

## Authorized Federal Supply Service Information Technology Schedule Pricelist General Purpose Commercial Information Technology Equipment, Software And Services

### General Description of The Commodities and Services Offered Application SIN, FSC Classes and FPDS Codes

SIN	DESCRIPTION	FSC CLASS/FPDS CODE
SIN 132-33/34	Perpetual Software Licenses & Maintenance of Software	7030
SIN 132-50	Training Courses for Information Technology Equipment and Software	U012
SIN 132-51	Information Technology Professional Services	D306, D313

**Note 1:** All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

**Note 2:** Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is not to be used as a means to procure services, which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services, which are not connected, nor incidental to the traditionally accepted A/E Services.

**Note 3:** This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

## Information For Ordering Offices

### Special Notice To Agencies: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Supply Schedules Program. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micro purchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service ([www.fss.gsa.gov](http://www.fss.gsa.gov)). The catalogs/pricelists, GSA Advantage!™ and the Federal Supply Service Home Page ([www.fss.gsa.gov](http://www.fss.gsa.gov)) contains information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

### 1. Geographic Scope of Contract:

*Domestic delivery* is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

*Overseas delivery* is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- The Geographic Scope of Contract will be domestic and overseas delivery.
- The Geographic Scope of Contract will be overseas delivery only.
- The Geographic Scope of Contract will be domestic delivery only.

### 2. Contractor's Ordering Address and Payment Information:

**Computas NA, Inc.**  
8601 FM 222  
Bldg 3, Suite 300  
Austin, TX 78730-2324

### Payment Information:

1. Contractors are required to accept the Government purchase card for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Government purchase cards will be acceptable for payment above the micro-purchase threshold. In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering agencies to obtain technical and/or ordering assistance: TEL: **(512)-536-6270** (FAX: **(512)-231-8796**)

### 3. Liability for Injury Or Damage

Computas shall not be liable for any injury to Government personnel or damage to Government property arising from the use of equipment maintained by Computas unless such injury or damage is due to the fault or negligence of Computas.

**4. Statistical Data for Government Ordering Office Completion of Standard Form 279:**

Block 9: G. Order/Modification Under Federal Schedule

Block 16: Data Universal Numbering System (DUNS) Number: **006178011**

Block 30: Type of Contractor – **Small Business**

Block 31: Woman-Owned Small Business – **NO**

Block 36: Contractor's Taxpayer Identification Number: **91-2034728**

4a. CAGE Code – **1TGK6**

4b. **Computas NA, Inc.** has registered with the Central Contractor Registration Database.

**5. FOB Destination**

FOB Destination available in continental US only.

**6. Delivery Schedule**

a. TIME OF DELIVERY: The contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as negotiated between the ordering agency and Computas.

Expedited Delivery Time: Expedited deliveries will be addressed on a case-by-case basis.

Overnight and 2-Day Delivery Times: Schedule customers may require overnight or two-day delivery.

Contact Computas to check on the availability of personnel to fulfill the service.

b. URGENT REQUIREMENTS: When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering agency, agencies are encouraged, if time permits, to contact Computas for the purpose of obtaining accelerated delivery. Computas shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by Computas in writing.) If Computas offers an accelerated delivery time acceptable to the ordering agency, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

**7. Discounts:**

a. Prompt Payment: **None**

b. Quantity: **None**

c. Dollar Volume: **None**

d. Government Educational Institutions: **None**

e. Other

**8. Trade Agreements Act of 1979, as amended:**

All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

**9. Statement Concerning Availability of Export Packing:**

Export packing of products is available at extra cost outside the scope of this contract.

**10. Small Requirements:**

The minimum dollar value of orders to be issued is **\$100.00**.

**11. Maximum Order: (All dollar amounts are exclusive of any discount for prompt payment.)**

SIN 132-33/34 - \$500,000; SIN 132-50 - \$ 25,000; SIN 132-51- \$500,000

**12. Use Of Federal Supply Service Information Technology Schedule Contracts. In Accordance With FAR 8.404:**

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.

a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.

- b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

**13. Federal Information Technology/Telecommunication Standards Requirements:**

Federal departments and agencies acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering offices, shall be responded to promptly by the Contractor.

**13.1 Federal Information Processing Standards Publications (FIPS Pubs):**

Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

**13.2 Federal Telecommunication Standards (Fed-Stds):**

Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Supply Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202) 619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301) 975-2833.

**14. Contractor Tasks/Special Requirements (C-FSS-370) (NOV 2001)**

(a) Security Clearances: The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.

(b) Travel: The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub .L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. The Industrial Funding Fee does NOT apply to travel and per diem charges.

(c) Certifications, Licenses and Accreditations: As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/ possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.

(d) Insurance: As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.

(e) Personnel: The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.

(f) Organizational Conflicts of Interest: Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor's participation in such order may be restricted in accordance with FAR Part 9.5.

(g) Documentation/Standards: The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency's order.

(h) Data/Deliverable Requirements: Any required data/deliverables at the ordering level will be as specified or negotiated in the agency's order.

(i) Government-Furnished Property: As specified by the agency's order, the Government may provide property, equipment, materials or resources as necessary.

(j) Availability of Funds: Many Government agencies' operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.

#### **15. Contract Administration For Ordering Offices:**

Any ordering office, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the Government's convenience, and (m) Termination for Cause (See C.1.)

#### **16. GSA Advantage!**

GSA *Advantage!* is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA *Advantage!* will allow the user to perform various searches across all contracts including, but not limited to:

- (1) Manufacturer;
- (2) Manufacturer's Part Number; and
- (3) Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is <http://www.fss.gsa.gov/>.

#### **17. Purchase of Open Market Items**

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract.

For administrative convenience, an ordering office contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) – referred to as open market items – to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, **only if-**

- (1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
- (2) The ordering office contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;

- (3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
- (4) All clauses applicable to items not on the Federal Supply Schedule are included in the order

### **18. Contractor Commitments, Warranties And Representations**

a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:

- (1) Time of delivery/installation quotations for individual orders;
- (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/ service/software package submitted in response to requirements which result in orders under this schedule contract.
- (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.

b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

### **19. Overseas Activities**

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below: None

Upon request of the Contractor, the Government may provide the Contractor with logistics support, as available, in accordance with all applicable Government regulations. Such Government support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

### **20. Blanket Purchase Agreements (BPAs)**

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

### **21. Contractor Team Arrangements**

Federal Supply Schedule Contractors may use "Contractor Team Arrangements" (see FAR 9.6) to provide solutions when responding to a customer agency requirements. The policy and procedures outlined in this part will provide more flexibility and allow innovative acquisition methods when using the Federal Supply Schedules. See the additional information regarding Contractor Team Arrangements in this Schedule Pricelist.

### **22. Installation, Deinstallation, Reinstallation**

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall receive less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies.

The requisitioning activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for

quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.

### **23. Section 508 Compliance**

If applicable, Section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT) at the following:

---

The EIT standard can be found at: [www.Section 508.gov](http://www.Section508.gov).

### **24. Prime Contractor Ordering From Federal Supply Schedules**

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of a Federal Agency, shall follow the terms of the applicable schedule and authorization and include with each order –

(a) A copy of the authorization from the Agency with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and

(b) The following statement:

This order is placed under written authorization from \_\_\_\_\_ dated \_\_\_\_\_. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

### **25. Insurance—Work on a Government Installation (JAN 1997)(FAR 52.228-5)**

(a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective—

- (1) For such period as the laws of the State in which this contract is to be performed prescribe; or
- (2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

### **26. Software Interoperability**

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at <http://www.core.gov>.

### **27. Advance Payments**

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324)

## **TERMS AND CONDITIONS APPLICABLE TO PERPETUAL SOFTWARE LICENSES (SPECIAL ITEM NUMBER 132-33) AND MAINTENANCE (SPECIAL ITEM NUMBER 132-34) OF GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY SOFTWARE**

### **1. INSPECTION/ACCEPTANCE**

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any software that has been tendered for acceptance. The Government may require repair or replacement of nonconforming software at no increase in contract price. The Government must exercise its post acceptance rights (1) on the tenth calendar day after shipment for licensed programs not having a testing period, or (2) for licensed programs having a testing period, on the day following the last day of the testing period or the first day of productive use, whichever occurs first.

### **2. GUARANTEE/WARRANTY**

a. Unless specified otherwise in this contract, the Contractor's standard commercial guarantee/warranty as stated in the contract's commercial pricelist will apply to this contract.

If all license fees have been paid, COMPUTAS warrants both the media on which the Licensed Materials is furnished and the reproduction of the Licensed Materials on the media to be free from defects in materials and workmanship under normal use for a period of ninety (90) days from the date of delivery to the ordering activity as evidenced by a copy of ordering activity's receipt. This Limited Warranty only applies to the original recipient of the Licensed Materials and is void if the failure of the Licensed Materials is due to abuse or misuse.

COMPUTAS's entire liability and ordering activity's elusive remedy for any failure of the Licensed Materials to comply with this Limited Warranty shall be:

- (1) the repair or replacement of the Licensed materials; or
- (2) return of the price ordering activity paid for the Licensed Materials. To receive this remedy, ordering activity must return the Licensed Materials to Computas with a copy of ordering activity's receipt prior to the end of the above ninety (90) days warranty period. Any replacement media will be warranted for the remainder of the original ninety (90) day warranty period or ten (10) days, whichever is longer.

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, AND EXCEPT FOR THE LIMITED WARRANTY SET FORTH ABOVE, THE LIMITED LICENSED MATERIALS ARE PROVIDED "AS IS" AND WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NONINFRINGEMENT OF THIRD PARTY RIGHTS. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE LICENSED MATERIALS IS WITH THE ORDERING ACTIVITY. SHOULD THE LICENSED MATERIALS PROVE DEFECTIVE, ORDERING ACTIVITY (AND NOT COMPUTAS OR ITS DEALER OR DISTRIBUTOR OR ANY LICENSOR OF COMPUTAS OR OWNER OF THE LICENSED MATERIALS) ASSUME THE ENTIRE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION. There is no warranty by COMPUTAS or any other party or person that the functions contained in the Licensed Materials will meet ordering activity's requirements or that the operation of the Licensed Materials will be uninterrupted or error free. Ordering activity assumes all responsibility for the selection of the Licensed Materials to achieve ordering activity's intended results, and for the installation, use and results obtained from them.

b. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

c. Limitation of Liability. Except as otherwise provided by an express or implied warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

### **3. TECHNICAL SERVICES**

When requesting technical assistance, ordering activity must provide the following information which is necessary for identifying the problem:

- 1) Computas Software Support & Maintenance Agreement Number
- 2) Ordering Activity's Name and Contact Information
- 3) Computas Software Product/Module
- 4) Computas Software Version
- 5) Ordering Activity's Operating System
- 6) Ordering Activity's Hardware System
- 7) A Complete Description of the Problem Ordering Activity is Experiencing

**a. Software Technical Support**

During the Term, the ordering activity will have access to the secure client area of the Computas Website at all times (<http://www.computas.com>). User Ids and passwords will be issued to the ordering activity for access to the client area of the website, along with instructions for use of this support capability. Normally, problems and requests will be logged in by the ordering activity using the support website.

A response to technical problems is normally provided within ten working days. The ordering activity may view progress towards a solution to the problem via the client area web page functions provided for this purpose. If the problem results in the need for an Update, the ordering activity will be notified of the scheduled completion date and will be contacted as soon as the Update is available. Technical support is limited to the services described in this schedule. Accordingly, technical support does not include such services as doing complete translations or developing customized procedures (including special set up files, or software for the ordering activity).

Computas will provide technical support for the most recent release and the last prior release of the Computas products. Technical Support for the last prior release may not include Updates or code level fixes. Computas is not obligated to provide technical support for Computas products that have been altered other than by Computas or at Computas's direction.

The ordering activity must order the same level of technical support (to the extent available) for (i) all interdependent software operating on the same equipment and (ii) each copy of Software the ordering activity is licensed to use at an individual location.

**b. 24 Hour E-mail or Internet Services**

During the Term, the ordering activity will have unlimited accesses to the Computas E-mail and Internet services for METIS. Updates will be available for the ordering activity to download from the METIS Download Web-site <http://www.metis.no>. The ordering activity will also find the METIS Trouble-shooting pages at the website and may send files and METIS models to Computas for review and to aid in the resolution of any technical problems. Our email address for Computas Technical Support for METIS is [support@metis.no](mailto:support@metis.no). Model files must be zipped before sending them as e-mail attachments.

**c. Software Customization Service**

Ordering Activity is entitled to a 5% discount on Computas' normal labor rates for Software customization and other non-covered services that are mutually agreed upon in writing by the ordering activity and Computas during the Term. Software customization is any service that is not expressly included in this schedule. Customization includes but is not limited to the following: (1) Request by ordering activity to add new features or enhancements to the Software; (2) Setting up of various control files for ordering activity's specific needs; (3) Interfacing with ordering activity's database or applications; (4) customizing templates, and (5) Customizing the user interface. Computas reserves all rights in determining what is to be considered customization. All Customization services are individually quoted and are not governed by the terms and conditions of the schedule.

**4. SOFTWARE MAINTENANCE**

Software maintenance service shall include the following:

**a. Software Updates**

During the Term, ordering activity will be offered all releases of the Software that are designated as minor releases by Computas ("Update") as they become available, free of additional charge [other than any taxes and duties that may be imposed]. Ordering activity will be notified and offered the opportunity to obtain all Updates. Updates will be made available to ordering activity via download from the Computas website for METIS, <http://www.metis.no>. Any update provided to ordering activity hereunder will be deemed to be part of the Software licensed to ordering activity under ordering activity's license agreement for the Software.

b. Software Upgrades

If ordering activity purchases a Software Upgrade under this contract then this same terms and conditions will apply to the upgraded Software. NB: An Upgrade is a license purchase of the next major release (as so designated by Computas) of the Software, by a customer who has licensed the release immediately preceding the new major release.

- c. Invoices for maintenance service shall be submitted by the Contractor on a quarterly or monthly basis, after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

**5. PERIODS OF PERPETUAL LICENSES (132-33) AND MAINTENANCE (132-34)**

- a. Computas shall honor orders for periods for the duration of the contract period or a lesser period of time.
- b. Term licenses and/or maintenance may be discontinued by the Government on thirty (30) calendar days written notice to the Computas.
- c. Annual Funding. When annually appropriated funds are cited on an order for term licenses and/or maintenance, the period of the term licenses and/or maintenance shall automatically expire on September 30 of the contract period, or at the end of the contract period, whichever occurs first. Renewal of the term licenses and/or maintenance orders citing the new appropriation shall be required, if the term licenses and/or maintenance is to be continued during any remainder of the contract period.
- d. Cross-Year Funding Within Contract Period. Where an ordering office's specific appropriation authority provides for funds in excess of a 12 month (fiscal year) period, the ordering office may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.
- e. Ordering offices should notify the Contractor in writing thirty (30) calendar days prior to the expiration of an order, if the term licenses and/or maintenance is to be terminated at that time. Orders for the continuation of term licenses and/or maintenance will be required if the term licenses and/or maintenance is to be continued during the subsequent period.

**6. UTILIZATION LIMITATIONS - (132-33, AND 132-34)**

- a. Software acquisition is limited to commercial computer software defined in FAR Part 2.101.
- b. When acquired by the Government, commercial computer software and related documentation so legend shall be subject to the following:

(1) Title to and ownership of the software and documentation shall remain with the Contractor, unless otherwise specified.

(2) Software licenses are by site and by agency. An agency is defined as a cabinet level or independent agency. The software may be used by any subdivision of the agency (service, bureau, division, command, etc.) that has access to the site the software is placed at, even if the subdivision did not participate in the acquisition of the software. Further, the software may be used on a sharing basis where multiple agencies have joint projects that can be satisfied by the use of the software placed at one agency's site. This would allow other agencies access to one agency's database. For Government public domain databases, user agencies and third parties may use the computer program to enter, retrieve, analyze and present data. The user agency will take appropriate action by instruction, agreement, or otherwise, to protect the Contractor's proprietary property with any third parties that are permitted access to the computer programs and documentation in connection with the

user agency's permitted use of the computer programs and documentation. For purposes of this section, all such permitted third parties shall be deemed agents of the user agency.

(3) Except as is provided in paragraph 8.b(2) above, the Government shall not provide or otherwise make available the software or documentation, or any portion thereof, in any form, to any third party without the prior written approval of the Contractor. Third parties do not include prime Contractors, subcontractors and agents of the government who have the Government's permission to use the licensed software and documentation at the facility, and who have agreed to use the licensed software and documentation only in accordance with these restrictions. This provision does not limit the right of the Government to use software, documentation, or information therein, which the Government may already have or obtains without restrictions.

(4) The Government shall have the right to use the computer software and documentation with the computer for which it is acquired at any other facility to which that computer may be transferred, or in cases of disaster recovery, the Government has the right to transfer the software to another site if the Government site for which it is acquired is deemed to be unsafe for Government personnel; to use the computer software and documentation with a backup computer when the primary computer is inoperative; to copy computer programs for safekeeping (archives) or backup purposes; to transfer a copy of the software to another site for purposes of benchmarking new hardware and/or software; and to modify the software and documentation or combine it with other software, provided that the unmodified portions shall remain subject to these restrictions.

(5) "Commercial Computer Software" may be marked with the Contractor's standard commercial restricted rights legend, but the schedule contract and schedule pricelist, including this clause, "Utilization Limitations" are the only governing terms and conditions, and shall take precedence and supersede any different or additional terms and conditions included in the standard commercial legend.

## **7. SOFTWARE CONVERSIONS - (132-33)**

Full monetary credit will be allowed to the Government when conversion from one version of the software to another is made as the result of a change in operating system, or from one computer system to another. Under a perpetual license (132-33), the purchase price of the new software shall be reduced by the amount that was paid to purchase the earlier version. Under a term license (132-32), conversion credits which accrued while the earlier version was under a term license shall carry forward and remain available as conversion credits which may be applied towards the perpetual license price of the new version.

## **8. DESCRIPTIONS AND EQUIPMENT COMPATIBILITY**

The Computas shall include, in the schedule pricelist, a complete description of each software product and a list of equipment on which the software can be used. Also, included shall be a brief, introductory explanation of the modules and documentation which are offered.

## **9. RIGHT-TO-COPY PRICING**

No right-to-copy licenses are available.

## **10. METIS TEAM SERVER PRICING**

The Team Server price consists of:

**Base Price\* number of Team Server installations**

**+ \$246.84 per logged-in user accounts per application server**

Base Price = \$14,811.08 per Server installation

### **Notes:**

1. A Server installation may consist of all software on a single server, or distributed over an application server, database server, and web server. A Server installation is a Repository instance.

2. Modeling CAL is a Concurrent Access License issued for a Modeling Workbench (i.e., Editor, Designer, or Metamodel Developer). Each client that wishes to log into the Team Server must have a valid CAL. Pricing for CALs are contained elsewhere in this price list.
3. Maintenance is 18% of license fee.

Option 1: Database Interface

DB interface runtime license	\$11,848.87 per server installation
Annual Support & Maintenance	\$ 2,132.79 per server installation

Option 2: Web Forms

Server-hosted Web Forms	\$14,811.08 per server installation
Annual Support & Maintenance	\$ 2,665.99 per server installation

**TERMS AND CONDITIONS APPLICABLE TO PURCHASE OF TRAINING COURSES FOR GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT AND SOFTWARE (SPECIAL ITEM NUMBER 132-50)**

**1. SCOPE**

- a. The contractor shall provide training courses normally available to commercial customers, which will permit Government users to make full, efficient use of general purpose commercial IT products. Training is restricted to training courses for those products within the scope of this solicitation.
- b. The contractor shall provide training at the Contractor's facility and/or at the Government's location and facilities, as agreed to by the Contractor and the Government.

**2. ORDER**

Written orders, e-mail orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPAs) shall be the basis for the purchase of training courses in accordance with the terms of this contract. Orders shall include the student's name, course title, course date and time, and contracted dollar amount of the course.

**3. TIME OF DELIVERY**

The Contractor shall conduct training on the date (time, day, month, and year) agreed to by the Contractor and the Government.

**4. CANCELLATION AND RESCHEDULING**

- a. The Government will notify the Contractor at least ten (10) business days before the scheduled training date, if a student will be unable to attend. Students may rescheduled classes, at no additional charge, up to ten (10) days prior to the commencement of open event courses as long as there is seat availability in the requested class. In the event the training class is rescheduled, the Government will modify its original training order to specify the time and date of the rescheduled training class.
- b. Confirmed students, who cancel or reschedule within the 10 business days prior to a class will be charged a fee equal to 50% of tuition. This fee will not apply if a substitute takes the student's place. Confirmed students who fail to attend class (no-show) and do not cancel, will be charged full tuition.
- c. Student substitutions may be made at any time without penalty
- d. Computas reserves the right to cancel any class within a minimum of 10 business days' notice to confirmed students.

**5. FOLLOW-UP SUPPORT**

Computas agrees to provide telephone support to students wishing to speak with their instructor or the curriculum manager for any course related question for a period 3 months after taking the course.

## **6. PRICE FOR TRAINING**

- a. The price that the Government will be charged will be the Government training price in effect at the time of order placement, or the Government price in effect at the time the training course is conducted, whichever is less.
- b. Any travel required by Computas personnel will be reimbursed by the ordering agency. Computas travel will be in accordance with the Federal Travel Regulations or Joint Travel Regulations, as applicable. Established Federal Government per diem rates will apply to Computas travel.

## **7. INVOICES AND PAYMENT**

Invoices for training shall be submitted by the Contractor after Government completion of the training course. Charges for training must be paid in arrears (31 U.S.C. 3324). **PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.**

## **8. FORMAT AND CONTENT OF TRAINING**

- a. The Contractor shall provide written materials (i.e., manuals, handbooks, texts, etc.) normally provided with course offerings. Such documentation will become the property of the student upon completion of the training class.
- b. For hands-on training courses, there must be a one-to-one assignment of IT equipment to students.
- c. The Contractor shall provide each student with a Certificate of Training at the completion of each training course.
- d. The Contractor shall provide the following information for each training course offered:
  - (1) The course title and a brief description of the course content, to include the course format (e.g., lecture, discussion, hands-on training);
  - (2) The length of the course;
  - (3) Mandatory and desirable prerequisites for student enrollment;
  - (4) The minimum and maximum number of students per class;
  - (5) The locations where the course is offered;
  - (6) Class schedules; and
  - (7) Price (per student, per class (if applicable)).
- e. For those courses conducted at the Government's location, instructor travel charges (if applicable), including mileage and daily living expenses, must be indicated below. Rates paid as a result of travel must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Contractors cannot use GSA city pair contracts.

## **9. "NO CHARGE" TRAINING**

The Contractor shall describe any training provided with equipment and/or software provided under this contract, free of charge, in the space provided below. None

## **TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES (SIN 132-51)**

### **1. Scope**

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the Government location, as agreed to by the Contractor and the ordering office.

### **2. Performance Incentives**

- a. Performance incentives may be agreed upon between the Contractor and the ordering office on individual fixed price orders or Blanket Purchase Agreements, for fixed price tasks, under this contract in accordance with this clause.
- b. The ordering office must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering offices shall consider establishing incentives where performance is critical to the agency's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

### **3. Order**

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks, which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

### **4. Performance Of Services**

- a. Computas shall commence performance of services on the date agreed to by the Contractor and the ordering office.
- b. Computas agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering office.
- c. The Agency should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Computas travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

### **5. Stop-Work Order (FAR 52.242-15) (AUG 1989)**

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the

incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

- (1) Cancel the stop-work order; or
- (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
- (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

## **6. Inspection Of Services**

The Inspection of Services–Fixed Price (AUG 1996) (Deviation – May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection–Time-and-Materials and Labor-Hour (JAN 1986) clause (Deviation – May 2003) at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

## **7. Responsibilities of Computas**

Computas shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this contract. If the end product of a task order is software, then FAR 52.227-14 (Deviation – May 2003) Rights in Data – General may apply.

## **8. Responsibilities of the Government**

Subject to security regulations, the ordering office shall permit Computas access to all facilities necessary to perform the requisite IT Services.

## **9. Independent Contractor**

All IT Services performed by Computas under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the Government.

## **10. Organizational Conflicts Of Interest**

a. Definitions.

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An "Organizational conflict of interest" exists when the nature of the work to be performed under a proposed Government contract, without some restriction on activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor's or its affiliates' objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the Government, ordering offices may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

#### **11. Invoices**

Computas, upon completion of the work ordered, shall submit invoices for IT services. Progress payments may be authorized by the ordering office on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

#### **12. Payments**

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003) applies to labor-hour orders placed under this contract.

#### **13. Resumes**

Resumes shall be provided to the GSA Contracting Officer or the user agency upon request.

#### **14. Incidental Support Costs**

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering agency in accordance with the guidelines set forth in the FAR.

#### **15. Approval of Subcontracts**

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

#### **16. Description of IT Services and Pricing**

##### **A. Overview**

Computas NA, Inc., a subsidiary of Computas AS (founded in 1968), business concept is based on our belief that knowledge management can be carried out most effectively by focusing on knowledge as an independent phenomenon, as articulated in the doctrine of artificial intelligence and expressed in information technology through object-oriented modeling.

The company's core expertise is focused on knowledge management, procedure support and the implementation of intelligent systems that promote knowledge-based performance and operations. Computas develops and markets IT solutions for procedure-oriented knowledge management. Our product suite yields solutions covering everything from visual modeling of strategies at the highest level to modeling of the daily tasks of individual employees, all in a single system.

Computas provides the METIS Software used extensively for planning, analysis, decision support, communication and other needs of executive and operational management for the enterprise.

The success of Computas is based on the efforts of our employees – a group of highly educated and skilled professionals, well founded in professional Information Technology, with specific skills in the areas of Knowledge Engineering, Knowledge Management, Artificial Intelligence, Object Technology, and User Interaction. We are in the business of building Knowledge Systems, we have opted for the common title “Knowledge Engineer” for the positions in our company, regardless of individual field of expertise.

**B. Professional Services Pricing**

The hourly rates specified below shall apply regardless of whether the services are performed by Computas or its subcontractors, as long as the individuals performing the services meet the education, experience and expertise requirements for the applicable category. The following charges apply to purchases of contracted professional services during normal business hours (Monday – Friday, 8:00 am – 5:00 pm, exclusive of holidays observed by the Government or Computas) and to the local service area (50 miles radius). In those instances where an ordered service cannot be supported from within a 50-mile radius, Computas will, upon receipt of an order for services, provide the procurement office with a not-to-exceed estimate of travel and per diem costs. All information Technology Services engagements carry a minimum purchase requirement of eight (8) labor hours per individual consultant.

<b>Labor Category</b>	<b>Hourly Rate</b>
Knowledge Engineer	\$111.02
Principal Knowledge Engineer	\$167.49
Chief Knowledge Engineer	\$188.56
Project Manager	\$215.35

**C. Description of IT Services**

1) **Knowledge Engineer - Minimum/ General Experience:** Minimum of two (2) years experience in Information Technology, with specific skills in the areas of Artificial Intelligence, Object Technology, and User Interaction. **Functional Responsibility:** Works under direction of a Principal Knowledge Engineer on specific projects and assists in process and data modeling. **Minimum Education:** BS or MSc Degree or equivalent experience for the service being provided.

2) **Principal Knowledge Engineer - Minimum/ General Experience:** Two (6) – ten (10) years experience as a Sr. Knowledge Engineer or Information Technology, with specific skills in the areas of Artificial Intelligence, Object Technology, and User Interaction other related discipline. **Functional Responsibility:** Performs process and data modeling with software tools (CASE, AI etc.) Analyses enterprise-wide business problems using knowledge management techniques. Responsible for delivery; interacts with client to assure accomplishment of goals. **Minimum Education:** MSc Degree or Ph.D, equivalent experience or subject matter expertise.

3) **Chief Knowledge Engineer - Minimum/ General Experience:** Ten (10) years or more years experience as a Principal Knowledge Engineer or Information Technology, with specific skills in the areas of Artificial Intelligence, Object Technology, and User Interaction. **Functional Responsibility:** Provides technical guidance over multiple projects/engagements to assure compatibility and required sharing on an enterprise level. Assist the Principal Knowledge Engineer and Project Manager in maintaining technical quality of information systems in delivery of the knowledge management and information systems solutions. **Minimum Education:** MSc Degree or Ph.D, equivalent experience or subject matter expertise.

4) **Project Manager - Minimum/ General Experience:** Eleven (11) years or more years experience as a Knowledge Engineer or Information Technology, with specific skills in the areas of Artificial Intelligence, Object Technology, and User Interaction. **Functional Responsibility:** Responsible for all aspects of assigned project, coordination with knowledge engineers and client stakeholders at the senior management level. Applies expertise in AI, Object Technology to assure that the project achieves milestones and ultimate goals. **Minimum Education:** MSc Degree or Ph.D, equivalent experience or subject matter expertise.

## **USA COMMITMENT TO PROMOTE SMALL BUSINESS PARTICIPATION PROCUREMENT PROGRAMS**

### **Preamble**

(Computas NA, Inc.) provides commercial services to the Federal Government. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

### **Commitment**

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in Federal Government contracts. To accelerate potential opportunities, please contact William R. Wright, President of Computas NA, Inc., phone 425-391-2000, fax 425-313-0231, e-mail: [bw@computas.com](mailto:bw@computas.com).

BPA NUMBER \_\_\_\_\_

(CUSTOMER NAME)

**BLANKET PURCHASE AGREEMENT**

Pursuant to GSA Federal Supply Schedule Contract Number(s) \_\_\_\_\_, Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (Ordering Agency):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

MODEL NUMBER/PART NUMBER      \*SPECIAL BPA DISCOUNT/PRICE

\_\_\_\_      \_\_\_\_\_  
\_\_\_\_      \_\_\_\_\_

(2) Delivery:

DESTINATION      DELIVERY SCHEDULE/DATES

\_\_\_\_      \_\_\_\_\_  
\_\_\_\_      \_\_\_\_\_

(3) The Government estimates, but does not guarantee, that the volume of purchases through this agreement will be \_\_\_\_\_.

(4) This BPA does not obligate any funds.

(5) This BPA expires on \_\_\_\_\_ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to place orders under this BPA:

OFFICE      POINT OF CONTACT

\_\_\_\_      \_\_\_\_\_  
\_\_\_\_      \_\_\_\_\_

(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

(8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

- (a) Name of Contractor;
- (b) Contract Number;
- (c) BPA Number;
- (d) Model Number or National Stock Number (NSN);
- (e) Purchase Order Number;
- (f) Date of Purchase;
- (g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and
- (h) Date of Shipment.

(9) The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

(10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.

## **BASIC GUIDELINES FOR USING “CONTRACTOR TEAM ARRANGEMENTS**

Federal Supply Schedule Contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to a customer agency requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions or the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

The customer identifies their requirements.

Federal Supply Schedule Contractors may individually meet the customers needs, or -

Federal Supply Schedule Contractors may individually submit a Schedules “Team Solution” to meet the customer’s requirement.

Customers make a best value selection.

**Product Pricelist**

SIN	Product ID#	Product Description	GSA Price	Warranty
132-33	ME-TM-007	METIS Model Development Tools: Templates; MEAF (Metis Enterprise Architecture Framework) - Single Seat Price; 150-199 Copies	\$ 2,246.35	90 days
132-34	ME-TMM-008	METIS Model Development Tools: Templates; MEAF (Metis Enterprise Architecture Framework) - Quarterly Maintenance; Price Per Unit	\$ 144.41	N/A
132-50	ME-TNG-002a	<b>METIS Model Browser CBT:</b> This CBT provides an on-demand set of video clips that just in time describes the basic Metis Browser functions to navigate and use Internet/Intranet published Metis models. (Prerequisites - None; Min/Max Students - N/A; Time to Complete - approx. 1/2 day) <b>Price Per License.</b>	\$ 4,785.90	N/A
132-50	ME-TNG-003a	<b>METIS Model Annotator:</b> This course prepares the student to perform basic annotating tasks. The student will learn the fundamentals of annotating existing visual models using the Metis Annotator software. This course is focused upon the functionality of the Metis Annotator. (Prerequisites - Completion of the Introduction to Metis course, or prior visual modeling experience; Min/Max Students - 1 to 10 students; Time to Complete - 1/2 day) <b>Price Per Class.</b>	\$ 1,555.42	N/A
132-50	ME-TNG-003b	<b>METIS Model Annotator:</b> This course prepares the student to perform basic annotating tasks. The student will learn the fundamentals of annotating existing visual models using the Metis Annotator software. This course is focused upon the functionality of the Metis Annotator. (Prerequisites - Completion of the Introduction to Metis course, or prior visual modeling experience; Min/Max Students - 1 to 10 students; Time to Complete - 1/2 day) <b>Price Per Student.</b>	\$ 179.95	N/A
132-50	ME-TNG-004a	<b>Basic METIS Modeling:</b> This course prepares the student to perform basic modeling tasks. The student will learn the fundamentals of manipulating and updating visual models using the METIS software. (Prerequisites - Basic computer skills required; Min/Max Students - 1 to 10 students; Time to Complete - 2 days) <b>Price Per Class.</b>	\$ 6,221.66	N/A
132-50	ME-TNG-004b	<b>Basic METIS Modeling:</b> This course prepares the student to perform basic modeling tasks. The student will learn the fundamentals of manipulating and updating visual models using the METIS software. (Prerequisites - Basic computer skills required; Min/Max Students - 1 to 10 students; Time to Complete - 2 days) <b>Price Per Student.</b>	\$ 796.86	N/A
132-50	ME-TNG-005a	<b>Intermediate METIS Modeling:</b> This course prepares the student to undertake more sophisticated modeling tasks, which will require the use of more advanced modeling features of the Metis Designer. The course assumes the student has some practical experience modeling with Metis. (Prerequisites - Completion of the Basic METIS Modeling course; Min/Max Students - 1 to 10 students; Time to Complete - 2 days) <b>Price Per Class.</b>	\$ 6,221.66	N/A
132-50	ME-TNG-005b	<b>Intermediate METIS Modeling:</b> This course prepares the student to undertake more sophisticated modeling tasks, which will require the use of more advanced modeling features of the Metis Designer. The course assumes the student has some practical experience modeling with Metis. (Prerequisites - Completion of the Basic METIS Modeling course; Min/Max Students - 1 to 10 students; Time to Complete - 2 days) <b>Price Per Student.</b>	\$ 796.86	N/A
132-50	ME-TNG-006a	<b>Advanced METIS Modeling:</b> This course prepares the student to undertake more sophisticated modeling tasks, mostly focusing on the Symbol Editor in Metis, which will require the use of the Metis Designer. The course assumes the student has some practical experience modeling with Metis. (Prerequisites - Completion of the Intermediate Metis Modeling course; Min/Max Students - 1 to 10 students; Time to Complete - 1 day) <b>Price Per Class.</b>	\$ 3,274.56	N/A
132-50	ME-TNG-006b	<b>Advanced METIS Modeling:</b> This course prepares the student to undertake more sophisticated modeling tasks, mostly focusing on the Symbol Editor in Metis, which will require the use of the Metis Designer. The course assumes the student has some practical experience modeling with Metis. (Prerequisites - Completion of the Intermediate Metis Modeling course; Min/Max Students - 1 to 10 students; Time to Complete - 1 day) <b>Price Per Student.</b>	\$ 398.43	N/A
132-50	ME-TNG-007a	<b>Advanced Metis Modeling Workshop - Enterprise Knowledge Modeling:</b> This course prepares the student to build and implement a successful knowledge model using the Metis software and the ITM Template. The students will receive hands-on experience working with a sample customer-defined modeling project. (Prerequisites - Completion of the Intermediate Metis Modeling course and actual Modeling experience; Min/Max Students - 1 to 10 students; Time to Complete - 1 day) <b>Price Per Class.</b>	\$ 3,110.83	N/A

132-50	ME-TNG-018a	<b>Team Server Installation and System Administration:</b> This course provides hands-on instruction on the installation and systems administration of the Team Server. The course is conducted with live installation and configuration of the Team Server on the hardware configuration allocated by the customer. (Prerequisites - The student should have prior experience in administering Microsoft Windows 2000K systems. Understanding of database administration for the selected database product is useful. Having attended the Metis Team Client course is a great advantage for complete understanding of the server product. Typically the first day (installation) is attended by system/platform operators, and second day by DBA qualified staff who will administer the Team Server.; Min/Max Students - 1 to 6 students; Time to Complete - 2 days) <b>Price Per Class.</b>	\$ 6,221.66	N/A
132-50	ME-TNG-019a	<b>Metis Team Client:</b> This course prepares the student to make use of the Team Server Repository as a means to manage Metis models. The course focuses totally upon the client portion. (Prerequisites - Completion of the Basic Metis Modeling course or has practical experience modeling with METIS; Min/Max Students - 1 to 10 students; Time to Complete - 4 hours) <b>Price Per Class.</b>	\$ 1,555.42	N/A
132-50	ME-TNG-022a	<b>Advanced Metis Modeling Workshop - Modeling with BPM Template:</b> This course prepares the student to perform business process modeling, using the industry standard Business Process Modeling Notation (BPMN). Integration of business process models with enterprise architecture is included. Course is conducted at customer facility. Instructor travel expenses apply. (Prerequisites - Basic Metis Modeling ME-TNG-004a/b and prior experience with process modeling; Min/Max Students - 1 to 10 students; Time to Complete - 1 day) <b>Price Per Class.</b>	\$ 3,110.83	N/A
132-50	ME-TNG-022b	<b>Advanced Metis Modeling Workshop - Modeling with BPM Template:</b> This course prepares the student to perform business process modeling, using the industry standard Business Process Modeling Notation (BPMN). Integration of business process models with enterprise architecture is included. Course is conducted at vendor-supplied facility. (Prerequisites - Basic Metis Modeling ME-TNG-004a/b and prior experience with process modeling; Min/Max Students - 1 student only; Time to Complete - 1 day) <b>Price Per Student.</b>	\$ 398.43	N/A
132-50	ME-TNG-023a	<b>Basic BPMN Modeling:</b> This course prepares the student to perform business process modeling, using the industry standard Business Process Modeling Notation (BPMN). Integration of business process models with enterprise architecture is included. This course is for students with no prior experience with Metis. Course is conducted at customer facility. Instructor travel expenses apply. (Prerequisites - prior experience with process modeling; Min/Max Students - 1 to 10 students; Time to Complete - 2 days) <b>Price Per Class.</b>	\$ 6,221.66	N/A
