INFORMATION TECHNOLOGY SCHEDULE PRICELIST  
GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY  
EQUIPMENT, SOFTWARE AND SERVICES**

**SIN 132-51 - INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES**

FPDS Code D301	IT Facility Operations and Maintenance
FPDS Code D302	IT Systems Development Services
FPDS Code D306	IT Systems Analysis Services
FPDS Code D307	Automated Information Systems Design and Integration Services
FPDS Code D308	Programming Services
FPDS Code D310	IT Backup and Security Services
FPDS Code D311	IT Data Conversion Services
FPDS Code D316	IT Network Management Services
FPDS Code D399	Other Information Technology Services, Not Elsewhere Classified

**Note 1:** All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

**Note 2:** Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

**Note 3:** This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

**USA COMMITMENT TO PROMOTE SMALL BUSINESS PARTICIPATION PROCUREMENT PROGRAMS**

**BEST VALUE BLANKET PURCHASE AGREEMENT FEDERAL SUPPLY SCHEDULE**

**BLANKET PURCHASE AGREEMENT**

**BASIC GUIDELINES FOR USING “CONTRACTOR TEAM ARRANGEMENT”**

**INFORMATION FOR ORDERING ACTIVITIES  
APPLICABLE TO ALL SPECIAL ITEM NUMBERS**

**SPECIAL NOTICE TO AGENCIES: Small Business Participation**

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micro purchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service ([www.fss.gsa.gov](http://www.fss.gsa.gov)). The catalogs/pricelists, GSA Advantage!™ and the Federal Acquisition Service Home Page ([www.fss.gsa.gov](http://www.fss.gsa.gov)) contains information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micro purchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

**1. GEOGRAPHIC SCOPE OF CONTRACT**

*Domestic delivery* is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

*Overseas delivery* is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- The Geographic Scope of Contract will be domestic and overseas delivery.
- The Geographic Scope of Contract will be overseas delivery only.
- The Geographic Scope of Contract will be domestic delivery only.

For Special Item Number 132-53 Wireless Services ONLY, if awarded, list the limited geographic coverage area:

**2. CONTRACTOR'S ORDERING ADDRESS AND PAYMENT INFORMATION**

**Ohm Systems, Inc.  
955 Horsham Road  
Suite 101  
Horsham, PA 19044**

Contractors are required to accept credit cards for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Credit cards will be acceptable for

payment above the micro-purchase threshold. In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering activities to obtain technical and/or ordering assistance:

**TEL: (215) 675-2766, Ext. 110**

When Authorized Dealers are allowed by the Contractor to bill ordering activities and accept payment, the order and/or payment must be in the name of the Contractor, in care of the Authorized Dealer.

### **3. LIABILITY FOR INJURY OR DAMAGE**

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

### **4. STATICAL DATA FOR GOVERNMENT ORDERING OFFICE COMPLETION OF STANDARD FORM 279**

Block 9: G. Order/Modification under Federal Schedule

Block 16: Data Universal Numbering System (DUNS) Number: **11-749-9835**

Block 30: Type of Contractor - **Small Disadvantaged Business**

- A. Small Disadvantaged Business
- B. Other Small Business
- C. Large Business
- G. Other Nonprofit Organization
- L. Foreign Contractor

Block 31: Woman-Owned Small Business - **No**

Block 36: Contractor's Taxpayer Identification Number (TIN): **23-2977769**

4a. CAGE Code: **3E3M7**

4b. Contractor has registered with the Central Contractor Registration Database.

### **5. FOB DESTINATION**

N/A

### **6. DELIVERY SCHEDULE**

- a. TIME OF DELIVERY: The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

**SPECIAL ITEM NUMBER**

**DELIVERY TIME (Days ARO)**

**132-51**

Upon agreement between Ohm Systems, Inc., and the ordering entity

- b. URGENT REQUIREMENTS: When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the

ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

## 7. **DISCOUNTS**

Prices shown are NET Prices; Basic Discounts have been deducted.

- a. Prompt Payment: **0%** - \_\_\_ days from receipt of invoice or date of acceptance, whichever is later.
- b. Quantity: 1% if over \$1.00M
- c. Dollar Volume: 1% of total dollar volume if the order is over \$1M dollar volume
- d. Government Educational Institutions: Same discounts as all other Government customers
- e. Other: None

## 8. **TRADE AGREEMENTS ACT OF 1979, as amended:**

All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

## 9. **STATEMENT CONCERNING AVAILABILITY OF EXPORT PACKING**

## 10. **SMALL REQUIREMENTS**

The minimum dollar value of orders to be issued is \$100.00.

## 11. **MAXIMUM ORDER**

(All dollar amounts are exclusive of any discount for prompt payment.)

- a. The Maximum Order value for the following Special Item Numbers (SINs) is \$500,000:  
Special Item Number 132-34 – Maintenance of Software  
Special Item Number 132-51 - Information Technology (IT) Professional Services

## 12. **ORDERING PROCEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS**

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.

- a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.
- b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

## 13. **FEDERAL INFORMATION TECHNOLOGY/TELECOMMUNICATION STANDARDS**

REQUIREMENTS: ordering activities acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication

Standards (FED-STDS), which are cited by ordering activities, shall be responded to promptly by the Contractor.

### **13.1 FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATIONS (FIPS PUBS)**

Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

### **13.2 FEDERAL TELECOMMUNICATION STANDARDS (FED-STDS)**

Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Acquisition Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

## **14. CONTRACTOR TASKS / SPECIAL REQUIREMENTS (C-FSS-370) (NOV 2003)**

- a) Security Clearances: The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.
- b) Travel: The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub .L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. Travel in performance of a task order will only be reimbursable to the extent authorized by the ordering agency. The Industrial Funding Fee does NOT apply to travel and per diem charges.
- c) Certifications, Licenses and Accreditations: As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/ possessing such certifications, licenses and

accreditations should be factored into the price offered under the Multiple Award Schedule program.

- d) Insurance: As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.
- e) Personnel: The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.
- f) Organizational Conflicts of Interest: Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor's participation in such order may be restricted in accordance with FAR Part 9.5.
- g) Documentation/Standards: The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency's order.
- h) Data/Deliverable Requirements: Any required data/deliverables at the ordering level will be as specified or negotiated in the agency's order.
- i) Government-Furnished Property: As specified by the agency's order, the Government may provide property, equipment, materials or resources as necessary.
- j) Availability of Funds: Many Government agencies' operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.
- k) Overtime: For professional services, the labor rates in the Schedule should not vary by virtue of the Contractor having worked overtime. For services applicable to the Service Contract Act (as identified in the Schedule), the labor rates in the Schedule will vary as governed by labor laws (usually assessed a time and a half of the labor rate).

## 15. **CONTRACT ADMINISTRATION FOR ORDERING ACTIVITIES**

Any ordering activity, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the ordering activity's convenience, and (m) Termination for Cause (See 52.212-4)

## 16. **GSA ADVANTAGE!**

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA Advantage! Will allow the user to perform various searches across all contracts including, but not limited to:

- (1) Manufacturer;
- (2) Manufacturer's Part Number; and
- (3) Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is <http://www.fss.gsa.gov/>.

## 17. PURCHASE OF OPEN MARKET ITEMS

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract. ODCs (Other Direct Costs) are not part of this contract and should be treated as open market purchases. Ordering Activities procuring open market items must follow FAR 8.402(f).

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) -- referred to as open market items -- to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, **only if-**

- (1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
- (2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
- (3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
- (4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

## 18. CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS

- a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:
  - (1) Time of delivery/installation quotations for individual orders;
  - (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/service/software package submitted in response to requirements which result in orders under this schedule contract.
  - (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.
- b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

## **19. OVERSEAS ACTIVITIES**

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below:

### Not Offered

Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

## **20. BLANKET PURCHASE AGREEMENTS (BPAs)**

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

## **21. CONTRACTOR TEAM ARRANGEMENTS**

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74; Industrial Funding Fee and Sales Reporting, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

## **22. INSTALLATION, DEINSTALLATION, REINSTALLATION**

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall received less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.

## **23. SECTION 508 COMPLIANCE**

If applicable, Section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT) at the following:

[www.ohmsysinc.com](http://www.ohmsysinc.com)

The EIT standard can be found at: [www.Section508.gov/](http://www.Section508.gov/).

#### **24. PRIME CONTRACTOR ORDERING FROM FEDERAL SUPPLY SCHEDULES**

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of an ordering activity, shall follow the terms of the applicable schedule and authorization and include with each order –

- (a) A copy of the authorization from the ordering activity with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and
- (b) The following statement:

This order is placed under written authorization from \_\_\_\_\_ dated \_\_\_\_\_. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

#### **25. INSURANCE—WORK ON A GOVERNMENT INSTALLATION (JAN 1997)(FAR 52.228-5)**

- (a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.
- (b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective—
  - (1) For such period as the laws of the State in which this contract is to be performed prescribe; or
  - (2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.
- (c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

#### **26. SOFTWARE INTEROPERABILITY**

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at <http://www.core.gov>.

#### **27. ADVANCE PAYMENTS**

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article

---

already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324)

---

## **TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT)**

### **1. SCOPE**

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

### **2. PERFORMANCE INCENTIVES**

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract in accordance with this clause.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

### **3. ORDER**

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

### **4. PERFORMANCE OF SERVICES**

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the

date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

## 5. **STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)**

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-
- (1) Cancel the stop-work order; or
  - (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.
- (b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-
- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
  - (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.
- (c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- (d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

## 6. **INSPECTION OF SERVICES**

The Inspection of Services—Fixed Price (AUG 1996) (Deviation – May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection—Time-and-Materials and Labor-Hour (JAN 1986) (Deviation – May 2003) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

## **7. RESPONSIBILITIES OF THE CONTRACTOR**

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Deviation – May 2003) Rights in Data – General, may apply.

## **8. RESPONSIBILITIES OF THE ORDERING ACTIVITY**

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT/EC Services.

## **9. INDEPENDENT CONTRACTOR**

All IT/EC Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

## **10. ORGANIZATIONAL CONFLICTS OF INTEREST**

### **a. Definitions.**

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

- ### **b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.**

## **11. INVOICES**

The Contractor, upon completion of the work ordered, shall submit invoices for IT/EC services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

## **12. PAYMENTS**

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and

accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003)) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

- a. The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.
- b. The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—
  - i. The offeror;
  - ii. Subcontractors; and/or
  - iii. Divisions, subsidiaries, or affiliates of the offeror under a common control.

### **13. RESUMES**

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

### **14. INCIDENTAL SUPPORT COSTS**

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

### **15. APPROVAL OF SUBCONTRACTS**

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

16. DESCRIPTION OF IT/EC SERVICES AND PRICING

Nbr.	Labor Category	Description	Rate/Hr. (On-Site)
01	IT-GSA-01	<a href="#">Programmer Analyst</a>	\$51.06
02	IT-GSA-02	<a href="#">Sr. Programmer Analyst</a>	\$68.41
03	IT-GSA-03	<a href="#">Software Engineer</a>	\$63.31

20	IT-GSA-20	<a href="#">Technical Writer</a>	\$33.70

### **IT-GSA-01: Programmer Analyst**

#### Minimum/General Experience

- Minimum of 4 years of professional experience in a related software development and /or maintenance areas where ability for creative problem solving has been demonstrated: 2 years of supervisory experience desirable
- Reviews the interpretation and analysis of system and user requirements and directs the generation of software requirements.
- Directs, coordinates, monitors, and evaluates the development of preliminary and detailed software designs and resulting code developed from the design
- Directs, coordinates, monitors, and evaluates all phases of software testing/maintenance
- Reviews all documentation generated as part of each of the above duties.
- Directs the application of structured, object-oriented, or other methodologies and techniques to develop and maintain the software
- Directs the preparation of comprehensive reports and technical input for proposal efforts
- Participates in technical conferences and seminars as required, and keeps informed of software progress in the field including the development of competitors.
- Furnishes man-hours and milestone schedules on assigned and proposed tasks and is aware of the economics of the business in terms of controlling unit costs.
- Must be able to perform complex analysis/deductive reasoning
- Must be able to communicate effectively using both oral and written skills
- Must be able to provide work direction and review for subordinates
- Must be able to take work direction and report to upper management on a regular basis

#### Functional Responsibility

- Leads in the development and maintenance of complex software systems throughout the software lifecycle.

#### Minimum Education

- BS/BA in Computer Sciences, or a related discipline, or equivalent knowledge and experience

### **IT-GSA-02: Sr. Programmer Analyst**

#### Minimum/General Experience

- Minimum of 10 years of directly related professional experience including 4 years of supervisory experience: full professional recognition and acceptance by peers and supervisors as an authority in software engineering
- Establishes technical goals and requirements of major programs; primarily responsible for the validity of the decisions required
- Reviews the interpretation and analysis of system and user requirements and directs the generation of the software requirements
- Directs coordinates monitors and evaluates the development of preliminary and detailed software designs and resulting code developed from the design
- Directs coordinates monitors and evaluates all phases of software testing (i.e. unit testing through acceptance testing)
- Directs coordinates monitors and evaluates all software maintenance activities
- Reviews all documentation generated as part of each of the above duties

- Establishes and directs the application of structured object-oriented or other methodologies and techniques to develop and maintain the software
- Establishes and directs the use of tools to develop and maintain the software
- Leads major technical proposals in software engineering including manpower schedule and cost estimates
- Demonstrates technical proficiency by achieving recognition in the professional community through the presentation and/or publication of papers and reports
- Must be able to communicate effectively using both oral and written skills
- Must be able to provide work direction and review for subordinates.
- Must be able to take work direction and report to upper management on a regular basis

Functional Responsibility

- Plans and directs the development and maintenance of complex software system(s) throughout the software life cycle (i.e. requirements analysis through maintenance)

Minimum Education

- MS in Computer Science or related discipline or equivalent knowledge and experience and technical accomplishment

**IT-GSA-03: Software Engineer**

Minimum/General Experience

- Minimum of 4 years of professional experience in a related software development.
- Experience in software engineering in support of the development of large-scale real time systems composed of hardware, software and firmware.
- Interprets and analyzes the system and user requirements and directs the generation of software requirements.
- Directs, coordinates, monitors, and evaluates the development of preliminary and detailed software designs and resulting code developed from the design
- Reviews all documentation generated as part of each of the above duties.
- Directs the application of structured, object-oriented, or other methodologies and techniques to develop and maintain the software
- Must be able to perform complex analysis/deductive reasoning
- Must be able to communicate effectively using both oral and written skills

Functional Responsibility

- Provides a comprehensive definition of all aspects of systems development from analysis of mission needs to verification of system performance.
- Performs software engineering tasks including requirement definition, requirement analysis, and development of system specifications, interface design and analysis.
- Performs evaluation of alternatives and an assessment of risks and costs.

Minimum Education

- BS/BA in Computer Sciences or a related discipline, or equivalent knowledge and experience

**IT-GSA-04: Sr. Software Engineer**

Minimum/General Experience

- Minimum of 8 years of directly related professional experience including 4 years of supervisory experience.

- Experience in software engineering in the support of the development, test, and implementation of real-time, computer-based systems.
- Expert in functional and operational computer systems analysis and state-of-the-art technologies and techniques.
- Responsible for the application of advanced software engineering techniques and methods in support of the development of major, real-time computer software.
- Responsible for developing and applying software design strategies for data base and functional software modules, and developing software qualification testing strategies and approaches.
- May be responsible for managing and leading a team of software engineers.
- Reviews the interpretation and analysis of system and user requirements and directs the generation of the software requirements
- Directs coordinates monitors and evaluates the development of preliminary and detailed software designs and resulting code developed from the design
- Establishes and directs the use of tools to develop and maintain the software
- Leads major technical proposals in software engineering including manpower schedule and cost estimates
- Must be able to communicate effectively using both oral and written skills
- Must be able to provide work direction and review for subordinates. Able to report to upper management on a regular basis

#### Functional Responsibility

- Plans and directs the development and maintenance of complex software system(s) throughout the software life cycle (i.e. requirements analysis through maintenance)
- Responsible for developing and applying software design strategies for data base and functional software modules, and developing software qualification testing strategies and approaches.

#### Minimum Education

- BS and MS in Computer Science or related discipline or equivalent knowledge and experience and technical accomplishment

### **IT-GSA-05: Systems Engineer**

#### Minimum/General Experience

- Minimum of 5 years of professional experience in science or engineering data processing and related areas where capability for creative problem solving has been demonstrated, including 3 years of supervisory and data management experience
- Participates and leads at all levels of system analysis and design definitions
- Applies knowledge of hardware and software for throughput analysis and tradeoff studies
- Specifies and develops models and analysis tools for system availability and reliability parameters
- Leads studies to determined system requirements
- Develops and recommends design standards for utilization in evaluating systems, subsystems, and system; requirements for design specifications
- Uses advances systems engineering techniques to ensure current, sophisticated, and cost-effective approaches
- Leads feasibility studies to ascertain reliability of system designs

- Maintains closed liaison with the customer to ensure effective exchange of technical data, resolve technical problems, and ensure successful response to task objectives
- Directs the preparation for comprehensive reports and technical input for proposal efforts
- Recommends the selection of hardware/software configuration and operating systems for the project
- Must be able to perform complex analysis/deductive reasoning
- Must be able to communicate effectively using both oral and written skills
- Must be able to take work direction and report to upper management on a regular basis

#### Functional Responsibility

- Leads in the analysis, design development, and/or modification of complex computer systems or subsystems.

#### Minimum Education

- BS/MS in computer science, a related discipline, or equivalent education, knowledge and experience with emphasis on operating systems, hardware, or system software

### **IT-GSA-06: Sr. Systems Engineer**

#### Minimum/General Experience

- Minimum of 10 years of directly related professional experience including 4 years of supervisory and/or management experiences; full professional recognition and acceptance by peers and supervisors as an authority in systems engineering
- Plans and directs complex ADP and data management systems; defines and directs the implementation of system and user requirements.
- Determines hardware/software functional specifications and system configuration
- Plans and monitors acceptance tests procedures and is responsible for the resolution of any problems.
- Prepares and directs system configuration design reviews.
- Leads major technical proposals in area of expertise.
- Demonstrates technical competence by achieving recognition in the professional community through the presentation and/or publication of papers and reports.
- Approves the selection of hardware/software configurations and choice of operating systems for the project/company.
- Must be able to operate a personal computer/workstation throughout an 8- hour shift.
- Must be able to perform complex analysis/deductive reasoning.
- Must be able to communicate effectively using both oral and written skills.
- Must be able to provide work direction and review for subordinates.
- Must be able to take work direction and report to upper management on a regular basis

#### Functional Responsibility

- Plans and directs the analysis. Design, development, and/or modification of complex computer systems or subsystems

#### Minimum Education

- MS/MA in Computer Science, a related discipline, or technical accomplishment and equivalent knowledge, education and experience with emphasis on operating systems, hardware, or system software

### **IT-GSA-07: QA/Test Engineer**

#### Minimum/General Experience

- Minimum of 5 years of professional experience in a related area with emphasis on software testings
- Analyze system and user requirements and generates software test plans
- Develop unit development folders test plans and procedures test data and test routines
- Perform and evaluate all phases of software testing (i.e.unit testing through acceptance testing)
- Develop and maintain documentation as an integral part of each of the above duties
- Able to conduct a wide range of quality-control tests
- Ensure that software meets or exceeds specified standards and end-user requirements
- Able to execute complex tests according to established plans and scripts

#### Functional Responsibility

- Develops and performs software testing throughout the software lifecycle

#### Minimum Education

- BS/BA in Computer Sciences related discipline equivalent knowledge and experience

### **IT-GSA-08: Sr. QA/Test Engineer**

#### Minimum/General Experience

- Minimum of 8 years of professional experience in a related area with emphasis on software testings
- Analyze system and user requirements and generates software test plans
- Develop unit development folders test plans and procedures test data and test routines
- Perform and evaluate all phases of software testing (i.e.unit testing through acceptance testing)
- Develop and maintain documentation as an integral part of each of the above duties
- Able to conduct a wide range of quality-control tests
- Ensure that software meets or exceeds specified standards and end-user requirements
- Able to execute complex tests according to established plans and scripts

#### Functional Responsibility

- Develops and performs software testing throughout the software lifecycle

#### Minimum Education

- BS/BA in Computer Sciences related discipline equivalent knowledge and experience

### **IT-GSA-09: Database Administrator**

#### Minimum/General Experience

- Minimum of 5 years of directly related professional experience in Relational Databases – Oracle 8x, MS SQL server 7, SQL Server 2000 or similar Database systems

- Support Database Administration and Maintenance that include the following:
- Installation, backup and recovery procedures
- Creating, Deleting and Populating Tables
- Stored Procedures
- User Administration and Security
- Performance tuning and monitoring
- Report Generation
- Operational support
- Must be able to communicate effectively using both oral and written skills
- Must be able to take work direction and report to upper management on a regular basis

Functional Responsibility

- Plans, designs, development and maintenance of Relational Database Systems

Minimum Education

- BS/MS in Computer Science or related discipline or equivalent knowledge and experience Database systems and maintenance

**IT-GSA-10: Sr. Database Administrator**

Minimum/General Experience

- Minimum of 5 years of directly related professional experience in Relational Databases – Oracle 8x, MS SQL server 7, SQL Server 2000 or similar Database systems
- Support Database Administration and Maintenance that include the following:
- Installation, backup and recovery procedures
- Creating, Deleting and Populating Tables
- Stored Procedures
- User Administration and Security
- Performance tuning and monitoring
- Report Generation
- Operational support
- Must be able to communicate effectively using both oral and written skills
- Must be able to take work direction and report to upper management on a regular basis

Functional Responsibility

- Plans, designs, development and maintenance of Relational Database Systems

Minimum Education

- BS/MS in Computer Science or related discipline or equivalent knowledge and experience Database systems and maintenance

**IT-GSA-11: Database Developer**

Minimum/General Experience

- Minimum of 5 years of directly related professional experience including three years or more in database development including data modeling and mining, physical database design, database performance tuning, and experience in the following or similar databases: Oracle, SQL Server, Sybase, DB2, Informix, and Adelphi

- Use systems analysis requirements and specification to complete the database modifications or additions to database applications using various languages.
- Experience in the role of primary database developer on project-based work.
- Experience in the installation and set up of one or more database products.
- Experience in design, systems architecture, replication, and commerce-centric software solutions.
- Works with more senior project staff to define, develop, test, and deploy database modules, applications, and solutions. Collects and evaluates requirements.
- Defines file organization, indexing methods, and security procedures.
- Assists in the development of functional specifications and the preparation and proposal of development criteria, architecture, and implementation schedules.
- Monitors project execution to ensure adherence to stated design and development standards.

#### Functional Responsibility

- Database Developer will take part in the full life cycle of development projects.
- Database developer/technical lead roles on a given project. This individual may work on a variety of projects

### **IT-GSA-12: Network Administrator**

#### Minimum/General Experience

- Minimum of 5 years of directly related professional experience in UNIX Network Administration, Windows NT Network Administration LAN/WAN Administration.
- Support Installation and Administration of LAN and Servers:
- LAN Installation and Configuration
- Network Security Support
- Web Server Configuration and Support
- Mail Server administration and support
- Network Operational support
- Must be able to communicate effectively using both oral and written skills
- Must be able to take work direction and report to upper management on a regular basis

#### Functional Responsibility

- Provides General Network Administration Support

#### Minimum Education

- BS/MS in Computer Science or Electrical Engineering or equivalent knowledge and experience

### **IT-GSA-13: Sr. Network Administrator**

#### Minimum/General Experience

- Minimum of 10 years of directly related professional experience in UNIX Network Administration, Windows NT Network Administration LAN/WAN Administration.
- Support Installation and Administration of LAN and Servers:
- LAN Installation and Configuration
- Network Security Support
- Web Server Configuration and Support
- Mail Server administration and support

- Network Operational support
- Must be able to communicate effectively using both oral and written skills
- Must be able to take work direction and report to upper management on a regular basis

Functional Responsibility

- Provides General Network Administration Support

Minimum Education

- BS/MS in Computer Science or Electrical Engineering or equivalent knowledge and experience

**IT-GSA-14: Systems Administrator**

Minimum/General Experience

- Minimum of 5 years of directly related professional experience in UNIX System Administration, Windows NT Server Administration or mainframe systems.
- Support Installation, maintenance, upgrade and Administration of Operating Systems:
- System Configuration and Creating user accounts
- System backups and Recovery
- COTS installation and support
- Assist in System sizing and evaluation
- Operational support
- Must be able to communicate effectively using both oral and written skills
- Must be able to take work direction and report to upper management on a regular basis

Functional Responsibility

- Installs, configures and Administers Computer Systems including Servers and Clients

Minimum Education

- BS/MS in Computer Science or Electrical Engineering or equivalent knowledge and experience

**IT-GSA-15: Help Desk Support Engineer**

Minimum/General Experience

- Minimum of 5 years of technical support experience in a related area with emphasis on software
- Performs software support i.e..(Quality Assurance Configuration Management) functions throughout the software life cycle
- Help customer via telephone and in person
- High level of customer service experience supporting various applications.

Functional Responsibility

- Support customers

Minimum Education

- BS/BA in Computer Sciences related discipline equivalent knowledge and experience

### **IT-GSA-16: Web Developer**

#### Minimum/General Experience

- Minimum 3-5 years experience in designing, implementing, and testing software components using a variety of tools.
- Four years of experience leading and/or provides support in upgrading, maintaining and creating content using the latest web technologies.
- Two years' experience creating templates, creation of graphics, supporting both static and dynamic web development, and utilizing the latest web technologies.
- Years experience in the analysis, design, and integration of information systems and commercial-off-the-shelf (COTS) software.
- Must be well versed in commercial Web server configuration, management and applications development

#### Functionality Responsibility

- Design, configure and maintain the corporate and configure and maintain the corporate and customers websites.
- Provides day-to-day web site design, creation, on-the-job training for the development, maintenance, and updating of Web pages.
- The web individual also works to coordinate and/or facilitate maintenance requests, meeting with Client staff to identify site enhancements, reporting team status to project management, and maintaining requests/progress in issue tracking list or tool.

#### Minimum Education:

- BS Degree

### **IT-GSA-17: Business Analyst**

#### Minimum/General Experience

- 1-5 years experience in the analysis of business processes, activities, and events.

#### Functionality Responsibility:

- Analyst is responsible for documenting existing business processes through joint application development sessions.

#### Minimum Education

- BS Degree

### **IT-GSA-18: Project Manager**

#### Minimum/General Experience

- Minimum of 10 years of directly related professional experience including 2 years of management and/or supervisory experience
- Develops detailed work control plans with milestone schedules for all assigned tasks within section
- Assigns work; monitors performance to ensure satisfactory work progress
- Provides input to cost estimates and resource requirements for all assigned tasks
- Performs periodic reviews of all assigned tasks within section
- Conducts section/staff performance evaluations
- Prepares status reports as required
- Performs work in area of specialty
- Must be able to communicate effectively using both oral and written skills.
- Must be able to provide work direction and review for subordinates

- Must be able to take work direction and report to upper management on a regular basis

Functional Responsibility

- Provides direction to and is responsible for the performance of a group of employees functioning as an integral part of a larger project organization

Minimum Education

- BS, MS degrees preferably in area of supervisory responsibility or related disciplines

**IT-GSA-19: Program Manager**

Minimum/General Experience

- Minimum of 15 years of directly related professional experience with 5 years in management capacity
- Coordinates staffing plan and work schedules
- Monitors project and contract performance and cost control/management schedules; Budgets and controls program center direct and indirect costs
- Obtain personnel ADP equipment and other resources necessary for the operation of the program/center within corporate guidelines
- Performs periodic program/project technical reviews
- Prepares and presents program/center status reports for/to division management
- Coordinates/reviews proposals in terms of staffing technical approach and methodology
- Actively participates in the acquisition of new business
- Must be able to communicate effectively using both oral and written skills
- Must be able to provide work direction and review for subordinates
- Must be able to take work direction and report to upper management on a regular basis

Functional Responsibility

- Plans, directs and manages projects/contracts at the program/project level

Minimum Education

- BS/BA degree preferably in area of managerial responsibility or related discipline.
- Advanced (MS) degree desirable

**IT-GSA-20: Technical Writer**

Minimum/General Experience

- Minimum of 5 years experience in Technical writing
- Prepare Technical Documents
- Prepare training materials, user manuals
- Prepare online documents
- Functional Responsibility:
- Prepares Technical Documentation and training materials.

Minimum Education

- BS/BA or equivalent knowledge and experience

---

## USA Commitment to Promote Small Business Participation Procurement Programs

### PREAMBLE

Ohm Systems, Inc. provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

### COMMITMENT

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrates our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts. To accelerate potential opportunities please contact Mr. **Praful Patel**, TEL: (215) 675-2766, x110, Email: [ppatel@ohmsysinc.com](mailto:ppatel@ohmsysinc.com), FAX: (215) 675-2767.

**BEST VALUE  
BLANKET PURCHASE AGREEMENT  
FEDERAL SUPPLY SCHEDULE**

(Insert Customer Name)

In the spirit of the Federal Acquisition Streamlining Act (ordering activity) and (Contractor) enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s) \_\_\_\_\_.

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the ordering activity that works better and costs less.

Signatures

Ordering Activity                      Date

\_\_\_\_\_  
Contractor                              Date

BPA NUMBER \_\_\_\_\_

**(CUSTOMER NAME)  
BLANKET PURCHASE AGREEMENT**

Pursuant to GSA Federal Supply Schedule Contract Number(s) \_\_\_\_\_, Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (ordering activity):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

MODEL NUMBER/PART NUMBER	*SPECIAL
BPA DISCOUNT/PRICE	

_____	_____
_____	_____
_____	_____

(2) Delivery:

DESTINATION	DELIVERY SCHEDULES / DATES
-------------	----------------------------

_____	_____
_____	_____
_____	_____

(3) The ordering activity estimates, but does not guarantee, that the volume of purchases through this agreement will be \_\_\_\_\_.

(4) This BPA does not obligate any funds.

(5) This BPA expires on \_\_\_\_\_ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to place orders under this BPA:

OFFICE	POINT OF CONTACT
--------	------------------

_____	_____
_____	_____
_____	_____

(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

(8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

- (a) Name of Contractor;
- (b) Contract Number;
- (c) BPA Number;
- (d) Model Number or National Stock Number (NSN);

- 
- (e) Purchase Order Number;
  - (f) Date of Purchase;
  - (g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and
  - (h) Date of Shipment.
- (9) The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.
- (10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.

---

## **BASIC GUIDELINES FOR USING “CONTRACTOR TEAM ARRANGEMENTS”**

Federal Supply Schedule Contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to an ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions of the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Supply Schedule Contractors may individually meet the customer's needs, or -
- Federal Supply Schedule Contractors may individually submit a Schedules “Team Solution” to meet the customer's requirement.
- Customers make a best value selection.
