## INFORMATION FOR ORDERING ACTIVITIES APPLICABLE TO ALL SPECIAL ITEM NUMBERS

### SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!® online shopping service ([www.gsaadvantage.gov](http://www.gsaadvantage.gov)). The catalogs/pricelists, GSA Advantage!® and the Federal Acquisition Service Home Page ([www.fss.gsa.gov](http://www.fss.gsa.gov)) contain information on a broad array of products and services offered by small business concerns.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

#### 1. GEOGRAPHIC SCOPE OF CONTRACT:

*Domestic delivery* is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

*Overseas delivery* is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- The Geographic Scope of Contract will be domestic and overseas delivery.
- The Geographic Scope of Contract will be overseas delivery only.
- The Geographic Scope of Contract will be domestic delivery only.

#### 2. CONTRACTOR'S ORDERING ADDRESS INFORMATION:

11350 Random Hills Rd, Suite 800 FAIRFAX, VA 22030-6044

#### 3. CONTRACTOR'S PAYMENT ADDRESS INFORMATION:

11350 Random Hills Rd, Suite 800 FAIRFAX, VA 22030-6044

The following telephone number(s) can be used by ordering activities to obtain technical and/or ordering assistance:

**Technical Assistance:** Phone: (703) 273-7110; 703-690-0749

**Ordering Assistance:** Phone: 703-690-0749; 703-273-7110;  
FAX: 703-783-6263;  
EMAIL: [admin@sribedoc.com](mailto:admin@sribedoc.com)

### 3. STATISTICAL DATA FOR GOVERNMENT ORDERING OFFICE COMPLETION OF STANDARD FORM 279:

Block 9: G. Order/Modification Under Federal Schedule Block 16: Data Universal Numbering System (DUNS) Number: 121263201

Block 30: Type of Contractor – A

- A. **8A Small Disadvantaged Business**
- B. Other Small Business
- C. Large Business
- G. Other Nonprofit Organization
- L. Foreign Contractor

Block 31: Woman-Owned Small Business – YES

Block 36: Contractor's Taxpayer Identification Number (TIN): 54-1958370

4a. CAGE Code: 3GHC7

4b. Contractor has registered with the Central Contractor Registration Database.

- 1 **FOB DESTINATION**
- 2 **DELIVERY SCHEDULE**

TIME OF DELIVERY: ScribeDoc.Com, Inc, will deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

**SPECIAL ITEM NUMBER: 132-51**

**DELIVERY TIME (Days ARO):** As Negotiated with Ordering Activity

**URGENT REQUIREMENTS:** When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact ScribeDoc for the purpose of obtaining accelerated delivery. ScribeDoc shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the ScribeDoc offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

**7. DISCOUNTS:** Prices shown are NET Prices; Basic Discounts have been deducted.

- a. Prompt Payment: 1%/Net 30 Days from receipt of invoice
- b. Quantity none
- c. Dollar Volume none
- d. Government Educational Institutions Same
- e. Government/Commercial Credit Card discount: 1%

- 1 **Small Requirements:** The minimum dollar value of orders to be issued is \$100.00.
- 2 **MAXIMUM ORDER** (All dollar amounts are exclusive of any discount for prompt payment.)
  - a. The Maximum Order value for the following Special Item Numbers (SINs) is \$500,000: Special Item Number 132-51 - Information Technology Professional Services

## 10. ORDERING PROCEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.

- a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.
- b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

## 11. OVERSEAS ACTIVITIES

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below:

NOT OFFERED

Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

## 12. BLANKET PURCHASE AGREEMENTS (BPAs)

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

## 13. SECTION 508 COMPLIANCE.

I certify that in accordance with 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794d), FAR 39.2, and the Architectural and Transportation Barriers Compliance Board Electronic and Information Technology (EIT) Accessibility Standards (36 CFR 1194) General Services Administration (GSA), that all IT hardware/software/services are 508 compliant:

Yes

No

The offeror is required to submit with its offer a designated area on its website that outlines the Voluntary Product Accessibility Template (VPAT) or equivalent qualification, which ultimately becomes the Government Product Accessibility Template (GPAT). Section 508 compliance information on the supplies and services in this contract are available at the following website address (URL): <http://www.scribedoc.com/section508.htm>

The EIT standard can be found at: [www.Section508.gov/](http://www.Section508.gov/).

Professionally accomplished in the design and development of web technologies over the past decade. 4+ years of experience with content management tools.</p> <p><b>Certification Requirements: None</b></p>
<b>Commercial Job Title:</b>	<b>Web Developer</b>
	<p><b>Job Duties Description:</b> Analyzing, understanding the architecture and developing Internet applications using languages like Cold Fusion, Microsoft .Net, Java, XML, JSP, EJB and Javascript and deploying the applications on the Application Servers. Also responsible for writing interfaces, developing stored Procedures, Triggers and Views, Unit testing and code review. Can work independently in support of a joint applications development effort.</p>

	Engineering. Candidates having Associate degree in any discipline will also be considered if they have at least six (6) years of experience in independently developing industry Internet/web applications. Certification Requirements: None.
<b>Commercial Job Title:</b>	<b>Application Engineer</b>
	<p><b>Job Duties Description:</b> Write codes and application programs in various languages like Cold Fusion, Java, XML, .Net, C#, C, C++, Perl, COBOL, Oracle PL/SQL. Also responsible for Unit testing, and code maintenance. Can work independently in support of a joint applications development effort. Responsible for writing application software, technical and user documentation, software conversions; environments include but are not limited to mainframe, mid range, personal computers, laptops.</p> <p><b>Education Level Required:</b> Overall two (2) years of experience in writing application codes/programs using various programming language/s (Java, XML, .Net, C#, C, C++, Perl, COBOL, Oracle PL/SQL). Bachelor's degree in Computer Sciences, Information Systems, Mathematics or Engineering . Candidates having Associate Degree in any discipline will also be considered if and only if they have atleast four (4) years of experience in independently developing industry applications. <b>Certification Requirements: None.</b></p>
<b>Commercial Job Title:</b>	<b>Software Engineer Intermediate</b>
	<p><b>Job Duties Description:</b> Responsible for analyzing, designing, developing, testing, implementing, and maintaining complex software applications using latest SDLC guidelines and technologies like Java, .NET, C#, XML, C, C++, PL/SQL, Web methods, and COBOL. Responsible for, technical and user documentation, software conversions; environments include but are not limited to mainframe, mid range, personal computers, laptops. Working with minimal supervision, conducts project feasibility and implementation studies, including the development of plans and testing for evaluation. Develops and implements data conversion routines. Performs system testing to insure satisfactory results. Duties require knowledge of data sources, data flow, system interactions, and computer equipment and software applications. May perform selected project tasks independently or with minimal direction. Provides technical support to the project team. Establishes and maintains development, testing environments and the configuration management process and structures. Serves as point-of-contact for third-party software and hardware vendors.</p> <p><b>Education Level Required:</b> Overall four (4) years of experience in analyzing, designing, developing, testing, implementing, and maintaining complex software applications using latest SDLC guidelines. Minimum Education: Bachelor's degree in Computer Sciences, Information Systems, Mathematics or Engineering. Candidates having Associate Degree in any discipline will also be considered if and only if they have atleast six (6) years of experience in independently developing industry applications. <b>Certification Requirements: None.</b></p>
<b>Commercial Job Title:</b>	<b>Rehabilitation Engineer</b>
	<p><b>Job Duties Description:</b> Performs needs analysis, applies analytical techniques and trains customers with disabilities to use IT systems. Develops web based applications that ensure section 508 compliance. <b>Education Level Required:</b> Minimum Technical Qualifications/Experience Overall 4 years in Assistive Technology. Perform needs analysis to meet the special computer support requirements of persons with disabilities. Perform the installation of adaptive hardware and software and provide training services on installed adaptive equipment. Enable Section 508 compliance and perform compliance measures ensuring standards implemented.</p> <p><b>Education Level Required:</b> Minimum Education: Bachelor's degree. Candidates having Associate Degree in any discipline will also be considered if and only if they have at least six (6) years of relevant experience. <b>Certification Requirements: None.</b></p>

<b>Commercial Job Title:</b>	<b>Database Developer</b>
	<p><b>Job Duties Description:</b> Responsible for designing, tuning, and maintaining the database. This includes the design of the tables, fields, screens, triggers and stored procedures so as to optimize the database performance (efficiency, reliability, scalability). Will analyze database systems and programs, which include access methods, access time, file structures, device allocation, validation checks, statistical methods, and security. Will also work with user community to understand data access and integration needs, ensure integration of systems through the database structure, perform data modeling, monitor database standards and procedures, system usage and performance, troubleshoot and resolve database and data problems, and develop and administer disaster recovery plans. Other responsibilities may include: Maintaining and creating Users, Nodes, Instances, Databases, Tables Spaces, Containers, Buffer Pools and Logs. Migrating data between databases. Extracting data from one system into flat files and then loading into the database without constraints. Writing Stored procedures, Triggers to populate data from non-constraints tables to normalized tables with constraints. Writing scripts to create instances, databases, web enabling access.</p> <p><b>Education Level Required:</b> Overall four (4) years experience in analyzing, designing, developing, and administering databases (Oracle, MS SQL, DB2, DMS, Sybase, MS-Access). Minimum Education: Bachelor's degree in Computer Sciences, Information Systems, Mathematics or Engineering or equivalent combination of education and experience. Candidates having Associate Degree will also be considered if they have at least six (6) years of experience analyzing and designing databases.</p> <p><b>Certification Requirements: None.</b></p>
<b>Commercial Job Title:</b>	<b>Business Analyst</b>
	<p><b>Job Duties Description:</b> Responsible for analyzing the various business processes and systems in an organization and how they interact with each other. Defines and documents business needs and translates them into IT system requirements. Analyzes the SDLC relationship and implications to the business requirements deliverables. Coordinates with business stakeholders, and interact with the customers' technology team to ensure the alignment of the customers' business needs and IT solutions. Responsible for identifying the performance bottlenecks and recommend steps to eradicate them with the goal of making the processes and therefore the systems more efficient.</p> <p><b>Education Level Required:</b> Minimum Technical Qualifications/Experience: Four (4) years of experience in analyzing the business processes and producing systems requirements specification documents for the automation of business processes using the pertinent technologies.
