AUTHORIZED INFORMATION TECHNOLOGY SCHEDULE PRICELIST
GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT, SOFTWARE AND SERVICES

Special Item No. 132-51 Information Technology Professional Services

Special Item No. 132-56 Health IT Services

SIN 132-51 - INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES

FPDS Code D301 IT Facility Operation and Maintenance
FPDS Code D302 IT Systems Development Services
FPDS Code D306 IT Systems Analysis Services
FPDS Code D307 Automated Information Systems Design and Integration Services
FPDS Code D308 Programming Services
FPDS Code D310 IT Backup and Security Services
FPDS Code D311 IT Data Conversion Services
FPDS Code D316 IT Network Management Services
FPDS Code D317 Creation/Retrieval of IT Related Automated News Services, Data Services, or Other Information Services (All other information services belong under Schedule 76)
FPDS Code D399 Other Information Technology Services, Not Elsewhere Classified

SIN 132-56 – HEALTH IT SERVICES

FPDS Code D302 IT Systems Development Services
FPDS Code D306 IT Systems Analysis Services
FPDS Code D307 Automated Information Systems Design and Integration Services
FPDS Code D308 Programming Services
FPDS Code D310 IT Backup and Security Services
FPDS Code D311 IT Data Conversion Services
FPDS Code D316 IT Network Management Services
FPDS Code D317 Creation/Retrieval of IT Related Automated News Services, Data Services, or Other Information Services (All other information services belong under Schedule 76)
FPDS Code D399 Other Information Technology Services, Not Elsewhere Classified

Note 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

Note 2: Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

Note 3: This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

Pricelist current through FCIS-JB-980001-B Refresh #55

NET ESOLUTIONS CORPORATION (NETE) | gsa@nete.com
AND SUBSEQUENT REFRESHES.

Products and ordering information in this Authorized Information Technology Schedule Pricelist is also available on the GSA Advantage! System. Agencies can browse GSA Advantage! By accessing GSA’s Home Page via Internet at www.gsa.gov.
1. GEOGRAPHIC SCOPE OF CONTRACT:

Domestic delivery is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

Overseas delivery is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

[X] The Geographic Scope of Contract will be domestic and overseas delivery.
[ ] The Geographic Scope of Contract will be overseas delivery only.
[ ] The Geographic Scope of Contract will be domestic delivery only.

2. CONTRACTOR'S ORDERING ADDRESS AND PAYMENT INFORMATION:

NET ESOLUTIONS CORPORATION (NETE)
8180 Greensboro Drive Suite 900
McLean, Virginia 22102

Contractors are required to accept credit cards for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Credit cards will be acceptable for payment above the micro-purchase threshold.
threshold. In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering activities to obtain technical and/or ordering assistance:

(703) 893-6383 (NETE) x210

3. LIABILITY FOR INJURY OR DAMAGE

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

4. STATISTICAL DATA FOR GOVERNMENT ORDERING OFFICE COMPLETION OF STANDARD FORM 279:

   Block 9: G. Order/Modification under Federal Schedule
   Block 16: Data Universal Numbering System (DUNS) Number: 01 06 39917
   Block 36: Contractor’s Taxpayer Identification Number (TIN): 54-1926760

Contractor offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

5. DISCOUNTS: Prices shown are NET Prices; Basic Discounts have been deducted.

   Note: Government Educational Institutions are offered the same discounts as all other Government customers.

6. TRADE AGREEMENTS ACT OF 1979, AS AMENDED:

   All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

7. STATEMENT CONCERNING AVAILABILITY OF EXPORT PACKING: Not Applicable

8. SMALL REQUIREMENTS: The minimum dollar value of orders to be issued is $100.00 (hundred dollars).

9. MAXIMUM ORDER (All dollar amounts are exclusive of any discount for prompt payment.)

10. FEDERAL INFORMATION TECHNOLOGY/TELECOMMUNICATION STANDARDS REQUIREMENTS:

    Ordering activities acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not...
specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering activities, shall be responded to promptly by the Contractor.

13.1 FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATIONS (FIPS PUBS):

Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

13.2 FEDERAL TELECOMMUNICATION STANDARDS (FED-STDS):

Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Supply Service, Specification Section, 470 East L’Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202) 619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301) 975-2833.

14. CONTRACTOR TASKS / SPECIAL REQUIREMENTS (C-FSS-370) (NOV 2003)
(a) **Security Clearances:** The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.

(b) **Travel:** The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub. L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. Travel in performance of a task order will only be reimbursable to the extent authorized by the ordering agency. The Industrial Funding Fee does NOT apply to travel and per diem charges.

(c) **Certifications, Licenses and Accreditations:** As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.

(d) **Insurance:** As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.

(e) **Personnel:** The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.

(f) **Organizational Conflicts of Interest:** Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor’s participation in such order may be restricted in accordance with FAR Part 9.5.

(g) **Documentation/Standards:** The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency’s order.

(h) **Data/Deliverable Requirements:** Any required data/deliverables at the ordering level will be as specified or negotiated in the agency’s order.

(i) **Government-Furnished Property:** As specified by the agency’s order, the Government may provide property, equipment, materials or resources as necessary.

(j) **Availability of Funds:** Many Government agencies’ operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government’s obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.

(k) **Overtime:** For professional services, the labor rates in the Schedule should not vary by virtue of the Contractor having worked overtime. For services applicable to the Service Contract Act (as identified in the Schedule), the labor rates in the Schedule will vary as governed by labor laws (usually assessed a time and a half of the labor rate).

15. **CONTRACT ADMINISTRATION FOR ORDERING ACTIVITIES**

Any ordering activity, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the ordering activity’s convenience, and (m) Termination for Cause (See 52.212-4).

16. **GSA Advantage!**

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors’ schedule prices with ordering information. GSA Advantage! will allow the user to perform various searches across all contracts including, but not limited to:

1. Manufacturer;
2. Manufacturer’s Part Number; and
3. Product categories.
17. PURCHASE OF OPEN MARKET ITEMS

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract. ODCs (Other Direct Costs) are not part of this contract and should be treated as open market purchases. Ordering Activities procuring open market items must follow FAR 8.402(f).

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) -- referred to as open market items -- to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, only if:

(1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
(2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
(3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
(4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

18. CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS

a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:

(1) Time of delivery/installation quotations for individual orders;
(2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/ service/software package submitted in response to requirements which result in orders under this schedule contract.
(3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.

b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

19. OVERSEAS ACTIVITIES

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia.

Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable basis and will only be provided to the Contractor’s technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

20. BLANKET PURCHASE AGREEMENTS (BPAs)

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

21. CONTRACTOR TEAM ARRANGEMENTS

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Industrial Funding Fee and Sales Reporting, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

22. INSTALLATION, DEINSTALLATION, REINSTALLATION
The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of $2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall received less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds $2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.

23. SECTION 508 COMPLIANCE

If applicable, Section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT) at the following:

The EIT standard can be found at: www.Section508.gov/.

24. PRIME CONTRACTOR ORDERING FROM FEDERAL SUPPLY SCHEDULES.

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of an ordering activity, shall follow the terms of the applicable schedule and authorization and include with each order –

(a) A copy of the authorization from the ordering activity with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and

(b) The following statement:

This order is placed under written authorization from________ dated________. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

25. INSURANCE—WORK ON A GOVERNMENT INSTALLATION (JAN 1997)(FAR 52.228-5)

a. The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.
b. Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government’s interest shall not be effective—

(1) For such period as the laws of the State in which this contract is to be performed prescribe; or
(2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.
c. The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors’ proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

26. SOFTWARE INTEROPERABILITY

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item’s interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at http://www.core.gov.

27. ADVANCE PAYMENTS

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided
or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract (31 U.S.C. 3324).

TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY PROFESSIONAL SERVICES (SPECIAL ITEM 132-51)

1. SCOPE
   a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT Services within the scope of this Information Technology Schedule.
   b. The Contractor shall provide services at the Contractor’s facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

2. PERFORMANCE INCENTIVES
   a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract in accordance with this clause.
   b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
   c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity’s mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. ORDER
   a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made, and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
   b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. PERFORMANCE OF SERVICES
   a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
   b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
   c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
   d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)
   a. The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-
      1. Cancel the stop-work order; or
      2. Terminate the work covered by the order as provided in the Default, or the Termination
for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

(1) The stop-work order results in an increase in the time required for, or in the Contractor’s cost properly allocable to, the performance of any part of this contract; and

(2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

6. INSPECTION OF SERVICES

The Inspection of Services–Fixed Price (AUG 1996) (Deviation – May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection–Time-and-Materials and Labor-Hour (JAN 1986) (Deviation – May 2003) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

7. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Deviation – May 2003) Rights in Data – General, may apply.

8. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Services.

9. INDEPENDENT CONTRACTOR

All IT Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

10. ORGANIZATIONAL CONFLICTS OF INTEREST

a. Definitions.

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. INVOICES
The Contractor, upon completion of the work ordered, shall submit invoices for IT services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003) applies to labor-hour orders placed under this contract. 52.216-31 (Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition. As prescribed in 16.601(e)(3), insert the following provision:

(a) The Government contemplates award of a Time- and-Materials or Labor-Hour type of contract resulting from this solicitation.

(b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—

(1) The offeror;
(2) Subcontractors; and/or
(3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

13. RESUMES

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. APPROVAL OF SUBCONTRACTS

The ordering activity may require that the Contractor receive, from the ordering activity’s Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

TERMS AND CONDITIONS APPLICABLE TO HEALTH IT SERVICES
(SPECIAL ITEM 132-56)

1. SCOPE

(c) The prices, terms and conditions stated under Special Item Number 132-56 Health IT Services apply exclusively to Health IT Services within the scope of this Information Technology Schedule.

(d) The Contractor shall provide services at the Contractor’s facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

2. PERFORMANCE INCENTIVES

(d) Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract in accordance with this clause.

(e) The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.

(f) Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity’s mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. ORDER

(c) Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made, and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May
2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.

d. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. PERFORMANCE OF SERVICES

e. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.

f. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.

g. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.

h. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)

(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

(1) Cancel the stop-work order; or
(2) Terminate the work covered by the order as provided in the Default, or the Termination
for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

1. The stop-work order results in an increase in the time required for, or in the Contractor’s cost properly allocable to, the performance of any part of this contract; and

2. The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

6. INSPECTION OF SERVICES

The Inspection of Services–Fixed Price (AUG 1996) (Deviation – May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection–Time-and-Materials and Labor-Hour (JAN 1986) (Deviation – May 2003) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

7. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Deviation – May 2003) Rights in Data – General, may apply.

8. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Services.

9. INDEPENDENT CONTRACTOR

All IT Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

10. ORGANIZATIONAL CONFLICTS OF INTEREST

c. Definitions.

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor or its affiliates’ objectivity in performing contract work.

d. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. INVOICES
The Contractor, upon completion of the work ordered, shall submit invoices for IT services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003)) applies to labor-hour orders placed under this contract. 52.216-31 (Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

(b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—
   (1) The offeror;
   (2) Subcontractors; and/or
   (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

13. RESUMES

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. APPROVAL OF SUBCONTRACTS

The ordering activity may require that the Contractor receive, from the ordering activity’s Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

USA COMMITMENT TO PROMOTE SMALL BUSINESS PARTICIPATION PROCUREMENT PROGRAMS PREAMBLE

Net eSolutions Corporation (NETE), provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT

To actively seek and partner with small business.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.
To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in Federal Government contracts. To accelerate potential opportunities please contact, Tel: (703) 893-6383; E-mail: gsa@nete.com; Web: http://www.nete.com; Fax: (703) 995-4721.

BASICS GUIDELINES FOR USING “CONTRACTOR TEAM ARRANGEMENTS”

Federal Supply Schedule Contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to an ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions or the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Supply Schedule Contractors may individually meet the customer’s needs, or
- Federal Supply Schedule Contractors may individually submit a Schedules “Team Solution” to meet the customer’s requirement
- Customers make a best value selection

(BEST VALUE BLANKET PURCHASE AGREEMENT FEDERAL SUPPLY SCHEDULE)

The following is a suggested format - please contact Net eSolutions Corporation (NETE) for assistance in customizing a BPA for an agency’s particular needs.

(Insert Customer Name)

In the spirit of the Federal Acquisition Streamlining Act (ordering activity) and (Contractor) enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s)

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the ordering activity that works better and costs less.

LABOR CATEGORY DESCRIPTIONS

PROGRAM AND PROJECT MANAGEMENT

These NETE positions are responsible for the management and administration of contracts. They administer operations and projects effort by managing project costs, schedules, tasks, risks, and resources. They provide strategic planning services, track and report on task status, and ensure that quality assurance measures and standards are applied to all aspects of project work. The program management specialist can supplement an existing organization or provide complete project fulfillment in concert with other functional areas.

NETE-70-099 PROGRAM MANAGER

Functional Responsibility: Responsible for oversight of multiple projects at diverse locations. Responsible for overall management of the contract. Formulates and reviews strategic plans, marketing plans, subcontracting, and deliverable items, determines contract costs, and ensures conformity with contract terms and conditions. Actively applies quality assurance measures to the management and performance of the contract. Experience: 10 years of experience at an executive level, or equivalent combination of education and experience. Education: Master’s degree or equivalent certifications in Business Administration, Accounting, Human Resources, Science, Management Information Systems, Communications, Biomedical, Management Science, Computer Science, Engineering, or Information Technology or task related field from an accredited university in a related field. May substitute experience for education.

NETE-70-100 PROGRAM DIRECTOR

Functional Responsibility: Responsible for overall management of the contract. Formulates and reviews strategic plans, marketing plans, subcontracting, and deliverable items, determines contract costs, and ensures conformity with contract terms and conditions. Responsible for oversight of multiple projects at diverse locations. Actively applies quality assurance measures to the management and performance of the contract. Authorized to negotiate on behalf of and bind the contractor to contract provisions.

NETE-70-101 PROJECT MANAGER

Functional Responsibility: Performs day-to-day management of assigned delivery order. Administers and reports status of project costs, scope, schedule, resources, and issues. Organizes, directs, and coordinates planning and production of all contract support activities. Experience: Minimum years of experience for performance of this service are 3 years. May substitute education for experience. Education: Bachelor’s degree or equivalent certifications in Business Administration, Management Science, Computer Science, Engineering, or Information Technology from an accredited university in a related field.

NETE-70-102 SENIOR PROJECT MANAGER

Functional Responsibility: Coordinates other project managers and task leads. Performs day-to-day management of assigned delivery order. Administers and reports status of project costs, scope, schedule, resources, and issues. Organizes, directs, and coordinates planning and production of all contract support activities. Experience: Minimum years of experience for performance of this service are 7 years. May substitute education for experience. Education: Bachelor’s degree or equivalent certifications in Business Administration, Accounting, Human Resources, Science, Management Information Systems, Communications, Biomedical, Management Science, Computer Science, Engineering, or Information Technology or program related field from an accredited university in a related field. May substitute experience for education.

NETE-70-103 WEB PROJECT MANAGER

Functional Responsibility: Performs day-to-day management of assigned delivery order. Administers and reports status of project costs, scope, schedule, resources, and issues for website, intranet, social media, mobile, tablet, or any web-browser based application design or development projects. Organizes, directs, and coordinates
planning and production of all contract support activities. Responsible for completion of projects within budget and within scheduled time.

**Experience:** Minimum years of experience of performance for this service is 7 years. May substitute education for experience.

**Education:** Master’s degree or equivalent certifications in Business Administration, Bioinformatics, Science, Management Science, Computer Science, Engineering, Information Technology, Communications, Arts, Fine Arts or program related field from an accredited university. May substitute experience for education.

**ENTERPRISE AND INFORMATION TECHNOLOGY (IT) SOLUTIONS ARCHITECTURE AND ENGINEERING**
These NETE systems specialists provide services such as requirements analysis, process analysis, architecture determination, software design, programming, testing, and implementation. The systems specialist can supplement an existing organization or provide complete project fulfillment in concert with other functional areas.

**NETE-70-110 SENIOR SYSTEMS ARCHITECT**

**Functional Responsibility:** Leads the effort to plan, develop and implement IT strategic plans, Enterprise, Segment and major Solutions Architectures that link the organizations' business mission, strategy, processes, and information to its IT strategy. The Senior Systems Architect is capable of modeling using any of a number of strategic planning and Enterprise architectural frameworks (e.g. Office of Management and Budget (OMB) Federal Enterprise Architecture Framework (FEAF) including Segment Architectures, Department of Defense Architecture Framework (DoDAF), The Open Group Architecture Framework (TOGAF)) to articulate current and future needs of an organization and to articulate an effective transition strategy.

**Experience:** Minimum years of experience for performance of this service are 5 years. May substitute education for experience.

**Education:** Master’s degree or equivalent certifications in Business Administration, Management Science, Computer Science, Engineering, or Information Technology from an accredited university in a related field. May substitute experience for education.

**NETE-70-111 SYSTEMS ARCHITECT**

**Functional Responsibility:** Supports planning, development and implementation of IT strategic plans, Enterprise, Segment and major Solutions Architectures that link the organizations' business mission, strategy, processes, and information to its IT strategy.

**Experience:** Minimum years of experience for performance of this service are 3 years. May substitute education for experience.

**Education:** Bachelor’s degree or equivalent certifications in Business Administration, Management Science, Computer Science, Engineering, or Information Technology from an accredited university in a related field. May substitute experience for education.

**NETE-70-112 SYSTEMS SECURITY AND PRIVACY ARCHITECT**

**Functional Responsibility:** Responsible for design and construction of security architectures critical to protecting core agency mission information assets. Has deep knowledge of security and privacy requirements and issues. Serves as technical lead on more complex projects or serves as a senior member of a project team.

**Experience:** Minimum years of experience for performance of this service are 3 years. May substitute education for experience.

**Education:** Bachelor’s degree or equivalent certifications in Computer Science, Engineering, or Information Technology from an accredited university in a related field. May substitute experience for education.

**NETE-70-113 INFORMATION AND DATA ARCHITECT**

**Functional Responsibility:** Serves as a member of a project team with web site and software design duties including information/data architecture, stakeholder analysis, user interface, usability, section 508 compliance, navigation schema, graphics and branding standards and interactive applications and database modeling, data architecture, data and reporting architecture, and integration design. May provide guidance and assistance to junior team members.

**Experience:** Minimum years of experience for performance of this service are 3 years. May substitute education for experience.

**Education:** Bachelor’s degree or equivalent certifications in Computer Science, Engineering, or Information Technology from an accredited university in a related field. May substitute experience for education.

**SUBJECT MATTER EXPERTS**
An expert in the subject matter that is the foundation of the solution being implemented. More than Program Management, these senior advisors work directly with
senior and executive level decision makers, providing advanced program analysis and advisory services to ensure that programmatic and technical solutions evolve in line with strategic and operational objectives and promote best-value achievement of information/data, reporting, and financial targets. The subject matter expert will provide subject matter expertise and planning in support of executive, regulatory, and legislative government initiatives (such as E-Government Act, the Clinger-Cohen Act, the Government Performance and Results Act, and the Chief Financial Officer Act, and others).

NETE-70-120 SENIOR SUBJECT MATTER EXPERT

Functional Responsibility: An expert in the subject matter that is the foundation of the programmatic or technical solution being implemented. Provides independent analysis and recommendations to executive-level leadership on functional and technical matters affecting programmatic or technical solutions within their areas of expertise.

Experience: Minimum years of experience for performance of this service are 5 years. May substitute education for experience.

Education: Master’s degree or equivalent certifications in Business Administration, Management Science, Computer Science, Engineering, or Information Technology from an accredited university in a related field. May substitute specific program area experience for education.

NETE-70-121 SUBJECT MATTER EXPERT

Functional Responsibility: Provides independent analysis and recommendations to executive-level leadership on functional and technical matters affecting programmatic or technical solutions within their areas of expertise.

Experience: Minimum years of experience for performance of this service are 3 years. May substitute education for experience.

Education: Bachelor’s degree or equivalent certifications in Business Administration, Management Science, Computer Science, Engineering, or Information Technology from an accredited university in a related field. May substitute specific program area experience for education.

IT ENGINEERING AND PROGRAM-SPECIFIC REQUIREMENTS AND DESIGN ANALYSIS, SYSTEMS DEVELOPMENT, QUALITY ASSURANCE AND TESTING, AND OPERATIONS AND SUPPORT

Serves as a member of a project team with duties including requirements and data analysis, database design, data reporting requirements (including business intelligence and data architecture and warehousing analysis), network and security design, software and Web programming, Web site or Intranet design, security and content development, systems testing and quality assurance, and system implementation (including system operations and maintenance activities). Additionally, knowledgeable of various aspects of the program or project under his/her management, this position establishes objectives and requirements; develops budgets; develops program and project standards and schedules; monitors outside resources; and has experience or extensive knowledge with the processes and procedures relative to the functional area or reporting requirements. Reviews, oversees and or supports preparation of all related documentation; conducts program reviews, meetings, etc. Works independently under general guidelines or objectives set by supervisor. The operations and support specialist staff provide services, which support the functional requirements of a project. These areas may include quality assurance, operations, training, and technicians. The support specialist staff can supplement an existing organization or in concert with other functional areas, can provide complete project fulfillment.

Minimum education is a bachelor’s degree in related technical or business discipline or equivalent.

NETE-70-129 SYSTEMS ENGINEER 5

Functional Responsibility: Supports planning, development and implementation of IT and software applications Solutions Architectures that link the organizations’ business mission, strategy, processes, and information to its IT strategy. Leads projects within their area of specialty or serves as a senior member of a project team. Duties include leading systems business case development, requirements and data analysis, database design, network design, software or web applications programming, testing, and implementation.

Experience: Minimum years of experience for performance of this service is 7 years, or equivalent combination of education and experience.

Education: Bachelor’s degree or equivalent certifications in Business Administration, Accounting, Human Resources, Science, Management Information Systems, Communications, Biomedical, Management Science, Computer Science, Engineering, or Information Technology or program related field from an accredited university in a related field. May substitute experience for education.
NETE-70-130 SYSTEMS ENGINEER – LEVEL 4
Functional Responsibility: Leads projects within their area of specialty or serves as a senior member of a project team. Duties include leading systems business case development, requirements and data analysis, database design, network design, software or web applications programming, testing, and implementation.
Experience: Minimum years of experience for performance of this service is 5 years, or equivalent combination of education and experience.
Education: Bachelor’s degree or equivalent certification in Management Information Systems or Computer Sciences, or equivalent combination of education and experience.

NETE-70-131 SYSTEMS ENGINEER – LEVEL 3
Functional Responsibility: Serves as a member of a project team with duties including business case development, requirements and data analysis, database design, network design, programming, testing and implementation. May provide guidance and assistance to junior team members.
Experience: Minimum years of experience for performance of this service is 3 years, or equivalent combination of education and experience.
Education: Bachelor’s degree or equivalent certification in Management Information Systems or Computer Sciences. May substitute experience for education.

NETE-70-132 SYSTEMS ENGINEER – LEVEL 2
Functional Responsibility: Serves as a member of a project team with duties including system business case development, requirements and data analysis, database design, network design, programming, testing, and implementation. Has the ability to work independently with pre-defined tasks or under the loose direction of more senior members.
Experience: Minimum years of experience for performance of this service is 2 years, or equivalent combination of education and experience.
Education: Bachelor’s degree or equivalent certification in Management Information Systems or Computer Sciences. May substitute specific program area experience for education.

NETE-70-133 SYSTEMS ENGINEER – LEVEL 1
Functional Responsibility: Serves as a member of a project team with duties including system business case development, requirements and data analysis, database design, network design, programming, testing, and implementation. Has the ability to work independently with pre-defined tasks or under the loose direction of more senior members.
Experience: Minimum years of experience for performance of this service is 1 year. May substitute education for experience.
Education: Associate degree or equivalent certification in Management Information Systems or Computer Sciences. May substitute experience for education.

NETE-70-138 TECHNICAL WRITER
Functional Responsibility: Assists in collecting and organizing information required for preparation of user’s manuals, training materials, installation guides, proposals, online help, social media site content, website content, and reports. Edits functional descriptions, system specifications, user’s manuals, special reports, or any other customer deliverables and documents.
Experience: Minimum years of experience for performance of this service is 1 year. May substitute education for experience.
Education: Bachelor’s degree or equivalent certifications in Business Administration, Accounting, Human Resources, Science, Management Information Systems, Communications, Biomedical, Management Science, Computer Science, Engineering, or Information Technology or program related field from an accredited university. May substitute experience for education.

NETE-70-141 WEB SOFTWARE DESIGNER
Functional Responsibility: Designs, develops, troubleshoots, debugs, and implements web site or portal software code for a website or portal. Works with graphic designers and other members of a project team to develop the site concept, interface design, and architecture of the website. Responsible for interface implementation. Integrates web applications with backend databases. Researches, tests, builds, and coordinates the integration of new products per production, compliance standards, and client requirements.
Experience: Minimum years of experience for performance of this service is 1 year, or equivalent combination of education and experience.
Education: Associates degree or equivalent certification in Management Information Systems or Computer Sciences, or equivalent combination of education and experience.

NETE-70-142 GRAPHICS SPECIALIST
Functional Responsibility: Responsible for graphics design and use, operation, and setup of computer graphic systems
for business communications. Executes graphic projects and assists in coordination of all graphic production scheduling. Coordinates production support with outside vendors, as needed. Trains other personnel in proper use of computer graphic software.

**Experience:** Minimum years of experience for performance of this service is 1 year, or equivalent combination of education and experience.

**Education:** Bachelor’s degree or equivalent certification in Fine Arts, Graphic Arts, Management Information Systems or Computer Sciences, or equivalent combination of education and experience.

**NETE-70-143 INTERACTIVE GRAPHICS SPECIALIST 2**

**Functional Responsibility:** Works with project managers, web developers, other user interface and graphics specialists with responsibilities for user interface and or graphics design and use, operation, and setup of computer graphic systems, artifacts, and interfaces for business communications and marketing, including web, mobile, tablet and social web solutions. Executes graphic design and animations, interactive info graphics, dynamic user interface projects and assists in coordination of all graphic production scheduling. Coordinates production support with outside vendors, as needed. Supports other personnel in proper use of computer graphic and or animation/action scripting software.

**Experience:** Minimum years of experience for performance of this service is 2 years. May substitute education for experience.

**Education:** Bachelor’s degree or equivalent certification in Business Administration, Science, Management Information Systems, Communications, Graphic Arts, Media, Biomedical, Management Science, Computer Science, Engineering, or Information Technology or program related field from an accredited university. May substitute experience for education.

**NETE-70-144 WEB SOFTWARE DEVELOPER**

**Functional Responsibility:** Working aside web software designers and web developers or independently, the web software developer leads and manages the development, tests, debugs, and implements web site or portal software code for a website or portal. Works with graphic designers and other members of a project team to develop the site concept, interface design, and architecture of the website. Responsible for interface implementation. Integrates web applications with backend relational databases. Researches, tests, builds, and coordinates the integration of new products per production, government and industry compliance standards, and client requirements.

**Experience:** Minimum years of experience for performance of this service is 7 years. May substitute education for experience.

**Education:** Bachelor’s degree or equivalent certification in Management Information Systems, Computer Sciences, Engineering, Business Administration or related field from an accredited university. May substitute experience for education.

**NETE-70-145 SENIOR WEB DEVELOPER**

**Functional Responsibility:** Designs, develops, troubleshoots, debugs, and implements web site or portal software code for a website or portal. Works with graphic designers and other members of a project team to develop the site concept, interface design, and architecture of the website. Responsible for interface implementation. Integrates web applications with backend databases. Researches, tests, builds, and coordinates the integration of new products per production, compliance standards, and client requirements.

**Experience:** Minimum years of experience for performance of this service is 5 years. May substitute education for experience.

**Education:** Bachelor’s degree or equivalent certification in Management Information Systems, Computer Sciences, Engineering, Business Administration or related field from an accredited university. May substitute experience for education.

**NETE-70-146 BUSINESS INTELLIGENCE (BI)/ DASHBOARD DESIGNER**

**Functional Responsibility:** Responsible for design and development of business intelligence visualization, user interface and reporting related analysis, or extract/transform/load (ETL) data, or responsible for designing and implementing solution using third-party or in-house reporting tools, or On-Line Analytical Processing (OLAP) decision support software support, or modeling metadata, building reports and interactive dashboards, or designing info graphics, or administering software and tolls. Aids other graphics designers, developers and analysts.

**Experience:** Minimum years of experience for performance of this service is 3 years. May substitute education for experience.

**Education:** Bachelor’s degree or equivalent certification in Business Administration, Science, Management Information Systems, Communications, Graphic Arts,
Media, Biomedical, Management Science, Computer Science, Engineering, or Information Technology or program related field from an accredited university. May substitute experience for education.

NETE-70-149 SENIOR WEBSITE SUPPORT ANALYST

**Functional Responsibility:** Supports customers in designing solutions based on customer requirements and needs. Designs, maintains, troubleshoots, debugs, and implements websites, business analysis, studies, marketing campaigns, branding or collateral development, and other similar tasks. Aids in analysis of project tasks, organizational structure and requirements to provide solutions.

**Experience:** Minimum years of experience for performance of this service is 5 years. May substitute education for experience.

**Education:** Bachelor’s degree or equivalent certification in Business Administration, Science, Management Information Systems, Communications, Graphic Arts, Media, Biomedical, Management Science, Computer Science, Engineering, or Information Technology or program related field from an accredited university. May substitute experience for education.

NETE-70-151 SENIOR SUPPORT ANALYST

**Functional Responsibility:** An analyst who has a technical concentration and has the ability to support with duties including leading systems business and technical requirements development, design and data analysis, database design, network design, programming, testing and quality assurance, system operations and implementation, help desk, technical documentation writing, presentation graphics design, business process, activity and data modeling, applying modern business management methods, identifying best practices, and creating and assessing performance measurements. Provides group facilitation, interviewing, training, and other forms of knowledge transfer, and other support duties. Implements requirements at the direction of more senior team member.

**Experience:** Minimum years of experience for performance of this service is up to 1 year, or equivalent combination of education and experience.

**Education:** Associates degree or equivalent certification in Fine Arts, Graphic Arts, Management Information Systems or Computer Sciences program-related area. May substitute experience for education.

NETE-70-153 WEB SITE SUPPORT ANALYST

**Functional Responsibility:** Designs, maintains, troubleshoots, debugs, and implements static informational brochure-ware web sites. Works with graphic designers, web user interface developers and other members of a project team. Activities include maintaining information static web pages, content management, implementing simple forms, performing backups and ensuring user access to the site, monitoring web site traffic.

**Experience:** Minimum years of experience for performance of this service is 1 year. May substitute education for experience.

**Education:** Associate degree or equivalent certification in Fine Arts, Graphic Arts, Management Information Systems or Computer Sciences. May substitute experience for education.

NETE-70-154 WEBSITE SUPPORT ANALYST LEVEL 2

**Functional Responsibility:** Designs, maintains, troubleshoots, debugs, and implements websites. Works with graphic designer and other members of a project team. Activities include maintaining web pages, content management systems, designing web forms, performing backups and ensuring user access to the site, monitoring web site traffic and user access analytics reports.

**Experience:** Minimum years of experience for performance
of this service is 1 years. May substitute education for experience.

**Education:** Bachelor’s degree or equivalent certification in Business Administration, Science, Management Information Systems, Communications, Graphic Arts, Media, Biomedical, Management Science, Computer Science, Engineering, or Information Technology or program related field from an accredited university. May substitute experience for education.

**NETE-70-155 JUNIOR WEB CONTENT ANALYST**

**Functional Responsibility:** Works closely with senior staff members and is responsible for managing web Content Management Systems (CMS) or HTML content publishing; and entering, editing, reviewing and publishing content on websites, social media sites, and in electronic documents.

**Experience:** Experience with web, social media and Microsoft Office or similar office applications. Minimum years of experience for performance of this service is 1 year. May substitute education for experience.

**Education:** Associate degree or equivalent certification in any field. May substitute experience for education.

**NETE-70-156 COMMUNICATIONS SUPPORT ANALYST**

**Functional Responsibility:** Responsible for creating and copyediting content for various communication channels including online press releases, social media site postings, podcasts, video casts, web site content. Support online and integrated marketing, web analytics and communication plans development, and outreach methods for online and digital media.

**Experience:** Minimum years of experience for performance of this service is 1 years. May substitute education for experience.

**Education:** Bachelor’s degree or equivalent certification in Business Administration, Science, Management Information Systems, Communications, Graphic Arts, Media, Biomedical, Management Science, Computer Science, Engineering, or Information Technology or program related field from an accredited university. May substitute experience for education.

**NETE-70-190 SECTION 508 COMPLIANCE SUBJECT MATTER EXPERT**

**Functional Responsibility:** Responsible for overall management of Section 508 and accessibility compliance of the content on websites including several different formats of graphics, animations, and electronic documents. Aids developers and analysts.

**Experience:** Minimum years of experience for performance of this service is 5 years. May substitute education for experience.

**Education:** Bachelor’s degree or equivalent certification in Business Administration, Science, Management Information Systems, Communications, Graphic Arts, Media, Biomedical, Management Science, Computer Science, Engineering, or Information Technology or program related field from an accredited university. May substitute experience for education.

**NETE-70-191 SECTION 508 COMPLIANCE DEVELOPER**

**Functional Responsibility:** Develops, designs, and maintains web sites content assuring Section 508 and accessibility compliance. Duties include analyzing, testing, and remediating website, website content and electronic documents including several different formats of graphics, animations, and electronic documents.

**Experience:** Minimum years of experience for performance of this service is 3 years. May substitute education for experience.

**Education:** Bachelor’s degree or equivalent certification in Business Administration, Science, Management Information Systems, Communications, Graphic Arts, Media, Biomedical, Management Science, Computer Science, Engineering, or Information Technology or program related field from an accredited university. May substitute experience for education.

**NETE-70-192 DATA ENTRY ANALYST**

**Functional Responsibility:** Works closely with senior staff members and is responsible for entering, editing, reviewing and publishing content on websites, social media sites, and in electronic documents.

**Experience:** Experience with web, social media and Microsoft Office or similar office applications. Minimum years of experience for performance of this service is 1 year. May substitute education for experience.

**Education:** Associate degree or equivalent certification in any field. May substitute experience for education.

   - C874-6/C874-6RC Acquisition Management Support
   - C874-7/C874-7RC Integrated Business Program Support Services
   - C541-3/C541-3RC Web Based Marketing Services

1b. Contract Line Items awarded under this contract for base period: Please see below.

1c. Description of all corresponding commercial job titles, experience, functional responsibility and education is included at the end of this pricelist: Please see Page 2.

2. Maximum Order: $1,000,000.00

3. Minimum Order: The minimum dollar value of orders to be issued is $100.00

5. Points of production: Products and services are U.S. end items; McLean, Virginia (Fairfax County)

6. Discount from list price or statement of net price: Not applicable. All prices are final Government prices, discounted from the Original list price, and are inclusive of the Industrial Funding Fee (IFF). Prices shown herein are Net (discount deducted).

7. Service Contract Act: The Service Contract Act (SCA) is applicable to this contract as it applies to the entire Consolidated Schedule and all services provided. White no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300) this contract still maintains the provisions and projections for SCA eligible labor categories. If and/or when the contractor adds SCA labor categories/employees to the contract through the modification process, the contractor shall inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of this contract.

8. Quantity Discounts: None offered.

9. Prompt Payment Terms: Net 30 days.

9a. Government Purchase Cards (at or below $3,000): NET ESOLUTIONS CORPORATION (NETE) accepts Government purchase cards for payments equal to or less than the micro-purchase threshold for oral or written delivery orders.

9b. Government Purchase cards (above $3,000): Government purchase cards will be acceptable for payment above the micro-purchase threshold. In addition, bank account information for wire transfer payments will be shown on the invoice.

10. Foreign Items: Not Applicable.

11a. Time of Delivery: Per Statement of Work, or as agreed-to between Contractor and Ordering Office.

11b. Expedited Delivery: Items available for expedited delivery are noted in price list.

11c. Overnight and 2-day delivery: Not available.

11d. Urgent requirements: See contract clause I-FSS-14-B. Agencies can contact the contact for contract administration to obtain faster delivery.

12. FOB Points: Destination, or as agreed to between the Contractor and the Ordering Agency.

13a. Ordering Address: NET ESOLUTIONS CORPORATION (NETE)
     8280 Greensboro Dr. Suite 200
     McLean VA 22102 USA
     (703) 893-6383 x210

13b. Ordering Procedures: For supplies and services, the ordering procedures and a sample BPA can be found at the GSA/FSS schedule homepage (fss.gsa.gov/schedules).

14. Payment Address:
    NET ESOLUTIONS CORPORATION (NETE)
    8280 Greensboro Dr. Suite 200
    McLean VA 22102 USA

15. Warranty Provision: Not applicable.

16. Export packing charges: Not applicable.

17. Terms and conditions of Government purchase card acceptance (thresholds above micro-purchase level): None.

18. Terms and conditions of rental maintenance, and repair: Not applicable.

19. Terms and conditions of installation: Not applicable.

20. Terms and conditions of repair parts: Not applicable.

20a. Terms and conditions for any other services: Not applicable.

21. List of service and distribution points: Not applicable.

22. List of participating dealers: Not applicable.

23. Preventative maintenance: Not applicable.

24a. Special attributes such as environmental attributes: Not Applicable.

24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found: The EIT standards can be found at www.Section508.gov.

25. Data Universal Numbering System (DUNS) number: 010639917

26. Central Contractor Registration: NET ESOLUTIONS is registered with the Central Contractor Registration Database/SAM.gov. The current valid to date can be found at www.sam.gov.
