. Each student will be actively involved in Hands-On labs to reinforce the course topics. Advanced fiber training covers new cable installation and troubleshooting TIER 1 OLTS and TIER 2 OTDR techniques for both multimode and single mode fiber optic cable. Additional testing includes Optical Return Loss (ORL), 1GIG Ethernet and 10GIG Ethernet.

NOTE: Price is for the course, materials and JM Fiber Optics certification of completion only. It does not include travel and per diem expenses to a customer’s location.
