SIN 132-51 - INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES

FPDS Code D301	IT Facility Operation and Maintenance
FPDS Code D302	IT Systems Development Services
FPDS Code D310	IT Backup and Security Services
FPDS Code D316	IT Network Management Services
FPDS Code D399	Other Information Technology Services, Not Elsewhere Classified

Note 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

Note 2: Offerors and Agencies are advised that the Group 70 Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

Note 3: This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

LABOR CATEGORY DESCRIPTIONS

Program Manager

Functional Responsibility: Serves as the contractor's single contract manager and shall be the contractor's authorized interface with the customer. Responsible for managing complex programs involving a variety of projects. May manage fixed price contracts, IDIQ, or other types of contracts. Oversees program budget and schedules. Responsible for formulating and enforcing work standards, assigning contractor schedules, reviewing work discrepancies, supervising contractor personnel, and communicating policies, purposes and goals of the organization to subordinate. Will be responsible for overall contract performance.

Education and Experience: Fifteen years experience, of which at least five years must include demonstrated ability to provide guidance and direction for complex information technology projects. Must have proven expertise in management and control of funds and resources. Minimum of Bachelor's degree in Engineering or Business, or advanced degree with at least 10 years related work experience.

Project Manager

Functional Responsibility: The Project Manager oversees all aspects of the project using planning, monitoring and controlling processes. The Project Manager is responsible for coordination and completion of the project and to this end will perform a variety of tasks including setting deadlines, assigning responsibilities, and monitoring and summarizing progress of the project. The Project Manager reports to the Program Manager, may also report directly to the client.

Education and Experience: Eight years experience, of which at least five years must include demonstrated ability to provide guidance and direction for complex information technology projects. Must have proven expertise in management and control of funds and resources. Bachelor's degree in Engineering or Business, or advanced degree with at least 5 years related work experience.

Task Team Leader

Functional Responsibility: Defines and directs technical specification and tasks to be performed by team members, defines target dates of tasks and subtasks. Provides guidance and assistance in coordinating output and ensuring the technical adequacy of the end product. Coordinates with the Project Manager and customer representative to ensure problem resolution and customer satisfaction. Reports to the Project Manager, may also report directly to the client.

Education and Experience: Bachelors degree in an IT relevant field of study. Minimum of 3 years of professional work experience that provides the required knowledge and skill set.

IT Security Assistant

Functional Responsibility: Supports the IT Security Analyst in administrating and coordination of information security projects for system access control and monitoring.

Education and Experience: 2 year degree or IT Certification is required and one year of experience in information systems.

IT Security Analyst I

Functional Responsibility: Responsible for planning, organizing and leading information security tasks and projects.

Provides direct support to clients for certification and accreditation of information systems. Applies well developed management and technical skills in the execution of information security work to design and help implement an information architecture that will support efforts to find, track, and respond to threats or vulnerabilities. Conducts IT systems security analysis and implementation. Provides direction and guidance to other personnel and ensures compliance with IT security requirements.

Education and Experience: BS degree is required and 3 years of experience in information system security.

ANASEC Consulting

IT Security Analyst II

Functional Responsibility: Responsible for planning, organizing and leading information security tasks and projects.

Provides direct support to clients for certification and accreditation of information systems. Applies well developed management and technical skills in the execution of information security work to design and help implement an information architecture that will support efforts to find, track, and respond to threats or vulnerabilities. Conducts IT systems security analysis and implementation. Provides direction and guidance to other personnel and ensures compliance with IT security requirements.

Education and Experience: BS degree is required and 5 years of experience in information system security.

IT Security Analyst III

Functional Responsibility: Responsible for planning, organizing and leading information security tasks and projects.

Provides direct support to clients for certification and accreditation of information systems. Applies well developed management and technical skills in the execution of information security work to design and help implement an information architecture that will support efforts to find, track, and respond to threats or vulnerabilities. Conducts IT systems security analysis and implementation. Provides direction and guidance to other personnel and ensures compliance with IT security requirements.

Education and Experience: BS degree is required and 8 years of experience in information system security.

Information Assurance Analyst

Functional Responsibility: Analyst will work closely with all levels of personnel involved in the management, operations and technical aspects of the systems. Has knowledge and experience in the phases of the Certification and Accreditation process. Must be knowledgeable of NIST SP 800-series (18, 26, 27, 30, 34, 53, 60) C&A related documents as well as Federal Information Processing Standards (FIPS) 199, 200. Strong writing skills to develop and maintain System Security Plans (SSP), Contingency Plans (CP), Privacy Impact Assessments, Certification Reports, Accreditation Reports, Plan of Action & Milestones (POA&M), and other C&A documentation.

Education and Experience: BS degree is required and 3 years of experience in information system security.

Senior Engineer I

Functional Responsibility: Must be able to analyze discrepancies or incompatibilities in equipment or software system integration, and take or recommend corrective action. Installs, maintains and coordinates the use of the employer's or customer's Local Area or Wide Area Network (LAN/WAN). Evaluates hardware and software including peripheral output and telecommunications equipment. Enforces security procedures, installs network hardware and software and manages network performance. Monitors data communications to ensure that network is available to all users. Troubleshoots and resolves complex problems. Implements and coordinates network policies, procedures and standards.

Education and Experience: BS Degree in Computer Science, Information Systems, Engineering or other technical management disciplines and 4 years experience involving complex IT Networks.

Senior Engineer II

Functional Responsibility: Must be able to analyze discrepancies or incompatibilities in equipment or software system integration, and take or recommend corrective action. Installs, maintains and coordinates the use of the employer's or customer's Local Area or Wide Area Network (LAN/WAN). Evaluates hardware and software including peripheral output and telecommunications equipment. Enforces security procedures, installs network hardware and software and manages network performance. Monitors data communications to ensure that network is available to all users. Troubleshoots and resolves complex problems. Implements and coordinates network policies, procedures and standards.

Education and Experience: BS Degree in Computer Science, Information Systems, Engineering or other technical management disciplines and 6 years experience involving a complex IT Networks.

ANASEC Consulting

Senior Engineer III

Functional Responsibility: Must be able to analyze discrepancies or incompatibilities in equipment or software system integration, and take or recommend corrective action. Installs, maintains and coordinates the use of the employer's or customer's Local Area or Wide Area Network (LAN/WAN). Evaluates hardware and software including peripheral output and telecommunications equipment. Enforces security procedures, installs network hardware and software and manages network performance. Monitors data communications to ensure that network is available to all users. Troubleshoots and resolves complex problems. Implements and coordinates network policies, procedures and standards.

Education and Experience: BS Degree in Computer Science, Information Systems, Engineering or other technical management disciplines or 8 years experience in as program lead or project management position. Management experience involving complex IT Networks.

Security Engineer / Tester

Functional Responsibility: Knowledge of Security Test and Evaluation (ST&E) processes. Ability to run various vulnerability scanning tools like Tenable, Harris Stat Scanner and Microsoft Baseline Security Analyzer (MBSA) and the ability to analyze results. A strong background in Microsoft OS product baseline required. Experience in auditing Oracle databases including reviewing script output as well as MS SQL 2000 DBMS auditing. Strong writing skills to develop documents including Plan of Action & Milestones (POA&M), and other C&A documentation as required.

Education and Experience: BS degree is required and 5 years of experience in information system security.

Security / Network Engineer

Functional Responsibility: Performs network and system monitoring and intrusion detection. Analyzes and identifies technical problems and provides support in solving these problems and be able to provide recommendations for immediate correction and prevention. Attention is placed on firewall, anti-virus, vulnerability assessment, intrusion detection and user account management.

Education and Experience: BS required in electronic or computer engineering; computer science, or a related IT field and 2 years working experience.

Technical Writer I

Functional Responsibility: Review and edit written and graphic technical material, including system configuration documentation, studies, reports and other presentation graphics. Ensures compliance with standards of style and format, good usage of English, and overall structure and organization of material.

Education and Experience: A Bachelor's Degree and minimum of 1 year experience developing, editing, and producing technical and graphic documentation.

Technical Writer II

Functional Responsibility: Prepare, gather and provide information for the safeguard of technical documents.

Proficiency in writing technical documents. Review and edit highly complex written and graphic technical material, including system configuration, documentation, studies, reports and other presentation graphics. Ensures compliance with standards of style and format, good usage of English, and overall structure and organization of material.

Education and Experience: Bachelors degree and a minimum of 3 years of relevant experience.

Technical Writer III

Functional Responsibility: This position develops, writes, and edits material for reports, proposals, and related technical and administrative documents concerned with work methods and procedures. Organizes material and completes writing assignments with regard to order, clarity, conciseness, style, and terminology. Ensures compliance with standards of style and format, good usage of English is required.

Education and Experience: Bachelors degree and a minimum of 5 years of technical writing experience.

ANASEC Consulting

Help Desk Customer Service I

Functional Responsibility: The Help Desk Operator's role is to ensure proper computer operation so that end users can accomplish business tasks. This includes receiving, prioritizing, documenting, and actively resolving end user help requests. Problem resolution may involve the use of diagnostic and help request tracking tools, as well as require that the individual give in-person, hands-on help at the desktop level.

Education and Experience: 2 Year Degree or Computer Certification Certificate and 1 year experience.

Help Desk Customer Service II

Functional Responsibility: The Help Desk Operator's role is to ensure proper computer operation so that end users can accomplish business tasks. This includes receiving, prioritizing, documenting, and actively resolving end user help requests. Problem resolution may involve the use of diagnostic and help request tracking tools, as well as require that the individual give in-person, hands-on help at the desktop level.

Education and Experience: Bachelors Degree and 2-3 years experience.

Help Desk Customer Service III

Functional Responsibility: The Help Desk Operator or Team Lead's role is to ensure proper computer operation so that end users can accomplish business tasks. This includes receiving, prioritizing, documenting, and actively resolving end user help requests. Problem resolution may involve the use of diagnostic and help request tracking tools, as well as require that the individual give in-person, hands-on help at the desktop level.

Education and Experience: Bachelors Degree and 4 or more years of experience.

Server Administrator

Functional Responsibility: Provide day-to-day operational support of the servers including troubleshooting and problem resolution. Responsible for implementing, configuring and supporting application servers, print and email services, and maintaining all server documentation and server software. Install and configure server hardware, operating systems and application software. Diagnose and repair hardware and software problems. Provide technical support to end-users. Provide documentation for project tracking, management reporting and documentation of server configurations and changes. Make recommendations for resources required to maintain and/or expand service levels for existing systems.

Education and Experience: Bachelors degree and a minimum of 5 years IT experience.

Application Support Specialist I

Functional Responsibility: The Application Support Specialist's role is to deliver support to client organization using various types of software programs efficiently and effectively in fulfilling business objectives. This includes troubleshooting applications and software for all internal customers, such as operations, development, and other business units. The Application Support Specialist is also responsible for assisting in the design, delivery, and improvement of in-house software applications training programs and related courseware. Is fluent in various applications to include Microsoft Word, Excel, PowerPoint and Publisher.

Education and Experience: Must have a minimum of 2 years of general office/administrative experience involving various office functions. HS Diploma/GED.

Application Support Specialist II

Functional Responsibility: The Application Support Specialist's role is to deliver support to client organization using various types of software programs in fulfilling business objectives. This includes troubleshooting applications and software for business units. The Application Support Specialist is also responsible for assisting in the design, delivery, and improvement of in-house software applications, training programs and related courseware. Is fluent in various applications to include Microsoft Word, Excel, PowerPoint and Publisher.

Education and Experience: Must have a minimum of 4 years of general office/administrative experience involving various office functions. HS Diploma/GED.

ANASEC Consulting

Application Support Specialist III

Functional Responsibility: The Application Support Specialist's role is to deliver support to client organization using various types of software programs in fulfilling business objectives. This includes troubleshooting applications and software for business units. The Application Support Specialist is also responsible for assisting in the design, delivery, and improvement of in-house software applications training programs and related courseware. Is fluent in various applications to include Microsoft Word, Excel, PowerPoint, Publisher, Access, Oracle and other internal databases.

Education and Experience: Minimum 2 years of general office/administrative experience involving various office functions a two year college degree and/or certification in computer administration.

Application Support Specialist IV

Functional Responsibility: The Application Support Specialist's role is to deliver support to client organization using various types of software programs in fulfilling business objectives. This includes troubleshooting applications and software for business units. The Application Support Specialist is also responsible for assisting in the design, delivery, and improvement of in-house software applications training programs and related courseware. Is fluent in various applications to include Microsoft Word, Excel, PowerPoint, Publisher, Access, Oracle and other internal databases.

Education and Experience: Must have a minimum of 2 years of general office/administrative experience involving various office functions, four year college degree and/or certification in computer administration.

ANASEC Consulting

INFORMATION FOR ORDERING ACTIVITIES APPLICABLE TO ALL SPECIAL ITEM NUMBERS SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micro-purchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service (www.fss.gsa.gov). The catalogs/pricelists, GSA Advantage!™ and the Federal Acquisition Service Home Page (www.fss.gsa.gov) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micro-purchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

1. GEOGRAPHIC SCOPE OF CONTRACT:

Domestic delivery is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

Overseas delivery is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- The Geographic Scope of Contract will be domestic and overseas delivery.
- The Geographic Scope of Contract will be overseas delivery only.
- The Geographic Scope of Contract will be domestic delivery only.

For Special Item Number 132-53 Wireless Services ONLY, if awarded, list the limited geographic coverage area:

2. Contractor's Ordering Address and Payment Information

Ordering:

**ANASEC Consulting, LLC
2046 Suite D Jefferson Davis Hwy
Stafford, VA 22554
540-657-9465**

Payment Address:

**ANASEC Consulting, LLC
2046 Suite D Jefferson Davis Hwy
Stafford, VA 22554**

Contractors are required to accept credit cards for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Credit cards **will** be acceptable for payment above the micro-purchase threshold. In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering activities to obtain technical and/or ordering assistance: (540) 657-9465

3. LIABILITY FOR INJURY OR DAMAGE

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

4. Statistical Data for Government Ordering Office Completion of Standard Form 279

Block 9: G. Order/Modification Under Federal Schedule
Block 16: Data Universal Numbering System (DUNS) Number: 12-733-2323
Block 30: Type of Contract: **Other Small Business**
Block 31: Woman-Owned Small Business: Yes
Block 36: Contractor's Taxpayer Identification Number (TIN): 02-0659891

4a. CAGE Code: 3ERQ8

4b. Contractor **has** registered with the Central Contractor Registration Database.

5. FOB Destination

6. DELIVERY SCHEDULE

a. TIME OF DELIVERY: The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

SPECIAL ITEM NUMBER

132-51

DELIVERY TIME (Days ARO)

To be determined between the ordering agency and ANASEC Consulting

b. URGENT REQUIREMENTS: When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

7. Discounts: Prices shown are NET Prices; Basic Discounts have been deducted.

- a. Prompt Payment: None
- b. Quantity: None
- c. Dollar Volume: None
- d. Government Educational Institutions: Government Educational Institutions are offered the same discounts as all other Government customers.
- e. Other: None

8. Trade Agreements Act of 1979, as amended

All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

9. Statement Concerning Availability of Export Packing

Not Applicable

10. Small Requirements

The minimum dollar value of orders to be issued is \$3000

11. Maximum Order (All dollar amounts are exclusive of any discount for prompt payment.)

The Maximum Order value for the following Special Item Numbers (SINs) is \$500,000:

Special Item Number 132-51 - Information Technology (IT) Professional Services

12. ORDERING PROCEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.

- a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.
- b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

13. FEDERAL INFORMATION TECHNOLOGY/TELECOMMUNICATION STANDARDS REQUIREMENTS

Ordering activities acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering activities, shall be responded to promptly by the Contractor.

13.1 FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATIONS (FIPS PUBS)

Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

13.2 FEDERAL TELECOMMUNICATION STANDARDS (FED-STDS)

Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Supply Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing

ANASEC Consulting

or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

14. CONTRACTOR TASKS / SPECIAL REQUIREMENTS (C-FSS-370) (NOV 2001)

- (a) Security Clearances: The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.
- (b) Travel: The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub .L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. The Industrial Funding Fee does NOT apply to travel and per diem charges.
- (c) Certifications, Licenses and Accreditations: As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/ possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.
- (d) Insurance: As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.
- (e) Personnel: The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.
- (f) Organizational Conflicts of Interest: Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor s participation in such order may be restricted in accordance with FAR Part 9.5.
- (g) Documentation/Standards: The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency s order.
- (h) Data/Deliverable Requirements: Any required data/deliverables at the ordering level will be as specified or negotiated in the agency s order.
- (i) Government-Furnished Property: As specified by the agency s order, the Government may provide property, equipment, materials or resources as necessary.
- (j) Availability of Funds: Many Government agencies operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government s obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.

15. CONTRACT ADMINISTRATION FOR ORDERING ACTIVITIES

Any ordering activity, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the ordering activity s convenience, and (m) Termination for Cause (See C.1.)

ANASEC Consulting

16. GSA Advantage!

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA Advantage! will allow the user to perform various searches across all contracts including, but not limited to:

- (1) Manufacturer;
- (2) Manufacturer's Part Number; and
- (3) Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is <http://www.gsaadvantage.gov> .

17. PURCHASE OF OPEN MARKET ITEMS

NOTE: Open Market Items are also known as incidental items, non-contract items, non-Schedule items, and items not on a Federal Supply Schedule contract. ODCs (Other Direct Costs) are not part of this contract and should be treated at open market purchases. Ordering Activities procuring open market items must follow FAR 8.401(d).

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) -- referred to as open market items -- to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, **only if-**

- (1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
- (2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
- (3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
- (4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

18. CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS

a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:

- (1) Time of delivery/installation quotations for individual orders;
- (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/ service/software package submitted in response to requirements which result in orders under this schedule contract.
- (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.

b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

19. OVERSEAS ACTIVITIES

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below:

ANASEC Consulting

Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

20. BLANKET PURCHASE AGREEMENTS (BPAs)

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

21. CONTRACTOR TEAM ARRANGEMENTS

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Industrial Funding Fee and Sales Reporting, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

22. INSTALLATION, DEINSTALLATION, REINSTALLATION

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall receive less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, de-installation, and reinstallation services under SIN 132-8.

23. SECTION 508 COMPLIANCE

If applicable, Section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT) at the following:

The EIT standard can be found at: www.Section508.gov/.

24. PRIME CONTRACTOR ORDERING FROM FEDERAL SUPPLY SCHEDULES

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of an ordering activity, shall follow the terms of the applicable schedule and authorization and include with each order

- (a) A copy of the authorization from the ordering activity with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and

ANASEC Consulting

(b) The following statement:

This order is placed under written authorization from _____ dated _____. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

25. INSURANCE WORK ON A GOVERNMENT INSTALLATION (JAN 1997)(FAR 52.228-5)

(a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective

(1) For such period as the laws of the State in which this contract is to be performed prescribe; or

(2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

26. SOFTWARE INTEROPERABILITY

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's interface may be identified as intergovernment agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at <http://www.core.gov>.

27. ADVANCE PAYMENTS

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324)

ANASEC Consulting

TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 132-51)

1. SCOPE

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor s facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

2. PERFORMANCE INCENTIVES

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract in accordance with this clause.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity s mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. ORDER

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. PERFORMANCE OF SERVICES

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

ANASEC Consulting

5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)

(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and

(2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

6. INSPECTION OF SERVICES

The Inspection of Services Fixed Price (AUG 1996) (Deviation May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection Time-and-Materials and Labor-Hour (JAN 1986) (Deviation May 2003) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

7. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Deviation May 2003) Rights in Data General, may apply.

8. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Services.

ANASEC Consulting

9. INDEPENDENT CONTRACTOR

All IT Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

10. ORGANIZATIONAL CONFLICTS OF INTEREST

a. Definitions.

Contractor means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

Contractor and its affiliates and Contractor or its affiliates refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An Organizational conflict of interest exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor's or its affiliates' objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. INVOICES

The Contractor, upon completion of the work ordered, shall submit invoices for IT services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003) applies to labor-hour orders placed under this contract. 52.216-31 (Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—
Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

(b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—

(1) The offeror;

(2) Subcontractors; and/or

(3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

ANASEC Consulting

13. RESUMES

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. APPROVAL OF SUBCONTRACTS

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

16. DESCRIPTION OF IT SERVICES AND PRICING

ANASEC Consulting is a security company which specializes in a variety of disciplines including information technology providing solutions in network engineering and information systems security to our customers.

ANASEC Consulting provides value-added services to assist customers in implementing solutions for effective business. ANASEC Consulting has the ability to monitor operations within a Network Operations Center, we will perform routine monitoring of multiple critical data systems, including data collection systems, data transfer systems and database systems, in accordance with the sponsor's policies and procedures. ANASEC will respond to incidents involving these systems, insuring the availability and proper operation of the systems, utilizing pre-defined notification procedures. ANASEC Consulting will maintain detailed information on operations, including incidents and system failures.

BEST VALUE BLANKET PURCHASE AGREEMENT FEDERAL SUPPLY SCHEDULE

(Insert Customer Name)

In the spirit of the Federal Acquisition Streamlining Act (Ordering Activity) and ANASEC Consulting LLC enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s)

_____.

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the Government that works better and costs less.

BASIC GUIDELINES FOR USING CONTRACTOR TEAM ARRANGEMENTS

Federal Supply Schedule Contractors may use Contractor Team Arrangements (see FAR 9.6) to provide solutions when responding to a ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions of the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Supply Schedule Contractors may individually meet the customers needs, or -
- Federal Supply Schedule Contractors may individually submit a Schedules Team Solution to meet the customer s requirement.
- Customers make a best value selection.
