Information For Ordering Activities Applicable To All Special Item Numbers

SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service (www.gsaadvantage.gov). The catalogs/pricelists, GSA Advantage!™ and the Federal Acquisition Service Home Page (www.gsa.gov/fas) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

Basic Guidelines For Using “Contractor Team Arrangements”

Federal Supply Schedule Contractors may use “Contractor Team Arrangements” (FAR 9.6 does not apply) to provide solutions when responding to an ordering activity’s requirements. For more information on Schedules teaming see www.gsa.gov/ctas.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Here is a general outline on how it works:

- Orders under a Team Arrangement are subject to the terms and conditions of the Federal Supply Schedule Contract.
- Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.
- Each contractor performs work under their respective Schedule contract.
- Federal Supply Schedule Contractors may individually respond to Requests for Quote, or submit a Schedules “Team Solution” to meet a government requirement.
- Contractors should prepare a “teaming agreement” and submit it to the government as part of the quote. The government is not a party to the agreement and may not assist in preparing it, but should review it as part of the evaluation.
 - The government buying activity makes a best value selection.
