SIN 132-3 LEASING OF PRODUCTS

SIN 132-8 PURCHASE OF EQUIPMENT

**FSC CLASS 5820 - RADIO AND TELEVISION COMMUNICATION EQUIPMENT,
EXCEPT AIRBORNE**

Satellite Communications Equipment

**SIN 132-12 - MAINTENANCE OF EQUIPMENT, REPAIR SERVICE, AND REPAIR
PARTS/SPARE PARTS (FPDS Code J070 - Maintenance and Repair Service)(Repair
Parts/Spare Parts - See FSC Class for basic equipment)**

- Maintenance

SIN 132-52 - ELECTRONIC COMMERCE (EC) SERVICES

FPDS Code D304 Value Added Network Services (VANs)

FPDS Code D304 Internet Access Services

FPDS Code D399 Other Data Transmission Services, Not Elsewhere Classified - Except
“Voice” and Pager Services

NOTE: Electronic Commerce Services are not intended to supersede or be substitute for any voice requirements of FTS2001.

**SIN 132-54 COMMERCIAL SATELLITE COMMUNICATIONS (COMSATCOM)
TRANSPONDED CAPACITY**

FPDS CODE D304 – Includes dedicated bandwidth and power on a commercial satellite in any commercially available COMSATCOM frequency band, including, but not limited to, L-, S-, C-, X-, Ku-, extended Ku, Ka-, and UHF.

**SPECIAL ITEM NUMBER 132-55 COMMERCIAL SATELLITE COMMUNICATIONS
(COMSATCOM) SUBSCRIPTION SERVICES**

FPDS CODE D304 – Includes pre-existing, pre-engineered Fixed Satellite Service and/or Mobile Satellite Service solutions, typically including shared satellite resources and contractor-specified equipment, in any commercially available COMSATCOM frequency band, including, but limited to, L-, S-, C-, X-, Ku-, extended Ku, Ka-, and UHF.

1a. **Table Of Awarded Special Item Numbers (SINs):**

Special Item No. 132-3 Leasing of Products
Special Item No. 132-8 Purchase of Equipment
Special Item No. 132-12 Maintenance, Repair Service and Repair Parts/Spare Parts
Special Item No. 132-52 Electronic Commerce Services
Special Item No. 132-54 Commercial Satellite Communications (COMSATCOM)
Transponded Capacity
Special Item No. 132-55 Commercial Satellite Communications (COMSATCOM) Subscription
Services

Note: Contractor has been awarded all Special Item Numbers under the Cooperative Purchasing and Disaster Recovery Programs.

1b. **Lowest Priced Model Number and Price for Each SIN:** *See attached pricelist for details*

1c. **Hourly Rates (Services Only):** *Not Applicable*

2. **Maximum order:** *\$500,000 SINs 132-3; 132-8; 132-12; 132-52; 132-54; & 132-55*

3. **Minimum order:** *\$100*

4. **Geographic coverage (delivery area):** *The Geographic Scope of Contract will be domestic and overseas delivery.*

5. **Point(s) of production (city, county, and State or foreign country):** *See attached pricelist for details*

6. **Discount from list prices or statement of net price:** *Government prices are net.*

7. **Quantity/Volume discounts:**

Quantity: *None for all SINs*

Volume Dollar Volume: *3% discount for orders over \$5 Million for SINs 132-54 & 132-55*

8. **Prompt payment terms:** *None – Net 30 days from receipt of invoice or date of acceptance, whichever is later.*

9a. *The Government purchase Card will be accepted for payment on orders below the micro-purchase threshold.*

9b. *The Government purchase Card will not be accepted for payment on orders above the micro-purchase threshold.*

10. **Foreign items:** *None*

11a. **Time of delivery:**

SINs 132-3, 132-8, 132-12 and 132-52

Normal Delivery: 132-3: As negotiated
132-8: 30 Days
132-12: As negotiated
132-52: As negotiated

SINs: 132-54 and 132-55

Standard Delivery: 15 days
Accelerated Service Delivery: 7 Days or Less
Time-Critical Delivery: 4 hours or less
Extended Service Delivery times: As negotiated with the ordering activity.

11b. **Expedited Delivery:**

As negotiated on the task order level

11c. **Overnight and 2-day delivery:** *As negotiated on the task order level*

11d. **Urgent Requirements:** *As negotiated on the task order level*

**TERMS AND CONDITIONS APPLICABLE TO LEASING OF
GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY PRODUCTS
(SPECIAL ITEM NUMBER 132-3)**

TERMS AND CONDITIONS

Note: Under SIN 132-3 Leasing of Products, there are two sets of terms and conditions. Option 1 does not contain a cancellation clause, and all leases automatically expire on September 30 or sooner. Option 2 contains a cancellation clause, in which the fee must be in accordance with applicable legal principles. You may offer either option or both options.

LEASE TYPES

The Government will consider proposals for the following lease types:

- a. Lease to Ownership
- b. Lease with Option to Own

Orders for leased products must specify the leasing type.

OPTION 1

1. STATEMENT

- a. It is understood by all parties to this contract that orders issued under this SIN shall constitute a lease arrangement. Unless the Ordering Agency intends to obligate other than annual appropriations to fund the lease, the base period of the lease is from the date of the product acceptance through September 30 of the fiscal year in which the order is placed.
- b. Agencies are advised to follow the guidance provided in Federal Acquisition Regulation (FAR) Subpart 7.4 Product Lease or Purchase and OMB Circular A-11. Agencies are responsible for the obligation of funding consistent with all applicable legal principles when entering into any lease arrangement.

2. FUNDING AND PERIODS OF LEASING ARRANGEMENTS

- a. Annual Funding: When annually appropriated funds are cited on an order for leasing, the following applies:
 - i. The base period of an order for any lease executed by the Government shall be for the duration of the fiscal year. All Government renewal options under the lease shall be specified in the delivery order. All orders for leasing shall remain in effect through September 30 of the fiscal year or the planned expiration date of the lease, whichever is earlier, unless the Government exercises its rights hereunder to acquire title to the product prior to the planned expiration date or unless the Government exercises its right to terminate under FAR 52.212-4. Orders under the lease shall not be deemed to obligate the succeeding fiscal year's funds or to otherwise commit the Government to a renewal.

ii. All orders for leasing shall automatically terminate on September 30, unless the Ordering Agency notifies the Contractor in writing thirty (30) calendar days prior to the expiration of such orders of the Government's intent to renew. Such notice to renew shall not bind the Government. The Government has the option to renew each year at the original rate in effect at the time the order is placed. This rate applies for the duration of the order. If the Government exercises its option to renew, the renewal order shall be issued within 15 days after funds become available for obligation by the Ordering Agency, or as specified in the initial order. No termination fees shall apply if the Government does not exercise an option.

b. Crossing Fiscal Years Within Contract Period: Where an Ordering Agency has specific authority to cross fiscal years with annual appropriations, the Ordering Agency may place an order under this option to lease the product for a period up to the expiration of its period of appropriation availability, or twelve months, whichever occurs later, notwithstanding the intervening fiscal years.

3. DISCONTINUANCE AND TERMINATION

Notwithstanding any other provision relating to this SIN, the Ordering Agency may terminate products leased under this agreement at any time during a fiscal year in accordance with the termination provisions contained in FAR 52.212-4 (1), Termination for the Government's convenience, or (m), Termination for cause. Additionally, no termination for cost or fees shall be charged for nonrenewal of an option.

OPTION 2

To the extent an Offeror wishes to propose alternative lease terms and conditions that provide for lower discounts/prices based on the ordering office's stated intent to fulfill the projected term of a lease including option years, while at the same time including separate charges for early end of the lease, the following terms apply. These terms address the timing and extent of the Government's financial obligation, including any potential charges for early end of the lease.

1. LEASING PRICE LIST NOTICE

Contractors must include the following notice in their contract price list for SIN 132-3:

"The ordering agency is responsible for the obligation of funds consistent with applicable law. Agencies are advised to review the lease terms and conditions contained in this price list prior to ordering and obligating funding for a lease."

2. STATEMENT OF GOVERNMENT INTENT

a. The Government and the Contractor understand that a delivery order issued pursuant to this

SIN is a lease arrangement and contemplates the use of the product for the term of the lease specified in such delivery order (the “Lease Term”). In that regard, the Ordering Agency, as lessee, understands that the lease provisions contained herein and the rate established for the delivery order are premised on the Ordering Agency’s intent to fulfill that agreement, including acquiring products for the period of time specified in the order. Each lease hereunder shall be initiated by a delivery order that shall, either through a SOW or other attachment, specify the product being leased and the required terms of the transaction.

b. Each Ordering Agency placing a delivery order under the terms of this option intends to exercise each renewal option and to extend the lease until completion of the Lease Term, so long as the need of the Ordering Agency for the product or functionally similar product continues to exist and funds are appropriated. Contractor may request information from the Ordering Agency concerning the essential use of the products.

3. LEASE TERM

a. The date on which the Ordering Agency accepts the products is the Commencement Date of the lease.

For acceptance to occur, the products must operate in accordance with the product’s published specifications and SOW. Acceptance shall be in accordance with the terms of the contract, or as otherwise negotiated by the Ordering Agency and the Contractor.

b. Any lease is executed by the Ordering Agency on the basis that the known requirement for such product exceeds the initial base period of the delivery order, which is typically 12 months, or for the remainder of the fiscal year. Pursuant to FAR 32.703-3 (b), delivery orders with options to renew that are funded by annual (fiscal year) appropriations may provide for initial base periods and option periods that cross fiscal years as long as the initial base period or each option period does not exceed a 12-month period. Defense agencies must also consider Department of Defense (DOD) FAR supplement (DFAR) 232.703-3(b) in determining whether to use cross fiscal year funding. This cross fiscal year authority does not apply to multiyear leases.

c. The total Lease Term will be specified in each delivery order, including any relevant renewal options of the Government. All delivery orders, whether for the initial base period or renewal period, shall remain in effect through September 30 of the fiscal year (unless extended by statute), through any earlier expiration date specified in the delivery order, or until the Government exercises its rights hereunder to acquire title to the product prior to such expiration date. The Ordering Agency, at its discretion, may exercise each option to extend the term of the lease through the lease term. Renewal delivery orders shall not be issued for less than all of the product and/or software set forth in the original delivery order. Delivery orders under this SIN shall not be deemed to obligate succeeding fiscal year funds. The Ordering Agency shall provide the Contractor with written notice of exercise of each renewal option as soon as practicable. Notice requirements may be negotiated on an order-by-order basis.

d. Where an Ordering Agency’s specific appropriation or procurement authority provides for

contracting beyond the fiscal year period, the Ordering Agency may place a delivery order for a period up to the expiration of the Lease Term, or to the expiration of the period of availability of the multiyear appropriation, or whatever is appropriate under the applicable circumstance.

4. LEASE TERMINATION

a. The Ordering Agency must elect the Lease Term of the relevant delivery order. The Contractor (and assignee, if any) will rely on the Government's representation of its intent to fulfill the full Lease Term to determine the monthly lease payments calculated herein.

i. The Government may terminate or not renew leases under this option at no cost, pursuant to a Termination for Nonappropriation as defined herein (see paragraph (c) below). In any other event, the Ordering Agency's contracting officer may either terminate the relevant delivery order for cause or Termination for Convenience in accordance with FAR 52.212-4 paragraphs (1) and (m).

ii. The Termination for Convenience at the end of a fiscal year allows for separate charges for the early end of the lease (see paragraph (d) below). In the event of termination for the convenience of the Government, the Government may be liable only up to the amount beyond the order's Termination Ceiling. Any termination charges calculated under the Termination for Convenience clause must be determined or identified in the delivery order or in the lease agreement.

b. Termination for Convenience of the Government: Leases entered into under this option may not be terminated except by the Ordering Agency's contracting office responsible for the delivery order in accordance with FAR 52.212-4, Contract Terms and Conditions-Commercial Items, paragraph (1), Termination for Convenience of the Government. The costs charged to the Government as the result of any Termination for Convenience of the Government must be reasonable and may not exceed the sum of the fiscal year's payment obligations less payments made to date of termination plus the Termination Ceiling.

c. Termination for Nonappropriation: The Ordering Agency reasonably believes that the bona fide need will exist for the entire Lease Term and corresponding funds in an amount sufficient to make all payment for the lease Term will be available to the Ordering Agency. Therefore, it is unlikely that leases entered into under this option will terminate prior to the full Lease Term. Nevertheless, the Ordering Agency's contracting officer may terminate or not renew leases at the end of any initial base period or option period under this paragraph if (a) it no longer has a bona fide need for the product or functionally similar product or (b) there is a continuing need, but adequate funds have not been made available to the Ordering Agency in an amount sufficient to continue to make the lease payments. If this occurs, the Government will promptly notify the Contractor, and the product lease will be terminated at the end of the last fiscal year for which funds were appropriated. Substantiation to support a termination for nonappropriation shall be provided to the Contractor upon request.

d. Termination Charges: At the initiation of the lease, termination ceilings will be

established for each year of the lease term. The termination ceiling is a limit on the amount that a Contractor may be paid by the Government on the Termination for Convenience of a lease. No claim will be accepted for future costs: supplies, maintenance, usage charges, or interest expense beyond the date of termination. In accordance with the bona fide needs rule, all termination charges must reasonably represent the value the Government received for the work performed based upon the shorter lease term. No Termination for Convenience costs will be associated with the expiration of the lease term.

e. At the order level, the Ordering Agency may, consistent with legal principles, negotiate lower monthly payments or rates based upon appropriate changes to the termination conditions in this section.

LEASE PROVISIONS COMMON TO ALL TYPES OF LEASE AGREEMENTS

The following terms and conditions are applicable to any lease awarded under this contract regardless of type or option.

1. ORDERING PROCEDURES

a. When an Ordering Agency expresses an interest in leasing a product(s), the Ordering Agency will provide the following information to the prospective Contractor:

- i. Which product(s) is (are) required.
- ii. The required delivery date.
- iii. The proposed lease plan and term of the lease.
- iv. Where the product will be located.
- v. Description of the intended use of the product.
- vi. Source and type of appropriations to be used.

b. The Contractor will respond with:

- i. Whether the Contractor can provide the required product.
- ii. The estimated residual value of the product (Lease with Option to Own only).
- iii. The monthly payment based on the rate.
- iv. The estimated cost, if any, of applicable State or local taxes. State and local personal property taxes are to be estimated as separate line items in accordance with FAR 52.229-1, which may be identified and added to the monthly lease payment.
- v. A confirmation of the availability of the product on the required delivery date.
- vi. Extent of warranty coverage, if any, of the leased products.
- vii. The length of time the quote is valid.
- viii. The proposed charges relating to the Termination Ceiling in accordance with section 4(a)(ii), above.

c. The Ordering Agency may issue a delivery order to the Contractor based on the information set forth in the Contractor's quote. In the event that the Ordering Agency does not issue a delivery order within the validity period stated in the Contractor's quote letter, the quote shall expire.

2. ASSIGNMENT OF CLAIMS

GSAR 552.232-23, Assignment of Claims, is incorporated herein by reference as part of these lease provisions. The Ordering Agency's contracting officer will acknowledge the assignment of claim for a lease in accordance with FAR 32.804-5. The extent of the assignee's protection is in accordance with FAR 32.804. Any setoff provision must be in accordance with FAR 32.803.

3. PEACEFUL POSSESSION AND UNRESTRICTED USE

In recognition of the types of products available for lease and the potential adverse impact to the Ordering Agency's mission, the Ordering Agency's quiet and peaceful possession, and unrestricted use of the product shall not be disturbed in the event the product is sold by the Contractor, or in the event of bankruptcy of the Contractor, corporate dissolution of the Contractor, or other event. The product shall remain in the possession of the Ordering Agency until the expiration of the lease. Any assignment, sale, bankruptcy, or other transfer of the leased product by the Contractor will not relieve the Contractor of its obligations to the Ordering Agency and will not change the Ordering Agency's duties or increase the burdens or risks imposed on the Ordering Agency.

4. COMMENCEMENT OF LEASE

The date on which the Ordering Agency accepts the products is the Commencement Date of the lease. Acceptance is as defined elsewhere in the contract, or as further specified in the order.

5. INSTALLATION AND MAINTENANCE

a. Installation and Maintenance, when applicable, normally are not included in the charge for leasing.

The Contractor may require the Ordering Agency to obtain installation and maintenance services from a qualified source. The Ordering Agency may obtain installation and/or maintenance on the open market, from the Contractor's schedule contract, or from other sources. The Ordering Agency may also perform installation and/or maintenance in house, if qualified resources exist. In any event, it is the responsibility of the Ordering Agency to ensure that maintenance is in effect for the Lease term for all products leased.

b. When installation and/or maintenance are ordered under this schedule to be performed by the Contractor, the payments, terms, and conditions as stated in this contract apply. The rates and terms and conditions in effect at the time the order is issued shall apply during any subsequent renewal period of the lease. The maintenance rates and terms and conditions may be added to the lease payments with mutual agreement of the parties.

6. MONTHLY PAYMENTS

a. Prior to the placement of an order under this SIN, the Ordering Agency and the Contractor must agree on a “base value” for the products to be leased. For Lease to Ownership (Capital Lease) the base value will be the contract purchase price (less any discounts). For Lease with Option to Own (Operating Lease), the base value will be the contract purchase price (less any discounts), less a mutually agreed-upon residual value (prestated purchase option price at the conclusion of the lease) for the products. The residual value will be used in the calculation of the original lease payment, lease extension payments, and the purchase option price.

b. The interest rate used to calculate the monthly Lease Payment shall be calculated by adding five and one quarter percent (5.25%) to the US Treasury rate set forth in Federal Reserve Statistical release H.15 most closely corresponding to the Lease Term selected. If no corresponding term is available, the interest rate may be interpolated from the reported terms. The US Treasury rate shall be the rate on the most recent date of ordering activity prior to the date of the Contractor Acceptance as published by the Federal Reserve Bank on their internet web site: <http://federalreserve.gov/releases/H15/current/>.

c. For any lease extension, the extension lease payment will be based on the original residual value, in lieu of the purchase price. The Ordering Agency and the Contractor shall agree on a new residual value based on the estimated fair market price at the end of the extension. The formula to determine the lease payment will be that in 6.b. above.

d. The purchase option price will be the fair market value of the product or payment will be based upon the unamortized principle, as shown on the payment schedule, as of the last payment prior to date of transfer of ownership, whichever is less.

Note: At the order level, Ordering Agency may elect to obtain a lower rate for the lease by setting the purchase option price as either the fair market value of the product or unamortized principal. The methodology for determining lump-sum payments may be identified in the pricelist.

e. Point in time when monthly rates are established is subject to negotiation and evaluation at the order level. In the event the Ordering Agency desires, at any time, to acquire the title to a product leased hereunder, the Ordering Agency may make a one-time lump-sum payment.

7. LEASE END/DISCONTINUANCE OPTIONS

a. Upon the expiration of the Lease Term, Termination for Convenience, or Termination for Nonappropriation, the Ordering Agency will return the Product to the Contractor unless the Ordering Agency by 30 days written notice elects either:

i. To purchase the product for the residual value of the product.

ii. To extend the term of the Lease, as mutually agreed. To compute the lease payment, the

residual value from the preceding lease shall be the initial value of the leased product. A new residual value shall be negotiated for the extended lease and new lease payments shall be computed.

b. Relocation: The Ordering Agency may relocate products to another location within the Ordering Agency with prior written notice. No other transfer, including sublease, is permitted. The Ordering Agency shall not assign, transfer, or otherwise dispose of any products or any interest therein, or create or suffer any levy, lien, or encumbrance except those created for the benefit of the Contractor or its assigns.

c. Returns:

i. Within fourteen (14) days after the date of expiration, nonrenewal, or termination of a lease, the Ordering Agency shall, at its own risk and expense, have the products packed for shipment in accordance with manufacturer's specifications and return the products to the Contractor at the location specified by the Contractor in the continental US, in the same condition as when delivered, ordinary wear and tear excepted. Any expenses necessary to return the products to good working order shall be at the Ordering Agency's expense.

ii. The Contractor shall conduct a timely inspection of the returned products and, within 45 days of the return, assert a claim if the condition of the product exceeds normal wear and tear.

iii. The Product will be returned in accordance with the terms of the contract and in accordance with Contractor instruction.

iv. With respect to software, the Ordering Agency shall state in writing to the Contractor that it has:

1. Deleted or disabled all files and copies of the software from the equipment on which it was installed
2. Returned all software documentation, training manuals, and physical media on which the software was delivered
3. Has no ability to use the returned software

8. UPGRADES AND ADDITIONS

a. The Ordering Agency may affix or install any accessory, addition, upgrade, product, or device on the product ("additions"), provided that such additions:

- i. Can be removed without causing material damage to the product
- ii. Do not reduce the value of the product
- iii. Are obtained from or approved by the Contractor, and are not subject to the interest of any third party other than the Contractor

- b. Any other additions may not be installed without the Contractor's prior written consent. At the end of the lease term, the Ordering Agency shall remove any additions that:
- i. Were not leased from the Contractor
 - ii. Are readily removable without causing material damage or impairment of the intended function, use, or value of the product, and restore the product to its original configuration
- c. Any additions that are not so removable will become the Contractor's property (lien free).
- d. Leases of additions and upgrades must be coterminous with that of the product.

9. RISK OF LOSS OR DAMAGE

The Ordering Agency is relieved from all risk of loss or damage to the product during periods of transportation, installation, and during the entire time the product is in possession of the Ordering Agency, except when loss or damage is due to the fault or negligence of the Ordering Agency. The Ordering Agency shall assume risk of loss or damage to the product during relocation (i.e., moving the product from one Ordering Agency location to another Ordering Agency location) unless the Contractor shall undertake such relocation.

10. TITLE

During the lease term, the product shall always remain the property of the Contractor. The Ordering Agency shall have no property right or interest in the product except as provided in this leasing agreement and shall hold the product subject and subordinate to the rights of the Contractor. Software and software licenses shall be deemed personal property. The Ordering Agency shall have no right or interest in the software and related documentation except as provided in the license and the lease. Upon the Commencement Date of the Lease Term, the Ordering Agency shall have an encumbered license to use the software for the Lease Term. The Ordering Agency's encumbered license rights in the software will be subject to the same rights as provided to a purchaser of a license under the terms of this contract except that the Ordering Agency will not have an unencumbered, paid-up license until it has made all lease payments for the full Lease Term in the case of an Lease To Ownership or has otherwise paid the applicable purchase option price.

11. TAXES

The lease payments, purchase option prices, and interest rates identified herein include all state and local taxes levied on or measured by the contract or sales price of the product furnished hereunder. The parties shall cooperate to gather and provide the required documentation to the Ordering Agency. The Ordering Agency is necessary to support an exemption from the tax.

Note: Contractor may propose additional terms and conditions (regarding SIN 132-3) for billings,

payments, and/or invoices, as long as they are consistent with terms and conditions specified elsewhere. **

12. OPTION TO PURCHASE EQUIPMENT (FEBRUARY 1995) (FAR 52.207-5)

- a. The Government may purchase the equipment provided on a lease or rental basis under this contract. The Contracting Officer may exercise this option only by providing a unilateral modification to the Contractor. The effective date of the purchase will be specified in the unilateral modification and may be any time during the period of the contract, including any extensions thereto.
- b. Except for final payment and transfer of title to the Government, the lease or rental portion of the contract becomes complete, and lease or rental charges shall be discontinued on the day immediately preceding the effective date of purchase specified in the unilateral modification required in paragraph (a) of this clause.
- c. The purchase conversion cost of the equipment shall be computed as of the effective date specified in the unilateral modification required in paragraph (a) of this clause, on the basis of the purchase price set forth in the contract, minus the total purchase option credits accumulated during the period of lease or rental, calculated by the formula contained elsewhere in this contract.
- d. The accumulated purchase option credits available to determine the purchase conversion cost will also include any credits accrued during a period of lease or rental of the equipment under any previous Government contract, if the equipment has been on continuous lease or rental. The movement of equipment from one site to another site shall be “continuous rental.”

**TERMS AND CONDITIONS APPLICABLE TO PURCHASE OF
GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT
(SPECIAL ITEM NUMBER 132-8)**

1. MATERIAL AND WORKMANSHIP

All equipment furnished hereunder must satisfactorily perform the function for which it is intended.

2. ORDER

Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPA) agreements shall be the basis for purchase in accordance with the provisions of this contract. If time of delivery extends beyond the expiration date of the contract, the Contractor will be obligated to meet the delivery and installation date specified in the original order. For credit card orders and BPAs, telephone orders are permissible.

3. TRANSPORTATION OF EQUIPMENT

FOB DESTINATION. Prices cover equipment delivery to destination, for any location within the geographic scope of this contract.

4. INSTALLATION AND TECHNICAL SERVICES

- a. **INSTALLATION.** When the equipment provided under this contract is not normally self-installable, the Contractor's technical personnel shall be available to the ordering activity, at the ordering activity's location, to install the equipment and to train ordering activity personnel in the use and maintenance of the equipment. The charges, if any, for such services are listed below, or in the price schedule:
Installation of the Turn-Key configuration (Product # C-40W-RDVSAT) is included in the purchase price.

- b. **INSTALLATION, DEINSTALLATION, REINSTALLATION.** The Davis-Bacon Act (40 U.S.C. 276a 276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall receive less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies. The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.
- c. **OPERATING AND MAINTENANCE MANUALS.** The Contractor shall furnish the ordering activity with one (1) copy of all operating and maintenance manuals which are normally provided with the equipment being purchased.

5. INSPECTION/ACCEPTANCE

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The ordering activity reserves the right to inspect or test any equipment that has been tendered for acceptance. The ordering activity may require repair or replacement of nonconforming equipment at no increase in contract price. The ordering activity must exercise its post acceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

6. WARRANTY

- a. Unless specified otherwise in this contract, the Contractor's standard commercial warranty as stated in the contract's commercial pricelist will apply to this contract.
- b. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.
- c. **Limitation of Liability.** Except as otherwise provided by an express or implied warranty, the Contractor will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items.
- d. If inspection and repair of defective equipment under this warranty will be performed at the Contractor's plant, the address is as follows:

SES Government Solutions, Inc.
11790 Sunrise Valley Drive, Suite 300
Reston, VA 20191

e. Please contact SES Government Solutions, Inc. at 703-610-1000 for RMA procedures.

7. PURCHASE PRICE FOR ORDERED EQUIPMENT

The purchase price that the ordering activity will be charged will be the ordering activity purchase price in effect at the time of order placement, or the ordering activity purchase price in effect on the installation date (or delivery date when installation is not applicable), whichever is less.

8. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City or otherwise) covering work of this character, and shall include all costs, if any, of such compliance in the prices quoted in this offer.

9. TRADE-IN OF INFORMATION TECHNOLOGY EQUIPMENT

When an ordering activity determines that Information Technology equipment will be replaced, the ordering activity shall follow the contracting policies and procedures in the Federal Acquisition Regulation (FAR), the policies and procedures regarding disposition of information technology excess personal property in the Federal Property Management Regulations (FPMR) (41 CFR 101-43.6), and the policies and procedures on exchange/sale contained in the FPMR (41 CFR part 101-46).

TERMS AND CONDITIONS APPLICABLE TO MAINTENANCE, REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS FOR GOVERNMENT-OWNED GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT (AFTER EXPIRATION OF GUARANTEE/WARRANTY PROVISIONS AND/OR WHEN REQUIRED SERVICE IS NOT COVERED BY GUARANTEE/WARRANTY PROVISIONS) AND FOR LEASED EQUIPMENT (SPECIAL ITEM NUMBER 132-12)

1. MAINTENANCE ORDER

- a. Agencies may use written orders, EDI orders, credit card orders, or BPAs, for ordering maintenance under this contract. The Contractor shall confirm orders within fifteen (15) calendar days from the date of receipt, except that confirmation of orders shall be considered automatic for renewals for maintenance (Special Item Number 132-12). Automatic acceptance of order renewals for maintenance service shall apply for machines which may have been discontinued from use for temporary periods of time not longer than 120 calendar days. If the order is not confirmed by the Contractor as prescribed by this paragraph, the order shall be considered to be confirmed by the Contractor.
- b. The Contractor shall honor orders for maintenance for the duration of the contract period or a lesser period of time, for the equipment shown in the pricelist. Maintenance service shall commence on a mutually agreed upon date, which will be written into the maintenance order. Maintenance orders shall not be made effective before the expiration of any applicable maintenance and parts guarantee/warranty period associated with the purchase of equipment. Orders for maintenance service shall not extend beyond the end of the contract period.
- c. Maintenance may be discontinued by the ordering activity on thirty (30) calendar days written notice, or shorter notice when agreed to by the Contractor; such notice to become effective thirty (30) calendar days from the date on the notification. However, the ordering activity may extend the original discontinuance date upon written notice to the Contractor, provided that such notice is furnished at least ten (10) calendar days prior to the original discontinuance date.
- d. Annual Funding. When annually appropriated funds are cited on a maintenance order, the period of maintenance shall automatically expire on September 30th of the contract period, or at the end of the contract period, whichever occurs first. Renewal of a maintenance order citing the new appropriation shall be required, if maintenance is to continue during any remainder of the contract period.
- e. Cross-year Funding Within Contract Period. Where an ordering activity's specific appropriation authority provides for funds in excess of a 12 month, fiscal year period, and the ordering activity may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.

- f. Ordering activities should notify the Contractor in writing thirty (30) calendar days prior to the expiration of maintenance service, if maintenance is to be terminated at that time. Orders for continued maintenance will be required if maintenance is to be continued during the subsequent period.

2. LOSS OR DAMAGE

When the Contractor removes equipment to his establishment for repairs, the Contractor shall be responsible for any damage or loss, from the time the equipment is removed from the ordering activity installation, until the equipment is returned to such installation.

3. SCOPE

- a. The Contractor shall provide maintenance for all equipment listed herein, as requested by the ordering activity during the contract term. Repair service and repair parts/spare parts shall apply exclusively to the equipment types/models within the scope of this Information Technology Schedule.
- b. Equipment placed under maintenance service shall be in good operating condition.
 - (1) In order to determine that the equipment is in good operating condition, the equipment shall be subject to inspection by the Contractor, without charge to the ordering activity.
 - (2) Costs of any repairs performed for the purpose of placing the equipment in good operating condition shall be borne by the Contractor, if the equipment was under the Contractor's guarantee/warranty or maintenance responsibility prior to the effective date of the maintenance order.
 - (3) If the equipment was not under the Contractor's responsibility, the costs necessary to place the equipment in proper operating condition are to be borne by the ordering activity, in accordance with the provisions of Special Item Number 132-12 (or outside the scope of this contract).

4. RESPONSIBILITIES OF THE ORDERING ACTIVITY

- a. Ordering activity personnel shall not perform maintenance or attempt repairs to equipment while such equipment is under the purview of a maintenance order, unless agreed to by the Contractor.
- b. Subject to security regulations, the ordering activity shall permit access to the equipment which is to be maintained or repaired.

5. RESPONSIBILITIES OF THE CONTRACTOR

For equipment not covered by a maintenance contract or warranty, the Contractor's repair service personnel shall complete repairs as soon as possible after notification by the ordering activity that service is required. Within the service areas, this repair service should normally be done within 4 hours after notification.

6. INVOICES AND PAYMENTS

a. Maintenance Service

- (1) Invoices for maintenance service shall be submitted by the Contractor on a quarterly or monthly basis, after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324). **PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.**
- (2) Payment for maintenance service of less than one month's duration shall be prorated at 1/30th of the monthly rate for each calendar day.

**TERMS AND CONDITIONS APPLICABLE TO
ELECTRONIC COMMERCE (EC) SERVICES (SPECIAL ITEM NUMBER 132-52)**

1. SCOPE

- a. The prices, terms and conditions stated under Special Item Number 132-52 Electronic Commerce Services apply exclusively to EC Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

2. PERFORMANCE INCENTIVES

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract in accordance with this clause.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. ORDER

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. PERFORMANCE OF SERVICES

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of EC Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the

date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)

- a. The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-
 - (1) Cancel the stop-work order; or
 - (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.
- b. If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-
 - (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
 - (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.
- c. If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- d. If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

6. INSPECTION OF SERVICES

The Inspection of Services–Fixed Price (AUG 1996) (Deviation – May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection–Time-and-Materials and Labor-Hour (JAN 1986) (Deviation – May 2003) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

7. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Deviation – May 2003) Rights in Data – General, may apply.

8. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite EC Services.

9. INDEPENDENT CONTRACTOR

All EC Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

10. ORGANIZATIONAL CONFLICTS OF INTEREST

a. Definitions.

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. INVOICES

The Contractor, upon completion of the work ordered, shall submit invoices for EC services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts

at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003)) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

- a. The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.
- b. The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—
 - (1) The offeror;
 - (2) Subcontractors; and/or
 - (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

13. RESUMES

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. APPROVAL OF SUBCONTRACTS

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

16. DESCRIPTION OF EC SERVICES AND PRICING

Please refer to the attached GSA pricing

TERMS AND CONDITIONS APPLICABLE TO COMMERCIAL SATELLITE COMMUNICATIONS (COMSATCOM) TRANSPONDED CAPACITY (SPECIAL ITEM NUMBER 132-54) AND COMMERCIAL SATELLITE COMMUNICATIONS (COMSATCOM) SUBSCRIPTION SERVICES (SPECIAL ITEM NUMBER 132-55)

1. COMSATCOM CAPACITY AND COVERAGE

The Ordering Activity shall specify the capacity and coverage required as part of the initial requirement.

2. INFORMATION ASSURANCE

- a. The Ordering Activity is responsible for ensuring to the maximum extent practicable that each requirement issued is in compliance with either the Committee on National Security Systems Policy (CNSSP) 12, “National Information Assurance Policy for Space Systems used to Support National Security Missions,” or the Department of Defense Directive (DoDD) 8581.1, “Information Assurance (IA) Policy for Space Systems Used by the Department of Defense.”
- b. The Ordering Activity shall assign an impact level (per Federal Information Processing Standards Publication 200 (FIPS 200), “*Minimum Security Requirements for Federal Information and Information Systems*”) or MAC level (per DoD Instruction (DoDI) 8500.2, “*Information Assurance Implementation*”) prior to issuing the initial statement of work. Evaluations shall consider the extent to which each proposed service accommodates the necessary security controls based upon the assigned impact level or MAC, command encryption/authentication, and other requirements in CNSSP 12 or DODD 8581.1. The Contractor awarded SIN 132-54 and/or 132-55 is capable of meeting at least the minimum security requirements assigned against a low-impact information system (per FIPS 200) or Mission Assurance Category (MAC) III system (per DoDI 8500.2).
- c. The Ordering Activity reserves the right to independently evaluate, audit, and verify the IA compliance for any proposed or awarded COMSATCOM services. All IA certification, accreditation, and evaluation activities are the responsibility of the ordering activity.

3. DELIVERY SCHEDULE

The Ordering Activity shall specify the delivery schedule as part of the initial requirement. The Delivery Schedule options are found in *Information for Ordering Activities Applicable to All Special Item Numbers*, paragraph 6. *Delivery Schedule*.

4. PORTABILITY

When an Ordering Activity requires portability, this requirement shall be included as part of the initial requirement. When portability is exercised, evidence of equivalent net present value (NPV) shall be provided by the contractor. Ordering Activities may propose additional terms and conditions within the requirement (example: specific predefined, guaranteed terms and conditions for portability and related services). However, if the supplemental terms and conditions contradict the contract, the contract takes precedence. Portability provides the Ordering Activity the ability to relocate or “port,” COMSATCOM Services resources as user requirements change. Descriptions of portability may include moving from one transponder/satellite to another, one managed service area to another, transponded capacity redeployment between beams or transponders on a single satellite, redeployment from one frequency band to another, physical relocation of a satellite to a new orbital position, re-routing of teleport services from one teleport to another predefined teleport, re-routing of traffic from one terrestrial infrastructure to another predefined infrastructure, and movement of Network Operations Center (NOC) services from one NOC to another NOC.

5. FLEXIBILITY/OPTIMIZATION

When an Ordering Activity requires re-grooming resources for spectral, operational, or price efficiencies, this requirement shall be included as part of the initial requirement. When flexibility/optimization is exercised, evidence of equivalent net present value (NPV) shall be provided by the contractor. Ordering Activities may propose additional terms and conditions within the requirement (example: specific pre-defined, guaranteed terms and conditions for re-grooming). However, if the supplemental terms and conditions contradict the contract, the contract takes precedence. Flexibility/optimization/re-grooming allows the Contractor to redistribute resources currently used to provide COMSATCOM Services (example: space segment, network, teleport, terminal resources) or customers sharing the COMSATCOM Services resources (example: customer one with typical peak usage at 9:00 a.m. and customer two with typical peak usage at 3:30 p.m.), enabling the Ordering Activity to gain spectral, operational, and/or price efficiencies.

6. NET READY (INTEROPERABILITY)

When an Ordering Activity requires interoperability, this requirement shall be included as part of the initial requirement. Interfaces may be identified as interoperable on the basis of participation in a sponsored program acceptable to the Ordering Activity. Any such access or interoperability with teleports/gateways and provisioning of enterprise service access will be defined in the individual requirement.

7. NETWORK MONITORING (NET OPS)

The Ordering Activity shall specify the Network Monitoring (Net Ops) collection and delivery requirements (example: format, frequency) as part of the initial statement of work. The Contractor awarded SIN 132-54 and/or 132-55 is capable of collecting and delivering the near real-time monitoring, fault/incident/outage reporting, and information access required to ensure effective and efficient operations, performance, and availability consistent with commercial best practices. Ordering Activities may propose additional terms and conditions within the requirement (example: specific pre-defined terms and conditions for Net Ops collection and delivery.) However, if the supplemental terms and conditions contradict the contract, the contract takes precedence.

8. EMI/RFI IDENTIFICATION, CHARACTERIZATION, AND GEO-LOCATION

When an Ordering Activity requires Electro Magnetic Interference (EMI) / Radio Frequency Interference (RFI) identification, characterization, and geo-location, it shall be included as part of the initial requirement. The Ordering Activity shall establish and use with the Contractor a mutually agreed upon media and voice communications capability capable of protecting “Sensitive, but Unclassified” data.

9. SECURITY

The Ordering Activity is responsible for assigning the personnel and facility clearance levels for each requirement. If required, the Ordering Activity is responsible for issuing the appropriate security forms (e.g., a DD-254) for any special clearance requirements and indoctrinations, such as Sensitive Compartmented Information (SCI). Ordering Activities shall ensure the Contractor “masks” or “protects” Ordering Activity customers against unauthorized release of identifying information to any entity that could compromise the customer’s operations security. Identifying information includes but is not limited to personal user and/or unit information including tail numbers, unit names, unit numbers, individual names, individual contact numbers, street addresses, etc.

10. THIRD PARTY BILLING FOR COMSATCOM SUBSCRIPTION SERVICES

The Ordering Activity shall make every effort to educate the terminal owners or operators on usage of the approved network infrastructure to avoid third party charges.

11. ADDITIONAL TERMS AND CONDITIONS

- a. The Ordering Activity is responsible for determining the number of approaches each Contractor may offer in response to a statement of work.
- b. If guidance is required, Ordering Activities may contact the GSA Satellite Communications Services Program Management Office, satserv@gsa.gov.
- c. For each Subscription Service requirement, the Ordering Activity shall negotiate with the Contractor any required Committed Information Rates (CIR). CIR is the average dedicated bandwidth data transfer rate (example: megabits per second) for an individual COMSATCOM Subscription Services network that the Contractor commits to delivering over a period of time. The Contractor may exceed the CIR if the network has capacity at any time.

Government Solutions

12. CONTRACT CLAUSES

- a. Ordering activities will be able to view the complete list of IT Schedule 70 contract clauses, including the specific contract terms and conditions for any specific contract holder, at:

<http://www.gsaelibrary.gsa.gov/ElibMain/contractsOnline.do?scheduleNumber=70>

13. DESCRIPTION OF COMSATCOM SERVICES AND PRICING

Please refer to the attached GSA pricing.

**SES Government Solutions, Inc.
GSA Pricelist**

SIN	MFR Name	Product #	Product Description	UOI	GSA Price
132-12		INSTALL-DOM	Provide on-site domestic installation for equipment sold by Americom. Price is per day, for a minimum of one day. Excludes travel costs.		\$1,435.77
132-12		INSTALL-INTL	Provide on-site International installation for equipment sold by Americom. Price is per day, for a minimum of one day. Excludes travel costs.		\$1,914.36
132-12		INSTALL-INTL-WAR	Provide on-site International installation in war zones and/or dangerous areas for equipment sold by Americom. Price is per day, for a minimum of one day. Excludes travel costs.		\$6,221.66
132-12		ES-SURVEY-DOM	Domestic on-site survey to verify the proper interfaces, permit requirements, physical location of indoor and outdoor equipment, interfacility link (IFL) cable routing, antenna location, special mounting requirements, construction requirements, environmental, and AC power requirements. A detailed report will be delivered including comprehensive photo coverage, site video, applicable site drawings and computerized earth station horizon profiles. Price is per day, for a minimum of 1 day. Excludes travel costs.		\$1,435.77
132-12		ES-SURVEY-INTL	International on-site survey to verify the proper interfaces, permit requirements, physical location of indoor and outdoor equipment, interfacility link (IFL) cable routing, antenna location, special mounting requirements, construction requirements, environmental, and AC power requirements. 132-54	AGS-AFRICA-C<8.9MHZ<DAY	Africa C-Band 3.0 to 8.9 MHz Non Preemptible Regional Bandwidth. Price is Per MHz per Day. Regional Price is compromised of multiple available satellites that have a footprint in the noted Region and priced at the highest priced satellite in the region. Actual GSA Quote will reflect any applicable discounts based upon quantity requested and actual satellite that technically meets the requirement.		\$861.46
132-54	AGS-AFRICA-C<17.9MHZ<DAY	Africa C-Band 9.0 to 17.9 MHz Non Preemptible Regional Bandwidth. Price is Per MHz per Day. Regional Price is compromised of multiple available satellites that have a footprint in the noted Region and priced at the highest priced satellite in the region. Actual GSA Quote will reflect any applicable discounts based upon quantity requested and actual satellite that technically meets the requirement.		\$816.12
132-54	AGS-AFRICA-C<35.9MHZ<DAY	Africa C-Band 18.0 to 35.9 MHz Non Preemptible Regional Bandwidth. Price is Per MHz per Day. Regional Price is compromised of multiple available satellites that have a footprint in the noted Region and priced at the highest priced satellite in the region. Actual GSA Quote will reflect any applicable discounts based upon quantity requested and actual satellite that technically meets the requirement.		\$770.78
132-54	AGS-AFRICA-C>36MHZ<DAY	Africa C-Band 36+ MHz Non Preemptible Regional Bandwidth. Price is Per MHz per Day. Regional Price is compromised of multiple available satellites that have a footprint in the noted Region and priced at the highest priced satellite in the region. Actual GSA Quote will reflect any applicable discounts based upon quantity requested and actual satellite that technically meets the requirement.		\$725.44
132-54	AGS-AFRICA-C<2.9MHZ<12M	Africa C-Band 0.1 to 2.9 MHz Less than 12 Months Non Preemptible Regional Bandwidth. Price is Per MHz per Month. Regional Price is compromised of multiple available satellites that have a footprint in the noted Region and priced at the highest priced satellite in the region. Actual GSA Quote will reflect any applicable discounts based upon quantity requested and actual satellite that technically meets the requirement.		\$7,898.24
132-54	AGS-AFRICA-C<8.9MHZ<12M	Africa C-Band 3.0 to 8.9 MHz Less than 12 Months Non Preemptible Regional Bandwidth. Price is Per MHz per Month. Regional Price is compromised of multiple available satellites that have a footprint in the noted Region and priced at the highest priced satellite in the region. Actual GSA Quote will reflect any applicable discounts based upon quantity requested and actual satellite that technically meets the requirement.		\$6,868.11
132-54	AGS-AFRICA-C<17.9MHZ<12M	Africa C-Band 9.0 to 17.9 MHz Less than 12 Months Non Preemptible Regional Bandwidth. Price is Per MHz per Month. Regional Price is compromised of multiple available satellites that have a footprint in the noted Region and priced at the highest priced satellite in the region. Actual GSA Quote will reflect any applicable discounts based upon quantity requested and actual satellite that technically meets the requirement.		\$6,524.43
132-54	AGS-AFRICA-C<35.9MHZ<12M	Africa C-Band 18.0 to 35.9 MHz Less than 12 Months Non Preemptible Regional Bandwidth. Price is Per MHz per Month. Regional Price is compromised of multiple available satellites that have a footprint in the noted Region and priced at the highest priced satellite in the region. Actual GSA Quote will reflect any applicable discounts based upon quantity requested and actual satellite that technically meets the requirement.		\$6,181.66
132-54	AGS-AFRICA-C>36MHZ<12M	Africa C-Band 36+ MHz Less than 12 Months Non Preemptible Regional Bandwidth. Price is Per MHz per Month. Regional Price is compromised of multiple available satellites that have a footprint in the noted Region and priced at the highest priced satellite in the region. Actual GSA Quote will reflect any applicable discounts based upon quantity requested and actual satellite that technically meets the requirement.		\$5,837.98
132-54	AGS-AFRICA-C<2.9MHZ>=12M	Africa C-Band 0.1 to 2.9 MHz Equal to or Greater than 12 Months Non Preemptible Regional Bandwidth. Price is Per MHz per Month. Regional Price is compromised of multiple available satellites that have a footprint in the noted Region and priced at the highest priced satellite in the region.
